LABOUR DEPARTMENT

ORDER

No. 529I.R./D/11L-102/56.—18th February 1957.—Whereas under the Government of West Bengal, Labour Department, order No. 703Dis./D/11L-56/54, dated the 21st February 1956, the industrial dispute between Messrs. Lever Brothers (India) Ltd., 4 Lyons Range, Calcutta, and their employees, Shri S. R. Sanyal and Shri R. K. Bose, represented by Hindusthan Lever Mazdoor Sabha, J-535 Paharpur Road, Calcutta, regarding the matters specified in the schedule thereto was referred for adjudication to the Fifth Industrial Tribunal;

And whereas the said Fifth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Lever Brothers (India) Ltd., 4 Lyons Range, Calcutta, and their employees Shri S. R. Sanyal and Shri R. K. Bose, represented by Hindusthan Lever Mazdoor Sabha, J-535 Paharpur Road, Calcutta.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, *Judge, Fifth Industrial Tribunal.*

Present for the Company: Shri C. J. Mahimker, Legal Adviser of the Company.

Present for the Mazdoor Sabha: Shri Narayan Das Gupta, Organising Secretary.

1. By Government order No. 703Dis./D/11L-56/54, dated the 21st February 1956, the aforesaid dispute has been referred to the Fifth Industrial

Tribunal presided over by me for adjudication under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947). The said Fifth Industrial Tribunal was constituted under section 7 of the Act by the notification No. 3581Lab., dated the 9th June 1951.

2. The reference was received here on 29th February 1956. The Mazdoor Sabha filed its written statement on 19th March 1956. The Company filed its written objection on 3rd April 1956. After several adjournments the case was taken up for hearing on 4th January 1957. On that day several legal objections about the jurisdiction of the Tribunal were pressed. That matter was heard on 7th January 1957. The award was reserved.

3. The issues contained in the schedule to the order of reference stand as follows:—

(1) Whether the salesmen of Messrs. Lever Brothers (India) Ltd. are workmen.

(2) Whether the termination of services of Shri S. K. Sanyal and Shri R. K. Bose was justified. What relief are they entitled to?

AWARD

4. As the objections pressed relate to the question of jurisdiction of this Tribunal to decide this dispute, the Tribunal finds itself bound to record its finding on the said objections. If, as a matter of fact, it is found that the Tribunal has no jurisdiction, then it cannot proceed to the adjudication of the issues directly framed in this case. I take up the objections one by one, and record my findings with reasons thereon.

The first objection which the Company pressed was that in the order of reference the fact of representation which has been mentioned does not go any more beyond what is representation by a lawyer or a representative. In other words, it is an individual dispute between the employer on the one hand and these two employees in question on the other, and the Union merely represents those employees before the Tribunal just to conduct the case on their behalf. It does not show, as a matter of fact, that the Union has espoused the cause of these employees as its own, and has identified itself totally with these two employees. So the representation by the Union cannot have the effect of converting this dispute which was fundamentally an "individual dispute" into what is called a "collective dispute". Further the Company contends that "individual disputes" are not "industrial disputes" as defined in the Industrial Disputes Act, 1947. So individual dispute will necessarily fall outside the jurisdiction of the Tribunal. The jurisdiction of the Tribunal is limited to adjudication of industrial disputes only. That being the position, the present Tribunal is not competent to decide this reference. The Mazdoor Sabha, on the other hand, contends that the Union in the present case had espoused the cause of these two employees long before the date of the reference. So, even if the dispute was an individual dispute originally, it became later on by the intervention of the Union converted into a collective dispute. In that case there can be no challenge to the jurisdiction of the Tribunal to adjudicate the reference. Now, while considering this contention in all its bearing, I am disposed to find that the Union's stand is correct. I, of course, agree with the argument of the learned lawyer of the Company that the order of reference as such cannot go far enough to show that the Union, as a matter of fact, had accepted the cause of these two employees, and converted the dispute thereby into a collective dispute. But we have to go into the question of evidence just to see whether, as a matter of fact, the Union

had espoused the cause of these two employees. For this I refer to the undisputed Annexures to the written statement of the Union. Annexure H, dated as far back as the 19th July 1954, shows that Shri Narayan Das Gupta, the Organising Secretary of the Union, addressed a letter to the Company regarding the termination of service of Shri S. R. Sanyal. He concluded the letter saying: "We hope you will kindly reply to this letter by the end of this week because we feel that in cases of difference of this nature the sooner the third party intervention is sought the better". Annexure I, dated the 13th December 1954, is a letter written by the said Shri Narayan Das Gupta of the Union to the Labour Officer, Government of West Bengal, regarding the termination of services of Shri S. R. Sanyal and Shri R. K. Bose. The concluding sentence of the letter stands thus: "We naturally demand that these salesmen should be reinstated with restrospective effect and that they should not only be compensated for the loss and mental agony that they have been suffering but unqualified apologies should also be tendered to them". The Company by its letter, dated 24th January 1955, addressed to the same Labour Officer says that this decision to terminate the services of the two salesmen was within its authority and that it acted *bona fide*. There was no case even in equity, let alone in law, for the Company to revise its decision. Annexure J, dated 22nd February, 1955, is another letter bearing on this subject, addressed by Shri Narayan Das Gupta to the Labour Officer, Government of West Bengal. Thus it is clear that long before the order of reference to this Tribunal by Government, the Union had taken up the cause of these two salesmen and fought against the Company, and also sought the intervention of Government in the matter. So it is not a mere representation by the Union, but it is a case of the Union making the cause of these two employees as its own against the Company. Now, the point is whether in such circumstances it should still be a case of "individual dispute" as distinguished from an "industrial dispute". My answer would be in the negative. It is contended by the Company that unless it can be shown that all the workmen or at least the bulk of workmen of this concern had identified themselves with the cause of these two workmen, it cannot be an industrial dispute. I do not accept that proposition of law. The Union is collective body to represent the workmen in general. So it would suffice either the Union or the bulk of workmen had espoused the cause of the individual workmen. I refer to the decision of the Hon'ble Supreme Court of India in the case of Central Provinces Transport Service Ltd., Nagpur, vs. Raghunath Gopal Patwardhan, reported in the I.F.J. December 1956, at page 298. Their Lordships observed: "Notwithstanding that the definition of 'industrial dispute' in section 2(k) of the Industrial Disputes Act, 1947, is wide enough to cover a dispute between an employer and a single employee, the scheme of the Act appears to contemplate that the machinery provided therein should be set in motion to settle only disputes which involve the rights of workmen as a class and that a dispute touching the individual rights of a workman is not intended to be the subject of adjudication under the Act when the same has not been *taken up by the Union or a number of workmen*". From this it is clear that even if though "individual disputes" may not come under the definition of "industrial dispute" still, if the Union or a number of workmen take up the dispute, the individual dispute cannot be ousted from the scope of the definition of "industrial dispute". In this connection a very old case decided by the Chief Justice of the Madras High Court in Kandan Textiles Ltd. *vs.* Industrial Tribunal (Civil Miscellaneous 3894 of 1949) is relevant. His Lordship observed "I must confess that the language of the definition of industrial dispute is so wide that giving the words very ordinary meaning even a single dispute between an employer and one of the workmen or

between one workman and another workman which is connected with one or other of the matters mentioned therein would fall within the definition". I need not refer accordingly to the case of the Calcutta High Court in J. Choudhury *vs.* M. C. Banerji, reported in 54 C.W.N., page 256. It was systematically held by the Labour Appellate Tribunal in the cases of Snow White Products *vs.* Nageswani, and Khages Chakravorty *vs.* Bhagya Lakshmi Insurance Ltd., and also by His Lordship Bindobasini Prosad in the case of Ganesh Das Ramgopal *vs.* the Government of the State of Uttar Pradesh, that individual disputes cannot be ruled out from the definition of "industrial dispute". Be that as it may, in the case before me, as I have found that the Union had espoused the cause of these two employees, the dispute becomes an industrial dispute on the basis of the Supreme Court decision referred to above.

The next objection which the Company has pressed before me is that these two employees having been already dismissed cannot maintain this case before the Tribunal. As their dismissal has given rise to the dispute, they cannot be said to have been dismissed in course of the dispute, as defined in section 2(s) of the Act. They have ceased to be "workmen", and so the dispute raised by them cannot be an industrial dispute as defined in section 2(K) of the Act. But a discharged employee is competent to raise a dispute. This was found in the decision of the Hon'ble Labour Appellate Tribunal in the case of Messrs. Ganes Das Ramgopal *vs.* Government of U.P. and others, reported in the Indian Factories Journal, February 1953 at page 479, and also in the Federal Court decision in the case of India Automobile Association *vs.* Industrial Tribunal (1949 I.J., page 97), and also in the case of India Paper Pulp Co., Ltd., *vs.* Workers Union reported in the Indian Factories Journal at page 119. This position has been further elucidated in the Supreme Court decision in the case of Central Province Transport Service Ltd. as already referred to at page 300. I refer to the said decision:

"The question whether a dismissed employee is an employee as defined in section 2(10) of the Act must be held to be practically concluded by the decision of the Federal Court in Western India Automobile Association *vs.* Industrial Tribunal, Bombay (1949) 1 F.J.R. 97. There the point for determination was whether a claim for reinstatement by a dismissed workman was an industrial dispute..... It was held that the definition section 2(k) including as it did, all disputes or differences in connection with employment or non-employment of a person was sufficiently wide to include a claim for reinstatement by a dismissed workman". So, this objection is also not maintainable in law.

The third objection which the Company has pressed is that Shri S. N. Modak adjudicated in a case of this very Company as far back as 1950 that salesmen were not "workmen" as defined in the Act. The Company contends that as the said award has not been terminated by a notice, it still binds the parties. So that decision will operate as *res judicata* in the present case. The Union meets this argument by saying (1) that the award of Shri Modak related to bonus. Bonus having been paid, there is no continued obligation on the parties. So the award must have lapsed under section 19(5) of the Act. (2) Notice in a case under section 19(6) of the Act does not mean any written notice. Had it been the intention, then it would have been mentioned as "notice in writing", as in section 19(2) of the Act. So the mere fact that the Union had agitated this matter in a sufficient compliance of the requirement of a notice as provided under section 19(6) of the Act. That being so, the previous award has lapsed. So the doctrine of *res judicata*, it is contended, cannot be invoked in the

present case. If I read between the lines in clauses (5) and (6), section 19 of the Act, I am of opinion that the clause (6) is not controlled by the above clause (5). Clause (5), if at all, controls clause 3 much in the same way as clause (6) also controls clause 3 of section 19 of the Act. The legal position stands like this: An award shall ordinarily remain operative for one year subject to other provisions of the section. Government may reduce the said period if it finds expedient, or it may also extend it subject to the only limitation that the total period of the award should not be more than 3 years. But clause (5) prescribes that though the normal period of the award be like that, it will cease to be binding on the parties when there is no obligation left to be complied with after it has been given effect to, in other words, when the award dies its natural death. But clause (6) is different. It stands by itself. If the parties do not choose to terminate the award by a notice, then it continues to be binding until a period of two months from the date of notice. So it is incumbent on the parties or party to give a notice for the termination of an award. In the present case, certainly no written notice was given. Of course, the Hon'ble Labour Appellate Tribunal also noticed the distinction of a "notice in writing" and mere "notice" occurring respectively in clauses (1) and (6) of section 19 of the Act. But all that can be said is that clause (6) as it stands, cannot make a written notice imperative because it is not specifically mentioned therein. But that merely has the effect of prescribing that verbal notice might suffice. A notice may be "express" or implied. When a notice is required to be given, it must necessarily be "express". So the mere fact that the question of salesmen being "workmen" was now being agitated upon, cannot be tantamount to giving a notice, as per clause (6) aforesaid. The Company has drawn my attention to certain agreements entered into by the Union with this Company in other States where salesmen have been distinguished from "workmen" in general. They have been put into a category separate from the category of "workman". As they relate to other States, though of this Company, I do not admit them into evidence. But it is clear that the Union did submit to the position that salesmen were not workmen, as decided by Shri S. N Modak. The question of *res judicata* has been needlessly invoked in the present case. The award is binding. It cannot be got over in this categorical fashion by bringing another case. But as the question of *res judicata* has been raised, I consider it as below:—

The Labour Appellate Tribunal gave some conflicting decisions whether *res judicata* should or should not apply to industrial disputes. Some decisions held it to be inapplicable to industrial disputes because Industrial Tribunals must aim at achieving industrial peace. They should resolve industrial disputes, and not suppress them. Suppression will mean defeatism and stagnation. But those Tribunals who applied *res judicata* to industrial disputes, did so on the ground that *res judicata* laid down the salutory principle of law resulting in finality in decision. As in civil matters, so also in the industrial field, repeated disputes of the same kind would embitter industrial peace and estrange the parties more and more. But if *res judicata* was accepted, then the parties would submit to it, and thereby industrial peace would be achieved. This view of applying *res judicata* to industrial disputes has found favour with Their Lordships of the Supreme Court in the case of Howrah Burns, Ltd. So the Industrial Tribunals as much as other courts, are bound now to accept that *res judicata* should not be ruled out from industrial adjudication. So, if Shri Modak had adjudicated that salesmen were not "workmen" in the case of this very Company, then that decision should be taken as binding on the parties before me also. Against this the Union contends that *res judicata* is not attracted here because (1) the point which is directly and substantially in

issue before this Tribunal was not the point directly and substantially in issue in the previous case before Shri Modak, (2) there was no Appellate Tribunal at that time to correct the said decision, and (3) there has been a change of circumstances since the above decision. I am afraid, I am unable to concur with this contention of the Union. In the case before Shri Modak, though that was primarily a case of bonus, the question whether the salesmen were workmen was specifically mooted there That was substantially a matter of dispute because if they were not "workmen", they would not participate in the bonus granted by the Tribunal. Shri Modak's award is reported in the Labour Law Journal, Vol. I, 1951, at page 274. At page 276 Shri Modak observes "As regards salesmen, I find that no substantial part of their work is of a clerical or of a manual nature, though they do some writing work sometimes or have to make some physical effort occasionally, and I hold that they also are not 'workmen'." So this is a clear finding by Shri Modak on the status of salesmen *vis-a-vis* workmen as defined in the Act. So here the doctrine of *res judicata* operates. Then regarding the objection that there was no Appellate Tribunal in being at the time to scrutinise the award of Shri Modak, the objection is neither here nor there. Even then there was the High Court of Calcutta, and the Supreme Court of India to correct the errors about wrong exercise of jurisdiction or wrong decision on merits. Even at the present time there is no Appellate Tribunal operating. That cannot take away the merit of the present award.

Regarding the change of circumstances since the award of Shri S. N. Modak, it is a question of fact to be proved by evidence. Before I discuss this matter, I refer to several decisions of the Labour Appellate Tribunal relied on by the Mazdoor Sabha. I have no quarrel with the proposition of law held in those decisions, viz., there is no charm or weight in the designation of salesman as of other employees. The actual work that they did should be investigated, I mean, its nature, just to see whether it is clerical or manual. That is well accepted. Some of these decisions held that unless the employee in question exercised directional control and could punish or reward, he could not be given the status of an officer. The question before the Tribunal is whether the employee concerned is an officer or a clerk. But this position in law has been controverted. An employee may not be an officer, but that does not mean that he is a clerk. He may not be also a clerk. So the test centres round the nature of duties that the man concerned is required to perform. For that it is necessary to scrutinise the duties which the man concerned is required to perform in the factory in question, and not what men of similar status do in any parallel factory This distinction should not be overlooked A salesman in a very big concern may be performing duties altogether different or varying considerably from the duties performed by a salesman in a smaller concern. So these cases relied on by the Union are not specifically considered besides what I have deduced from them as above. I have already referred to the observation of Shri S. N. Modak regarding this very Company.

Next, if I refer to the case of this Company in Bombay, as reported in the L.L.J., 1950, at page 469, Vol. II, I find that Shri P. S. Bakhle, sitting over the said Tribunal held that salesmen in this concern would not be covered by the expression "workman". Next, if I refer to the case of this Company in Madras, as reported in the same L.L.J. at page 1314, I find this "When they recruit salesmen they look to the personality of the candidates, their ability to get on with constituents and get their way with them, their initiative, power of observation and a high degree of integrity. They have to work on their own for most of the time, though they have to prepare and submit reports to their officers. The work of a salesman does involve some amount of clerical work, though it does not involve any

manual work. The salesman has to advise the constituents in the matter of the display of the goods of the organisation, but he does not do manual work".

Here the Union has placed before me the duties of a salesman in the Calcutta branch, supported by an affidavit. It has stressed the advertising aspect of the duties of a salesman by pasting strickers, pictures, tin plates, etc., and by the display of the Company's products in shops. He has also to draw up many reports about the work done from day to day. He has also to push sales of his commodities and also dispose of them as much as possible. Sometimes he is given a van carrying stocks for him. But it also emerges out of these that he must have some sort of initiative and power of observation. He must persuade the dealers to push sales of his commodities, and his personality in this respect cannot be discounted. He must have wisdom as to how by the display of his goods the notice of the customers may be attracted to them. As a matter of fact, not only the actual sale, but also the place of the Company's commodities in the market will greatly depend upon the cleverness and intelligence of a salesman appointed for the purpose. Of course, the discharge of his normal duties involve some amount of clerical work, viz., to keep proper account of his stocks and filling up of several reports. But that does not comprise the major part of his work. The major part of his work, as I have pointed out, requires initiative and display of intelligence. Regarding the stereotyped and routine duty of a clerk, though he follows the lines chalked out for him by the supervisors, still within his sphere he has ample scope of doing clever and intelligent work. So, in this view of the matter, I must find that the salesmen in this Company are not "workmen".

Before I conclude, I must refer to the contention of the Union that the Tribunal in its preliminary enquiry is practically judging the issue No. 1, and that it is not fair because the Tribunal does not have elaborate and full evidence before it which it could have if the matter was gone into on merits. That is true. But the point raised in the issue No. 1 is also a point which is necessary for the determination of this jurisdictional issue. In deciding this jurisdictional issue I have to arrive at a *prima facie* finding on the matter mooted. But I do not think that this contention can go far enough. Even the issue No. 1 apart, I find that the award of Shri Modak is binding on the parties. That disposes of the matter that the Tribunal has no jurisdiction to adjudicate this matter. Secondly, I have also considered that the salesmen in this Company are not workmen. I have not been shown how their position has changed considerably just to warrant the conclusion that they have become workmen since the award of Shri S. N. Modak. Even the evidence on affidavit does not show it. So, considering the matter in all its merits, so far as jurisdiction is concerned, I find that this Tribunal is wanting in jurisdiction to adjudicate this matter. So the order of reference is rejected without further adjudication on merits.

LABOUR DEPARTMENT

ORDER

No. 622I.R./D/11L-91/56.—26th February 1957.—Whereas under the Government of West Bengal, Labour Department, order No. 4026Dis./D/11L-286/54, dated the 30th August 1955, the industrial dispute between Messrs. Paharpur Timbers, Ltd., Saw Mill owners and Timber Engineers, Kidderpore, Calcutta-23 and their workmen represented by Paharpur Timber Mazdoor Sabha, J.535 Paharpur Road, Calcutta-24, regarding the matters specified in the schedule thereto was referred to the Second Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was filed by (1) Shri Panchanan Chandra, (2) Shri Habul Chandra Paul and (3) Shri Dulal Acharya, workmen of the said Company, alleging that the said Company had punished the said three workmen concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act filed by (1) Shri Panchanan Chandra, (2) Shri Habul Chandra Paul and (3) Shri Dulal Acharya, three workmen of Messrs. Paharpore Timbers, Ltd., against the said Company (Case No. 140/56 under section 33A).

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal*

Appearances:

For the workmen: None.

For the Company: None.

AWARD

This is an application under section 33A of the Industrial Disputes Act filed on 30th August 1956 by Shri Panchanan Chandra, Shri Habul Chandra Paul and Shri Dulal Acharya, who were workmen employed in Messrs. Paharpore Timbers, Ltd. The reference, out of which the present application arises, was made to this Tribunal by Government order No. 4026Dis./D/11L-286/54, dated 30th August 1955.

It is the case of the petitioners that during the pendency of the said reference before this Tribunal, the Company—Opposite party—discharged them without any notice and also without express permission of the Tribunal. Accordingly, they wanted to say that section 33 of the Act was contravened. So, they claimed reinstatement with compensation.

The Company filed objection. It wanted to say that the petitioners were specifically employed for specific jobs on the understanding that their services would stand terminated at the conclusion of the said specified jobs, that they were discharged as soon as their work was finished, and that in the circumstances, there was no contravention of the provisions of section 33 of the Act.

It appears from the record that out of three petitioners who filed this complaint, two petitioners, viz., Shri Panchanan Chandra and Shri Habul Chandra Paul, have already filed petitions stating that they have no longer any dispute with the Company, as there has been amicable settlement between them and the Company. Regarding the remaining petitioner, Shri Dulal Acharya, there was no appearance on the date of hearing, although the Tribunal waited till 11-30 a.m. Even no step was taken on his behalf. The very fact that he remained absent on the date of hearing leads the Tribunal to assume that he too did not like to press the present complaint under section 33A. So, it may be presumed that there is no longer any dispute in existence regarding Shri Dulal Acharya also.

Accordingly, a "no dispute" award is passed in this case in respect of all these three petitioners, who filed the present complaint. The case is thus disposed of.

No. T.M.(TF-Intg-XXXI)/602.—2nd March 1957.—In continuation of this office notification No. T.M.(TF-Intg-XXXI)/549, dated 5th March 1956, on the subject indicated above, all District Officers in West Bengal are requested to see that the following directions are strictly complied with by the Treasury Officers in closing the accounts for March 1957:—

(a) As required under Article 55 of Account Code, Vol. II, every endeavour should be made to close the Treasury Accounts for March 1957 not later than the 5th of April 1957. All transactions taking place at Sub-Treasuries within the financial year 1956-57 should be incorporated in these accounts and the accounts despatched positively not later than the 5th of April 1957.

(b) Inter-Governmental adjustments in respect of transactions pertaining to the year 1956-57 will not be carried out by the Reserve Bank of India in the accounts of that year if the necessary advices are not sent so as to reach the Bank on the 15th April 1957 at the latest (*vide* Article 88 of Account Code, Vol. IV). To ensure that all advices to the Bank are sent in time it is essential that:—

(1) The periodical statements of Central and Railway transactions in Non-Bank Treasuries and Sub-Treasuries supported by complete schedules (showing names of respective Railways to which the Railway transactions relate) are sent by the Treasury without fail on the 9th March, 20th March and on the 4th April 1957 (instead of on the last working day of the month as is done in the case of other months).

(2) A statement showing transactions of March 1957 relating to respective State Governments falling under the head "Inter-State Suspense" and "Accounts with the Government of Burma" duly supported by schedules and vouchers is furnished so as to reach this office not later than the 10th of April 1957.

Subject:—Instructions regarding Bills payable by the Accountant-General, West Bengal, within the current financial year.

No. T.M./591.—29th January 1957.—In order to ensure payment before the close of the financial year, all travelling allowance, contingent, grant-in-aid and other bills payable within the year should, as far as practicable, be presented at the counter of this office by the 14th March 1957. The words "To be paid on or before the 30th March 1957" should be written prominently in red ink on the top of each bill. In respect of charges actually incurred, or claims accruing on or after the 14th March, the bills should be presented with the utmost expedition without losing even a single day. Please remember that during the last week of March this office is preoccupied with the passing of monthly bills payable on the first working day of April.

2. Three clear days are required by this office to complete all processes connected with pre-audit. On the fourth working day from the date of presentation of a bill, the payee or his messenger should call at the delivery counter to demand payment. If for any reason payment cannot be obtained on that day, he should call on the next day, or on the second or third following day, should it become necessary. Any complaint regarding undue delay in payment should be lodged with the gazetted officer in charge of the section. No attempt should be made to get into direct touch with the sectional staff.

3. It should be particularly borne in mind that unpassed bills are not returned by post; they are required to be received back at the counter on surrender of tokens.

4. Please take all possible care to see that the bills presented are free from defects and irregularities. There may not be time left for resubmitting the bills when once returned unpassed with audit objection.

5. It will facilitate the payment of bills if the following instructions are borne in mind:—

(a) If the appropriation for the current year is likely to be or has already been exceeded, an additional appropriation should be obtained in time to meet the excess and the order sanctioning the additional appropriation attached to the bill.

(b) If any charge requiring sanction of a higher authority is claimed in a bill the sanction should be attached to it. As no payment can be made on the authority of copies of orders the sanctioning authority should be requested to communicate the orders to this office in time.

(c) If no distribution of any appropriation has yet been made, formal orders of the competent authority sanctioning the distribution should be attached to the bills.

(d) A bill extract giving particulars of the major, minor and detailed heads of account to which the amount of the bill is chargeable and the designation of the officer controlling the expenditure should invariably be attached to bills.

6. Between the 14th and 30th March please make it a point to check your Bill Register every day with a view to receive all payments in good time.

7. As a special concession to payees, the Cash Payment and Cheque Delivery counters of this office will be kept open till 3-0 p.m. on the 30th March. No payment will be made after that hour.

8. Establishment Bills for March 1957 will be paid by this office on the 1st April 1957 instead of on the 30th March 1957.

Regulation 6: Any matter not provided for in these regulations shall, until requisite provisions in that behalf are made in these regulations, be dealt with and disposed of, as far as may be in accordance with the rules and orders issued from time to time by the Central Government in relation to similar matters.

Provided that the Corporation may include any post or class of posts in a particular class according to the nature and duties of the post irrespective of the pay attached to it.

II. General conditions of service

Regulation 11: No person who has, directly or indirectly, by himself/herself or his/her partner or agent, any share or interest in any contract by or on behalf of the Corporation or in any employment under, by or on behalf of the Corporation otherwise than as an employee thereof, shall become or remain an employee of the Corporation. The decision, as to whether a person has direct or indirect interest in any contract, of the Chairman of the Corporation will be treated as final.

Regulation 12: Unless otherwise provided in any individual contract all appointments except officiating appointments shall be on probation for such period as may be determined by the Corporation, during which time, the services of an employee can be terminated without notice.

Regulation 13: Probationary period shall count as service towards increment and leave only if the probation is on the time-scale and not on a probationary stage outside the time-scale.

Regulation 14: Promotion shall be based on merit, relative suitability of a candidate for a particular post and seniority, and shall, in the case of promotion to Class I, be made ordinarily after considering the advice of the Departmental Promotion Committee to be set up for the purpose. Their functions and procedure shall be similar to such committees functioning under the Central Government with suitable modifications.

Regulation 15: The whole-time of an employee is at the disposal of the Corporation and he may be employed in any manner in the service of the Corporation by the Head of the office under whom he is employed without any claim for additional remuneration.

Regulation 16: Two or more employees cannot be appointed to the same post at the same time nor can an employee be appointed except in an officiating capacity, to a post on which another employee holds a lien.

Regulation 17: The services of an employee in permanent employ may be terminated by the Corporation if—

(a) his post is abolished; or

(b) he is declared on medical evidence to be unfit for further service; or

(c) he absents himself from duty without permission of the competent authority or is found guilty of insubordination, intemperance or other misconduct.

Subject to the above and to the provision of section 25F of the Industrial Disputes Act, 1947, as inserted by the Industrial Disputes (Amendment) Act, 1953, in the case of employees who are "workmen" within the definition of that Act, the services of an employee may be terminated by the Corporation with or without notice as follows:

(1) Without previous notice on the expiry of the term of appointment.

(2) Without previous notice if he is declared on medical evidence to be unfit for further service.

(3) Without previous notice if he absents himself from duty without permission of the competent authority, or is guilty of insubordination, intemperance or other misconduct.

(4) With a month's notice or a month's pay in lieu thereof in cases of temporary appointment lasting for less than a year, except in cases covered by clauses (1) to (3).

(5) With three months' notice or three months' pay in lieu thereof in other cases not covered by clauses (1) to (4) above:

Provided that if in any case a shorter notice than the requisite period is given, the employee shall be entitled to payment of a sum equal to his pay for the period by which the notice actually given falls short of the requisite period.

Regulation 18: In no circumstances shall the resignation of an employee whose conduct is under enquiry be accepted without the sanction of the authority competent to dismiss him. Subject to this the resignation of an employee, including an employee on probation, shall ordinarily require three months' notice provided that a month's notice shall be adequate in the case of employees to whom the Industrial Disputes Act, 1947, and the Industrial Disputes (Amendment) Act, 1953, apply and in the case of temporary appointments for less than a year.

If an employee tenders resignation from a certain date, the competent authority may, at his discretion, accept his resignation from that date and require him to pay a sum not exceeding his pay for the remaining portion of the proper notice period or require him to continue in service until expiry of the notice period, or, if he is a permanent employee, until suitable arrangement is made for his relief. The Corporation may waive such payment in exceptional cases. An employee shall not quit service until he is formally released from duty.

Regulation 19: Government servants employed by the Corporation shall be treated as on foreign service. Their leave and pension contribution shall be paid by the Corporation to the Government concerned. For disciplinary purposes where the Corporation consider that the punishment of removal or dismissal shall be imposed, the Corporation shall complete the enquiry and revert the officer concerned to the lending authority for such action as that authority may consider necessary. The Corporation shall consult the lending authority before imposing any lesser penalty (except suspension), and in the case of suspension shall report forthwith to the lending authority the circumstances leading to the imposition of that penalty. Subject to this and any other special terms which might be agreed upon between the Corporation and the Government concerned, they shall be governed by these regulations.

Regulation 20: A person who has not attained the age of 18 or whose age exceeds 55 shall not ordinarily be admitted into the service of the Corporation. Relaxation of this rule in any individual case will require the approval of the Corporation.

Regulation 21: No person shall ordinarily be retained in the service of the Corporation beyond the age of 55. The service of an employee, who has completed the age of 55, may, however, be extended by the Corporation, on public grounds which should be recorded in writing, by not more than one year at a time.

Regulation 22: Persons for appointment to Class I service may be examined by Chief Medical Officer of the Corporation for the first year of their employment. If any such officer is retained in employment for more than one year, he should be required to be examined by the Medical Board

of the Government of West Bengal. Persons to be appointed to Classes II and III shal be examined by one of the Medical Officer of the status of Assistant Surgeon, Grade I, in the employ of the Corporation. Government servants on duputation need not produce such a certificate.

Regulation 23: Service records, leave accounts and annual confidential reports of all employees shall be maintained in such manner and in such form as may be prescribed by the Corporation.

III. Pay and Allowances

Regulation 24: Except in a case in which it has been provided otherwise, an employee of the Corporation shall begin to draw pay and allowances attached to his/her post from the date he/she assumes the duties of that post and shall cease to draw them as soon as he/she ceases to discharge these duties.

Regulation 25: Initial pay will ordinarily be fixed at the minimum of the time-scale. Fixation of pay in excess of the minimum of the time-scale and the grant of premature increments shall require the sanction of the Corporation.

Regulation 26: Notwithstanding the provisions of Regulation 25, the initial pay of an employee holding a lien on a post under the Corporation will be regulated as follows:

(i) When the appointment to the new post involves the assumption of duties or responsibilities of greater importance than those attaching to the post on which he holds a lien, he will draw as initial pay the stage of time scale next above his presumptive pay in respect of the old post.

(ii) When appointment to the new post does not involve such assumption, he will draw as initial pay the stage of time-scale which is equal to his presumptive pay of the post on which lien is held, or, if there is no such stage, the stage next below that pay, plus personal pay equal to the difference to be absorbed in future increments, but if the minimum pay of the time-scale of the new post is higher than his substantive pay, he will draw that minimum pay as initial pay.

Regulation 27: Increments in a time-scale shall be earned by approved service for the prescribed period in that time-scale. Service in another post and all authorised leave except leave without pay will count for increment in the time-scale applicable to the post to which the person concerned has a lien. An increment shall ordinarily be drawn as a matter of course unless it is withheld. An increment may be withheld by competent authority if the work and conduct of a person are not considered satisfactory.

Regulation 28: When an increment is ordered to be withheld, the order shall state the period for which it is to be withheld and whether the postponement shall have the effect of postponing future increments also.

Regulation 29: Where an efficiency bar is prescribed in a time-scale the first increment above the bar shall not be given to an employee without the specific sanction of the Corporation or such other officers as may be authorised by the Corporation in this behalf.

Regulation 30: Pay and fixed allowances shall be paid monthly in arrears, that is, the pay and allowances for a month shall be due for payment on the first working day of the next month and shall be paid during the first week of the month.

If, however, the first four days of a month are public holidays, the Corporation may authorise payment, on the last working day before the holidays, of monthly pay bills other than those of members of Class I service.

Compensatory Allowance

Regulation 31: Subject to the general condition that the amount of a compensatory allowance should be so regulated that the allowance is not on the whole a source of profit to the recipient, the Corporation may grant such allowance to any of its employees.

IV. Accommodation and furniture

Regulation 32: The Corporation may provide residential accommodation and furniture to its employees as may be available for the purpose.

Regulation 33: The scale of accommodation and furniture will be such as is appropriate to the pay of the occupant.

Regulation 34: (1) The house rent recoverable shall be standard rent of the house or 10 per cent. of the monthly emoluments of the allottee, whichever is less, plus Municipal and other taxes, if any, payable by the Corporation not being in the nature of house or property tax. In the case of employees provided with temporary accommodation at construction sites, or where tents, huts, sheds, dormitories and barracks, etc., are provided, the rent to be recovered will be fixed by the Corporation from time to time.

(2) The standard rent of a residence shall be calculated as follows:

(a) In the case of a residence leased by the Corporation, the standard rent shall be the sum paid to the lessor plus the cost of special repair and maintenance not recoverable from the lessor.

(b) In the case of a residence owned by the Corporation, the standard rent shall be 6 per cent. per annum of the capital cost of acquiring or constructing the residence. For the purpose of assessment of rent, the capital cost of a residence owned by the Corporation shall include the cost or value of sanitary, water supply and electric installations and fittings but shall not include the cost or value of the site (including expenditure on its preparation) unless otherwise directed by the Corporation.

(c) In both cases, standard rent shall be expressed as standard for a calendar month and shall be equal to one-twelfth of the annual rent as calculated above.

(d) Notwithstanding anything contained in clause (1) above the Corporation may—

(1) at any time after the standard rents have been calculated under the provisions of sub-clauses (a), (b) and (c) above, group a number of residences, whether in a particular area or of a particular class or classes for the purpose of assessment of rent, subject to the following conditions being fulfilled:

(i) that the basis of assessment is uniform; and

(ii) that the amount taken from an employee shall not exceed 10 per cent. of his emoluments;

(2) by general or special order, provide for taking a rent in excess of 10 per cent. of emoluments subject to the maximum standard rent from an employee—

(i) who is not required or permitted to reside on duty at the station at which the residence is supplied to him, or

(ii) who, at his own request, is supplied with accommodation which exceeds that which is appropriate to the status of the post held by him, or

(iii) who is in receipt of a compensatory allowance granted on account of dearness of living, or

(iv) who is permitted to sublet or who sublets without permission the residence supplied to him.

(3) charge a penal rent up to double the standard rent from an allottee who contravenes any of the conditions of allotment of the residence supplied to him.

Note.—For the purpose of this regulation, the term "emoluments" means—

(i) Pay;

(ii) Compensatory allowances other than travelling allowance;

(iii) Pension, other than extraordinary pension or pension received from the Government of Burma or compensation received under the Workmen's Compensation Act, 1923, as amended;

(iv) Subsistence grant in the case of an employee under suspension, provided that if such employee is subsequently allowed to draw pay for the period of suspension, the difference between the rent recovered on the basis of the subsistence grant and the rent due on the basis of the emoluments ultimately drawn shall be recovered from him;

(v) Any other payment that may be considered by the Corporation to be a fixed addition to monthly pay and allowances of the employee.

Regulation 35: If a residence is supplied with furniture, rent shall be charged for on the following basis :

(a) the rent shall be calculated for durable and non-durable articles separately;

(b) the rent shall be expressed as a monthly rent and shall be one-twelfth of the amount annually required for the payment of—

(i) interest,

(ii) depreciation and repairs.

Regulation 36: An employee may be required to pay, in addition to the rent for accommodation and furniture, such charges for the supply of electricity and water as may be decided by the Corporation.

V. Travelling Allowance

Regulation 37: Travelling allowance should be so regulated that on the whole it does not become a source of profit to the recipient.

Regulation 38: In these regulations, unless there is anything repugnant in the subject or context:

(i) *Day* means a calendar day beginning and ending at mid-night but an absence from headquarters which does not exceed twenty-four hours shall be reckoned as one day.

Provided that no commuted leave may be granted under this regulation unless the authority competent to sanction leave has reason to believe that the officer will return to duty on its expiry.

Regulation 76—Leave not due: Leave not due up to 30 days at a time and 90 days during the entire service may be granted on medical certificate provided that in the case of an employee in permanent service such leave may be granted for a period of 360 days during his entire service, out of which not more than 90 days at a time and 180 days in all may be otherwise than on medical certificate. The leave not due will be debited against the half-pay leave which the employee may earn subsequently.

Leave not due should be granted only if the authority sanctioning the leave is satisfied that there is a reasonable prospect of the employee returning to duty on the expiry of the leave and earning an equal amount of half-pay leave thereafter.

Regulation 77—Extraordinary leave: Extraordinary leave without pay may be granted to an employee in special circumstances—

(a) when no other leave is admissible or

(b) any other leave being admissible, the employee concerned applies in writing for the grant of extraordinary leave.

The duration of extraordinary leave on any one occasion shall not exceed—

(a) 3 months except in the case of a person in permanent employ, and

(b) 18 months, in the case of an employee suffering from tuberculosis or leprosy provided that if he is a temporary employee, he has been in continuous service of the Corporation for a period exceeding one year.

Extraordinary leave shall not be debited against the leave account.

Regulation 78—Special disability leave: (1) Subject to the conditions hereinafter specified the Corporation may grant special disability leave to

an employee who is disabled by injury intentionally inflicted or caused in, or in consequence of, the due performance of his official duties or in consequence of his official position.

(2) Such leave shall not be granted unless the disability manifested itself within three months of the occurrence to which it is attributed, and the person disabled acted with due promptitude in bringing it to notice. But the Corporation if it is satisfied as to the cause of the disability, may permit leave to be granted in cases where the disability manifested itself more than three months after the occurrence of its cause.

(3) The period of leave granted shall be such as is certified by a medical board to be necessary. It shall not be extended except on the certificate of a medical board, and shall in no case exceed 24 months.

(4) Such leave may be combined with leave of any other kind.

(5) Such leave may be granted more than once if the disability is aggravated or reproduced in similar circumstances at a later date, but not more than 24 months of such leave shall be granted in consequence of any one disability.

(6) Such leave will not count as duty for earning leave. It shall not be debited against the leave account except half the period of earned leave granted under sub-clause (7) of this regulation.

(7) Leave salary during such leave shall be equal to average pay for the first 120 days including any period of such leave granted under clause (5) of this regulation. For the remaining period, leave salary shall be equal to half average pay or, at the employee's option, average pay for a period not exceeding the period of earned leave which would otherwise be admissible to him under Regulation 73.

(8) In the case of a person to whom the Workmen's Compensation Act, 1923, applied, the amount of leave salary payable under this Regulation shall be reduced by the amount of compensation payable under the said Act.

Regulation 79: The Corporation may extend the application of the provisions of Regulation 78 to an employee who is disabled by injury accidentally incurred in or in consequence of the due performance of his official duties or in consequence of his official position, or by illness incurred in the performance of any particular duty which has the effect of increasing his liability to illness or injury beyond the ordinary risk attaching to the civil post which he holds. The grant of this concession is subject to the further conditions:

(i) that the disability, if due to disease, must be certified by a medical board to be directly due to the performance of the particular duty; and

(ii) that, if the employee has contracted such disability during service otherwise than with a military force, it must be, in the opinion of the Corporation, so exceptional in character, or in the circumstances of its occurrence as to justify such unusual treatment as the grant of this form of leave; and

(iii) that the period of absence recommended by the medical board may be covered in part by leave under this Regulation and in part by other leave, and that the amount of special disability leave granted on average pay may be less than 120 days.

Regulation 80—*Maternity leave:* Maternity leave on full pay in any period of three years may be granted to a female employee for a period which may extend up to the end of three months from the date of its commencement or to the end of six weeks from the date of confinement, whichever is earlier. Such leave shall not be debited to the leave account. Maternity leave may be combined with leave of any other kind, but any leave applied for in continuation of the former may be granted only if the request be supported by a medical certificate.

Note.—Maternity leave under this Regulation may also be granted in cases of miscarriage including abortion subject to the conditions that the leave applied for does not exceed six weeks and the application for the leave is supported by a certificate from the authorised medical attendant.

Regulation 81—*Leave salary:* An employee on earned leave shall be entitled to leave salary equal to average monthly pay earned during the 12 complete months preceding the month in which the leave commences. While on leave on half-pay or on leave not due, he shall be entitled to leave salary equal to half average pay subject in either case to a maximum of Rs. 750 per mensem. An employee on commuted leave shall be entitled to leave salary equal to twice the amount admissible on half average pay. No leave salary is admissible during extraordinary leave.

Regulation 82: A leave account shall be maintained for each employee in such form as may be prescribed by the Corporation.

Regulation 83: Any kind of leave under these regulations may be granted in combination with or in continuation of any other kind of leave.

Regulation 84: Leave at the credit of an employee shall lapse on the date of termination of his service in the Corporation by superannuation or otherwise. Provided that except in the case of resignation or termination of service by the Corporation as a disciplinary measure, earned leave due to an employee may be granted after the date of termination of his service for the period for which it was applied for as leave preparatory to retirement in sufficient time before that date and refused in writing in the interest of the service of the Corporation:

Provided further that the condition of prior application for leave and its refusal in writing may be waived in individual cases where service is terminated by the Corporation for unfitness of the employee for further service by reason of ill health, or for reduction of establishment, or for any other reason calling for immediate termination of service.

Regulation 85: All applications for leave on medical grounds should be supported by a medical certificate from a registered medical practitioner.

Regulation 86: No employee who has been granted leave on medical certificate may return to duty without producing a medical certificate of fitness to resume duty.

Regulation 87: Except in the case of sudden illness or an emergency an application for leave should be submitted to the sanctioning authority at least one month before the date from which leave is to take effect.

Regulation 88: An employee who remains absent without leave is entitled to no pay during such absence unless it is subsequently covered by duly sanctioned leave. Wilful absence without leave may entail removal from service.

Regulation 89: All leave due and admissible will be sanctioned by the Corporation in case of members of Class I service and by heads of offices in the case of others. Leave of staff Class I should be sanctioned only after its admissibility has been certified by the Accounts Officer. In the case of other staff, the authority sanctioning the leave should satisfy himself by reference to the leave account that the leave is admissible.

Regulation 90: Leave may be combined with notified holidays provided that it does not involve officiating arrangements to be made for the period of such holidays.

Regulation 91: Leave salary of Staff Class II and III will be drawn and disbursed by the Head of the office who shall be responsible for any overpayment. The leave salary may either be remitted by money order at the expense of the employee himself or be paid to his agent on written authority duly signed by him. In the latter case, the payee should also furnish a formal stamped receipt and a life certificate signed by a responsible person. When payment is made by money order, the money order acknowledgment receipt should be carefully watched, which, when received, should be pasted in the Acquittance Roll as the actual payee's receipt.

Regulation 92: Members of Class I service shall draw their leave salary in the same way as they draw their duty pay by presenting bills either direct or through their local Bankers. If a member of Class I service does not appear in person at the place of payment, the leave salary bill must be supported by a life certificate.

Regulation 93: An employee while on leave preparatory to retirement shall not accept any employment elsewhere without obtaining the permission of the Corporation. The leave salary of an employee who is permitted to take up employment during such leave shall be limited to what would be admissible if he had been on leave on half average pay.

Joining time

Regulation 94: An employee shall be entitled to joining time to enable him to join a new post to which he is appointed while on duty in another post under the Corporation or to join a new post on return from leave. Joining time admissible shall ordinarily be 6 days exclusive of Sundays for preparation plus the actual time taken for the journey by the shortest route. When the transfer does not involve any change of station only one day is admissible as joining time, a holiday counting as a day for this purpose. An employee on joining time shall be regarded as on duty and shall be entitled to be paid—

(a) when on transfer to a new post while on duty, the pay and allowances admissible in the old or the new post, whichever is less;

(b) when returning from leave other than extraordinary leave, the leave salary which he last drew on leave.

If an employee takes leave while in transit from one post to another, the period after he hands over charge of his old post shall be included in his leave unless the leave is taken on medical certificate in which case the period may be treated as joining time.

If an employee is appointed to a new post while on earned leave, not exceeding 4 months, he shall be entitled to joining time calculating from his old station or from the place at which he received the order of appointment, whichever is less.

The Corporation may in special circumstances extend the joining time or grant a longer period of joining time than is admissible under this Regulation, in any case not exceeding 30 days (inclusive of Sundays and holidays), on such conditions as it may think fit.

VIII. Conduct and discipline

Regulation 95: (a) Appointing authority or any other authority empowered by the Corporation in this behalf may place an employee under suspension when an enquiry into his conduct is contemplated or is pending or when a complaint against him of any criminal offence is under investigation or trial. Provided that where the order of suspension is made by an authority lower than the appointing authority, such authority shall forthwith report to the appointing authority the circumstances in which the order was made. An employee who is detained in custody, whether on a criminal charge or otherwise, for a period longer than 48 hours shall be deemed to have been suspended by the appointing authority under this Regulation. An order of suspension may be revoked at any time by the authority making the order or by any authority to which it is subordinate.

(b) During suspension an employee shall be entitled to subsistence allowance at one-half the average monthly pay earned by him during the twelve complete months immediately preceding the month in which he was suspended and, if the period of suspension exceeds one year, at three-eighths of such average monthly pay for any period after one year. The subsistence allowance shall be subject to the maximum limit of leave salary on half average pay laid down in Regulation 81. In addition to the subsistence allowance, an employee under suspension may be granted any compensatory allowance of which he was in receipt on the date of suspension, to such extent and subject to such condition as the suspending authority may direct. Provided that the amount of dearness allowance shall not exceed the amount admissible as such on the subsistence allowance paid from time to time.

(c) Leave may not be granted to an employee under suspension.

(b) such representation, if any, has been taken into consideration by the authority competent to impose the penalty.

(b) The employee shall, for the purpose of preparing his defence, be permitted to inspect and take extracts from such official records as he may specify, provided that such permission may be refused if, for reasons to be recorded in writing, in the opinion of the Disciplinary Authority such records are not relevant for the purpose or it is against the Corporation interest to allow him access thereto.

(c) On receipt of the written statement of defence, or if no such statement is received within the time specified, the Disciplinary Authority may itself enquire into such of the charges as are not admitted or, if it considers it necessary so to do, appoint a Board of Enquiry or an Enquiring Officer for the purpose.

(d) The Disciplinary Authority may nominate any person to present the case in support of the charges before the authority enquiring into the charges (hereinafter referred to as the Enquiring Authority). The employee may present his case with the assistance of any other employee approved by the Disciplinary Authority, but may not engage a legal practitioner for the purpose unless the persons nominated by the Disciplinary Authority as aforesaid is a legal practitioner or unless the Disciplinary Authority, having regard to the circumstances of the case, so permits.

(ii) where the Disciplinary Authority is satisfied for reasons to be recorded in writing that it is not reasonably practicable to follow the procedure prescribed in the said regulation; or

(iii) where the Corporation is satisfied that in the interest of security, it is not expedient to follow such procedure.

The Disciplinary Authority may consider the circumstances of the case and pass such orders thereon as it deems fit.

Regulation 100: When an employee who has been dismissed, removed or suspended is reinstated, he shall be allowed the difference between the full pay with allowances and the subsistence grant if the authority competent to order reinstatement or to revoke the suspension order holds that the employee has been fully exonerated or, in the case of suspension, that it was wholly unjustified. In such a case the period of absence from duty shall be treated as a period spent on duty for all purposes. In other cases, the employee shall be given such proportion of such pay and allowances as the competent authority may direct.

Regulation 101: The pay and allowances of an employee who is removed or dismissed from service shall cease from the date of removal or dismissal.

Regulation 105: The appellate authority shall consider:

(c) it contains disrespectful or improper language or is not submitted through the proper channel.

Provided that in every case in which an appeal is withheld, the appellant shall be informed of the fact and the reasons for it.

Regulation 107: Notwithstanding anything contained in the foregoing provisions, the Corporation may, of its own motion or otherwise, call for the record of any case in which an order has been made by an authority subordinate to it in the exercise of any power, conferred to such authority by Regulation 97, and (a) confirm, modify or set aside the order; or (b) direct that a further enquiry be held in the case; or (c) reduce or enhance the penalty imposed by the order; or (d) make such other order in the case as it may deem fit. Note II.—Pensioners from Burma and Pakistan will be treated as Government pensioners for the purpose of this regulation.

X. Advances

Regulation 109: An amount which may be utilised each year for making the advances to the employees should be set apart and it should in no case be exceeded. Corporation may make advances to its employees for the following purposes:

Interest-bearing advances—Advances for the purchase of conveyances. —In cases where it is considered necessary in the interest of the service of the Corporation, the Corporation may sanction an advance to a permanent employee for the purchase of a motor car or a motor cycle subject to the following conditions:

(i) An advance should be of Rs. 10,000 or five months' pay of the officer for the purchase of a motor car and in the case of a motor cycle the amount of advance should be Rs. 2,000 or the anticipated price of the motor cycle, whichever is less. If the actual price paid is less than the advance taken the balance must be forthwith refunded.

(ii) Recovery will be made in 36 equal instalments or within the contract period, whichever is less, by deduction from monthly pay or leave salary bill commencing with the first issue of pay or leave salary after the advance is drawn. The employee at his/her option may refund the amount in lesser number of instalments. Simple interest at 4¼ per cent. or such other rate as may be decided by the Corporation from time to time calculated on balances outstanding on the last day of each month will be recovered in one or more instalments, each such instalment being not appreciably greater than the instalments by which the principal was recovered. The recovery of interest will commence from the month following that in which the repayment of the principal has been completed. In the event of an employee finally quitting the service of the Corporation, the balance of the advance together with interest thereon shall be recovered in one lump sum before he is released.

(iii) Previous sanction of the Corporation is necessary to the sale of a motor car or a motor cycle purchased with the aid of an advance which with interest accrued has not been fully repaid.

(iv) In all cases in which a car or a motor cycle is sold before the advance with interest has been fully repaid the sale proceeds must be applied so far as may be necessary towards the repayment of the outstanding balance.

(v) The car or the motor cycle purchased must be finally paid for within one month from the date of drawing the advance failing which the amount of advance with interest due thereon for one month must be refunded immediately. This condition should be mentioned in the letter sanctioning the advance. No sanction should issue until the Accounts Officer has certified that funds are available in the year of payment of the advance, and a certificate from the sanctioning authority to the effect that the officer will continue in the employ of the Corporation till repayment of the advance plus the interest thereon should accompany the sanction.

Note.—The Corporation may also sanction similar advances to their temporary employees subject to the conditions stated above and any other additional conditions which the Corporation may find necessary in order to ensure the security and recovery of the advance.

Regulation 110: At the time of drawing the advance the employee shall execute an agreement and, on completing the purchase, he shall further execute a mortgage bond hypothecating the car or the cycle to the Corporation as security for the advance. The agreement and the mortgage bond shall be executed in such form as may be prescribed by the Corporation. The cost price of the car or the cycle shall be entered in the schedule of specifications attached to the mortgage bond.

Regulation 111: When an advance is drawn, the sanctioning authority shall furnish to the Accounts Officer a certificate that the agreement required under Regulation 110 has been signed by the employee drawing the advance and that it has been examined and found to be in order. The sanctioning authority should see that the conveyance is purchased within one month from the date on which the advance is drawn and should submit every mortgage bond promptly to the Accounts Officer for examination before final record.

Regulation 112: The mortgage bond should be kept in the safe custody of the Secretary of the Corporation. When the advance has been fully repaid, the bond should be returned duly cancelled, after obtaining a certificate from the Accounts Officer to the effect that the advance with interest has been completely repaid.

Regulation 113: (1) The car or cycle must be insured against full loss by fire, theft or accident.

(2) On receipt of the certificate prescribed in Regulation 111, the Accounts Officer shall obtain from the employee drawing the advance, a letter in the prescribed form to the Motor Insurance Company with which the motor car or cycle is insured to notify to them the fact that the Corporation is interested in the insurance policy secured. He will himself forward the letter to the company and obtain their acknowledgment. In the case of insurances effected on annual basis, this process should be repeated every year until the advance has been fully repaid to the Corporation.

(3) Contravention of these orders will render the employee liable to refund the whole of the amount advanced with interest accrued. The amount for which the conveyance is insured during any period should not be less than the outstanding balance of the advance with interest accrued at the beginning of that period and that the insurance should be renewed from time to time until the amount due is completely repaid.

Regulation 114: A Head of a Department may, if he is satisfied that the purchase would enable a permanent employee to discharge his duties more efficiently, sanction an advance to an employee drawing a pay not exceeding Rs. 300 per mensem for the purchase of a bicycle subject to the following conditions and to such other terms and conditions as the Corporation may think fit to impose:

(i) The total amount to be advanced should be Rs. 175 or 4 months' pay, whichever is less. If the actual price paid is less than the advance taken, the balance should forthwith be refunded to the Corporation.

(ii) No sanction should issue until the Accounts Officer has certified that funds are available in the year of payment of the advance and a certificate is furnished by the sanctioning authority to the effect that the employee is likely to continue in the service of the Corporation till repayment of the advance with interest thereon.

(iii) Recovery will be made in 12 equal instalments by deduction from monthly pay or leave salary bill commencing with the first issue of pay or leave salary after the advance is drawn. Simple interest at 4¼ per cent. or such other rate as may be decided by the Corporation from time to time on balances outstanding on the last day of each month will be recovered after the principal is recovered. In the event of an employee finally quitting the services of the Corporation the balance of the advance together with interest thereon shall be recovered in one lump sum before he is released.

(iv) An employee who takes an advance under this regulation should within one month after drawing the advance furnish the Head of the Department with a certificate giving full particulars of the purchase and the cash receipt for the amount actually paid for.

(v) A second or subsequent advance for the purchase of a cycle will not be given before the expiry of three years from the date the previous advance was taken, unless satisfactory evidence is produced by the employee concerned to the effect that the bicycle purchased with the help of the earlier advance has been lost or has become unserviceable. In the latter type of cases, the sanctioning authority should while communicating the sanction to audit include a certificate that they have satisfied themselves that the cycle already in possession of the employee has been lost or has become unserviceable, as the case may be.

Note.—The Corporation may also sanction similar advances to their temporary employees subject to the conditions stated above and any other additional condition the Corporation may find necessary in order to ensure the security and recovery of the advances.

Advances on transfer or on tour (non-interest bearing)

Regulation 115: Advances of one month's pay and estimated travelling allowances may be sanctioned to an employee under order of transfer from one station to another. The advance of pay will be recovered in three instalments commencing from the pay or leave salary bill of the first month after the advance is drawn. Advance of travelling allowance will be recovered in one lump from the travelling allowance bill which should be submitted within a month from the date of taking over charge at the new station. If no travelling allowance bill is submitted within three months of the transfer, the advance will be recovered from pay at the rate of 1/3rd of pay.

Regulation 116: Advances for journeys on tour up to an amount sufficient to cover the actual travelling expenses may, where necessary, be granted to an employee when proceeding on tour provided that no such

advance shall be granted to members of Class I service except in the case of long and expensive tours. Such advance may be sanctioned by the Head of the office or by any other subordinate authority to whom the power may be delegated. The advance should be adjusted on completion of the tour and, except in special circumstances a second advance shall not be granted until the previous advance has been fully accounted for and adjusted.

Special advances

Regulation 117: For purposes not specified above special advances may be sanctioned by the Corporation in exceptional circumstances on the merit of each individual case subject to such terms and conditions as the Corporation may think fit to impose, provided that simple interest at the rate of 4¼ per cent. or such other rate as may be decided by the Corporation from time to time per annum shall be charged and the entire advance is recovered within a period of 18 months or the contract period of the employee, whichever is less.

MEMORANDUM OF SETTLEMENT

1. Both parties agree that Shri Ramfal Rai, Shri Hawaldar Mia and Shri Badri Tatua were *budli* workmen of the Angus Jute Works.

2. That the termination of their services was both correct and justified and done in a proper manner in accordance with the procedure set down in the Standing Orders.

3. That the concerned three workmen had prior to their termination of employment as *budli* workmen served continuously for the period of 6, 5 and 6 years, respectively, in continuous *budli* employment prior to their termination and are, therefore, entitled to compensation under the Industrial Disputes (Amendment) Act, 1953, at the rate laid down in the Act.

4. That the Company agree to the payment of this compensation together with any outstanding dues to which they will be entitled in full settlement of the dispute.

In view of the above submission and agreement between the Company and their workmen concerned together with the Union President, Shri Bhagwan Dass Gupta, both parties hereby request the Chairman of the Tribunal to issue a "no-dispute" award on the matters under reference as full and final settlement of this dispute.

ORDER

No. 574I.R./D/5L-1(A)/56.—21st February 1957.—Whereas under the Government of West Bengal, Labour Department, order No. 52051.R./D/5L-1(A)/56, dated the 5th December 1956, the industrial dispute between Messrs. Hindusthan Shipping Agency, 24 Strand Road, Calcutta-1 and their workman represented by the Federation of Mercantile Employees' Union, 23A Netaji Subhas Road, Calcutta-1, regarding the matters specified in the schedule thereto was referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Hindusthan Shipping Agency, 24 Strand Road, Calcutta-1 and their workman represented by the Federation of Mercantile Employees' Union, 23A Netaji Subhas Road, Calcutta-1.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the workman: Shri Madan Mohan Saha, Advocate.

For the Company: Shri P. K. Sannyal, Advocate.

This industrial dispute between Messrs. Hindusthan Shipping Agency, 24 Strand Road, Calcutta-1 and their workman represented by the Federation of Mercantile Employees' Union, 23A Netaji Subhas Road,

Calcutta-1, over the dismissal of Shri Sushil Ranjan Samadar, was referred to this Tribunal for adjudication under the Government of West Bengal, Labour Department, order No. 5205I.R./D/5L-1(A)/56, dated the 5th December 1956.

AWARD

Both the parties filed written statements in support of their cases.

The case is opened to-day for hearing, and both the parties arrived at a settlement and filed a joint petition embodying its terms. The parties have decided to settle the dispute on payment of a reasonable amount of compensation to the dismissed employee, Shri Sushil Ranjan Samadar, who has not pressed his claim for reinstatement in the service of this Agency. The amount of compensation to be paid in the case is discussed and both parties have left it to the Tribunal for final settlement of its amount.

I have carefully considered the arguments of Learned Advocates of both sides and heard the aggrieved employee also. I think, the fair amount of compensation would be 5 months' basic wages, to be calculated at the rate of Rs. 95 per month. This amount of compensation should be paid to Shri Samadar in full and final settlement of all his claims arising out of his dismissal, at the Agency Office, within one month from the date of publication of this award. I make my award as above.

M. N. GAN,

Judge, Fourth Industrial Tribunal.

ANNEXURE

In the matter of an industrial dispute between Messrs. Sree Krishna Cinema, Bally, Howrah and their workmen represented by Bengal Motion Pictures' Employees' Union, Howrah Branch, 80 Dawnagazee Road, Bally, Howrah.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Union: Shri Patit Paban Pathak.

For the Company: Shri N. K. Mukherjee, Advocate.

The present dispute between Messrs. Sree Krishna Cinema, Bally, Howrah and their workmen represented by Bengal Motion Pictures' Employees' Union, Howrah, relates to payment of annual increment and dearness allowance. This has been referred to this Tribunal by an order of the Labour Department, Government of West Bengal, No. 5197I.R./D/11L-189/56, dated 5th December 1956.

ISSUES

(1) Annual increment.

(2) Dearness allowance.

AWARD

Both the parties filed their written statements. The Union demanded payment of annual increment at the rate of Rs. 3 for those who are drawing Rs. 70 or less and Rs. 5 for those who are drawing more per month with retrospective effect from 1950 and dearness allowance at the rate of 50 per cent. of the basic wages for those who are getting Rs. 70 or more and cent. per cent. of the basic wages for other employees.

The Union in their statement said that no increment is paid for years together and dearness allowance is never paid. The Company, in reply, stated that the wages paid, which included dearness allowance compared favourably with those of other Cinema concerns in the locality and more than what was agreed upon between the Bengal Motion Pictures' Association and Bengal Motion Pictures' Employees' Union recently in September last year.

Both parties adduced oral and documentary evidence.

Issue Nos. 1 and 2

This Cinema Company started business in Bally in October 1947. According to the Union's evidence, as per Ext. 3, the Company had since granted five annual increments but no increment in 1950, 1954 and 1956. Its statement, on the contrary, that no increment was paid for years

together is not wholly correct. There is no grade and scales of pay for the employees. Admittedly, Bengal Motion Pictures' Employees' Union and Bengal Motion Pictures' Association entered into two agreements which contained the conditions of service for all the categories of employees serving in different Cinemas in Calcutta and Mofussil. Exhibit 1 came into force from 1st April 1948 and Ext. A with effect from 1st September 1956. It appears that both parties to this dispute belong to the Bengal Motion Pictures' Employees' Union and Bengal Motion Pictures' Association. Shri Sridhar Banerjee, witness for the Union in this case, is the House Secretary of Bengal Motion Pictures' Employees' Union and the Company joined the said Association in 1950-51. The employees of this Company did not enter into any agreement individually on the model of Ext. A with their employers. In that sense, the agreement of Ext. A is not binding on the parties as yet. Shri Pathak who appears on behalf of the Union contends that the Company is playing a dirty game with its employees, in not honouring the first agreement, the terms of which appear to be more favourable and showing undue anxiety in implementing the second agreement, the terms of which are less favourable to the employees and more to the Company. At the same time he pleads for an ad hoc increment and dearness allowance, sufficient to meet the higher cost of living in recent times, with retrospective effect from 1950. He relies upon Ext. 2, a statement prepared by Shri Banerjee in consultation with his collegues showing the income and expenditure of the employees and contends that the wages paid are not sufficient to meet the basic needs of the workers and their families and therefore their earnings should be supplemented by allowing both at this stage.

Shri N. K. Mukherjee, Advocate for the Company, argues that the Company is in duty bound to implement the agreement—Ext. A, the terms of which are fair and reasonable and furnish a model pay scale with dearness allowance for all categories of employees. The agreement has standardised the wages and dearness allowance and left no room for variation during the period of its existence. He challanges the correctness of the information contained in Ext. 2 and contends that the basic needs of a worker remain practically the same irrespective of the concern in which he is for the time being employed. It is idle to say that the requirements of the employees of this Cinema are more than those of others employed elsewhere in Calcutta and its neighbourhood. He relies upon two cases reported in 1951, Vol. II, L.L.J., page 31 and in 1954, Vol. I, L.L.J., page 766 and points out that both these demands are not tenable on principle and on facts. The financial implication of these demands can be roughly estimated as follows:—

(i) Dearness allowance at the rates claimed will increase the wage bill of the Company by nearly double of what it is now.

(ii) And the increment at the rates claimed amounts to roughly Rs. 1,326 a year and will come up to Rs. 8,652 if it is paid retrospectively from 1950.

The Company with an average weekly sale of Rs. 3,000 would in any case not be in a financial position to meet these demands fully. It must, however, be said that the Company did not plead so much its financial inability in answering the Union's demands before this Tribunal. Exhibit 2 is neither a report of a sample survey of the family budgets of the employees, nor it is a correct statement of their accounts showing monthly income and expenditure. The deficit shown in Ext. B is on the evidence of Shri Banerjee appears to be incorrect. Advance taken by the employees from their monthly pay and allowance is doubtless a part of their income, which has

been altogether ignored in calculating the deficit. The number of family members has been variously put in Ext. 2 and no attempt was made to bring about an uniformity in this respect. Exhibit 2, in my view, is therefore hardly of any assistance in this case. The Tribunal, however, is not suggesting that the present earnings of the employees are sufficient for a comfortable living for themselves and their families. That is altogether different from holding that the standard wages, etc., of Ext. A, found as a result of an amicable settlement by and between the parties are unfair and unreasonable and should be revised within a few months of the date of agreement. The cost of living showed a gradual tendency to rise since 1954 and it is not too much to believe that the parties had that in view at the time of settlement embodied in Ext. A. Exhibit A does not affect the existing conditions of service, i.e., does not take away the existing rights, e.g., the wages, etc., enjoyed by the employees. The existing rates have been compared with those of Ext. A. The employees, it appears, in many cases, have already reached the maximum of the pay scales contained in Ext. A and are getting more than what they should otherwise get as wages and dearness allowance under Ext. A. That being so, it cannot be said that the employees in this case are being paid wages which are not sufficient to meet the increased cost of living of the present day. Question now is, whether in these circumstances, a new set of pay scales with annual increment and separate dearness allowance, contrary to what has been provided for in Ext. A, be introduced in this case. The Company had no scales of pay for its employees and the annual increment allowed were neither uniform nor regular. Therefore, it cannot be said that the annual increments which the employees enjoyed in this Company are regular conditions of service. An ad hoc increment accordingly cannot be granted outside the pay scales known in the industry as a whole, neither it can be allowed without fixing by adjudication incremental scales in the case. Question of scales of pay is outside the scope of the present reference, and therefore it would be highly improper to consider one in the present case.

Neither a case for a separate dearness allowance on a scale outside Ext. A has been made out, the total pay packet cannot be split up without more materials. Further, any attempt to raise the amount of dearness allowance, when it is not separately paid, as in the instant case, is sure to raise unnecessary complications. The total earnings of the employees are only available. It has been found on a comparison with the rates now prevailing in the industry that they are not grossly inadequate. Therefore, an increased dearness allowance even in part satisfaction of the demand, will create problems in the vicinity and thereby disturb the agreed wage structure of the industry. It is undesirable to have two standard wages and dearness allowance in the industry. On a careful consideration of the facts and circumstances, I find the issues against the Union. This is my award.

Judge, Fourth Industrial Tribunal.

AWARD

Decisions

Issue No. 1.—The Lakhipara Tea Estate is situated in Banerhat in the Dooars area of the Jalpaiguri district. It has an area of about one thousand acres under tea.

The present order of reference involves the enquiry into the question of dismissal of 5 women workers, viz., Tilrupa, Sunmaya, Rylimaya, Lal Kanchi and Ekaly on 13th April 1955 in part (a), the dismissal of one Sukra under Somra Sirdar II for allowing his cattle to stray into the planted area of the garden in part (b), and the dismissal of the 7 workers named Budhu of Neez Sirdar, Temba of Jethua Sirdar, Chanda of Dharow Sirdar, Sukra of Sani Sirdar, Maskoo of Etowa Sirdar I, Sani of Somra Sirdar II and Manrakhan, in part (c) of Issue No. 1. It has to be decided if the dismissal of these 13 workmen was justified and what relief by way of reinstatement and/or compensation these workmen are entitled.

The Union, in its written statement, states that the present dispute relates to the dismissal of 13 workmen effected on different dates by the Management of Lakhipara Tea Estate, that all the above workmen were permanent workmen of the Company, having varied period of spotless service to their credit, and that all these workmen were important members and organisers of the Zilla Cha Bagan Workers' Union of the Lakhipara Garden. It is alleged that the Company has been trying to stop formation of Trade Union units and has been trying to break solidarity of the Union by various methods. It is stated that there was a separate order of reference pending before the First Industrial Tribunal, Calcutta, in the matter of dismissal of four workmen, that the workmen covered under Issue No. 1(b) and 1(c) were dismissed between January and April 1955, on false and frivolous charges and the five workmen covered under Issue No. 1(a) were dismissed on 13th April 1955 in disregard of the Industrial Disputes Act, as a reference was already pending, being reference No. 1325Dis./D/9L-10/55, dated 25th March 1955, before the First Industrial Tribunal. It is

stated that all the above workmen were served with charge-sheets to which they submitted pertinent replies denying the charges. All these workmen were served with dismissal notices without giving them any chance of defence. It is pleaded that each of the above 13 cases covered under Issue No. 1(a), (b) and (c) are instances of victimisation and unfair labour practice carried out with some ulterior motive in violation of all principles of natural justice. It is further pleaded that the workmen concerned were not at all guilty of the charges brought against them. It is also mentioned that in any event punishments awarded were out of proportion to the alleged offences and were shocking to the conscience. The Union, therefore, prays that the Tribunal should hold the dismissal of the 13 workmen mentioned in the order of reference in the Issues No. 1(a), (b) and (c) to be illegal and unjustified and reinstate all of them with full compensation for the period of forced unemployment.

The facts on which the dismissal of the workers in the three parts of the Issue No. 1 are based are different and the Company in its written statement related the facts under different parts separately. The facts on which Issue No. 1(a) regarding the dismissal of five workmen is concerned will be taken up first in the decision of Issue No. 1(a).

(a) The present issue relates to the dismissal of five women, viz., Tilrupa, Sunmaya, Rylimaya, Lal Kanchi and Ekaly on 15th April 1955. The order of reference erroneously shows the date of dismissal to be 13th April 1955 and also slight mistakes in the spelling of the names of the women workers Tilrupa and Rylimaya. At the relevant time, these women were engaged in plucking of tea leaves. The manufacture of tea is made from tea leaves, which are plucked during the months of March or April to November or December. The plantation of tea bushes is divided into numbered sections, which in the Lakhipara Tea Estate are usually of an area of 20 to 30 acres each. Some of the bushes are pruned according to requirements of an efficient production and the immediate yield is less in the pruned than in the unpruned sections. In 1955 April, sections Nos. 8 to 22 comprising almost half the area under tea were the pruned sections in the garden. The plucking commenced on different dates in different sections and in the pruned sections Nos. 13 and 14, with which we are concerned in this enquiry, the plucking commenced a few days earlier than 6th April 1955. Fourty-four women were engaged in the pruned sections for plucking of tea leaves. The hours notified for this work were as follows:—

8 a.m.—Work commences.

11 a.m.—Leaf weighment.

Interval after weighment.

1 p.m.—Work commences.

4-30 p.m.—Leaf weighment.

These women, 44 in number, demanded that the work should be done in one-half of the day (one *bela*) and not in both the halves of the day (two *belas*). The Management, however, did not allow this prayer on the ground that the pluckers in the unpruned sections usually work for two halves of the day under the existing practice of the Company. On 6th April 1955 the women working on the pruned sections failed to turn up for weighment at 11 a.m. At 11-30 a.m. Mr. W.D.C. Cheyne, Manager of the Estate, along with Mr. D. Sim, Assistant Manager, went to the place of work and asked the women to go to the factory for weighment. The women refused to obey the orders and continued plucking. After great persuation, the women workers weighed up their leaves at about 12 noon. At the weighment shed, the Manager warned these women workers verbally that their disobedience

constituted an act of misconduct and should this offence be repeated, disciplinary action would be taken against them. The Manager posted a notice on the notice board of the garden to this effect. The Manager also informed them that as the delay in weighment before the recess was due to their own fault, they would have to report back to work at 1 p.m., which is the usual time for resumption of work.

All the women reported for work punctually at 1 p.m. with the exception of the five women concerned in this issue, who came to work about an hour after the usual recess. The Manager ordered them to go back to their homes, as they were late by about an hour and ordered them to report to his office at 7 a.m. the next day before going to work. He instructed the Dafadar not to give work *melas* (the normal method of allotting work on a tea estate) to these five workmen for the afternoon. These women, however, disregarded the orders and took up a *mela* each of their own accord. At 2 p.m. Mr. Kochhar, an Assistant Manager, visited the worksite and finding these women plucking, enquired as to who gave them *melas*. On being told that they had taken up *melas* of their own accord, in defiance of the orders of the Manager, he instructed the Dafadar to give the names of these five women at the weighment shed, so that they would not be allowed to weigh up their leaves in the afternoon. On hearing this, these five women left their *melas*, inciting the other pluckers to leave their *melas* as well, and as a result of their persuasion, the other women also left their work. There was a complete stoppage of work from 2-15 p.m. to 3-15 p.m. on that day when all the women returned to their work. As they had not worked for one hour, the Manager ordered them to work till 5 p.m. instead of 4-30 p.m., which they did. Weighment was refused to these five women and they were again told to report to the Manager the following morning at 7 a.m. before going to work. The next morning the five women failed to report, as instructed, and again forcibly took up work (*melas*). At 11 a.m. they presented their leaf for weighment, which was refused, and they dumped their leaf in the factory without permission. The five women were again told to report to the Manager the next morning before going to work. On the 8th April 1955, when these women failed to report to the Manager in the morning, charge-sheets were issued and sent to them by post.

On the 13th April the five women reported at the Manager's office with written replies to the charge-sheet, which they flung on his table. After a careful consideration of the matter, the Manager was satisfied that they were guilty of the charges complained of, but with a view to giving them a chance, he decided to issue warning notices. They refused to accept the warning notices and walked out of the office in a defiant attitude. The Manager took a very serious view of the matter, and in the interest of discipline and in view of the repeated flouting of the authority of the Management, the Manager, after due consideration, issued notices of dismissal on the 15th April 1955.

Evidence was adduced by both parties on the issues referred for adjudication. P.W. 1 Manrakhan Mura, P.W. 2 Sukra, and P.W. 3 Temba were examined for the Union. O.P.W. 1 Mr. W. D. C. Cheyne, O.P.W. 2 Shri S. B. Raissaly, O.P.W. 3 Gobi Chhetri, O.P.W. 4 Bura Kancha, O.P.W. 5 Santa Singh and O.P.W. 6 Mr. S. R. Kochhar were examined for the Company. Documents Exts. A to V were proved for the Company. O.P.W. 1 Mr. W. D. C. Cheyne, O.P.W. 2 Shri S. B. Raissaly, Hajiri Babu and O.P.W. 6 Mr. S. R. Kochhar adduced evidence in proof of the Company's case against the five women workers in issue No. 1(a). No evidence was adduced on the side of the Union in regard to the case of the five women in issue No. 1(a). O.P.W. 1 Mr. Cheyne proved the case of the Company as mentioned above in regard to these women. He says

that on 6th April 1955 Kolay Chaprasi informed him that the women workers had refused to come for weighment at 11 a.m. He and Mr. Sim went to sections 13 and 14 and asked the women workers to go to the factory for weighment. Only two women came for weighment and they were Joani and Dhanmaya. Mr. D. Sim has since resigned the services of the Company and has gone to England. Mr. Kochhar, the Garden Assistant, then went to the sections to persuade the women workers to come for weighment. The women came for weighment at 12 noon. The Manager then informed the workers that they had disobeyed his orders and that they must come for the second shift at 1 p.m. The Manager states that all the women workers except the five women involved in this issue, came to work punctually at 1 p.m. These five women came to work approximately at 1-40 p.m. The Manager saw these women coming at that hour for work and he told them that as they were more than half an hour late, they would not be allowed to work, and asked them to go back to their homes. The Manager asked the Dafadar not to give them any work. The name of the Dafadar is Mailay; he is since dead. The Manager asked these five women to come to his office before they went to work on the following morning at 7 o'clock. The women neglected the order of the Manager and took up the work of plucking each of their own accord in the afternoon of the 6th April. The Assistant Manager, Mr. Kochhar, went to the worksite and found these five women plucking leaves and enquired as to who gave them that work. On being told that they had taken up work of their own accord in defiance of the orders of the Manager and the Dafadar, Mr. Kochhar asked them to go back to their houses and asked the Dafadar not to weigh up their afternoon leaf. On hearing this, the five women left their work and incited other workers to leave work and there was a complete stoppage of work for about one hour. These five women came in the afternoon for weighment, but their leaves were not weighed. None of the women reported to the Manager on the following morning, but took up work of their own accord. The Manager asked the Chaprasi not to give them work on the 7th. The five women came for weighment of their leaves on the 7th, but weighment was refused. The Manager then asked them to see him on the following morning, i.e., the 8th. They did not report to the Manager on the 8th as ordered. The Manager then issued charge-sheets to them. The evidence of the Manager as detailed above has been fully corroborated by O.P.W. 6 Mr. Kochhar, the Assistant Manager. There is evidence to show that plucking work is done in two shifts in the day, being from 8 a.m. to 11 a.m. in the morning and from 1 p.m. to 4-30 p.m. in the afternoon. The leaves plucked by each worker is weighed at 11 a.m. and 4-30 p.m. This is known as the two *bela* work. It appears from the cross-examination of the Manager that at the commencement of the plucking season in 1954, work was done in one shift only and the one *bela* work is done from 8 a.m. to 12 noon. There were two shifts work at the corresponding time in 1953 and the Management desired that in the commencement of the plucking season in 1955 the two shifts work should be done. The pluckers in the pruned sections in 1955 demanded work in one shift, but this request was refused. Plucking was commenced a few days prior to 6th April 1955. It appears that on 6th April 1955 the women pluckers in the pruned sections wanted to resist the orders for two *bela* work and to resort to one *bela* work in violation of the orders of the Management and refused to come for weighment at 11 a.m. and the Manager ordered them to come to work at the second shift at 1 p.m. as usual. The notice, Ext. E, was put up at 12 noon reiterating the orders for two *bela* work and warning disciplinary action in case of disobedience to the time schedule. All the women who came late in the first shift for weighing leaves came punctually at 1 p.m.,

except the five women involved in this issue. They came at 1-40 p.m. instead of 1 p.m. Rules 2, 3 and 4 of the Standing Orders, Ext. A, show the rules for periods and hours of work, shift working and attendance and late coming. Rule 4(b) shows that if any worker arrives more than half an hour after the stipulated time without sufficient reason, he shall be liable to be refused work for that day. The Manager's order to the five women for coming late on the 6th April at the time of the second shift under circumstances as mentioned above was, therefore, justified. In spite of this order of the Manager, which was quite reasonable under the Standing Orders, the five women took up work of their own accord and when they were informed that their leaves would not be weighed up, they persuaded their co-workers to launch a strike, which lasted for one hour from 2-15 p.m. to 3-15 p.m. These women workers did not report to the Manger on the 7th morning before going to work, as desired by the Manager, but took up work of their own accord and were refused weighment of leaves. The Manager again asked them to see him on the following morning at 7 a.m. before going to work, which they failed to do. The Manager then issued charge-sheets, Exts. F to F(4) to these five women. The charges are the same in the case of all the five women and they are two in number. The charges on each of the women are that she was guilty of gross misconduct on two occasions, inasmuch as, she was late over half an hour on 6th April 1955, and in defiance of an order issued by the Manager to go back home, she went and took a work *mela* of her own accord, and secondly, on the 7th April 1955, she disobeyed the orders of the Manager by not reporting to the office as ordered by the Manager on the 6th April 1955. This amounts to an offence under Standing Orders section 9(a)(1), for which she is liable to instant dismissal. The women workers were requested to explain at the Manager's office at the factory on the 13th April 1955 at 7-30 a.m. The Manager states in his evidence that he fixed 13th April for enquiry and explanation. The Manager states in his cross-examination that he did not mention the fact of his asking the women to see him on the 8th in the charge-sheet, because one instance of disobedience on the 7th was sufficient for the purpose of the charge-sheet. It was suggested by the learned Pleader for the Union that the Manager did not ask the women to see him on the 7th or 8th morning. These suggestions were denied, and there is nothing on record to justify them. It was also suggested that the Manager did not see the women when they were coming for the second shift on the 6th April because it was then his lunch period. This suggestion was also denied by the Manager. There is no evidence to justify the suggestion. The five women received the charge-sheets, Exts. F to F(4) and submitted explanations, Exts. G to G(4), on the 13th April. All the explanations show the same text. It is admitted that they were late by 10 minutes in arriving after the lunch break. It is also stated that as far as she could remember, she was never asked by the Manager to report to the office. She, therefore, completely denied the charges. The explanation, therefore, shows that she was late by 10 minutes beyond the grace period of 30 minutes, as allowed under the Standing Orders and the Manager was, therefore, right in refusing work to the five women. The explanation also shows that she asked the Manager the reason for refusing her work without any written order. It appears that the resumption of work in violation of the orders of the Manager is explained by the fact that no written orders were passed while the Manager refused work to the five women verbally. I do not consider that this is a sufficient ground for disobeying the orders of the Manager, which was communicated by him personally to these women. The evidence of the Manager is that on the 13th April when he was sitting at his table, these five women came and flung their explanations [Exts. G to G(4)] on his table. They did not offer any further explanation

and did not say anything more. The Manager considered their case and came to a decision and his decision was to give them a warning notice. These warning notices, Exts. H to H(4), were given to the women, but they refused to accept them. The warning notices show that the witnesses were Mr. Kochhar, O.P.W. 2 S. B. Raissaly and the Head Clerk J. N. Mitra. S. B. Raissaly also states in his evidence that at the time of submitting the explanation, all the five women came together and flung the explanations on the Manager's table. The same is the evidence of O.P.W. 6 Mr. Kochhar. Mr. Kochhar states that the contents of Exts. H to H(4), dated 13th April 1955, are in Mr. Sim's handwriting. Mr. Kochhar also made the endorsement that the women refused to accept the warning notices. S. B. Raissaly and J. N. Mitra signed as witnesses. It also appears in the evidence of the Manager that the women after refusing to accept the warning notices walked out in a very defiant and insolent manner and after that, the Manager decided to dismiss them. Exhibit I is the letter of dismissal, dated 15th April 1955, sent to each of the women workers by post and Exts. J to J(4) are the postal acknowledgment receipts. The Manager denies that he dismissed these women to victimise them or by way of an unfair labour practice and that he had no knowledge that they were members of any Union.

The written statement of the Union shows that the five women workers covered in issue No. 1(a) were dismissed on 13th April 1955 in disregard of the Industrial Disputes Act, as a reference was already pending before the First Industrial Tribunal, being Reference No. 1325Dis./D/9L-10/55, dated 25th March 1955, before the First Industrial Tribunal. The learned Pleader for the Union in his agrument pressed firstly that the action of the Manager in dismissing the five women on 15th April 1955 was hit by section 33 of the Act owing to the pendency of the dispute abovementioned. The award of that dispute was published in the "Calcutta Gazette," dated 4th October 1956. The notification publishing the award shows that the dispute was referred to the Tribunal on 25th March 1955, and it was between Messrs. Lakhipara Tea Estate and four of their workers mentioned in the schedule to the order represented by Zilla Cha Bagan Workers' Union. It is, therefore, clear that the dispute was between the Company and the four workmen named in the order of reference, who were represented by the Union for the purpose of representation of the parties under section 36 of the Act. The other workmen of the Company were not parties to this dispute and were not, therefore, concerned in this dispute within the meaning of the term in section 33(a) and (b) of the Act. The plea that inasmuch as the four workmen were represented by the Union in the previous dispute, all the other workmen were also concerned in that dispute, is unworthy of support. The pendency of the above dispute, therefore, did not give rise to any protection under section 33 of the Act to any other workmen of the Company than those mentioned in the order of reference in the previous dispute. Orders of the Manager in regard to the five women or any other workmen involved in the present case were not, therefore, hit by section 33 of the Act. Secondly, it was argued that refusal of work to the five women on 6th April 1955 was an illegal lock-out. This refusal was effected under the Standing Orders of the Company and was not in the nature of a lock-out. Thirdly, it was advanced that as Kolay Chaprasi was not examined to prove the case against the five women, it was not proper to award punishment to the women only on the testimony of the Manager and the Assistant Manager, and this would be giving the Manager licence to persecute the workmen. This plea suffers from a variety of infirmities. The evidence of Kolay Chaprasi, who was a petty subordinate of the Manager of the garden, would neither be more

valuable on merits nor less easily available to the Manager than that of the Assistant Manager, Mr. Kochhar. The Tribunal is not to award punishment or otherwise on the evidence of the Manager or the other witnesses in this case. The Tribunal is to see if the punishment awarded by the Manager as a domestic tribunal was for a cause and *bona fide* or if it was vitiated by any of the defects as mentioned in the decision of the Hon'ble Appellate Tribunal of India in the Buckingham and Carnatic Mill's case, reported in 1952 L.A.C., 490 at page 498. The Manager has the jurisdiction to hold enquiry on the misconduct of a worker and punish him under the Standing Orders. The only condition is that he should have to act in good faith. The evidence of the Manager and the Assistant Manager on matters to their knowledge is the basis of the evidence on the point. The plea for rejecting the evidence in assessing the merits of the case because they are members of the Management is, therefore, unsubstantial and is rejected. The evidence of the Manager and the Assistant Manager is not uncorroborated as was advanced by the learned Lawyer for the Union. The documents, Exts. E, F series, G series, H series, I and J series, amply corroborate their evidence. It was then argued that as the Manager decided to give the women a warning on the two charges on the charge-sheets, these charges were condoned and it was not competent for the Manager to dismiss them on the other charges mentioned in the letter of dismissal, Ext. I. The giving of a warning is no condonation of a charge. It amounts to a denunciation of the offender with an order for putting him on guard for the future. The women did not accept the warning and defiantly left the Manager's presence. The Manager took a serious view of the matter and passed the order of dismissal. As the women did not accept the order of warning, the Manager could revise the order. The charges Nos. 4, 5 and 6 in Ext. I are in regard to the conduct of the women that occurred after the issue of the charge-sheet and the warning notice. In regard to these three charges, the principle enunciated by the Hon'ble Labour Appellate Tribunal in the case of Bathgate & Co. (1953 L.A.C., 149) and Suti Mill Mazdoor Union (1954 L.A.C., 1953) and Kanpur Mechanical and Technical Workers' Union (1954 L.A.C., 1956) should be followed. In other words, it will only be considered if the order of dismissal was justified on the ground mentioned in the letter of dismissal. The learned Pleader for the Union referred to the Hon'ble Supreme Court in the case of Laxmidevi Sugar Mills *vs.* Nanda Kishore Singh, reported in A.I.R. 1957, S.C. 7 The same case has been reported in 1956(II) L.L.J. 439. The Hon'ble Court decided in this case that the prayer of the Manager for permission to dismiss a workman could not be justified on any grounds or charges other than those mentioned in the charge-sheet and the concerned workmen not having been charged with the act of insubordination which could have really justified the Management in dismissing him, the employer could not take advantage of the same even though those acts could be brought home to him in proper proceedings. It has to be noticed that the case in question before the Hon'ble Court was an application for permission to dismiss the workmen under section 22 of the Industrial Disputes (Appellate Tribunal) Act. This was not a case for the adjudication of a dispute under section 10 of the Industrial Disputes Act. The principle of this case has no application to the present circumstances. In the present proceedings, the Tribunal would be competent to see on the evidence on record even if there was no charge-sheet given to the concerned workmen if the order of dismissal awarded by the Management as mentioned in the letter of dismissal was justified on merits. On a consideration of the matter, I find that there is ample evidence on record to justify the conclusion that the conduct of the five women workers in question amounted to a defiance of the authority of

the Manager and had the effect of undermining the smooth and efficient working of the establishment and such a conduct would be punishable with dismissal. These principles will appear in the decision of the Hon'ble Labour Appellate Tribunal of India in the case of Shalimar Rope Works, reported in 1953 L.A.C., 584. Insubordination is an offence which is sufficient to justify the employer in dismissing the insubordinate employee. There is nothing on record to show that the Manager's action was in retaliation of Union activities or an unfair labour practice. There was no basic error on facts and there was also no perverse findings on materials. The principles enunciated in the case of Buckingham and Carnatic Mill's case (1952 L.A.C., 490) do not justify any interference to the findings of the Management or the punishment awarded in respect of these five women. It was suggested by the learned Pleader for the Union that the punishment of dismissal was so unjust and harsh that a remedy was called for in the interest of justice. In view of the conduct of these five women, dismissal was the proper punishment. Considering the matter from all possible angles of vision, it appears to me that the offence of insubordination as mentioned in section 9(a)(1) of the Standing Orders was committed by the five women and the order of dismissal passed on 15th April 1955 was justified. These workmen are, therefore, not entitled to reinstatement or to any other relief, and I award accordingly.

(b) In regard to the case of Sukra under Somra Sirdar II for allowing his cattle to stray into the planted area of the garden, it was suggested in the written statement of the Company that Sukra was involved in a criminal case instituted by the police in respect of an assault on three workers within the boundary of the tea estate during the *Fagua Pujas* in March 1955. Pending investigation by the police, he was suspended by way of a security measure. During the period of suspension, Sukra allowed his cattle to enter and graze in the fenced tea areas of the said tea estate, as a result of which the tea bushes were damaged. There is a specific notice to the effect that grazing of cattle in the fenced areas of the estate is forbidden and workers of the tea estate whose cattle are found grazing in the fenced and cultivated areas would be liable to disciplinary action. Notices to this effect were posted at other places on the tea estate, copy of which appears as Annexures to the written statement of the Company. Sukra in violation of the orders of the Management contained in the said notices allowed his cattle to graze in the fenced cultivated areas of the estate causing damage to the tea crop. The Management therefore issued a charge-sheet on him. He admitted his guilt and was dismissed on 1st April 1955. The written statement of the Union only shows that Sukra was a permanent employee of the Company, and that he along with other workmen in question were served with charge-sheet, to which he submitted pertinent reply denying the charge. It is further stated in a general way that the punishment awarded to all the workmen involved in this case was not in proportion to the alleged offence and the same was shocking to the conscience of the workmen. It is also prayed that he should be reinstated with full compensation for the period of forced unemployment. Sukra deposed in the proceedings.

Sukra states in his evidence that his cow never entered inside the garden on the day preceding the date of his dismissal and he did not admit his guilt before the Manager saying that his cow grazed in the planted area of the garden. His cow is taken by a *Goala* every morning for grazing. He also states that the Manager never made any enquiry into his case. He was a Union volunteer in the lines and so the Manager had dismissed him. In cross-examination, he admitted that the Manager issued a notice to the effect saying that no cattle should stray in the planted area and the

Manager issued charge-sheet on him calling for his explanation why his cow grazed in the planted area. He states that he showed that charge-sheet to Parimal Babu, his Union official and he asked Parimal Babu to write an explanation for him and he did so. The Manager asked him to come to his office on the following day for questioning. He did not go to the *Sahib* on that day, because he had no time to do so, and he could not go to the office because he did not find Parimal Babu. He met Parimal Babu after a week, but even then, he did not see the Manager after that date. O.P.W. 1 Mr. Cheyne, the Manager, adduced evidence on the case of Sukra. Exhibit B, notice, dated 6th December 1954, shows that grazing of buffaloes or cows in tea or thatch barriers or any fenced-in cultivated areas of the Campany's property was strictly forbidden. All workers of the estate were warned that owners of buffaloes or cows found grazing in the tea or other fenced-in cultivated areas belonging to the Company would be liable to disciplinary action under clause 9(a)(1) and 9(a)(11) of the Standing Orders. Charge--sheet, dated 31st March 1955, was given to Sukra, alleging that he allowed his cow to enter and graze in the fenced-in areas of the estate. The date of enquiry on the charge-sheet appears to be 1st April 1955 at 7 a.m. Sukra admits that the charge-sheet was given to him, but he did not admit that any enquiry was made. The Manager states that Sukra was present at the enquiry and that he did not submit any explanation but admitted his guilt. He states that at the enquiry, J. N. Mitra, Head Clerk, and Biswas, Second Clerk, were present. The order of dismissal is Ext. C, dated 1st April 1955. Sukra admits that he got the order of dismissal and put his thumb impression on the dismissal order. Exhibit C shows the thumb impression of Sukra. The learned Advocate for the Company pointed out that by his own evidence, Sukra admits everything and the order of his dismissal should be upheld. The learned Pleader for the Union pointed out that there is nothing to show that Sukra wilfully led his cow into the garden to cause damage. It was also advanced that in view of the fact that the explanation was called on the following day after the service of the charge-sheet, the time for explanation was less than 24 hours and this was violation of the principles of natural justice, because he could not give any reply to the charge-sheet on account of want of sufficient time. It was also stated that a more thorough enquiry should have been made to show that the cow strayed into the fenced-in portion on account of the fault of Sukra and not of other persons, as for example, the cow-herd. It was also advanced that the enquiry was of a perfunctory nature and should not be accepted by the Tribunal. The case reported in 1954 (II) L.L.J., 713, was cited to show that the dismissal of an employee based on the report of a departmental enquiry at which the presiding officer himself before himself must be set aside, as such enquiry must be held to be vitiated by violation of the principles of natural justice. This was the case of the enquiry on the conduct of a police constable made by a departmental officer. This principle is not applicable to the case of an enquiry on the misconduct of the employee in an industrial establishment held by the Manager himself. The enquiry is to be held by the Manager under the Standing Orders and as long as the provisions of the Standing Orders as to the procedure of the enquiry is followed, the employee has got no right to complain. The principles of natural justice is that a man shall not be removed from office or membership or otherwise dealt with to his material detriment without fair, adequate and sufficient notice being given to him of what is alleged to his detriment and having an opportunity of meeting the accusations which are brought against him. In no circumstances may a man be deprived of any part of his property by a Tribunal without having an opportunity of being heard and making his defence (Justice and Administrative Law by W. A.

Robson, page 230) The same treatise shows that the domestic tribunal has to confine itself within the scope of its authority and keep within their jurisdiction and to observe the principles of natural justice. The Manager as the domestic tribunal of the estate under the Standing Orders was to hold the enquiry and no exception can be taken to the fact of his being a witness as well as a judge of the tribunal. I accept the evidence of the Manager that Sukra admitted his guilt which consisted of his cow grazing in the fenced-in portion of the garden. The notice, Ext. B, contemplates punishment to any person owning a buffalo or a cow that grazes in the tea or other fenced-in areas of the Company. The dismissal letter, Ext. K, shows that Sukra was dismissed under section 9(a)(1) of the Standing Orders, i.e., for disobedience to a lawful or reasonable order of a superior. At the time of the argument of the learned Advocate for the Company, it was suggested that the punishment would come under section 9(1)(11), viz., of wilful destruction of or damage to garden property. It does not appear to me that there is any evidence on record to justify that the cow strayed into the garden on account of the wilful act of Sukra or that in the straying of the cow in this manner, Sukra was personally responsible. I do not find that the findings of the Management are such that they are a possible view of the evidence before it. Sukra's admission does not appear from the proceedings before the Manager. In the circumstances, it appears to me that the punishment of dismissal should not have been awarded and it has been so unjust that a remedy is called for in the interest of justice. In the circumstances, it is awarded that the order of dismissal of Sukra should be set aside and he should be reinstated with effect from the date of operation of this award. In view of the fact that he was somewhat negligent with cow, and this negligence should not go unpunished, I award that he should not be paid any compensation for the period of his unemployment, but that this period should be taken as special leave without pay, keeping the continuity of his service unimpaired.

(c) The cases of Budhoo of Neez Sirdar, Temba of Jethua Sirdar, Chanda of Dharrow Sirdar, Sukra of Sani Sirdar, Maskoo of Etowa Sirdar I, Sani of Somra Sirdar II.—According to the Company's case, these workmen were involved in a criminal case instituted by the police. As it involved discipline of the garden, the Manager held a regular enquiry and as he was satisfied that they were involved in the offence, he suspended them by way of a security measure pending the disposal of the criminal case. These workers were suspended and have not been dismissed as wrongfully described in the schedule to the order of reference. The plea in the written statement of the Union in regard to these employees is the same as in the case of the other employees involved in this reference. It is stated that they are all permanent employees of the Company with spotless records of service, that they are all important members or organisers of the Union, that they were all served with charge-sheets, to which they submitted replies denying charges, that the punishment awarded to them was not in proportion to the alleged offence and the same was shocking to the conscience of the workmen and that they should be reinstated and paid compensation for the period of their non-employment.

It was urged by the learned Advocate for the Company that the reference was incomplete as these five men have not been dismissed, but have been suspended. It was urged that the Company could keep the employees suspended as a security measure and the cases of Assam Oil Company, reported in 1954 L.A.C., 307 and 78 and Champdany Jute Mill's case reported in 1952(I) L.L.J., 554, and the case of Standard Vacuum Oil Company in 1954(II) L.L.J., 656, were cited in support.

O.P.W. 1 Mr. Cheyne, stated in evidence that these six men have not been dismissed, but they have only been kept under suspension. Exhibits L to L(5) are the suspension orders. The allegation is that Budhoo, Temba, Sukra, Maskoo and Sani were guilty of riotous conduct by joining a number of other labourers and making an assault on Bhado of Somra Sardar II and Somra Sardar on 10th March 1955. The charge against Chanda was that he along with other labourers, assaulted Bania of Sukra Sardar in the afternoon of 10th March 1955. Exhibits M, M(1) and M(2) are the statements of Bhado, Bhudhu and Bania on the matter. Exhibits N and N(1) are the medical reports on the injury on Bhado and Somra Sardar II given by the Medical Officer of the garden. The Manager states that there was an information given to the police at Banarhat after the incident and since then, he has not got information as to what has happened to this case. The matter was reported by Mr. D. Moore, the D.B.I.T.A. Labour Officer, to the S. P. and the Deputy Commissioner of the district. In cross-examination, the Manager states that two of the assaulted persons being Bhado and Somra, after being assaulted, came to see him and he asked them to see the Doctor. The Garden Doctor, Dr. N. Dey, was now on leave in Pakistan and could not be examined. The suspension order was made on the 11th of March 1955, i.e., about 22 months ago. The Manager states that he did not enquire as to what happened to the information to the police that he lodged at Banarhat and he did not also contemplate to make any enquiry as to what has happened in regard to that information. He further stated that unless he got information from the police or the Deputy Commissioner of the district, he intended to keep the persons under suspension. Temba, one of these suspended men, examined himself as P.W. 3. He states that he was never arrested by the police, nor was there any police case against him. He denied that he or the other suspended persons were involved in making any assault on any person.

The principle that suspension without pay pending departmental enquiry as also pending permission of the Tribunal could not be considered as a punishment and that suspension without pay even for an indefinite period pending enquiry or pending permission of the appropriate Tribunal to dismiss the workmen could not be held to be a punishment has also been enunciated in the recent Supreme Court case of Laksmidevi Sugar Mills Ltd. *vs.* Ramswaroop and others, reported in 1957(I) L.L.J., 17. It is to be noticed that this suspension without pay was to be during the period pending a departmental enquiry as also pending permission of the Tribunal under the relevant sections, being section 33 of the Industrial Disputes Act or section 22 of the Industrial Disputes (Appellate Tribunal) Act. There is no ground for keeping a worker under suspension for an indefinite period pending the result of the information lodged to the police, as has been done by the Management in the instant case. It appears that the Management took no information as to whether any criminal case had been launched by the police against the six workmen in question. It does not appear that the Manager made any enquiry as to whether any criminal case was started or disposed of. The evidence shows that he does not contemplate to make any such enquiry. I do not consider that there was any bar to the Manager holding his departmental enquiry and passing appropriate orders as a result of the enquiry. In the mean time, however, these six workmen have been under suspension without pay for the last 22 months. The persons who were assaulted were not brought before the Tribunal at the time of the hearing of the case and the learned Advocate for the Company only pressed that as the case of these workmen had not been disposed of by the Management, no adjudication should be made on this part of issue No. 1(c). The men have been under suspension for the

last 22 months. The appropriate Government made the reference of the dispute in September 1955, i.e., more than a year ago. I would accept the explanation of the Company that the departmental enquiry by the Manager was not made, in view of this order of reference. As a reference has been made, the Tribunal is competent to adjudicate on the case of these workmen fully. No evidence has been adduced by Bhado of Somra Sardar on the allegation of an assault on them. Temba alone deposed in this case and denied the allegation of assault against himself and his five companions. As there was no enquiry made by the Manager, full evidence should have been adduced in this case to enable the Tribunal to come to a decision on the allegations of the parties. I do not consider that the evidence on record justifies the conclusion that these six men should be dismissed. In view of all circumstances, I come to the conclusion that the six workmen, viz., Budhoo of Neez Sardar, Temba of Jethua Sardar, Chanda of Dharrow Sardar, Sukra of Sani Sardar, Maskoo of Etowa Sardar I, and Sani of Somra Sardar II should be reinstated to their jobs with effect from the date of operation of this award and I award accordingly. The circumstances of the case show that there was some trouble resulting in injury to Bhado and Somra and the police and the other authorities were informed and the Manager did not hold the enquiry on account of the present proceeding since September 1955. It is awarded that in these circumstances, the six persons in question shall not be allowed any compensation for the period of unemployment. The period of unemployment shall be considered to be special leave without pay and the continuity of their service shall be unimpaired.

The case of Manrakhan: The case of the Company on Manrakhan is that he forcibly entered and occupied a *pucca* house without the Manager's permission. The Manager called him up to the office and ordered him verbally to vacate. As this had no effect, he gave him a written notice on 21st March 1955 to vacate the house by 8 a.m. the next day. Manrakhan failed to carry out the order and therefore a charge-sheet was issued to him on 22nd March 1955. At the enquiry on the following day, he admitted that he had occupied the *pucca* house without the Manager's permission and stated that he would not vacate the quarters. The Manager considered the case carefully and as it was a case of misconduct, he terminated the service of Manrakhan by way of disciplinary action. Manrakhan's attitude has all along been one of insolence, indiscipline and wilful disregard to all reasonable orders of the Management. The plea of the Union in its written statement is the same as in the case of the other employees involved in this case. This plea is that he was a permanent employee of the Company, that he was an important member of the Union, that he was served with a charge-sheet, to which he submitted a reply denying the charge, that he was not guilty of the charge brought against him and the punishment awarded was not in proportion to the alleged offence, and that he should be reinstated with full compensation for the period of unemployment.

Manrakhan depopsed in this case as P.W. 1. He states that at 7 o'clock in the morning Buli and Hira dismantled his *ghar* under the orders of the Manager. At 8 o'clock, he went to the Manager in his office and told him about the dismantling of his *ghar* by Bulu and Hira. The Manager asked him to shift to the *pucca* house. He then went to his work and on return from work at 4 p.m., shifted to the *pucca* house. After he removed to the *pucca* house, the Manager never asked him to vacate the house, nor did he receive any letter or notice to vacate the house. He received no charge-sheet. There was no enquiry, nor did he admit his fault in the enquiry. He was dismissed from service, because

he agitated for bonus and wage increase, and he was the *chhota* Secretary of the Union Committee of the garden. He claimed reinstatement and compensation. This story was given in the evidence at the hearing of the case. In cross-examination, he states that he related this story to his Union official, Shri Parimal Mitra, on the very same day he was dismissed. After his dismissal, he told Shri Parimal Mitra that he had been dismissed for his Union activities in the Lines and did not tell him anything about the talk he had with the Manager regarding his *ghar* or anything about the *ghar* at all. When Bulu and Hira dismantled his *ghar*, he did not inform any Chowkidar or Dafadar of the garden. He says that Bulu and Hira are still workers of the garden. He was given the letter of dismissal in the office of the Manager and *Hajiri* Babu and the Manager were present there at that time. He also states that Some and Ramnath, the President of the Garden Committee of the Union, saw the dismantling of the *ghar* by Bulu and Hira. He further states that Some and Ramnath came to Jalpaiguri and attended the Court, but they had left without deposing. Parimal Babu wrote a representation on his behalf to the Manager and after the submission of this representation, the Manager give him work for another two months. Thereafter there was a strike and after the strike, he was dismissed from his job. The strike was some time in March 1955. He was never given a notice for quitting the *ghar*. He was not given a charge-sheet. He denied that he told the Manager that the garden did not belong to him and that it was not the *Sahibs'* Government, but it was Bharat Government or that he would not leave the garden before the *Sahibs* leave the place. He denied the suggestion of the Company that he himself with two other persons dismantled his house at night. O.P.W. 1 Mr. Cheyne, the Manager, deposed to say that before giving Manrakhan the charge-sheet, which is Ext. P, he called him to his office and asked him to vacate but as he did not comply, he gave the notice, Ext. Q. Exhibit Q is dated 21st March 1955 and shows that Manrakhan and others were asked to vacate the *pucca* house, which they had entered without permission of the Management and that, as they did not obey the verbal orders of the Manager, this notice was given. They were asked to vacate the house by 8 a.m. on the following day. O.P.W. 1 states that Bulu and Hira, in concert with Manrakhan, destroyed the *kutcha* house in which Manrakhan was living. He also states that Bulu and Hira were dismissed from the Company's service for theft of tea in the factory in October 1954. Bulu worked for two days and Hira for three days in October 1954. Exhibits R and R(1) is the Roll Book for the season 1954 for Bulu and Hira, respectively, showing that they worked for 2 or 3 days respectively in October 1954. It is also stated by the Manager that there were proceedings for the dismissal of Bulu and Hira, and he reported the matter to the Excise and the Police authorities, and that he called for their explanations and then dismissed them. The Manager denies that he asked Manrakhan to occupy the *pucca* house. He also denies that he instructed Bulu and Hira to demolish the thatched house of Manrakhan. Some and Ramnath were not examined to show that Bulu and Hira dismantled Manrakhan's *ghar* under the orders of the Manager. Mr. Cheyne deposed that he was only 20 yards away from Manrakhan's house when the notice, Ext. Q, was pasted on his door. This was done some time in the afternoon. The service of the notice was proved by O.P.W. 4 Burra Kancha *alias* Kancha Sarki, a Chowkidar of the garden. He states that he offered the notice, Ext. Q, to the sister of Manrakhan, but as she refused to accept it saying that Manrakhan was not present, he pasted it on the outer wall of the *pucca ghar* and the Manager was at a distance of 20 or 25 feet. O.P.W. 3 Gobi Chhetri, Dafadar, who is also the housing contractor of the garden, says that the

Manager sent him to enquire of the condition of the *kutcha* quarters of Manrakhan in March 1955. He says that he went to see the quarters of Manrakhan accordingly and that there was some damage to the house, but it was still fit for habitation. This witness also states that two or three days after Manrakhan removed to the *pucca* house, the *kutcha* house which Manrakhan had left, was demolished and the materials were taken to the *pucca ghar* of Manrakhan. O.P.W. 4 also states that on the day the notice was pasted in his house, Manrakhan came to the office and made some insolent statements regarding the Manager, as for example, he stated that the garden did not belong to the *Sahibs*, but belonged to him, that the materials of the garden did not belong to the *Sahibs* but belonged to him and that, anybody who tried to evict him from the house, would be killed. Mr. Sim was then present. The Manager or Mr. Kochhar were absent from the office at that time. O.P.W. 4 Burra Kancha *alias* Kancha Sarki, reported the statements to Mr. Sim, the Engineer, and he took down the statements of Manrakhan. It was only suggested that Manrakhan did not make any such statements and that the witness was repeating what he was asked to state by the Manager. The suggestion was denied and there is nothing on record to justify it. Exhibit S, dated 21st March 1955, is a report by the Manager to the Labour Officer, D.B.I.T.A., on the conduct of Manrakhan after receipt of the notice on 21st March 1955. The Manager states that he had no personal knowledge of the facts mentioned in Ext. S. This report shows that at 11-30 a.m., Manrakhan came to the office and told Mr. Sim that he would not get out of the house and the issue of such notices forcibly should not be upheld. He also made other statements as mentioned above that the garden was his and not of the *Sahib*, that it was he that used the house and not the *Sahibs*, and that it was no longer the *Sahibs'* Government but the Bharat Government, that he will leave the garden only when the *Sahibs* leave and that he will kill any one who tries to put him out of his house or tried to serve him with any more notices. Exhibit O is the order of dismissal on Manrakhan, dated 23rd March 1955. The Manager says that Manrakhan admitted that he removed to the *pucca* quarters and he personally saw that Manrakhan had occupied the *pucca* quarters which should not have been done. He, therefore, dismissed him. Exhibit T shows some other insolent statements which were made by Manrakhan after receiving the dismissal and the eviction notice. This document is dated 23rd March 1955. The Manager says that he drafted Ext. T himself from what Manrakhan stated. O.P.W. 22 S. B. Rassaily, the *Hajiri* Babu, says that he himself made the translation of Hindi of Manrakhan and the Manager corrected it. It appears that Mr. Sim, Shri J. N. Mitra, Shri B. Ghosh and Shri S. B. Raissaly were witnesses to Ext. T showing the statements made by Manrakhan on receiving the dismissal and the eviction notice. The learned Pleader for the Union stated that there is no law contemplating the service of notice by pasting it on the outer wall of the house and, therefore, the service of the notice, Ext. Q, on Manrakhan must be held to have been insufficient. I do not consider that the notice was served improperly. The Manager's evidence shows that Manrakhan was verbally ordered to quit the house; the notice, Ext. Q, also shows that Manrakhan did not obey the verbal orders of the Manager. The insolent statements of Manrakhan after the service of the notice, as shown in Ext. S, show that he received the notice to quit all right. There is no particular procedure prescribed for service of notice to quit. Every attempt was made to make a personal service and the service was sufficient. The evidence of the Manager shows that the notice to quit was served between 3 and 4 p.m. in the afternoon. The statements in Ext. S were made at 11-30 a.m. on the same date. The

learned Pleader for the Union pointed out to this discrepancy and stated that no reliance should be placed on Ext. S. There has been some discrepancy in regard to the time of service of the notice to quit. There is independent evidence of the facts stated in Ext. S in the deposition of O.P.W. 4 Kancha Sarki. The conduct of Manrakhan in the statements which he made as mentioned in Ext. T after the receipt of the dismissal and the eviction notice, bears out the fact of the statements in Ext. S. The letter Ext. U, dated 26th March 1955, written by the Union Secretary to the Labour Officer shows that the dilapidated thatched quarters allotted to Manrakhan was demolished and no other quarters was allotted to him and hence, he was bound to take shelter in the vacant *pucca* quarters after verbal consent of the Manager taken before occupation and that Manrakhan had no objection to vacate, if another house was allotted to him for accommodating his family. This letter was sent to the Manager and Ext. U(1), dated 13th April 1955, is the reply to this letter. This letter also shows that the thatched quarters allotted to Manrakhan were not destroyed by any orders issued by the Management, although it was reported to him that one night Manrakhan, Hira and Bulu started to demolish the house and it was reported to the Manager that these men had been drinking previous to this. Manrakhan reported this to the Management omitting all reference to the part he himself had played in the destruction of his house. The Manager arranged with the House repairing contractor to see the house and have it repaired, if necessary. The Manager states most emphatically that he did not permit Manrakhan to occupy the quarters he forcibly entered. The evidence of O.P.W. 3 Gobi Chhetri, the house contractor, supports the statement of the Manager that he sent him to supervise the condition of the thatched house of Manrakhan. He states that he made a report to the Manager. On a consideration of the evidence on record, it appears that Manrakhan forcibly entered the *pucca* house meant for other persons, viz., the tea-makers and did not vacate in spite of verbal orders of the Manager. He was served with a written notice to quit, but he did not still vacate the *pucca* house and go back to his *katcha* house. He was then served with an order of dismissal. He made insolent statements after the service of the notice to quit and also after the service of the dismissal order. His statement in evidence that he was reinstated for two months and was allowed to work up till the date of the strike is without any substance. The strike occurred on 20th June 1955 as the written statement of the Union shows, while Manrakhan states that it occurred in March 1955. Manrakhan was dismissed on 23rd March 1955 and he was not allowed to work after that date.

There is ample evidence on record to show that Manrakhan wilfully disobeyed the reasonable orders of the Management by occupying the *pucca* house without the permission of the Management and refusing to vacate the house after having received verbal and written orders to do so. This is clearly an offence under section 9(a)(1) of the Standing Orders, Ext. A, and the order of dismissal was rightly awarded in this case. It appears to me that there is evidence to support the findings of the Management on the charge of misconduct against Manrakhan and that the decision of the Management is a possible view on the evidence before it. I do not consider that the orders passed by the Manager were in retaliation of any Union activity of Manrakhan or that it was a case of victimisation or unfair labour practice or a violation of the principles of natural justice. I do not find that there is any want of *bona fides* in the matter of enquiry and findings on the misconduct of Manrakhan. There was no basic error of fact and there has been no perverse findings on the materials. I, therefore, find that the Tribunal should not interfere with the findings of the

Management that the charge has been proved. I do not consider that the punishment is so unjust that a remedy is called for in the interest of justice. The conduct of Manrakhan was an instance of gross insubordination and his conduct amounted to a defiance of the authority of the Manager and had the effect of undermining the smooth and efficient working of the establishment and such a conduct should be punishable with dismissal. It appears to me that the evidence of insubordination, as mentioned in section 9(a)(1) of the Standing Orders, Ext. A, was committed by Manrakhan and he was rightly dismissed for this misconduct. He is not entitled to any relief and I award accordingly.

In the matter of an industrial dispute between Messrs. Shree Hanuman Foundry & Engineering Co., Ltd., Fuleswar, Howrah and (ii) Shri Lingaraj Paikrai, contractor, Messrs. BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal*

Appearances.

For the employees: Shri Ram Sen and Shri Ramananda Bhadury.

For the Company: Shri Provash Chandra Mallick, Advocate.

For the contractor: Shri A. K. Dutta, Advocate and Shri B. N. Banerjee, Advocate.

The above dispute was at first referred to the Fourth Industrial Tribunal for adjudication, but subsequently the Government of West Bengal, Labour

Department, by its order No. 3715Dis./D/10L-2/56, dated 22nd August 1956, withdrew the same, and referred again the dispute to this Tribunal for adjudication.

The issues as contained in the schedule to the order of reference are as follows:—

(1) Sick leave wages for the years 1954 and 1955.

(2) Bonus for the years 1954 and 1955.

AWARD

The Union's case is that all industrial workmen have been getting 15 days' sick leave per year, but this concern has taken unreasonable attitude in the matter of sick leave benefit to its workmen. The workmen of Shree Hanuman Cotton Mills under the same Management, which is stituated just by the side of this concern, are getting 15 days' sick leave wages without any medical certificate, in view of special circumstances prevailing there, but unfortunately the workmen of this engineering concern though under the same Management—have not been paid sick leave wages for the years 1954 and 1955. The Union has further claimed bonus equivalent to two months' wages for the workmen for the years 1954 and 1955. The Union's case on this point is that the workmen are entitled to such bonus over and above the special bonus paid as a condition of service irrespective of profit and loss. The Company before the Conciliation Officer agreed to pay three weeks' bonus for each of those two years, but it ultimately backed out.

In his written statement, Shri Lingaraj Paikrai, Contractor of Messrs. Shree Hanuman Foundry & Engineering Co., Ltd., has stated that he is not at all concerned either with the sick leave wages or with the question of bonus for the years in question. His version is that this is a matter between the Company and the workmen. He wants to say that as a contractor, he was only made liable for payment of wages and dearness allowance of the workmen employed by him, and that any other amenities or benefits that might be available to the workmen of Shree Hanuman Foundry & Engineering Co., Ltd., were liabilities of the said Company.

The Company in its written statement says that it commenced its work on and from 7th March 1953 and that its only business is to execute the orders received from the Ministry of Railways to the Central Government, and has no other kind of business. The orders of the Ministry of Railways vary from year to year in extent. The Company maintains some workers directly under it for essential service, maintenance and repairs, etc., but the works of the Foundry are done through contractor on job work basis, and at rates fixed by agreement. The rights and liabilities to appoint, discharge or dismiss such workers remain with the said contractor. The Company has no concern or liability whatsoever in respect of workers recruited or employed by the said contractor except for injuries sustained by them while on duty. The Company has adopted and is following the principle laid down by the Tribunal in the Major Award relating to the grant of sick leave, which is 15 days' sick leave on half pay in a year of service, on production of medical certificate, or on examination by the Company's Medical Officer, if necessary. So, there is no change of circumstances justifying any revision of that principle. The Company has not paid any bonus to its workers. So, no bonus could be claimed or paid. The Company has denied that bonus was a condition of service irrespective of profit and loss. In the year 1954, there was no

profit worth the name. In the year 1955, although there was profit, the workers are not entitled to get any bonus. The claim for bonus is also a belated one, and as such it cannot be entertained.

Issue No. 1—Sick leave wages for the years 1954 and 1955

It is urged by the Union that the workers of this concern are entitled to get 15 days' sick leave wages per year without medical certificate, as it is a custom prevailing in this concern in view of special circumstances. It is also contended that the workers of Shree Hanuman Cotton Mills, which are under the same Management and which are situated by the side of the present engineering concern, get such sick leave benefits. Shri Ramananda Bhadury, General Secretary of the Union, who deposed in this case on behalf of the Union has stated that the custom for getting sick leave by the workers of this concern is that they would get such sick leave after they have worked for one year, and according to the practice followed in Shree Hanuman Cotton Mills, which are adjacent to the present engineering concern. Thus, it is clear that the workers of this concern claimed in this respect the benefits, which are being given to the workers of Shree Hanuman Cotton Mills, which are also under the same Management and which are situated by the side of this engineering concern. Regarding the alleged custom, I may say at once that it has not been established by any evidence worth the name and credit. Furthermore, a practice in order to ripen into a custom, must be very reasonable and ancient. In the instant case, such evidence is totally wanting. The claim of the Union in this respect on the ground of "custom" therefore fails. Now the Union's case shall be confined to the sick leave benefits, which are being given to the workers of Shree Hanuman Cotton Mills. Shree Hanuman Cotton Mills were involved as a party in the industrial disputes between the employers of 36 Cotton Mills in West Bengal and their workmen. The award of the Major Tribunal in respect of the aforesaid disputes was duly made and published in the *Calcutta Gazette*, and it became enforceable on 21st August 1948. It appears from the said award (page 179) that the Major Tribunal prescribed that the workers in the Mills shall, on completion of 12 months' continuous service, get 10 days' privilege leave; in addition, they would get casual leave for 5 days and sick leave for 15 days on full pay. It further decided that sick leave shall be granted on a medical certificate, and the Company shall have always the right to have any applicant for sick leave examined by its own Doctor and at its own cost. It also gave direction that for determining whether a workman has completed 12 months' continuous service, the Explanation at the end of section 49B of the Indian Factories Act shall be the guiding principle. It is contended by the Company that they are following the directions given by the Major Tribunal in the aforesaid award relating to the granting of sick leave to the workers of the present engineering concern. But the version of the Union is that the Company did not act according to the said directions. It was for the Union to prove this by satisfactory and convincing evidence. But I am constrained to say that no materials have been placed before the Tribunal to show that the Company was not following the directions given by the Major Tribuanl in this respect. Such sick leave for 15 days in a year was to be granted on a medical certificate, and the Company had always the right to have any applicant for sick leave examined by its own Doctor. The Union's version that sick leave was to be granted without any medical certificate is not, therefore, correct, and cannot be accepted. In the instant case, it could not be shown by the Union that the Company refused such sick leave in spite of the production of the medical certificate by any worker.

It is not even the Union's case that the workers were refused sick leave, even though they produced medical certificates and completed one year's continuous service. The Tribunal, therefore, comes to the conclusion that the Union's claim in respect of sick leave wages for the years 1954 and 1955 cannot be entertained and should be rejected. It is decided accordingly.

Before I part with this issue, I think it worthwhile to add a few words more. There might be practice no doubt for granting sick leave to workers, but this does not necessarily mean that the workers are entitled to get such leave or its benefits as a matter of right, even thou not actually sick. The benefits of sick leave can be had only when a worker happens to be really ill. Medical certificate is *prima facie* a good document for judging whether a worker is sick and requires leave. So, the Management could legitimately insist on production of medical certificate before granting any sick leave to a worker. If the Management followed this practice, it cannot be said that it took an unreasonable attitude or adopted unfair labour practice. If sick leave is or was allowed without medical certificate, there is every possibility of the benefits of sick leave being misused.

Issue No. 2—Bonus for the years 1954 and 1955

The Union has admitted in its written statement that the Company paid some bonus to its workers in the year 1954 at a special season of that year to enable the workmen to enjoy their festival. But the contention of the Union is that the workmen are entitled to bonus over and above the special bonus paid as a condition of service irrespective of profit and loss. Now regarding bonus as a condition of service, the onus was on the Union. But in my view, the Union has totally failed to place before the Tribunal such evidence, which would support its contention that bonus is paid as a condition of service. I may say at once that there is no material on record in support of this contention of the Union. Naturally, the claim is to be decided on the general principals, which govern all cases of payment of bonus to workers. In a dispute arising out of a claim for payment of bonus to workers, the Tribunals now follow the well-established principles laid down by the Labour Appellate Tribunal in its Full Bench Decision in the case of Mill Owners' Association, Bombay *vs.* Rastriya Mill Mazdoor Sangha, Bombay (1952, L.A.C. 433). All previous theories regarding bonus have been exploded and replaced by one single theory, the basic principles of which have been generally defined in the aforesaid Full Bench Decision. This Full Bench Decision has received the approval of the Hon'ble Supreme Court in a case between Muir Mills. Ltd., and Suti Mill Mazdoor Union reported in 1955, L.L.J. (i), page 1. It held that "the quantum of bonus must depend upon the relative prosperity of the concern during the year under review, and that prosperity is best reflected in the amount of residuary surplus of profits". The Supreme Court further held that "there are, however, two conditions, which have to be satisfied before a demand for bonus can be justified and they are (i) when wages fall short of the living standard, and (ii) the industry makes huge profits, part of which are due to the contribution which the workmen make in increasing production. But the demand for bonus becomes an industrial claim when either or both these conditions are satisfied. If in any particular year, the working of the industrial concern has resulted in loss, there is no basis nor justification for a demand for bonus." Thus it is apparent that the payment of bonus to the workers is dependent essentially on the surplus out of profit of the year after making provision for prior charges in respect of the money that would be necessary for replacement,

modernisation of machinery, for payment of income-tax, etc. and a fair return on the paid-up capital and on reserves employed as working capital.

In the instant case, no endeavour was made on behalf of the Union to establish the first condition laid down in the decision of the Hon'ble Supreme Court, viz., that the existing wages fall short of the living standard. Nor is there any evidence on record to indicate that the existing wages of the workers of this concern are below the living standard. The Union practically based its claim on the second condition, viz., that the industry made profits in the years in question.

The Company has produced printed balance-sheets for the years in question. I find from the same that the Company's financial year is from 1st April to 31st March. The present claim being for the years 1954 and 1955, the financial year should be calculated according to that basis. I shall take up the question of bonus for the year 1954 first. Exhibit B is the audited balance-sheet for the year ending 31st March 1954. It appears therefrom that the net profit for that year comes up to Rs. 18,786-10-3. From the Directors' report, it appears that out of that profit, Rs. 8,000 has been shown as provision for taxation and Rs. 10,000 transferred to General Reserve leaving a net balance of Rs. 786-10-3 to be carried forward. From the audited balance-sheet for the year ending 31st March 1955, which is Ext. C, it appears that Rs. 10,000 was transferred to General Reserve and Rs. 8,000 was kept as provision for taxation, and the balance of Rs. 786-10-3 was carried forward. This concern commenced its work on and from 7th March 1953 and the year ending 31st March 1954 was practically the first year of this Company. The balance-sheet for the year ending 31st March 1954 goes to show that the Company did not earn sufficient profit so as to leave any surplus for distribution of bonus to the workers after deduction of prior charges according to the formula envisaged in the Full Bench Decision of the Labour Appellate Tribunal as mentioned above. As bonus can now be paid only out of the available surplus, and as there was no adequate available surplus for the year ending 1954, the claim for bonus for that year must, therefore, fail.

Now there is another ground for which this bonus claim for the year ending 1954 cannot be maintained. It is the ground of belatedness. It is open to an Industrial Tribunal to reject a claim for bonus for a particular year on ground of belatedness, and for this authority I rely on a decision reported in 1956, L.L.J. (i), page 370. There it has been held that a demand for bonus must be made within a reasonable time from the date when the year under reference ends. Although there is no definite limitation for making a demand for bonus for any particular year, a certain amount of delay might be unreasonable in one case, and might not be unreasonable in another case. It appears from Ext. 1, which is a charter of demands of the workers of this concern, that the General Secretary of the Union placed the demands of the workers on 18th January 1956 in which bonus claim for the year 1954 was made. Thus it is evident that the claim of bonus for the year 1954 was made about two years after the financial year 1953-54. In my view, this lapse of time is fatal to the bonus claim for the year 1954. The bonus claim in respect of the year 1954 was made at a time, when the accounts of the year ending 1954 were completed, and the undistributed profits had gone to form the reserve. The workmen cannot be permitted to inject their bonus claim for the year 1954 into the reserve. Immediately after the account was closed, audited and placed before the share-holders and accepted by them, the undistributed profits went into the reserve. In this connection, I may quote what has been observed by the Hon'ble Supreme Court of India in

the case of Muir Mills, Ltd. *vs.* Suti Mill Mazdoor Union reported in 1955, L.L.J. (i), page 1. In the said judgment, their lordships observed "On the accounts of each year being made up and the profits of the industrial concern being ascertained, the workers during the particular year have their demand for bonus fully satisfied out of the surplus profits, and the balance of profits is allocated and carried over in the accounts. No further claim for payment of bonus out of those reserves of undistributed profits can, therefore, survive. To admit the claim for bonus out of the reserves transferred to the profit and loss account would tantamount to allowing a second bonus on the same profits, in respect of which the workers had already received their full bonus in the previous year". Here in the instant case, the Union has admitted in paragraph 11 of its written statement that the Company paid some bonus in the year 1954, at a special season of the year, to enable the workmen to enjoy their festival. Some of the workers who have deposed in this case on behalf of the Company have also admitted this. If the workers were not satisfied with such bonus, they could have made their claim for additional bonus before the accounts of the year ending 1954 were closed, or immediately after the accounts for that year were audited, and the profits of the concern ascertained. It appears from the audited balance-sheet for the year ending 31st March 1954 (Ext. B) that the auditor's report to share-holders was prepared and signed by the Chartered Accountant on 8th November 1954, and the Directors' report to the share-holders was prepared and placed on 29th November 1954. As stated already, the claim for bonus for the year ending 1954 was made for the first time on behalf of the workers in the charter of demands on 18th January 1956, *vide* Ext. 1, that is about two years after the undistributed profits had gone to form the reserve. No explanation is coming from the side of the Union for this inordinate and unreasonable delay. So, the position is that the bonus claim of the workers for the year 1954 was fully satisfied by what was paid to them at a special season of the year and out of profits of that year. It cannot be accepted that the claim for bonus for the year ending 1954 should be taken as not satisfied, because the workers later on took into their heads under the advice of their Union to pitch the bonus claim for the year ending 1954 at a higher amount. Therefore, my conclusion is that the bonus claim for the year ending 1954 is untenable, and it is decided accordingly.

Now I would take up the bonus claim for the year ending 1955. It appears that in the year in question, Shri Lingaraj Paikrai was the contractor of this Company, and under him more than 1,000 workers were employed in connection with the work of the Company. The said contractor was to pay their wages and dearness allowance, and that he had no other liabilities to them. He was not at all concerned with the claim of bonus and other benefits of these workers. These were the liabilities of the Company. The Union obviously submitted a charter of demands also on their behalf. In the present reference, those workers are no doubt included. But at the time of hearing, it appeared that most of the workers, who were employed under the said contractor in the relevant years, had no longer any outstanding dispute either with the Company or with the said contractor over the question of bonus or any other matter. A petition to this effect signed by as many as 750 such workers was filed before the Tribunal, and two workers also came forward to depose accordingly before the Tribunal. The said petition is Ext. A. There it is stated that in the years 1954 and 1955 all these workers were working in Shree Hanuman Foundry & Engineering Company, Ltd. and did work under Shri Lingaraj Paikrai, a contractor under the said Foundry, and that they have no claim in any form whatsoever including sick leave or Puja bonus or any bonus for 1954 or 1955 either against the Company or against Shri Lingaraj

Paikrai. This petition has been duly proved. The two workers who deposed has stated that they have no outstanding dues or claim either against the Company or against the contractor. From the evidence of the two workers, which I see no reason to disbelieve, I am satisfied that the said petition (Ext. A) is *bona fide*, and that all the workers whose names appear therein, signed the same after fully understanding its purport and consequence. I am not prepared to believe that this petition was prepared at the machination of the contractor and the Company with the help of a few workers who were at their beck, as contended by the Union. In the result, the Tribunal holds that these workers, who were employed under the contractor, have no bonus claim whatsoever for the year 1955 either against the Company or against the contractor. In view of what happened, it is futile for the Union to push any more claim of these workmen. In my view, the Union cannot possibly fight for these workers, when there is no longer any dispute in existence between them on the one hand and the Company and the contractor on the other.

The evidence indicates that besides the workers employed under the contractor, there are other workers, who directly worked and still work in the Company. The bonus claim of such workers for the year 1955 cannot be considered to be untenable, nor can it be rejected on the ground of belatedness. It is neither party's case that any bonus was paid to these workers in the year ending 1955. So, they are entitled to get bonus, if there be sufficient surplus out of profits of the year after meeting the necessary prior charges. This leads the Tribunal necessarily to examine and scrutinise the audited balance-sheet for the year ending 1955, and to see whether there remains any available surplus out of profits for distribution of bonus to these workers, who directly worked under the Company in the year in question. According to the formula of the Hon'ble Labour Appellate Tribunal in the Bombay Mill Owners' case, the net profit should be taken as the point to start with. Thereafter some items have got to be added to arrive at the gross profit. Then again, some items, viz., statutory depreciation, income-tax, dividend on paid-up capital, dividend on working capital and rehabilitation allowance are required to be deducted from the gross profit. From the said gross profit, we have just to see how much surplus would be available in the hands of the Company. There is no fixed rule bearing on the quantum of bonus that the Tribunal will grant according to the formula. This has been left to be fixed by the Tribunal concerned having regard to the total view of the financial condition of the concern. In this view of the matter, I get Rs. 1,58,136-8-3 as the net profit of the year under review according to the said balance-sheet. That the depreciation allowed in the balance-sheet requires to be added to the net profit, cannot be disputed. We get from the balance-sheet that Rs. 17,738-4-9 has been allowed as depreciation in the said balance-sheet. That amount should be added to the net profit to reach the gross profit. Next regarding the items which should be deducted from the gross profit, comes the question of depreciation, income-tax, amounts under heads of paid-up capital and working capital as given in the formula of the Hon'ble Labour Appellate Tribunal. The Company is entitled to get 6 per cent. dividend on the paid-up capital, which comes up to Rs. 12,000 and odd. From the balance-sheet it appears that there is no reserve used as working capital. So, the Company is not entitled to get anything on this score. Rs. 17,738-4-9 as stated above should also be deducted on account depreciation. The Company is also entitled to get deduction of income-tax. If income-tax is calculated at the rate of 7 annas per rupee, it will be seen that there should be a deduction of Rs. 52,000 and odd. I must point out that no rehabilitation reserve has been claimed in the present case. In my

view, the Company is not entitled to get anything on account of rehabilitation over and above the statutory depreciation, which is a part of the rehabilitation charge. As the balance-sheet will disclose, such claim for rehabilitation can hardly be sustained. Furthermore, in the present case, no extra charge for rehabilitation for the year in question was necessary, inasmuch as this Foundry was started only in March, 1953. Thus the whole matter of calculations stands as below:—

	(In lakhs.)
Profit as per balance-sheet for the year ending 1955 ...	1.58
Add depreciation ...	.17
	1.75
Less statutory depreciation ...	.17
	1.58
Less income-tax at the rate of 7 annas per rupee ...	.52
	1.06
Less 6 per cent. dividend on paid-up capital of rupees 2 lakhs and odd ...	.12
	.94 (available surplus)

Even according to the chart filed by the Company, it appears that the available surplus was more than Rs. 52,000. The Company did not file the wage bills, though directed by the Tribunal. However, it was represented to me by the officers of the Company, who were present before the Tribunal, that the total wage bill of about 80 workers, who directly worked under the Company in the Daily Department in the year in question, would come up to Rs. 4,560 per month. Thus, it is manifestly clear that in any view of the matter there was sufficient available surplus out of profits in the year ending 1955 for distribution of bonus to the workers, who worked in the Daily Department of the Company in that year.

An argument was made on behalf of the Company that the surplus money out of profits had already been distributed and the accounts of the relevant year had been closed, and as such the workers are not entitled to get any bonus. I may say at once that there is no force or substance in this argument. It is quite irrelevant and immaterial for the purpose of calculation of bonus according to the formula laid down by the Labour Appellate Tribunal. It is only when the accounts are placed before the share-holders and accepted by them, and a copy sent to the Registrar of the Joint Stock Companies that the workmen have an opportunity to know for the first time that they have not been granted any bonus in the said balance-sheet. So, practically the cause of action for the bonus claim could arise then. In the present case the claim for bonus for the year 1955 was raised on behalf of the workers in January 1956, that is before the balance-sheet for the year 1955 was audited and placed before the share-holders by the Directors of the Company. The Company could have made provision in the balance-sheet for bonus, when it was found that there was surplus profit for the year ending 1955. If the Company could make provision for payment of income-tax in the balance-sheet, it cannot be understood why no such provision was made in the balance-sheet in respect of the bonus claim. So, it is difficult to accept the argument of the Company that no bonus claim can be maintained, once the accounts of the relevant year are

closed. If such argument is accepted, then in no cases can a question of bonus be raised before the Industrial Tribunals. In other words, the bonus issue will go totally out of the jurisdiction of the Industrial Tribunals. But it has been held by the highest judiciary in India that the bonus issue is within the jurisdiction of the Industrial Tribunal.

Now the question for me is to consider what should be the quantum of bonus. I have anxiously considered the amount, which may be paid to the workers of the Daily Department, without putting the Management to any particular difficulty. In my view, it will be proper if those workers are allowed a bonus out of the available surplus profits for the year ending 1955 equivalent to one-eighth of the total basic wages of the year (that is they will get bonus equivalent to 1½ months' basic wages), and it is awarded accordingly. This bonus is to be paid by the Company, and not by the contractor. The said payment be made within one month from the date, when the award becomes enforceable. This issue is decided thus.

This is my award in the present case.

ANNEXURE

In the matter of an industrial dispute between Messrs. Luxmi Engineering Co., Ltd., 123 Narasingha Dutta Road, Howrah, and their workmen represented by Howrah Small Factories Workers' Union, 1 Raja Ram Das Lane, Howrah (order of reference No. 4527Dis./D/10L-91/55, dated 22nd October 1956);

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal*

Appearances:

For the employees: Shri H. L. Roy, Pleader.

For the Company: Shri S. C. Sen, Advocate; Shri S. K. Bhanja Chowdhury, Labour Adviser, Howrah Manufacturers' Association.

The above two industrial disputes existing between the parties were referred to this Tribunal for adjudication by the Government of West Bengal, Labour Department, under order Nos. 4527Dis./D/10L-91/55 and 4528Dis./D/10L-91/55, dated 22nd October 1956.

The issues as contained in the schedule to the order of reference No. 4527-Dis./D/10L-91/55, dated 22nd October 1956, are as follows:—

(1) Fixation of wages of the unskilled workmen including the so-called apprentices.

(2) Casual leave with wages.

The issues formulated for adjudication in the schedule to the order of reference No. 4528Dis./D/10L-91/55, dated 22nd October 1956, stand thus:

(1) Fixation of wages and dearness allowance for the semi-skilled and skilled workmen.

(2) Fixation of dearness allowance for the unskilled workmen including the so-called apprentices.

(3) Whether Sunday wages should depend on attendance on both Saturday and Monday?

(4) Whether the non-employment of the retrenched workmen in the Moulding Department, worked by so-called tenants, is justified? What relief these retrenched workmen not re-employed are entitled to?

AWARD

As the disputes under references were between the same parties and as the issues for adjudication in two references were almost identical, both the cases were fixed for hearing on the same date, and were also taken up together for hearing at the desire of the parties.

But on the date of hearing, the disputes were amicably settled by the parties, and a joint petition of compromise containing the terms of settlement was presented before the Tribunal. In this view of the matter, it is no longer necessary for the Tribunal to enter into the facts of the cases.

I have perused the said joint petition of compromise. The terms appear to be fair and reasonable, and they cover all the issues involved in both the references. Accordingly, the terms of the petition of compromise are accepted.

Let an award be made in terms of the joint petition of compromise, which shall form part of the award as Annexure. Be it further noted that the said award shall govern both the references.

DIRECTORATE OF AGRICULTURE, WEST BENGAL

Calcutta, the 12th November 1956.

Preliminary Forecast of Autumn Rice Crop of West Bengal for 1956-57 (excluding territories transferred from Bihar).

[*Note.*—The figures of area and yield rate both for this year and last year except those of Birbhum district are based on the reports of sample survey and crop cutting experiments conducted by the State Statistical Bureau. The figures of Birbhum district have been roughly estimated by the Directorate of Agriculture and are subject to revision in the final forecast.]

Season.—The weather conditions have, in general, not been favourable. In some districts, drought prevailed at the time of sowing while in most of the districts, the crop suffered from excessive rains and flood.

Area and yield.—1,192,600 acres have been estimated to be under autumn rice this year as against 1,312,100 acres and 1,296,000 acres reported, respectively, in the corresponding and in the final forecasts of last year. The average yield rate of cleaned rice per acre for the State is estimated at 7.97 maunds this year as against 9.57 maunds and 8.60 maunds reported respectively in the corresponding and in the final forecast of last year.

The decrease in acreage and yield rate is due to unfavourable weather conditions.

for Director of Agriculture, West Bengal.

DIRECTORATE OF AGRICULTURE, WEST BENGAL

Calcutta, the 10th August 1956.

First forecast of Cotton Crop of West Bengal for 1956-57

Season.—The weather conditions have generally been favourable in the districts of 24-Parganas, Birbhum and Bankura and unfavourable in the districts of Midnapore, Howrah and Hooghly.

Area sown.—Sixty-five acres have been estimated to be under cotton this year compared to 125 acres, the final estimates of last year. The entire area is reported to have been sown with Parbani American Variety with long staple.

Decrease in acreage as reported in the first forecast is due to the following reasons:—

(1) Sowing is not completed in some of the districts.

(2) Low market price of the seed cotton and scarcity of good seeds.

(3) Abolition of Cotton Development Scheme and stoppage of subsidy on manure and seeds, etc.

for Director of Agriculture, West Bengal.

NOTIFICATION

No. 571L.—8th March, 1957.—The Governor having been pleased to order, under rule 48 of the West Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE WEST BENGAL FIRE SERVICES (AMENDMENT) BILL, 1957

A

BILL

to amend the West Bengal Fire Services Act, 1950.

WHEREAS it is expedient to amend the West Bengal Fire Services Act, 1950, for the purposes and in the manner hereinafter appearing; West Ben. Act XVIII of 1950.

It is hereby enacted in the Eighth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title.

1. This Act may be called the West Bengal Fire Services (Amendment) Act, 1957

Amendment of section 18 of West Ben. Act XVIII of 1950

2. In section 18 of the West Bengal Fire Services Act, 1950 (hereinafter referred to as the said Act),—

(*a*) after the proviso to sub-section (*2*), the following further proviso shall be added, namely:—

"Provided further that if the owner or occupier of a warehouse or workshop maintains, within the warehouse or workshop or at a place within such distance therefrom as the Director may consider reasonable for use in the warehouse or workshop in case of necessity, any fire-fighting appliances of such types as may be prescribed, then a rebate, calculated at such rates as may be prescribed in respect of such types of fire-fighting appliances or different combinations thereof, not being less than ten *per cent.* nor more than twenty-five *per cent.* on the annual fee determined under this sub-section shall be allowed to such owner or occupier."; and

Bengal [illegible] (Amendment) Bill, 1957.

(Clause 3.)

(*b*) in the proviso to clause (*a*) of sub-section (*3*),—

(*i*) after the words "as may be determined in this behalf by the Collector" the words "for such building or place separately" shall be inserted and shall be deemed always to have been inserted; and

(*ii*) after the words "of which such building or place forms part" the words "and the annual fee referred to in sub-section (*2*) and the maximum for the annual fee referred to in the first proviso to sub-section (*2*) shall be calculated separately for such building or place and the annual fee so calculated shall be payable under sub-section (*1*) separately for such building or place" shall be inserted and shall be deemed always to have been inserted.

Amendment of section 40.

3. In sub-section (2) of section 40 of the said Act,—

(*a*) in clause (*c*), for the words "the proviso" the words "the first proviso" shall be substituted; and

(*b*) after clause (*c*), the following clause shall be inserted namely:—

"(*cc*) the types of fire-fighting appliances referred to in the second proviso to sub-section (*2*) of section 18 and the rates at which rebates referred to in that sub-section shall be calculated;".

STATEMENT OF OBJECTS AND REASONS

Section 18 of the West Bengal Fire Services Act, 1950, provides for the imposition of an annual fee in respect of a license for the use of any building or place as a warehouse or workshop. This annual fee is calculated at a rate not being less than 10 *per cent.* nor more than 25 *per cent.* of the annual value of the building or place used as a warehouse or workshop, the percentage varying according to the nature and quantity of the inflammable articles stored therein. The annual value of such a building or place, if situated within a Municipality, is determined, with due regard to the annual value assessed by the Municipality on the holding, of which such building or place forms part. Under the first proviso to sub-section (*2*) of section 18, the State Government may prescribe by rules a maximum for the annual fee in respect of any class of warehouse or workshop.

2. It is now proposed to amend sections 18 and 40 of the Act with a view to—

(*1*) make it clear beyond any doubt that the annual fee referred to in sub-section (*2*) of section 18 and the maximum for the annual fee referred to in the first proviso to sub-section (*2*) shall be calculated separately for each such building or place, and not on the municipal holding as a whole;

(*2*) provide for a rebate of the annual fee to the owner or occupier of a warehouse or workshop who keeps fire-fighting appliances of the prescribed types for extinguishing fire.

3. Regarding the item (*1*), it is pointed out that the degree of fire risk depends on the number of buildings or places where inflammable articles are kept, in a municipal holding, and therefore the basic unit for the calculation of annual fee and the maximum for the annual fee should be each building or place where inflammable articles are kept in a municipal holding, and not the municipal holding as a whole. As, however, this point of view has been questioned by some mills, it is considered desirable to remove the doubt by the proposed amendment. This will result in a substantial increase of the license fee of the bigger mills who store large stocks of inflammable articles in their warehouses and workshops. It is, therefore, considered desirable to give some relief by the proposed amendment under item (*2*) to those mills which maintain fire-fighting appliances of their own in the premises.

The object of the Bill is to provide for the matters set out above.

Member-in-charge.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Chairman, Jute Textile Industry Tribunal*

For the complainant: None.

For the employers: Miss P. Mitra of the I.J.M.A.

AWARD

The Government of West Bengal in the Labour Department by order Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

Ear Shaik, T.No. 431, a workman of the Belvedere Jute Mills in the Spinning Department, applied on 19th October 1955 under section 33A of the Industrial Disputes Act complaining against his dismissal on various grounds. The petitioner prays that the Company may be directed to reinstate him with other consequential reliefs.

The Company, in its written statement, states that the application under section 33A of the Industrial Disputes Act is misconceived and not maintainable in law, as the Company has not in any way contravened section 33 of the Act. The Company had already filed an application under section 33 of the Act on 13th October 1955, seeking permission of the Tribunal to dismiss the workman concerned, and pending such permission, he was suspended. It is pleaded that the application under section 33A fails on this preliminary ground. The Company prays for leave to file supplementary statement on the merits if that be necessary after the disposal of the preliminary objection.

The points that arise for decision are—

(1) Is the application under section 33A of the Industrial Disputes Act maintainable?

(2) Is the applicant entitled to any relief?

DECISIONS

Points Nos. 1 and 2

Exhibit A is the certified copy of the application under section 33 of the Industrial Disputes Act filed for permission of the Tribunal to dismiss the petitioner on various grounds. Exhibit B is the certified copy of the order of the Tribunal striking off the application under section 33 of the Act, on the ground that the Tribunal lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in suspending the applicant as it did pending permission of the Tribunal to dismiss him.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L.A.C., 221, that it is the contravention by the employer of section 33 of the Industrial Disputes Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act and this contravention is the condition precedent to the exercise by the Tribunal of the jurisdiction and powers conferred on it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. The applicant is not entitled to any relief. These issues are accordingly answered.

Hence it is ordered that the application under section 33A of the Act be rejected.

M. C. BANERJI,
Chairman, Jute Textile Industry Tribunal.

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was filed by Shri Ram Patra, a workman of Messrs. Belvedere Jute Mills, Sankrail, Howrah, before the said Tribunal against the said Company alleging that the said Company had dismissed the said workman concerned in such disputes;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

AWARD

The Government of West Bengal in the Labour Department by order Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

On 6th October 1955 Ram Patra, a workman of Belvedere Jute Mills, Ltd., Token No. 435 of Weaving Department, applied under section 33A of the Industrial Disputes Act complaining against his dismissal on various grounds. The petitioner prays that the Company may be directed to reinstate him with other consequential reliefs.

The Company in its written statement states that the application under section 33A of the Industrial Disputes Act is misconceived and not maintainable in law, as the Company has not in any way contravened section 33 of the Act. The Company had already filed an application under section 33 of the Act on 13th October 1955, seeking permission of the Tribunal to dismiss the workman concerned, and pending such permission, he was

suspended. It is pleaded that the application under section 33A fails on this preliminary ground. The Company prays for leave to file supplementary statement on the merits if that be necessary after the disposal of the preliminary objection.

The points that arise for decision are—

(1) Is the application under section 33A of the Act maintainable?

(2) Is the applicant entitled to any relief?

DECISIONS

Points Nos. 1 and 2

Exhibit A is the certified copy of the application under section 33 of the Industrial Disputes Act filed for permission of the Tribunal to dismiss the petitioner on various grounds with Annexures in support of the Company's case on the application. Exhibit B is the certified copy of the Tribunal striking off the application under section 33 of the Act, on the ground that the Tribunal lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in suspending the applicant as it did pending permission of the Tribunal to dismiss him.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L.A.C., 221, that it is the contravention by the employer of section 33 of the Industrial Disputes Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act and this contravention is the condition precedent to the exercise by the Tribunal of the additional jurisdiction and powers conferred on it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. The applicant is not entitled to any relief. These issues are accordingly answered.

Hence it is ordered that the application under section 33A of the Act be rejected.

AWARD

The Government of West Bengal, in the Labour Department, by order Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954,

respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

Poro Sardar, T. No. 417, a workman in the Spinning Department of the Belvedere Jute Mills, applied on 6th October 1955 under section 33A of the Industrial Disputes Act complaining against his dismissal, on various grounds. The petitioner prays that the Company may be directed to reinstate him with other consequential reliefs.

The Company, in its written statement, states that the application under section 33A of the Industrial Disputes Act is misconceived and not maintainable in law, as the Company has not in any way contravened section 33 of the Act. The Company had already filed an application under section 33 of the Act on 13th October 1955, seeking permission of the Tribunal to dismiss the workman concerned, and pending such permission, he was suspended. It is pleaded that the application under section 33A fails on this preliminary ground. The Company prays for leave to file supplementary statement on the merits if that be necessary after the disposal of the preliminary objection.

The points that arise for decision are—

(1) Is the application under section 33A of the Act maintainable?

(2) Is the applicant entitled to any relief?

DECISIONS

Point Nos. 1 and 2

Exhibit A is the certified copy of the application under section 33 of the Industrial Disputes Act filed for permission of the Tribunal to dismiss the petitioner on various grounds. Exhibit B is the certified copy of the order of the Tribunal striking off the application under section 33 of the Act on the ground that the Tribunal lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in suspending the applicant as it did pending permission of the Tribunal to dismiss him.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L.A.C., 221, that it is the contravention by the employer of section 33 of the Industrial Disputes Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act and this contravention is the condition precedent to the exercise by the Tribunal of the jurisdiction and powers conferred on it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. The applicant is not entitled to any relief. These issues are accordingly answered.

Hence it is ordered that the application under section 33A of the Act be rejected.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Chairman, Jute Textile Industry Tribunal.*

For the complainant: None.

For the employers: Shri P. R. Mukherji.

AWARD

The Government of West Bengal, in the Labour Department, by order Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

Ambica Samanta, a workman of Messrs. Bharat Jute Mills, Ltd., applied on 15th February 1955 under section 33A of the Industrial Disputes Act, stating that the Company has contravened section 33 of the Act by altering the condition of his service to his prejudice by directing him to do the job of a root-cutter which is the job of an unskilled worker and otherwise unhygienic in place of his original job of Leatherman, refusing him wage since 14th January 1955, and suspending him by way of punishment since 14th January 1955. The petitioner prays that the Company may be directed to pay him full wages since 14th January 1955 and to give him his original job, viz., that of a basket maker or Leatherman.

The Company, in its written statement, states that the application under section 33A of the Industrial Disputes Act is misconceived and not maintainable in law. The Opposite Party was an unskilled worker and was generally and habitually slow and indolent and of idle disposition, that he was given work as a helper to a Leatherman and not as Leatherman. Eventually he was transferred to the job of a root-cutter, but he did not join that post. Thereupon the Company had to draw up charge-sheets against him on 25th January 1956. There was an enquiry in which he said that he would rather prefer dismissal than join the new post. The Company

further states that it has not contravened in any way the provisions of section 33A of the Act. The Company had already filed an application under section 33 of the Act on 3rd March 1955, seeking permission of the Tribunal to dismiss the workman concerned, and pending such permission, he was suspended. It is stated that the application under section 32A fails on this preliminary ground.

The points that arise for decision are—

(1) Is the application under section 33A of the Industrial Disputes Act maintainable?

(2) Is the applicant entitled to any relief?

DECISIONS

Points Nos. 1 and 2

Exhibit A is the certified copy of the application under section 33 of the Industrial Disputes Act filed for permission of the Tribunal to dismiss the petitioner on various grounds with Annexures in support of the Company's case on the application. Exhibit B is the certified copy of the order of the Tribunal striking off the application under section 33 of the Act, on the ground that the Tribunal lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in suspending the applicant as it did pending permission of the Tribunal to dismiss him.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L.A.C., 221, that it is the contravention by the employer of section 33 of the Industrial Disputes Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act and this contravention is the condition precedent to the exercise by the Tribunal of the jurisdiction and powers conferred on it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. The applicant is not entitled to any relief. These issues are accordingly answered.

Hence it is ordered that the application under section 33A of the Act be rejected.

AWARD

The Government of West Bengal, in the Labour Department, by order Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54, and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

Mihir Lall Ghosh, a workman of the Naihati Jute Mills Co., Ltd., applied on 22nd September 1955 under section 33A of the Industrial Disputes Act complaining against his dismissal on various grounds. The petitioner prays that the Company may be directed to reinstate him with other consequential reliefs.

The Company, in its written statement, states that the application under section 33A of the Indusrial Disputes Act is misconceived and not maintainable in law, as the Company has not in any way contravened section 33 of the Act. The Company had filed an application under section 33 of the Act during the pendency of the main proceedings, seeking permission of the Tribunal to dismiss the workman concerned, and pending such permission, he was suspended. It is pleaded that the application under section 33A fails on this preliminary ground. The Company prays for leave to file supplementary statement on the merits if that be necessary after the disposal of the preliminary objection.

The points that arise for decision are—

(1) Is the application under section 33A of the Industrial Disputes Act maintainable?

(2) Is the applicant entitled to any relief?

DECISION

Points Nos. 1 and 2

Exhibit A is the certified copy of the application under section 33 of the Industrial Disputes Act filed for permission of the Tribunal to dismiss the petitioner on various grounds with Annexures in support of the Company's case on the application. Exhibit B is the certified copy of the order of the Tribunal striking off the application under section 33 of the Act, on the ground that the Tribunal lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in suspending the applicant as it did pending permission of the Tribunal to dismiss him.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L.A.C., 221, that it is the contravention by the employer of section 33 of the Industrial Disputes Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act and this contravention is the condition precedent to the exercise by the Tribunal of the jurisdiction and powers conferred on it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. The applicant is not entitled to any relief. These issues are accordingly answered.

Hence it is ordered that the application under section 33A of the Act be rejected.

LABOUR DEPARTMENT

ORDER

No. 637I.R./D/11L-125/56.—28th February 1957.—Whereas under the Government of West Bengal, Labour Department, order No. 1944Dis./D/11L-125/56, dated the 11th May 1956, read with its corrigendum No. 2465-Dis./D/11L-125/56, dated 5th June 1956, the industrial dispute between Messrs. Howrah Motor Accessories Agency, Ltd., 3/1 Mango Lane, Calcutta-1 and their workmen represented by West Bengal Motor Dealers' Employees' Union, 52/7 Bowbazar Street, 1st floor, Calcutta-12, regarding the matters specified in the schedule thereto was referred to the Second Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Tribunal a complaint in writing was filed by Shri Ram Krishna Bose, a workman of the said Company, alleging that the said Company punished the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, filed by Shri Ram Krishna Bose, an employee of Messrs. Howrah Motor Accessories Agency (Private), Ltd., against the aforesaid Company (Case No. 171 of 1956 under section 33A).

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal*

Appearances.

For the employee: Shri Biswanath Ash, Advocate.

For the Company: Shri P. R. Mukherjee.

AWARD

The original reference, out of which this case has arisen, was made to this Tribunal under Government order No. 1944Dis./D/11L-125/56, dated 11th May 1956.

This is an application under section 33A of the Industrial Disputes Act by Shri Ram Krishna Bose, an employee of Messrs. Howrah Motor Accessories Agency (Private), Ltd., on the allegation that he has been placed under suspension by way of punishment during the pendency of the aforesaid reference before this Tribunal. As permission of the Tribunal was not taken in this respect, section 33 was infringed. The order of suspension has been stigmatised to be illegal and *mala fide*.

The Company in its written statement has submitted that section 33 was not infringed, and that the application is not maintainable, inasmuch as the order of suspension complained of, is no punishment, as it is an interim measure which was taken by the Management pending final permission from the Tribunal.

Having heard the learned lawyers on both sides and on a consideration of the matter, I am disposed to accept the contention of the Company that the application is not maintainable. It is now well settled by a series of decisions of the Tribunals that suspension taken as an interim measure pending final permission from the Tribunal is no punishment.

In the result, it is ordered that the application be rejected, and it is awarded accordingly.

It is interesting to note that immediately after hearing of the application, the petitioner stated that he did not like to press the application. Obviously, he said so after fully realising that the application as made by him could not succeed.

Dictated and corrected by me.

PRESENT:

SHRI M. C. BANERJEE, *District Judge (Retd.), Chairman, Jute Textile Industry Tribunal*

AWARD

The Government of West Bengal in the Labour Department, by order Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April

1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

Panchu, E.B. No. HP/168, a workman of the Naihati Jute Mills, applied on 5th November 1955 under section 33A of the Industrial Disputes Act, complaining against his dismissal on various grounds. The petitioner prays that the Company may be directed to reinstate him with other consequential reliefs.

The Company, in its written statement, states that the application under section 33A of the Industrial Disputes Act is misconceived and not maintainable in law, as the Company has not in any way contravened section 33 of the Act. The Company had already filed an application under section 33 of the Act on 27th December 1954, seeking permission of the Tribunal to dismiss the workman concerned, and pending such permission, he was suspended. It is pleaded that the application under section 33A fails on this preliminary ground. The Company prays for leave to file supplementary statement on the merits, if that be necessary after the disposal of the preliminary objection.

The points that arise for decision are:—

(1) Is the application under section 33A of the Industrial Disputes Act maintainable?

(2) Is the applicant entitled to any relief?

DECISIONS

Points Nos. 1 and 2

Exhibit A is the certified copy of the application under section 33 of the Industrial Disputes Act filed for permission of the Tribunal to dismiss the petitioner on various grounds with Annexures in support of the Company's case on the application. Exhibit B is the certified copy of the order of the Tribunal striking off the application under section 33 of the Act, on the ground that the Tribunal lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in suspending the applicant as it did pending permission of the Tribunal to dismiss him.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L.A.C., 221, that it is the contravention by the employer of section 33 of the Industrial Disputes Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act and this contravention is the condition precedent to the exercise by the Tribunal of the jurisdiction and powers conferred in it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. The applicant is not entitled to any relief. These issues are accordingly answered.

Hence it is ordered that the application under section 33A of the Act be rejected.

On 2nd May 1955 Shri Ajit Kumar Parui, a workman of Messrs. Lawrence Jute Mills, applied under section 33A of the Industrial Disputes Act complaining against his dismissal on various grounds. The petitioner prays that the Company may be directed to reinstate him with other consequential reliefs. The Company opposed the claim on various grounds.

On the date of hearing on 9th February 1957, the petitioner Ajit Kumar Parui did not appear. It appears from a letter filed by the opposite party

Company that the workman submitted a petition to the Manager of the Mill on the date of hearing stating that he wanted to tender resignation from service for looking after his family. The case is dismissed for default of the applicant in these circumstances and the petition under section 33A of the Act is dismissed, as there is no outstanding dispute between the parties, and it is awarded accordingly.

AWARD

The Government of West Bengal, in the Labour Department, by orders Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

Bismath, a workman of Naihati Jute Mills, applied on 5th November 1955, under section 33A of the Industrial Disputes Act complaining against his dismissal on various grounds. The petitioner prays that the Company may be directed to reinstate him with other consequential reliefs.

The Company, in its written statement, states that the application under section 33A of the Industrial Disputes Act is misconceived and not maintainable in law, as the Company has not in any way contravened section 33 of the Act. The Company had filed an application under section 33 of the Act on 10th February 1955, seeking permission of the Tribunal to dismiss the workman concerned, and pending such permission, he was suspended. It is pleaded that the application under section 33A fails on this preliminary ground. The Company prays for leave to file supplementary statement on the merits, if that be necessary after the disposal of the preliminary objection.

The points that arise for decision are:—

(1) Is the application under section 33A of the Industrial Disputes Act maintainable?

(2) Is the applicant entitled to any relief?

DECISIONS

Points Nos. 1 and 2.

Exhibit A is the certified copy of the application under section 33 of the Industrial Disputes Act filed for permission of the Tribunal to dismiss the petitioner on various grounds with Annexures in support of the Company's case on the application. Exhibit B is the certified copy of the order of the Tribunal striking off the application under section 33 of the Act, on the ground that the Tribunal lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in suspending the applicant as it did pending permission of the Tribunal to dismiss him.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L.A.C., 221, that it is the contravention by the employer of section 33 of the Industrial Disputes Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act and this contravention is the condition precedent to the exercise by the Tribunal of the additional jurisdiction and powers conferred on it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. The applicant is not entitled to any relief. These issues are accordingly answered.

Hence it is ordered that the application under section 33A of the Act be rejected.

Chairman, Jute Textile Industry Tribunal.

Janab M. Abdur Rahaman and twelve other workmen of Messrs. BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Chairman, Jute Textile Industry Tribunal.*

For the complainant: Shri Nikhil Roy, Advocate

For the employers: Miss P. Mitra of the I.J.M.A.

AWARD

The Government of West Bengal, in the Labour Department, by orders Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

On 25th July 1956, Bechan Tewari, a workman of Messrs. Alliance Jute Mills South, Jagatdal, applied under section 33A of the Industrial Disputes Act stating that during the pendency of an application under section 33A of the Act, he was dismissed by the Company by a letter dated 2nd July 1956, and that thereby the opposite party Company had contravened the provisions of section 33 of the Act. The petitioner, therefore, prays for such relief as the Tribunal may deem proper to grant.

The Company states in its written statement that the present application under section 33A is misconceived and is not maintainable in law, as the Company has not violated section 33 of the Act. The Company further

submits that the pendency of an application under section 33A of the Act does not attract the provisions under section 33 of the Industrial Disputes Act, and the latter section only provides a period of protection to the employee during the pendency of a proceeding before the Tribunal in respect of any dispute referred to it under section 10 of the Act. It is, therefore, stated that the complaint under section 33A should be rejected on this preliminary point.

The points that arise for decision are:—

(1) Is the application under section 33A of the Industrial Disputes Act maintainable?

(2) Is the applicant entitled to any relief?

DECISIONS

Points Nos. 1 and 2

The award of the Major Jute Textile Tribunal was published in the *Calcutta Gazette*, on 6th October 1955. Thereafter the decision of the Hon'ble Appellate Tribunal in the appeal against that award was delivered on 31st May 1956. It appears that the applicant, Bechan Tewari, was dismissed by the Company on 2nd July 1956. The applicant was, therefore, dismissed at a date when neither the proceedings before the Lower Tribunal nor before the Hon'ble Appellate Tribunal was pending. The petitioner's claim is that he had filed an application under section 33A of the Act and he was dismissed when that case was pending between himself and the Company. Section 33 of the Act provides that during the pendency of any conciliation proceeding or proceedings before a Tribunal in respect of an industrial dispute, no employer shall do the acts mentioned in clauses (a) and (b) of the section without the express permission in writing of the Conciliation Officer, Board or Tribunal as the case may be. We are concerned with the proceedings before a Tribunal in respect of an industrial dispute. This is nothing but a proceeding arising out of a reference under section 10 of the Act. Section 20 of the Act defines the commencement and conclusion of a proceeding before the Tribunal in sub-clause (3) of the section and it has been laid down that proceedings before a Tribunal shall be deemed to have commenced on the date of the reference of the dispute for adjudication and such proceedings should be deemed to have concluded on the date on which the award becomes enforceable under section 17(a) of the Act. It is, therefore, abundantly clear that section 33 of the Act prohibits the employer from doing any of the acts mentioned in sub-clauses (a) and (b) of the section without the express permission of the Tribunal in writing during the pendency of the proceedings before a Tribunal in respect of an industrial dispute referred to it under section 10 of the Act. This does not contemplate a complaint under section 33A of the Act. As the petitioner was dismissed at a date when no proceedings before the Tribunal in respect of the industrial dispute was pending, the action of the employer in dismissing the applicant was not hit by section 33 of the Act. Similar decision has been made in the case reported in 1956(I) L.L.J., 481, by the Hon'ble Labour Appellate Tribunal of India in respect of an application under section 23, and it has been laid down in that case that section 22 of the Industrial Disputes (Appellate Tribunal) Act only provides a period of protection to the employees and that period of protection commences from the date of publication of an award and continues till the appeal stage is exceeded under section 17 of the Act. The expression "appeal" in section 22 of the Act should not be interpreted to include complaint under section 23 of the Act so as to extend the period of protection in favour of the employee and to the prejudice of the employer handicapping the latter even after the disposal of the appeal.

In view of these circumstances, it is decided that the dismissal of the petitioner by the employer on 2nd July 1956 was not a conduct which was hit by section 33 of the Act. That being so, the application under section 33A of the Act is not maintainable and is rejected, and it is awarded accordingly.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Chairman, Jute Textile Industry Tribunal.*

For the complainant: Shri Nikhil Roy, Advocate.

For the employers: Miss P. Mitra of the I.J.M.A.

AWARD

The Government of West Bengal, in the Labour Department, by orders Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

Bachan Tewari, a workman of the Alliance Jute Mills, South, applied on 1st February 1955, under section 33A of the Industrial Disputes Act complaining against his dismissal on various grounds. The petitioner prays that the Company may be directed to reinstate him with other consequential reliefs.

The Company, in its written statement, states that the application under section 33A of the Industrial Disputes Act is misconceived and not maintainable in law, as the Company has not in any way contravened section 33 of the Act. The Company filed application under section 33 of the Act on 14th January 1955, seeking permission of the Tribunal to dismiss the workman concerned, and pending such permission, he was suspended. It is pleaded that the application under section 33A fails on this preliminary ground. The Company prays for leave to file supplementary statement on the merits if that be necessary after the disposal of the preliminary objection.

The points that arise for decision are:—

(1) Is the application under section 33A of the Industrial Disputes Act maintainable?

(2) Is the applicant entitled to any relief?

DECISIONS

Points Nos. 1 and 2

Exhibit A is the certified copy of the application under section 33 of the Industrial Disputes Act filed for permission of the Tribunal to dismiss the petitioner on various grounds with Annexures in support of the Company's case on the application. Exhibit B is the certified copy of the order of the Tribunal striking off the application under section 33 of the Act, on the ground that the Tribunal lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in suspending the applicant as it did pending permission of the Tribunal to dismiss him.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L.A.C., 221, that it is the contravention by the employer of section 33 of the Industrial Disputes Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act and this contravention is the condition precedent to the exercise by the Tribunal of the additional jurisdiction and powers conferred on it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. The applicant is not entitled to any relief. These issues are accordingly answered.

Hence it is ordered that the application under section 33A of the Act be rejected.

AWARD

The Government of West Bengal, in the Labour Department, by orders Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393/Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of

this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

On 5th November 1955 Shri Gopal Chandra Paul, a workman of the Naihati Jute Mills, applied under section 33A of the Industrial Disputes Act complaining against his dismissal on various grounds. The petitioner prays that the Company may be directed to reinstate him with other consequential reliefs.

The Company, in its written statement, states that the application under section 33A of the Industrial Disputes Act is misconceived and not maintainable in law, as the Company has not in any way contravened section 33 of the Act. The Company filed an application under section 33 of the Act on 24th February 1955, seeking permission of the Tribunal to dismiss the workman concerned, and pending such permission, he was suspended. It is pleaded that the application under section 33A fails on this preliminary ground. The Company prays for leave to file supplementary statement on the merits if that be necessary after the disposal of the preliminary objection.

The points that arise for decision are:—

(1) Is the application under section 33A of the Industrial Disputes Act maintainable?

(2) Is the applicant entitled to any relief?

DECISIONS

Points Nos. 1 and 2

Exhibit A is the certified copy of the application under section 33 of the Industrial Disputes Act filed for permission of the Tribunal to dismiss the petitioner on various grounds with Annexures in support of the Company's case on the application. Exhibit B is the certified copy of the order of the Tribunal striking off the application under section 33 of the Act, on the ground that the Tribunal lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in suspending the applicant as it did pending permission of the Tribunal to dismiss him.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L.A.C., 221, that it is the contravention by the employer of section 33 of the Industrial Disputes Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act and this contravention is the condition precedent to the exercise by the Tribunal of the jurisdiction and powers conferred on it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. The applicant is not entitled to any relief. These issues are accordingly answered.

Hence it is ordered that the application under section 33A of the Act be rejected.

And whereas during the pendency of proceedings before the said Tribunal, a complaint was filed in writing by Shri Dinanath Pandit and Shri Gaya Ram Bhakat, employees of the said Company, before the said Tribunal against the said Company alleging that the said Company had discharged the said employees concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Broadway Hotel, P-34 Mission Row Extension, Calcutta-1 and their employees represented by the Broadway Hotel Employees' Union, 7-B Rani Rashmoni Road, Calcutta-13.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Union: Shri J. Pandey.

For the Company: Shri B. C. Chatterjee, Advocate, assisted by Shri K. R. Guha, Pleader.

An industrial dispute between Messrs. Broadway Hotel and their employees represented by the Broadway Hotel Employees' Union, regarding the following issues, was referred to this Tribunal for adjudication, by the Government of West Bengal, Labour Department, order No. 5162-I.R./D/11L-86/56, dated the 1st December 1956.

The issues are:—

(1) Pay scale and dearness allowance.

(2) Hours of work.

(3) Weekly holiday.

(4) Leave and holidays.

(5) House rent.

(6) Bonus.

(7) Medical aid.

(8) Retiring benefit.

(9) Uniform.

(10) Whether the management was justified in dismissing the following workers? What relief are they entitled to?

(a) Babulal.

(b) Idris.

(c) Nicholas Rozario.

(d) Joseph Koraya.

AWARD

Both parties filed written statements and adduced evidence, oral and documentary, relevant to the issues.

The Union's case, in brief, is that the Broadway Hotel (hereinafter called the Company) is doing very prosperous business and making enormous profits though it pays its employees very meagrely so much so that they are hardly able to make both ends meet. There are no scales of pay and dearness allowance. The wages paid do not compare favourably with those paid in other comparable concerns like the Grand Hotel, the Great Eastern, etc. At present, no house rent is paid. Only half month's wages are paid as bonus and there is no retiring benefit for the employees. The hours of work are exacting, with no weekly rest or holiday. Leave and holidays are inadequate and discrimination is made in granting them. There is also discrimination in matter of medical aid, and the uniforms are not given to all. The Union, accordingly, asks for an award in terms of the demands, and also for reinstatement of the dismissed employees.

The Company's statement is generally a denial of the Union's case. It stated that the annual profits of the Hotel, which is a 2nd class one, are very small and the Union's demands for the introduction of new pay scales and dearness allowance, etc., are high and absurd; and that its financial condition does not permit even a partial fulfilment of the demands made in this case.

Issues Nos. 1, 5 to 9.

These issues relate to the introduction of pay scales and dearness allowance, the payment of house rent and bonus, free medical aid (Doctor's fee and medicine), the payment of retiring benefits of both provident fund and gratuity and regular supply of uniform without any discrimination to all categories of employees in the Hotel. As the issues have direct bearing on the finances of the Company and as the Company has pleaded its inability to meet the demands mainly on the grounds of its slender resources, it is essentially necessary to examine the financial implication of the demands vis-a-vis the Company's present financial condition.

The Company started this Hotel business sometime in 1938. The Hotel is a residential one, with only one bar and a restaurant attached to it. It is located in a five-storied building with four flats, one in each floor. The ground floor completely consists of a bar, restaurant and kitchen It employs about 45 to 50 employees.

The Union examined its President, Shri Dinanath Pandey, and three other employees including two who are dismissed from the service of the Company. The Company examined its Manager, Shri J. Banerjee, and an employee, who is a butler, in service. The Company files its Balance Sheets for the years 1953-54, Exts. J and JI, and produces Pay Register, Ext. A, etc. The Union's contention is that this Hotel is to be compared only with the Grand Hotel, the Great Eastern Hotel and the Firpo. Whereas the Company's contention is that such a comparison is highly absurd. It is common knowledge that those establishments have more than one bar and many departments with many employees in their service. According to it, this Hotel can only be compared with such 2nd class hotels

as New Central Calcutta Hotel, Hotel Embassy, Minerva Hotel and Savoy and the Calcutta Hotel. The Balance Sheets of Grand Hotel, Great Eastern Hotel, Firpo and, in fact, all other Hotels named above have not been put in. Shri Banerjee's evidence makes it abundantly clear that in any case Grand Hotel, Great Eastern Hotel and Firpo do comparatively a larger volume of business and have many departments which yield larger income than the Broadway Hotel. I am unable to accept the Union's contention on this point. The Broadway Hotel is, indeed, a 2nd class Hotel aid should, for our present purposes, be compared with smaller hotels in the locality, similar in size and status, as for example, Central Calcutta Hotel, Hotel Embassy, etc.

The Balance Sheet for the year 1953 shows that a capital of Rs. 61,948 was employed in the business in the year 1953. It had a net profit of Rs. 20,943. The Balance Sheet of 1954 shows capital employed Rs. 63,207 and profit of Rs. 16,009. In 1953, the income-tax of Rs. 4,887 was deducted from the profits and the drawings made by the Proprietor amounted to Rs. 14,797 only. In 1954, income-tax advance paid was Rs. 13,644 and the drawings amounted to Rs. 16,500 only.

This is a proprietary business in which the proprietor himself works as a wholetime servant. In computing the financial capacity of such a concern, deductions must be made from the trading profits under the following heads:—

(1) Income-tax,
(2) a fair return on capital actually utilised (at 6 per cent.) and
(3) a fair remuneration to the sole proprietor who works like a wholetime servant.

Such deductions will work out as follows:—

1953.		Rs.
Profits	..	20,943
Less income-tax	..	4,887
		16,056
Less return on capital at 6 per cent.	..	3,660
		12,396

The Proprietor's remuneration can be fairly estimated at Rs. 1,000 a month or Rs. 12,000 a year. In actual fact, the proprietor had drawn Rs. 14,797 in that year on his own account.

1954.		Rs.
Profits	...	16,009
Add Income-tax refund	...	3,955
		19,964
Less Income-tax	...	4,000
		15,964
Less return on Capital at 6 per cent.	...	3,780
		12,184
Less Proprietor's remuneration	...	12,000

In fact, the Proprietor had drawn Rs. 16,500 in that year.

It now remains to be seen how much extra expenditure is required to meet some of the important demands made by the Union under these issues.

Pay scales with average annual increment of Rs. 3 for each employee $=3 \times 50 \times 12=$ Rs. 1,800.

Dearness allowance at the unalterable rate of Rs. 32-8 per month for each as under the Jute Tribunal award $=$ Rs. $32\text{-}8 \times 50 \times 12=$ Rs. 19,500.

House rent at the minimum rate of Rs. 10 per month $=10 \times 50 \times 12=$ Rs. 6,000.

Bonus at double the existing rate plus 2 months of basic wages for 1954 roughly $30 \times 2 \times 50=$ Rs. 3,000.

Retiring benefit, gratuity at the rate of half month, and provident fund at the rate of 8¾ per cent., the latter alone is estimated at Rs. 1,456.

Uniform: Pants, shirts, coats, head wears and shoes with a washing charge of Rs. 5 per month. The washing charge alone will cost $5 \times 50 \times 12=$ Rs. 3,000.

The total of all these is Rs. 34,756, i.e., a rough estimate under these heads of demands, shows that the Company will at least require a recurring additional expenditure of Rs. 34,756 a year to partially meet some of the important demands made by the Union in this case. Examined against the background of the present financial position of the Company, it is *prima facie* apparent that the Company is unable to bear this extra financial burden without ruining its business for good. The Company's defence is that, it is financially not in a position to meet the demands of the Union, *prima facie* appears to be established in this case.

Issue No. I.—Pay-scale and Dearness Allowance.

The Union states that at present no dearness allowance is paid to any employee and that the wages paid are extremely inadequate. It claims dearness allowance at a flat rate, as under the Jute Tribunal Award and a pay scale as stated below:—

(1) Dining Hall boys—Rs. 45—3—75.

(2) Flat Boys—Rs. 55—4—95.

(3) Mashalchis—Rs. 40—3—70.

(4) Sweepers—Rs. 35—3—65.

(5) Durwans—Rs. 45—3—75.

(6) Indian Cook (Chief)—Rs. 110—5—160.

(7) Indian Cook (other than chief)—Rs. 80—5—130.

(8) Drivers—Rs. 80—5—130.

(9) English Cook—Rs. 130—7—200.

(10) Indian Kitchen Masalchis—Rs. 35—3—65.

(11) Glass boy—Rs. 30—2—50.

The Company contests this claim as absurd and fantastic. It says it gives better wages than other hotels and dearness allowance in the shape of service charges in addition to tips, free fooding and lodging, which are more than sufficient to cover any rise in the present cost of living index. It regrets its inability to pay more on the ground of hardship due to its poor financial conditions. The existing rates, according to the Company, are:—

(1) Indian Cook (Head Cook)—Rs. 65+35=Rs. 100.
1st Assistant—Rs. 40+30=Rs. 70.
2nd Assistant—Rs. 24+15=Rs. 39.
3rd Assistant—Rs. 15+15=Rs. 30.

(2) English Cook (Head Cook)—Rs. 85+35=Rs. 120.
1st Assistant—Rs. 35+25=Rs. 60.

(3) Mashalchis—Rs. 17+10=Rs. 27.

(4) Flat Boys—Rs. 15+17-8=Rs. 32-8 (in addition to tips Rs. 60 to 90).

(5) Dining Hall Boys—
Senior—Rs. 21+10=Rs. 31.
Next to the Senior—Rs. 20+10=Rs. 30.
Junior Boys—Rs. 15+10=Rs. 25 (in addition to tips Rs. 60 to 100 per month).

(6) Durwans—Rs. 25+15=Rs. 40.

(7) Sweeper—Rs. 20+12=Rs. 32.
Sweeper—Rs. 18+12=Rs. 30.
Sweeper—Rs. 16+12=Rs. 28.
The rest—Rs. 15+12=Rs. 27.

All the workers get free fooding (two meals) and free tiffin and tea. Some of the workers get free lodging also.

It is clear from the above that at least 5 per cent. of the staff at present get on an average of Rs. 15 as pay and Rs. 10 as service charge, i.e., Rs. 25 per month and five employees get wages above Rs. 25 plus service charges of equal amount. The remaining employees are getting Rs. 20 as wages and Rs. 15 as service charges, i.e., Rs. 35 per month. Besides this, every one gets free fooding (two meals), tea and tiffin every day. It is customary for all Hotels to provide free food including tea and tiffin to all the employees. As I have pointed out, at the out set, this Hotel cannot be compared, for our present purpose, with such bigger hotels like the Grand Hotel, the Great Eastern Hotel and the Firpo, Ltd., in Calcutta. On the contrary, it should be compared with such Hotels as the Hotel Embassy, the Central Calcutta Hotel, etc., which are of same size and status with it. None of these Hotels have any incremental scales for the employees, and the wages paid are comparatively lower than the existing rates paid to the employees in this Hotel. A glance at Annexure 2 of the Company's written statement and to Exts. B and BI will support this view. In fact, no other amenities are enjoyed by the employees in other Hotels. Further, the Dining Hall Boys and the Flat Boys, who constitute more than 50 of the staff, admittedly, get tips and bakshis from the customers of the Hotel. It is common knowledge that they earn quite a decent amount on this account. That partly explains the apparently low wages that are paid

to them in many Hotels in Calcutta. It is, however, very difficult, particularly on materials before me to ascertain what such employees actually get on this account. The evidence is highly conflicting, and if I may say so, confusing to some extent. The Union's own evidence is that the Dining Hall Boys get tips of Rs. 10 to Rs. 25 per month and Flat Boys get Rs. 25 to Rs. 35 per month. The Company's evidence, on the other hand, is that they earn on an average of Rs. 60 to Rs. 100 and Rs. 60 to Rs. 90 per month respectively. The truth seems to lie in between these two versions on this point. Accordingly, this cannot be looked upon as a certainty in fixing a scale of pay with any degree of accuracy. At present, the cost of living index is somewhere over 361 for the working class community. It was so according to statistics in November 1956. The cost of living has gradually gone up since the Hotels Award given by our Tribunals in 1948-52-54. The Jute Tribunal Award, to which the Union refers, allows dearness allowance at a flat and unalterable rate of Rs. 32-8 per month. The Hotels Award allowed up to Rs. 25 per month. The Company's case, as stated in paragraph 11 of its written statement, is that the service charges in the nature of dearness allowance are paid to its employees. About 50 per cent. of the staff get on an average of Rs. 10 per month on account of service charges. Everybody gets free food, which the Union complains is of very inferior quality. It is said to be unwholesome and poor. The Company strongly denies this charge. Be that as it may, it is not very easy to find out what its exact money value is today. The Union's case is that it cannot exceed Rs. 10 whereas the Company puts it as a much higher figure. We can, for our present purpose, roughly estimate it at Rs. 15 per month. That would make the total pay packet of 50 per cent. of the employees at Rs. 40 per month. I have left the uncertain amount of tips, which two categories of employees only out of so many, get from the customers, out of our consideration for the present. However, the remuneration of a worker is generally fixed on the basis of 3 adult consumption units. Therefore, supply of free food to a workman only is not a ground for refusing proper dearness allowance on the ground of rise in the cost of living index. Deduction, on account of free food, may be allowed in order to come to a definite amount of dearness allowance. A case has, no doubt, been established here for allowing sufficient dearness allowance higher than that paid at present, to all employees in the service of this Hotel. This has to be further examined against the background of the Company's present financial position as noticed above. Proper emoluments of a workman is always considered to be a prior charge on industry over profits. Therefore, it would not be reasonable to refuse the employees a relief only on the finding that the Company does not earn substantial profits in the business. All the same, it must be conceded that its finances are neither stable, nor sound enough, to introduce any incremental scales of pay for the employees at present. That would be imposing an additional financial burden, recurring in its nature, upon the Company. But at the same time, in fairness and reason, the employees' emoluments should be supplemented by an adhoc increment to meet the increased cost of living. It is, further, justified from the fact that the wages have not been increased since the starting of this business, years ago, as alleged by the Union. I accordingly allow an adhoc increment of Rs. 5 per month for all employees of this Hotel with effect from 1st January 1957. I answer this issue accordingly.

Issue No. 5—House rent.

At present no house rent is paid to any of the employees. The President of the Union deposes to that effect. The Union claimed at the

rate of 10 per cent. of the total emoluments with a minimum of Rs. 10 payable to each employee every month. The grounds are (i) rent is high in Calcutta and (ii) "the principle and practice of allowing housing accommodation or house rent in lieu thereof is in vogue in the company". Admittedly, the Company allows free lodging to most of the employees but no house rent in lieu of it. Shri Banerji, Manager, says that Flat Boys, Bearer, Masalchis, Durwans and Sweepers get free accommodation in the Hotel, but no one is paid any house-rent. No Hotel ever pays it. The minimum demand under this head will cost the Management about Rs. 6,000 a year. The financial condition of the Company does not permit payment of any house rent to these employees at present. Apart from any other consideration which are no less cogent, this is sufficient to refuse this demand. I answer this issue accordingly.

Issue No. 6—Bonus.

The demand under this head is two fold, (i) annual bonus, claimed as a condition of service, be increased from half month's wages—the existing rate—to one month's wages every year, and (ii) two months' wages as bonus for 1954 over and above what had already been paid as a condition of service. This has been resisted on two grounds (i) the bonus is not a condition of service and (ii) the profit sharing bonus is not available in view of the very small profit in the year in question.

The Balance Sheet of 1954 shows, as stated above, some profits in the business. Question is whether there is any available surplus which can be claimed in addition of the half month's wages already paid before. The trading profits for 1954 is Rs. 16,009 only. It seems that some depreciation was already provided for in arriving at the said amount. Accordingly, a further deduction of 6 per cent. return on the capital should be made from it. The sum of Rs. 3,780 would be deducted from this amount, and the balance comes to Rs. 12,229. The Proprietor is entitled to his remuneration, which may be roughly Rs. 12,000 a year. In actual fact, he had drawn Rs. 16,500 in course of that year on his own account. This hardly leaves any balance of profits for further distribution among the employees. Calculating on the basis of the Full Bench formula in the Mill Owners' Association's case, 1950 II, F.J.R. page 107, it has been found that the employees are not entitled to any further amount as Profit Bonus in the year 1954.

Issue No. 7—Medical aid.

This refers to Medical Aid. The Union's own statement is that the Company provides free medicine and free medical aid to some of the employees who happened to fall sick while on duty. But then, the treatment is said to be discriminatory. It, therefore, suggests that the rule to supply all the workers free medicine and Doctor's fee in sickness should be of universal application to all. The Company admits that it has made sufficient arrangement for free medicine and free medical aid to all who may be in need of it and denies that there is any discrimination in treatment in this matter. At the same time it asks with the leave of the Tribunal to abolish it on the ground that no other Hotel has similar arrangement for medical treatment of its employees. Barring vague and general allegations of discrimination in this matter, the Union does not state any individual case where the Management has departed from the general rule. Accordingly, the charges of discrimination cannot be entertained. Any

such allegation should be supported by specific instances so that they may be investigated into where necessary. The Tribunal directs that the existing arrangement should continue so that any one, in need of medical aid, falling sick in course of his employment, should avail of it as much as any other in similar circumstances in the service of the Company. I answer this issue accordingly.

Issue No. 8—Retiring benefits.

At present, the employees do not enjoy any benefit in money on retirement. Hence, the Union claimed in this case (i) a Provident Fund with contribution of 8¾ per cent. on the total emoluments and (ii) a scheme of gratuity equivalent to half month's wages for each year of service. The Company denies it on the ground of (i) financial inability, (ii) the business is not a profit making one and (iii) that no other Hotel pays such retirement benefit. It is, however, not clear from the Company's statement why this business is not a profit making one. In fact, the Hotel is making profits every year. Big Hotels like the Grand Hotel and the Great Eastern Hotel have retiring benefits for their employees but then, the smaller ones, of this Hotel's size and status, do not allow any such benefits to their employees. In fact, many of them can hardly afford to pay them without serious loss to the business itself. But this much is abundantly clear that in the case of this Hotel, its present financial condition does not justify the introduction of any long term schemes of gratuity and Provident Fund or either of them for the employees. This issue is, therefore, answered against the Union.

Issue No. 9—Uniform.

The Union suggests that all the employees should be given uniforms consisting of pants, shirts, coats, head-wear and shoes, with a washing allowance of Rs. 5 per month at the cost of the Management. At present the Dining Hall Boys, the Flat Boys, and the Durwans only get uniform. The other workers do not get it, for they have no direct connection with the customers of the Hotel. The President admits that Durwans and the Dining Hall Boys are given uniform at the cost of the Management. He further says that other hotels give uniform to Sweepers, Coolies and Mashalchis as well. The Company's evidence is a flat denial of this story. Question is, whether the Company should provide all with the uniforms asked for, and whether it can pay for it without any serious detriment to the business itself. First of all, it is not essentially necessary, in business interest, that all should have all the uniforms. Lastly, the Company is not in a position to supply all with all or any of the many items of uniforms under demand. The Company supplies uniforms to those, who come in contact with the customers and who require clean clothes in public interest. Further, the Company has a washerman in its service, who washes all the uniforms free of charges. That being so, the question of providing each employee with washing allowance of Rs. 5 does not arise. The present arrangement does not appear to be unsatisfactory or unworkable. But it is necessary in the Company's own interest, to supply good uniforms in sufficient number to those of its employees who come in direct contact with the customers and to arrange for their regular washings at its own cost. The Tribunal expects that the Management will, henceforth, strictly observe this system so that there may not be any more grievance on this account in future. This is answered accordingly.

Issue No. 2—Hours of work.

This relates to hours of work. The Union's case is that the working hours are 8 hours for everybody and that at present discrimination is made in distributing work, which should be eliminated. The Company denies the allegation of discrimination made by the Union and states that the working hours are 9 hours a day and that nobody would be allowed to work beyond that period. The present working hours of 9 hours a day should continue. There should not be any discrimination in distributing working hours and that Dining Hall Boys be given morning and evening shifts rotation, as far as possible.

Issue No. 3—Weekly holiday.

This issue relates to weekly holidays. The Union's demand is refused by the Company on the ground that leave is granted, when necessary, with full pay on reasonable grounds. That being the position, it is hardly necessary to frame any rule for weekly holiday particularly in view of the fact that in hotel establishments such weekly holidays cannot ordinarily be allowed without inconvenience and dislocation of work. Here again, the story of discrimination in the matter of leave has been denied. I would rather allow the existing arrangement to continue for the present.

Issue No. 4—Leave and holidays.

This relates to leave and holidays. The Union's demand is for—

(i) Privilege leave with pay 30 days in a year,

(ii) Casual leave with pay 10 days in a year,

(iii) Sick leave with pay 30 days in a year and 6 months with half pay, and

(iv) Festival holidays 10 days in a year with pay, i.e., in the aggregate, two months and 20 days with full pay and six months with half pay. The Company grants holidays for 21 days in a year with full pay and also grants religious and festival holidays to all the workers with full pay. In addition to this, the Company grants such sick leave with full pay, as is recommended by its Doctor, to a sick employee. The Company contests this demand as absurd and fantastic. The Union's demand roughly works out at 2 months 20 days' compulsory absence from duty for all the workers and six months' absence on half pay, i.e., further absence of 3 months with full pay on the ground of sickness which is unknown in any establishment, not to speak of hotel establishments of this size. This unrestrained demand has naturally put the Union's case to severe criticism.

I consider that 21 days' leave with full pay along with such religious and festival holidays, as are now granted, to be quite sufficient. This existing arrangement will continue.

Regarding sick leave, I would like to frame a rule to this effect that henceforth all workers should get 15 days' sick leave in a year on half pay on production of medical certificate either from the Medical Officer of the Company or from any other registered Medical Practitioner. I answer this issue accordingly.

Issue No. 10—Whether the Management was justified in dismissing the following workers? What relief are they entitled to: (a) Babulal, (b) Idris, (c) Nicholas Rozario, (d) Joseph Koraya?

This refers to the case of dismissal of 4 workmen including Babulal and Idris. Only Idris has been examined before this Tribunal. Babulal is not in Calcutta. His letter, Ext. 1, has been proved. Nichalas Rozario and Joseph Koraya are in Pakistan. The Manager says that Nichalas Rozario and Joseph Koraya were never in service of this Hotel and that Babulal and Idris were dismissed on the ground of misconduct. In this state of evidence, it is not possible to entertain and decide on a dispute over the dismissal of Babulal, Nichalas Rozario and Joseph Koraya. Their cases are, accordingly, left out. I presume that there is no outstanding dispute in their cases.

Idris was a Dining Hall Boy. He said that he fell ill on 29th November 1955 and came to the Hotel on the 8th December next. He recovered on the 7th December 1955. He was not allowed to join his post and was dismissed. He is at present working in the Minerva Hotel. He said that he sent information of his illness through his brother, Hossen. Hossen is also an employee of this Hotel. He corroborated his brother. Shri Banerjee, Manager of the Hotel, and Md. Hossain, Butler, deny this evidence. I fail to see why the Management should dismiss Idris if he was actually ill and informed the Management about his illness in time. No medical certificate has been proved in this case in support of the story of illness. True enough, that the Management did not proceed in a formal way, viz., it did not issue any charge-sheet to the employee or hold any enquiry after obtaining explanation of his absence from him. This, no doubt, entitled the Tribunal to enter into the question of dismissal on its merits. On merits, it cannot be said that the Management's action, in dismissing the employee for misconduct, is not justified. I, accordingly, answer this against the Union. I make this award as above.

Spence Ltd., P-38 Mission Row Extension, Calcutta-13, and their workmen represented by Spence Ltd. Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Spence Ltd., P-38 Mission Row Extension, Calcutta-13, and their workmen represented by Spence Ltd. Labour Union, 25 Badan Roy Lane, Calcutta-10. (Case No. VIII-49 of 1956.)

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI SAILESH SENGUPTA, *Judge, Sixth Industrial Tribunal.*

Appearances:

For the Company: Shri S. C. Sen, Advocate.

For the Union: Shri Hiralal Roy, Pleader.

This reference was made by Government order No. 3572Dis./D/10L-10/56, dated Calcutta, the 14th August 1956, for adjudication of a dispute arising between Messrs. Spence Ltd. and their employees regarding reliefs due to retrenched staff. The issue is in the following terms:—

Issues

What compensation and/or other reliefs are the following retrenched employees entitled?—

(1) Shri Haripada Jana, (2) Shri Siba Gopal Brahmachary, (3) Shri Abdul Aziz, (4) Shri Banamali Bag, (5) Shri Ratan Chandra Das, (6) Shri Sailendra Bose, (7) Shri Sara Chakhya Das, (8) Shri Nirmal Dey, (9) Shri Manaranjan Chakraborty, (10) Shri Sk. Yakub, (11) Shri Purna Ch. Hazra, (12) Shri Narendra Nath Ghose, (13) Shri Kanai Lal Manna, (14) Shri Chuni Lal Das, (15) Shri Fakir Ch. Bag.

The Company has paid retrenchment compensation as provided in section 25(f) of the Industrial Disputes Act. The employees claim that they are entitled also to a like amount under the gratuity scheme framed by Shri M. C. Banerjee, in his award in 1948. The Company's contention is that the claim for double relief is misconceived.

DECISION

The award given by Shri M. C. Banerjee is published in the *Calcutta Gazette*, dated the 21st October 1948, at page 1392. Retiral benefits formed one of the subjects for determination. The learned Tribunal framed a gratuity scheme which appears at page 1395. We are not concerned with clauses (a) and (c). Clause (d) is material. It runs thus—

> "On termination of service by the employer, either as the result of reduction of his establishment or in any other circumstance not justifying dismissal—Half a month's basic pay for each completed year of service, irrespective of the length of service."

By Act 43 of 1953, Chapter VA was introduced making legislative provisions for lay off and retrenchment. Section 25(f) provides that no workman shall be retrenched until he has been paid compensation equivalent to 15 days' average pay for every completed year of service or any part thereof in excess of six months. Since the proviso to section 25(j) saves rights accrued to workmen under any award for the time being in operation, the plea on behalf of the employees in this case is that they are entitled to gratuity by virtue of the award as also to retrenchment compensation under section 25(f).

Opinion is divergent whether double reliefs are admissible. Drawing inspiration from the decision in the Banks' appeal the learned Lawyer for the employees argued that the two kinds of relief have different objects. Provision is made for gratuity in recognition of past services and retrenchment compensation takes account of the loss sustained by sudden termination of service before superannuation. To my mind the test is whether the two rights are one and the same having identical objects. If the reliefs have the same object in view one of them would be available. If however the rights are of different nature both of them must be given effect to. Turning to the award passed by Shri M. C. Banerjee, we notice that clause (d) was incorporated to meet the circumstances which had actually arisen in the present instance. The services of these employees were terminated on reduction of the strength of the establishment and not on account of any latches or misdemeanour of the persons concerned. The relief provided is half a month's basic pay. Though the relief is described as gratuity, it is in its true essence compensation for premature termination of service. That is exactly what section 25(f) was enacted to cover. In my view therefore these are not distinct rights provided for distinct purposes. The Special Bench in the Banks' appeal had to consider the framing of a gratuity scheme. In that context their Lordships stated that provision for payment of compensation under the Industrial Disputes Act does not in any way fetter the Tribunal's power to award gratuity on termination of service as it has done in the past. This is no authority for the extreme proposition that invariably both forms of relief must be granted. Reference was made by the learned Pleader for the employees to the case of Ford Motor Company of India Ltd., *vs.* K. N. Krishna Iyar, reported in Volume VI F.J.R., page 304. This was a decision by a Bombay State Tribunal. The learned Adjudicator pointed out that the proviso to section 25(j) means that if under an award or contract it is provided that a workman shall be paid retrenchment compensation at a rate higher than that provided in section 25(f), the same shall not be reduced, and does not mean that both the compensation that is provided in the section and the compensation provided in the award or contract should be paid. This view militates against the contention put forward by the learned Lawyer.

Sub-section 2 of section 25(j) lays down in unambiguous terms that rights and liabilities of employers and workmen in so far as they relate to

lay off and retrenchment shall be determined in accordance with the provisions in this chapter. The right to receive retrenchment compensation must hence be regulated by the provisions of this chapter. The proviso to sub-section (i) only safeguards rights and favourable conditions available to workmen under any contract or award when they are superior to the relief granted in Chapter VA. If any higher rights are due they will not be affected or curtailed. But if they are on the same plane as the rights under the chapter, the new provision will be enforced. This is in accord with the view taken by Shri G. P. Mukherjee in his award published in the *Calcutta Gazette*, dated 16th August 1956, at page 3161. I may also mention that the award made by Shri M. C. Banerjee was operative for one year under sub-section 3 of Industrial Disputes Act, 1947, as it stood at that time. The award had spent its force on the expiry of the term of one year. If the award is supposed to be extinct, then there is only section 25(f) on which employees can fall back. In these circumstances I am led to the conclusion that the employees cannot claim both gratuity and compensation under section 25(f).

The relief under section 25(f) is more favourable inasmuch as compensation is admissible for every completed year of service or any part thereof in excess of 6 months. Under the award, on the other hand, half a month's basic pay could be claimed only for each *completed year of service*. The Company has paid to some and has offered to pay to the others compensation as provided in section 25(f). In my view the offer is in accord with the law. The Company has also offered to pay leave wages due. It is hence awarded that the employees would be entitled to recover only compensation under section 25(f) and leave wages that may be due. Payment must be made within a month from the date of publication of the award in the *Calcutta Gazette*.

AWARD

1. By order No. 3099Dis./D/8L-27/56, dated the 17th July 1956, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Bengal Fine Spinning & Weaving Mills Ltd., Konnagar, Hooghly, and one of their workmen, Shri Sunil Chatterjee, represented by Bengal Fine Spinning & Weaving Mills Employees' Union, Haran Chandra Banerjee Road, Konnagar, Hooghly, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After usual summons the parties entered appearance and filed their written statements. The pleadings were completed on 27th September 1956. The parties were thereafter directed to file lists of documents. Then after adjournments the hearing of the dispute was concluded on 2nd February 1957 and award was reserved.

3. The matter of dispute as stated in the schedule to the order of reference is as follows:—

(1) Is the dismissal of Shri Sunil Chatterjee justified? To what relief is he entitled?

Decision

Messrs. Bengal Fine Spinning and Weaving Mills Ltd. (hereafter called the Company) started operation in November 1951. Workman Shri Sunil Chatterji joined as a machine cleaner on 19th September 1953. He was made a Piecer on 9th June 1955. He was dismissed from service on 8th December 1955. According to the Company the workman refused to receive the notice of dismissal (Ext. C) and so it was hung up on the notice board and simultaneously the Company wrote about his dismissal to Bengal Fine Spinning and Weaving Mills Employees' Union (Ext. B). Both in the notice of dismissal (Ext. C) and in the letter to the Union (Ext. B) it was mentioned that the workman refused to accept his dismissal notice. The grounds of dismissal as stated in Exts. B and C were that the workman Shri Sunil Chatterji incited the ring frame workers of "A" and "B" shifts not to attend double sides and threatened them with assault if they worked double sides and that he further threatened that he would stop the work of the mill by a strike. Prior to the dismissal the Company had received on that very date (8th December 1955) a complaint from some of the Piecers

who were voluntarily working double sides on that day. It was complained that Shri Sunil Chatterji had asked them not to work double sides and threatened them with assault if they did so (Ext. A). Shri Sunil Chatterji (P.W. 1) admitted in his deposition that the Union had earlier adopted a resolution that no Piecer should work double sides as this would mean retrenchment and accordingly he protested to such work. He also admitted that double sides work was first introduced on 7th February 1955 on voluntary basis and that some of the workers did double sides work on 7th December 1955 as also on 8th December 1955. According to his own admission he worked on one side on those days as before. According to the then Works Manager of the Mill D.W. 1 A. V. Datar, he came down to the department where the Piecers were working on receipt of the complaint (Ext. A) and found Shri Sunil Chatterji preventing the workers who were working double sides from so working double sides. Although "A" shift was over at 10 a.m. when Shri Sunil Chatterji had worked, he continued in the department while "B" shift work was going on. According to the Manager D.W. 1, he on receipt of the complaint and on seeing things for himself, called in Shri Sunil Chatterji to his chamber and there showed him the complaint (Ext. A) in presence of the Spinning Master Shri L. Banerji and Assistant Spinning Master Shri S. N. Deb and asked Shri Sunil Chatterji what was his explanation regarding the complaint of the workers. D.W. 1 further deposed that upon this Shri Sunil Chatterji flared up and said that he had done these and would continue to do so. Shri Sunil Chatterji in his deposition also admitted that the Manager came to the department on 8th December 1955 and soon after called him to his chamber and there asked him why he was making *halla* with the labourers. He also said that when he sought detailed information about his fault, the Managing Director said that he was no longer required and should get out of the place. The Manager said that upon workman's admission and having regard to his past conduct on different occasions he had no other option left but to apply standing order 20 of the Mill which provided "any workman who is adjudged by the Manager on examination of the man if present and on the facts to be guilty of misconduct is liable to be dismissed without notice". The Manager said that he found Shri Sunil Chatterji guilty of misconduct and in consideration of his past and present conduct and his insolent attitude he dismissed him forthwith and duly tendered the order of dismissal in writing to him as in Ext. C. The workman, however, refused to accept the dismissal notice and so the Manager immediately informed the Union of all facts leading to his dismissal. Exhibits B and C supported the Manager (D.W. 1). The subsequent letter to the Labour Officer (Ext. D) also supports his version. I have had nothing to disbelieve him. The Manager had left service of the Company and has, therefore, no axe to grind. The complaint of P.W. 1 that there was no compliance with the principles of natural justice cannot be sustained. It, on the contrary, appears that the requirements of natural justice were sufficiently complied with. According to his own admission the workman was taken to the chamber and was asked why he was making *halla*. This would corroborate the Manager. No fetish can be made about giving a written charge-sheet prior to taking action. Natural justice would be complied if the person was given a reasonable notice of the case he had to meet. In the present case the contemporaneous documents (Exts. A, B and C) all point that he was definitely told, as the Manager said, what the charge was against him. The workman also in a way admitted that he was told of the charge against him and was given opportunity of explaining the same. As he himself admitted having done the acts as charged with as the evidence shows, and as the Manager had also seen him so to do on coming to the department, there was no question of further enquiry. In

the circumstances, it is obvious that principles of natural justice were sufficiently complied with. There is also nothing to show that the authority acted *mala fide*. The allegation of the workman that the action was taken against him for his alleged Union activities cannot be sustained in view of facts and circumstances. According to the workman he started to take part in the Union from the beginning of 1955. The evidence on the contrary, points that he was receiving warning and was being fined for various acts of misconduct from very soon after he joined in 1953. Exhibit F series would show this. It would so appear that Union activities had nothing to do with the action taken by the Company. He might have been a member of the Executive Committee of the Union, but it was no passport to him to intimidate the workmen and to threaten them with assault as also to incite strike. I am, therefore, of opinion that dismissal of Shri Sunil Chatterji was justified. He is, therefore, entitled to no relief.

It is awarded accordingly.

ANNEXURE

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal*

For the complainant: The complainant, C. Ahmed, himself appears.

For the Company: Shri S. C. Sen, Advocate.

AWARD

The Government of West Bengal, in the Labour Department, by order No. 5059Dis./D/11L-217/54, dated 13th October 1955, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Grant Advertising Incorporated, 16 Theatre Road, Calcutta and Messrs. Imperial Tobacco Co. of India, Ltd., 37 Chowringhee, Calcutta-16, and their workmen represented by Grant Advertising Calcutta Employees' Union, 27/3/2E Kankulia Road, Ballygunge, Calcutta-19, regarding certain matters specified in a schedule to this Tribunal for adjudication. The award in respect of this proceeding is still pending before this Tribunal.

On 10th November 1956, Shri C. Ahmed, a Driver of Messrs. Grant Advertising Incorporated, Calcutta, applied under section 33A of the Act, stating as follows:—

Since the middle of May 1956, this Driver is being vindictively pursued and inhumanly treated by Mr. J. W. Teale, Assistant to the Vice-President of Grant Advertising Inc. On 18th May 1956, Mr. Teale issued an order on the Driver not to drive the Company's car and to sit idle in the office. On 5th November 1956, the petitioner was asked to drive the office car on some conditions. The petitioner then states that he gravely apprehends that there might be an attempt to terminate his service, and as such, he made this application. It is prayed that the order made by the Management asking the petitioner to sit idle may be set aside.

The Company, in its written statement, states that the application is not maintainable in law, inasmuch as no contravention of section 33 of the Industrial Disputes Act has been disclosed. The opposite party Company, denies that the applicant had been discharging his duties quite satisfactorily. The real position regarding the applicant and the reasons which led the Company to issue charge-sheet against him are given in the application made by the Company under section 33 of the Industrial Disputes Act for discharging the applicant. A copy of the application is enclosed as Annexure A to the written statement of the Company. Under these circumstances, the opposite party Company prays that the petition may be rejected.

The points that arise for decision in this case are—

(1) Is the application under section 33A of the Act maintainable?

(2) To what relief is the petitioner entitled?

DECISIONS

Points Nos. 1 and 2

On 13th February 1957, the petitioner appeared personally and filed a petition praying for permission to withdraw the application under section 33A of the Act. He is permitted to withdraw the case. From the statements in the application, it does not appear that the application was maintainable, as no contravention of section 33 of the Act has been disclosed in the application entitling the applicant to file an application under section 33A of the Act. The application under section 33A is therefore, not competent and the petitioner is not entitled to any relief. The petitioner is also allowed to withdraw the case.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, filed by Shri Kailash Nath Trivedi, arising out of an industrial dispute between Messrs. Daily Lokmanya Press, 94/3 Chitpore Road, Calcutta, and their workman represented by Press Employees' Association, 249/B Bow Bazar Street, Calcutta, against the aforesaid Company. (Case No. 180 of 1956 under section 33A.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Union: Shri Surendra Nath Singh Roy, Pleader.

For the Company: Shri P. K. Ghosh, Advocate.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act by Shri Kailash Nath Trivedi, one of the workmen employed in the Messrs.

the Daily Lokmanya Press, Calcutta (hereinafter called the Company), against his employer, in which he alleged that he was wrongfully dismissed from service before the expiry of his leave on the 10th July 1956, i.e., within 30 days of the date of the publication of an award, in a dispute, between the parties, without assigning any reason whatsoever, and without express permission of this Tribunal. Shri Trivedi was in service for about two years as a permanent employee of the Press before his dismissal.

The opposite party, the Daily Lokmanya Press, contested this case alleging that it was not maintainable, that the termination of service, was automatic, due to overstay, of the leave granted to the employee, and that the work of the employee was not satisfactory.

Points for decisions are—

(1) Whether the complaint is maintainable?

(2) Whether the act complained of is justified?

(3) Whether the complainant is entitled to any relief?

Points 1 to 3

Shri Kailash Nath Trivedi is an employee of the Daily Lokmanya Press. He was Cashier of the Press and served in that capacity, for about 1 year and 9 months, before he went home, on leave for one month, with effect from 28th April 1956. His home is in village Rampur, post office Behar, district Unnao. He said he fell ill, at home, and applied for an extension of leave, for a further period of one month with a medical certificate in support of it. The application is Ext. A and the medical certificate, dated 31st May 1956 is Ext. B. Both were received in the opposite party's office. It is stated by opposite party that the leave was not allowed, as other arrangements were already made to fill up the leave vacancy, and as the work of Shri Trivedi was unsatisfactory, and that he was informed of that. At the same time, opposite party contended that the termination of service was automatic due to his overstaying the leave.

Shri Trivedi deposed, in support of his story of illness and filed medical certificate from his attending physicians in support of the story. He also filed copies of a second application for further extension of leave by 10 days with another medical certificate. He also filed a certificate of fitness when he reported for duty on the 7th day of July next. Shri K. S. Dwibedi, the Manager, comes with a different story, saying that Shri Trivedi was a temporary Cashier and that the permanent hand having turned up, from a leave of nine months was given his job and Shri Trivedi was dismissed for his bad work, while on leave. He said that he was also not granted any extension of leave whatsoever, and was informed not by any letter but by a casual messenger, who happened to be his co-villager. This is unworthy of credit, and I do not believe this evidence to be true. I find the complainant's case established, and that his complaint is maintainable. It is idle to contend, on the evidence and in the circumstances recorded above, that the termination was automatic, and that, therefore, no permission was necessary. In fact, the complainant was led to believe that his applications for extension of leave were granted by the Management. He did, what he was required to do in the circumstances. Therefore, by no stretch of imagination, the termination of his services can be said to be automatic. Shri Trivedi, being an employee of the Press was concerned in the previous dispute, which was in fact pending at the time of discharge. Therefore, the Management was under a legal obligation to ask for express permission of the Tribunal to dismiss him from service. This is so, even

when the employee's appointment is temporary, which of course, is not the case here. Further, the Management had dealt with this employee in a rough and ready manner, without giving him any opportunity to explain the charges now levelled against him. For all these reasons, I find that the termination of his service is wrongful and totally unjustified.

The employee is, since his dismissal, without any employment.

Normally, he is entitled to reinstatement with all the back wages including the leave pay, if any, due to his credit. I see no reason why, in the foregoing circumstances, he should not get that in this case.

He is reinstated in his former post and be paid all arrears of wages (including leave pay, if any, to his credit) for the period of unemployment minus the period of his leave. He will report to duty within 15 days of the publication of this award, and be paid all his dues, under this award, within one month of the date of its publication. I make this award in terms of above.

For the company: Shri P. R. Mukherjee, Advocate.

AWARD

The original reference, out of which the case under section 33A of the Industrial Disputes Act, 1947, has arisen, was made to this Tribunal by the Government of West Bengal, Labour Department, under order No. 1844Dis./D/11L-125/56, dated 11th May 1956.

The case of the petitioner, Shri Ram Krishna Bose is that he was holding the post of branch manager in the branch office of the company at Bhowanipore, but during the pendency of the abovementioned reference the company without taking permission from the Tribunal, transferred him as a ledger-keeper to the head office on a reduced salary. The transfer was illegal and *mala fide*. Not only it altered the service condition of the petitioner, but also it amounted to punishment, inasmuch as he was demoted from the post of branch manager to that of the ordinary ledger-keeper carrying lesser pay and dearness allowance. As all this was done during the pendency of the original reference before this Tribunal and without the express permission of the Tribunal, section 33 of the Act was infringed. Accordingly, the petitioner prayed for being restored to his original post of branch manager.

It is the contention of the company that the application under section 33A as made by the petitioner is not maintainable, inasmuch as the petitioner, who at the relevant time was acting as branch manager with power of supervision and control over the staff there, is not a "workman" within the meaning of section 2(s) of the Industrial Disputes Act, 1947. So the company asserts that the petitioner is not competent to make any application under section 33A. Regarding merits, the company's version is that the act of demotion as alleged was fully justified in view of the facts and circumstances. The management in exercise of its administrative functions has full authority to control its employees by meeting out suitable punishment in cases of deriliction of duties and misdemeanour.

It may be stated here that the petitioner has not yet joined the head office as ledger-keeper as directed. The company has accordingly filed an application under section 33 for permission of the Tribunal to dismiss the petitioner from service. The company's case in this respect is that this employee is guilty of gross misconduct by wilfully remaining absent on false plea and by refusing finally to join the post of ledger-keeper in the head office as directed. There was no justification for such refusal on his part, because he was given to understand clearly that he should join that post without prejudice to his right, if any. Inasmuch as he showed wilful disobedience in carrying out the lawful orders of the company passed in the interest of administration and discipline, his service requires to be terminated.

Both the applications, that is the application under section 33A as well as the application under section, 33 were taken up together and they were also heard together at the desire of the parties and also for the sake of convenience.

I shall first take up the application filed under section 33A by the employee concern, Shri Ram Krishna Bose. As stated already, the company's contention is that the Tribunal has no jurisdiction to entertain the application under section 33A, because the petitioner, who at the relevant time was working as branch manager at the branch office of the company with power of supervision and control over the staff there, is not a "workman" within the meaning of the Act. So, the question whether Shri Ram Krishna Bose was a workman at the relevant time within the meaning of the definition contained in section 2(s) of the Act as it stood then, is of vital importance. If he be found to be a "workman", then only it is to be considered whether there was contravention of section 33. If, on the other hand, it be held that he was not a "workman", the matter ends there. Neither the question whether section 33 was infringed would call for decision, nor can the merits of the case be gone into, for where an action or proceeding fails on the finding that the Tribunal has no jurisdiction, that Tribunal cannot assume an inconsistent position by entering into the merits. In the case of a complaint or application under section 33A, there is the additional ground why an opinion on the merits should not be expressed, where it is thrown out on the ground that it is not maintainable; for a rejection of a complaint under section 33A would not in law be a bar to a reference by the appropriate Government under section 10 of the Act to a Tribunal for adjudication of the selfsame dispute. I accordingly proceed to consider first the question whether Shri Ram Krishna Bose was at the relevant time a "workman" within the meaning of the definition contained in the Industrial Disputes Act, 1947.

Admittedly, Shri Ram Krishna Bose held at the relevant time the post of branch manager in the branch office of the company at Bhowanipore, which is far away from the head office of the company. The fact that he was demoted to the post of ledger-keeper and transferred to the head office is wholly irrelevant. The question to be considered is what post he was holding when section 33 is said to have been contravened. If it be found that he was holding a post of a supervisory nature and he possessed directional and controlling power, and essentially the duties performed by him were not, in the main, clerical, he cannot be held to be a "workman", and as such he is not entitled to present an application under section 33A complaining of contravention of section 33. Section 33 speaks of alteration of the condition of service of a workman and discharge or punishment of a workman during the pendency of any proceedings before a Tribunal in respect of any industrial dispute. It was not and could not be denied by the petitioner that he was working at the relevant time as branch manager

in the branch office of the company. What was contended by him is that though he was designated as branch manager, he had no absolute authority or power of management, and that he was discharging mainly duties of clerical nature. That being so, it is contended on his behalf that he should be deemed to be a "workman" within the meaning of the Act.

In a series of authorities, it has been laid down that the question whether or not an employee is a "workman" depends upon the nature of the work done by him and the degree of his responsibility. His designation does not matter. The question whether a person is a "workman" or not should be decided on the finding, as to whether he is mainly employed for clerical or manual work for hire or reward. Whether he is a supervisor, or exercises directional or controlling powers only supplies a negative test. That an employee, who is not an officer is necessarily a workman, is what is called in logic a fallacy in classification. There may be a third category. The proper classification of employees in an industry should be (1) workmen, (2) non-workmen, (3) officers and (4) non-officers.

Now let me consider the evidence that has been adduced in this case. Shri Ram Krishna Bose came to the witness box and has deposed. He has said—"Although I was appointed manager of the Bhowanipore branch, I had to do clerical works there, such as writing of cash book, sales book register, daily sales report and sale-tax declaration. I had also to handle cash in that branch. I had no absolute authority there. I had no power of management. There I acted under the Director Shri N. K. Bose, and had to act according to his instructions" On the side of the company, Shri Amulya Dhan Mukherjee, who is one of the Directors (O.P.W. 1), has deposed. He has stated on oath—"Shri Ram Krishna Bose was the Manager of our Bhowanipore branch. While employed as Manager, he had full supervisory capacity and control over the branch office and the subordinate staff employed there. He had also authority to issue cheques on behalf of the company".

The letter issued by the company appointing Shri Ram Krishna Bose as Manager of the Bhowanipore branch is Ext. 2. This letter shows that Shri Bose as Manager of the Bhowanipore branch was authorised to sign papers and do all other functions of the Manager. The letter (Ext. A) written by Shri Bose to the Chairman, Howrah Motor Accessories Agency (Private) Ltd., points to the direction that he was fully responsible for running the administration of the branch at Bhowanipore as Manager, and that is why he made complaint against the salesman and other staff of this branch. The said letter also indicates that he had the power of supervision and control over the branch office and the subordinate staff employed there. It has further transpired from the evidence of the petitioner himself that in this office besides the salesman, there were three other employees, and they were (1) Shri Dwipendra Nath Bose, (2) Shri Susanta Kumar Ghosh and (3) Shri Dayaram Kahar. So, it is evident that those employees worked under the branch manager, Shri Ram Krishna Bose, who had full control over them and exercised directional powers. I have no reason to disbelieve the evidence of the Director, Shri Amulya Dhan Mukherjee. The evidence of the petitioner that he was a notional Manager having no absolute authority or power of management, cannot be believed or accepted. Nor am I prepared to believe in the face of the positive testimony of Shri Amulya Dhan Mukherjee, who is one of the Directors, that Shri Bose, while employed as Manager of the Bhowanipore branch, had to act under the Director, Shri N. K. Bose or according to his instructions, as deposed to by the petitioner. On full examination of the evidence and facts in the present case, and bearing in mind the tests which have been laid down by

various decisions, I have reached the conclusion that in view of the nature of the duties performed by Shri Ram Krishna Bose, essentially and primarily his duty as branch manager was one of supervisory nature, and he possessed directional and controlling power not only over the administration and the day-to-day working of the branch office, but also over the employees working under him there. The clerical work, if any, that he had to do in connection with the writing of cash book, sales book register, sales report and sales-tax declaration, must be held to be only ancillary to his main duties as Manager. It was contended that as branch manager, he had no power to appoint, suspend, dismiss, fine or punish any employee working under him. But in my view, the non-conferment of such powers could not take him out of the category of an officer invested with the powers of supervision and control in the day-to-day working of the branch office. In the result, it is held that Shri Ram Krishna Bose was not a "workman" within the meaning of the Industrial Disputes Act, 1947, at the relevant time, that is when he was demoted from the post of branch manager to that of ledger-keeper in the head office. In this view of the matter, the application as presented by him under section 33A is not maintainable, and as such it should be rejected. It is awarded accordingly. Having come to the conclusion that Shri Ram Krishna Bose was not a "workman" within the meaning of the Act, it is not necessary for this Tribunal to go into the merits of the case.

Next I will deal with the application filed by the company under section 33 of the Act. This application, in my view, is maintainable. The employee concerned, Shri Ram Krishna Bose became a workman within the meaning of the Act, when he was posted as an ordinary ledger-keeper in the head office, because the duties of a ledger-keeper are mainly clerical. Admittedly, this employee was directed to join his duties as ledger-keeper in the head office on 20th July 1956 after making over charge of the Bhowanipore branch, but the petitioner has not joined his duties in that capacity in the head office as yet. It appears from the evidence that immediately after making over charge of the Bhowanipore branch office, he asked for leave for one month on the ground of his wife's illness. This leave was granted by the company. But this petitioner again asked for leave up to 30th September 1956 on the selfsame ground. The company further granted leave without pay up to 15th September 1956, and intimated to Shri Ram Krishna Bose that no further leave would be granted on this account. But inspite of this, the petitioner again asked for a long leave up to 31st October 1956. The management was unwilling to give this leave, and directed him to join office immediately by its letter, dated 13th September 1956. At this, Shri Ram Krishna Bose sent a medical certificate, and again prayed for 2 months' leave on medical ground. On receipt of this medical certificate, the management allowed him three weeks' leave without pay and made it perfectly clear that if any extension on medical ground was required by him, the company would get him examined by a qualified doctor, and would grant further extension only on his recommendation. Shri Bose wanted extension of leave and agreed to be examined by the doctor to be engaged by the company. Accordingly, on 27th October 1956 such medical examination of Shri Bose was held by the company's doctor in presence of Shri Bose's attending physician. Exhibit F is the true copy of the medical report. The doctors found the general condition of Shri Bose better, and he was encouraged to resume his ordinary work at an early date. Shri Bose instead of joining his duties even after the medical examination, wrote a letter to the management on 5th November 1956 stating that it would not be possible for him to join his duties and work in the post of ordinary clerk. He asked the management to reconsider his case and

reinstate him to the post, in which he was working. In reply to this letter, the management on 9th November 1956 sent a letter stating why and under what circumstances the management had to demote him. In that letter, the management made it perfectly clear that whatever might be the cause of his demotion, he was bound to carry out the orders of the management in joining his duties as ledger-keeper, subject to any remedy that he might have in Industrial Tribunal or Court of Law. Finally, the management in the said letter directed him to join as ledger-keeper in the head office within three days of the receipt of that letter, failing which his services would be terminated. Shri Ram Krishna Bose on 20th November 1956 in reply to this management's letter sent a letter stating that he was going for a change, and prayed for leave up to 15th January 1957. It is abundantly clear from what has been stated above that Shri Ram Krishna Bose was not willing to join in the post of ledger-keeper in the head office, in which capacity he was transferred there, inspite of repeated directions from the company to this effect. Even before this Tribunal, he had the temerity of saying that he was not willing to join in the post of ledger-keeper. This attitude of Shri Bose cannot be lightly viewed. He was an employee of the company, and as such his first and foremost duty was to obey the orders of the management. If an employee in this way can go on flouting and challenging the orders passed by the management in the interest of administration, no company can afford to run its business and maintain discipline. There can be no manner of doubt that Shri Bose wilfully disobeyed in carrying out the orders of the management. It cannot be said that the orders of the management directing him to join in the post of ledger-keeper in the head office were unreasonable or *mala fide*. The company made it perfectly clear that he should join the post of ledger-keeper without prejudice to his right, if any. So, if Shri Bose had any genuine or legitimate grievance against his demotion from the post of branch manager to the post of ledger-keeper, he could have very well taken the matter before the Law Court or before the Industrial Tribunal, after joining as ledger-keeper in the head office. But he did not do this. On the contrary, it appears that he kept silent over the matter of demotion for a long time. He made over charge as Manager of the Bhowanipore branch on 18th July 1956, and remained content by sending application after application for leave on this and that ground. After the doctors had found that his plea for not joining the post of ledger-keeper on the ground of illness was false, then and then only for the first time on 5th November 1956, he toop the plea that as he had been degraded on reversion, he must be reinstated to his former post, and gave ultimatum to the management that he would not resume his duties, until and unless he was allowed to act as branch manager. He wanted to revive a matter, which had a decent burial by the lapse of time and also by his own conduct. Not a whisper about this demotion was made by him, when he was directed to make over charge of the Bhowanipore branch. Nor did he lodge any protest even after getting the orders of transfer to the head office as ledger-keeper. On the contrary, he indulged himself in staying on leave on this and that ground. The management degraded him on the ground that he, as branch manager, did not allow a representative of Messrs. Kilburn and Co., Ltd., one of the biggest customers of this company, to use the office telephone of Bhowanipore branch, and that at this Messrs. Kilburn and Co., Ltd., threatened this company to stop business with them. The management after holding an enquiry and after giving Shri Ram Krishna Bose an opportunity to have his say in the matter, took this action against him. It is not the business or function of the Industrial Tribunal to sit on judgment over the decision of the management, in a matter like this. The management might have got materials for taking such an action. Furthermore, the scope of enquiry

under section 33 is very limited. The Tribunal may allow or reject the application, but it cannot substitute its own punishment. As held by the Hon'ble Supreme Court in the case of Atherton West and Co., Ltd (1953 L.A.C. 263), such enquiry should be confined mainly to ascertain if a *prima facie* case has been made out for punishment, and also if the employer, his Agent or Manager was actuated by any improper motive, or whether he resorted to any unfair labour practice. The Tribunal will only consider if the view taken by the management, is a possible view on the materials. The company's opinion as to the degree of seriousness of the misconduct was not one of the considerations laid down by their lordships of the Hon'ble Supreme Court, that can weigh with an authority under section 33 of the Industrial Disputes Act, 1947, in granting or refusing the permission sought for. The Tribunal is only called upon to decide whether there is a *prima facie* case, so as to justify the lifting of the ban imposed by section 33 on the normal power of the employer under ordinary law. In the present case, on a careful and anxious consideration of the materials available from the record, I am of the view that the action of the management from the time when Shri Ram Krishna Bose was ordered to be transferred in the head office and onwards, was not *mala fide*, nor was it prompted by any improper motive or extraneous consideration. On the contrary, it is clear from the materials, which have been discussed above, that Shri Bose was guilty of misconduct by not joining his duties as ledger-keeper and by refusing to carry out the lawful orders of the management passed in this respect. So a *prima facie* case has been made on it. In the result, permission is accorded to the company to dismiss Shri Ram Krishna Bose from service. So, the application under section 33 is accordingly allowed.

In the matter of a complaint under section 33A of the Industrial Disputes Act by Mrs. I. Templeton of 76 Theatre Road, Suite No. 12, Duke Court, Calcutta-17, against Messrs. Alfred Herbert (India), Private, Ltd., 13/3 Strand Road, Calcutta-1 (Case No. 121/56, under section 33A).

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retired), Judge, First Industrial Tribunal.*

For the complainant: None.

For the employer: Shri J. K. Ghosh, Advocate, of Messrs. Orr. Dignam & Co., Solicitors.

AWARD

The Government of West Bengal, in the Labour Department, by order No. 5042-Dis./D/11L-354/55, dated 13th October 1955, referred the industrial dispute between Messrs. Alfred Herbert (India) Private, Ltd., 13/3 Strand Road, Calcutta-1 and their employees represented by Alfred Herbert Employees' Union, regarding some matters specified in a schedule to this Tribunal for adjudication. The award on that reference was made on 19th November 1956 and was published in the *Calcutta Gazette*, on 6th December 1956.

On 4th July 1956 Mrs. I. Templeton applied under section 33A of the Industrial Disputes Act stating as follows:—

During the pendency of the Tribunal proceedings referred by the Government order No. 5042-Dis./D/11L-354/55, dated 13th October 1955, the Company opposite party without permission of this Tribunal, discharged the petitioner by a notice, dated 19th June 1956, with effect from 20th June 1956. The said action of the opposite party amounts to a contravention of section 33 of the Industrial Disputes Act and the petitioner, therefore, files this application under section 33A of the Act. The petitioner was appointed on 22nd March 1956 in a permanent vacancy. She served for a period of 89 days without any complaint from anybody. Without assigning any specific reason and on malicious pretext, the opposite party effected the termination of service of the petitioner in violation of the principles of natural justice. The underlying motive of the opposite party was her personal quarrel with Mrs. P. Baptist, who was very friendly with

Mr. Evrall, and for this extraneous matter which had nothing to do with the office and office work, Mr. Evrall called her in his office on 7th June 1956 and told her to resign, but as she refused, she was discharged only to oblige Mrs. P. Baptist. In the circumstances, the Tribunal should entertain this application and hold the action of the Company to be illegal, unjustified and *mala fide* and grant the relief of reinstatement with all back wages for the period of unemployment to the petitioner.

The Company, in its written statement, states as follows:—

The petition under section 33A of the Act filed by the petitioner is not maintainable in law, as it does not disclose any contravention of section 33 of the Act, and as the petitioner is not a party to any proceeding pending before this Tribunal. There has been no contravention of the provisions of section 33 of the Act. The petition filed by the petitioner contains various false, baseless, incorrect and malicious allegations. The opposite party by their letter, dated 17th March 1956, informed the petitioner that they were prepared to offer to the petitioner a post of a stenographer in their office, subject to three months' probationary period. The petitioner, by her letter, dated 19th March 1956, accepted the terms and conditions offered by the opposite party by their letter, dated 17th March 1956, and wished to join on Friday, 23rd March 1956. The opposite party by their letter, dated 22nd March 1956, confirmed the conditional appointment of the applicant with effect from 23rd March 1956, and in that letter the applicant was informed that—

(i) She was to be on probation for three months from the date of the appointment.

(ii) That the appointment may be confirmed within that period of three months or thereafter by the Company at its discretion.

(iii) The said appointment is subject to termination by one week's notice from either side or payment in lieu thereof.

(iv) The terms and conditions of appointment are set out in the letter of 22nd March 1956, from the opposite party to the applicant.

(v) The applicant by her memorandum, dated 23rd March 1956, accepted the said offer of employment as contained in the opposite party's letter, dated 22nd March 1956, to the applicant.

The applicant had not completed the said probationary period on the date her services were terminated. The opposite party denies that there was any promise to make her permanent within any period, as alleged. The services of the applicant were terminated with effect from 19th June 1956 by the letter addressed to the applicant of even date on the ground that neither the applicant's work nor her time-keeping was up to the standard that was required of her and that the opposite parties were not prepared to keep the applicant on their permanent staff. She was given one week's salary in lieu of one week's notice in terms of the opposite party's letter of appointment, dated 22nd March 1956. The petitioner accepted the termination of service and took payment of all her dues in full and final settlement of all her claims. The opposite party denies that any definite promise of better prospect in the opposite party's Company was given by Mr. Evrall or anybody of any authority as alleged, or that the applicant left any job only to join under the opposite party as alleged. The opposite party denies that the underlying motive of the opposite party behind any action of the opposite party was her personal quarrel with Mrs. P. Baptist or anybody else. The Company also denies the allegations made against Mr. Evrall or Mrs. P. Baptist as incorrect, baseless and malicious. The opposite party denies that the action of the opposite party is *mala fide*. It is, therefore,

claimed that the petition under section 33A was misconceived and should be rejected as not maintainable in law and on facts.

On the date of hearing on 15th February 1957, the petitioner did not appear and the case was heard in her absence.

The points that arise for decision of this case are—

(1) Is the application under section 33A of the Industrial Disputes Act maintainable?

(2) Is the petitioner entitled to any relief?

DECISIONS

Issue No. 1.—The reference of the dispute between Messrs. Alfred Herbert (India), Ltd. and their employees represented by the Alfred Herbert Employees' Union, was made by the Government of West Bengal on 13th October 1955. The petitioner was appointed as a stenographer on probation on 23rd March 1956. She was, therefore, appointed some time after the date of the reference of the dispute to the Tribunal. Under section 18, clause (d) of the Act, she was a person on whom the award made on the reference would be binding. She was, therefore, a workman concerned in the dispute within the meaning of section 33 of the Act. As will be discussed below in Issue No. 2, the petitioner was discharged within the period of her probation according to the conditions of service applicable to her in the letter of her appointment as a probationer. By her discharge during the pendency of the proceedings before the Tribunal, the Company did not violate clause (a) of section 33 of the Act. Clause (b) of that section, however, is of wider amplitude and in view of the fact that she was discharged without the express permission in writing of the Tribunal, it is to be taken that the Company had violated clause (b) of section 33. The application under section 33A of the Act is, therefore, maintainable.

Issue No. 2.—Although the application is maintainable, the Tribunal is to adjudicate on the complaint as if it were a dispute referred to it.

The petitioner did not appear at the hearing of the case. The opposite party was present and adduced evidence in support of their written statement opposing the petitioner's claim for reinstatement. O. P. W. 1 Mr. S. H. Heaton, Director and Secretary of the Company, deposed, and documents, Ext. A to Ext. D, were marked for the Company. It appears from the evidence that the petitioner was appointed on probation for three months as a stenographer with effect from 23rd March 1956. Exhibit A is the letter, dated 22nd March 1956, showing the terms of her employment. Exhibit A(1) is the letter by which the petitioner accepted these terms. Exhibit A(2) is the letter by which the witness settled the salary of the complainant on probation. Exhibit A(3) is the letter of confirmation by the petitioner in respect of the terms in Ext. A(2). Exhibit B is the report against the petitioner, showing that she was inefficient and was a bad timekeeper. Exhibit C is the letter of termination of the services of the petitioner from the Company, dated 19th June 1956. Exhibit D is the receipt of the petitioner, showing that on 19th June 1956, she received her dues in full and final settlement of all her claims against the Company. The witness states in evidence that the petitioner was never given any assurance of being made permanent at the close of her probationary period, and both Mrs. Templeton and Mrs. Baptist came under him in the discharge of their normal duties. The witness further states that he strongly denies the correctness of paragraphs 3(c) and 3(d) of the complaint of the petitioner, that Mr. Evroll was absolutely unconnected with the petitioner's appointment and discharge and that the witness was satisfied from his talks with

Mrs. Templeton and Mrs. Baptist that they made no allegation against Mr. Evroll over the discharge of Mrs. Templeton. It is also stated that the Annexure A to the petitioner's written statement is a result of a personal quarrel between Mrs. Baptist and Mrs. Templeton.

It appears that the petitioner was appointed as a stenographer on probation for three months. Her work was found to be unsatisfactory and her services were terminated on a week's notice, as agreed to in the letter of appointment, Ext. A. It is well-settled that it is the right of the employer after the termination of his probationary period to discharge the probationer, if in its opinion his services were not considered to be satisfactory (*vide* the case of Buland Sugar Co., Ltd., reported in 1952 L.A.C. 181). It has also been observed that apart from cases of victimisation, the management is the sole judge to decide whether the services of a probationer are satisfactory or not and that the Tribunal could not sit in judgment over the decision of the management in a matter of confirmation, where the management in not confirming him is not actuated by motives of victimisation or other ulterior motives. The Tribunal can examine the grounds on which the management refused to confirm as also other facts only for the purpose of seeing whether it was actuated by ulterior motives in not confirming him (*vide* case of Upper Ganges Valley Electricity Co., Ltd., reported in 1953 L.A.C., 127). There is nothing on record to suggest that the Company was actuated by unfair motives or by motives of victimisation, or any other ulterior motive in terminating the employment of the petitioner. The evidence on record clearly shows that she was badly reported by her superior officer and that was the cause of her discharge. The petitioner is not, therefore, entitled to any relief in this case.

There is a veiled suggestion against Mr. Evroll, a Director of the Company, in the written statement of the petitioner in the matter of her discharge. The suggestion has not been supported by any evidence and I find that this suggestion is entirely unwarranted and uncalled for. I do not find that Mr. Evroll had anything to do with the present matter regarding the discharge of the petitioner. O.P.W. 1, Mr. Heaton, was the official who was responsible for the appointment and discharge of the petitioner.

This issue is accordingly answered.

The petitioner is not entitled to any relief and the application under section 33A is rejected.

ORDER

No. 680I.R./D/10L-72/56.—4th March 1957.—Whereas under the Government of West Bengal, Labour Department, order No. 5154I.R./D/10L-72/56, dated the 1st December 1956, the industrial dispute between Messrs. And whereas during the pendency of proceedings before the said Tribunal, complaints were filed before it against the said Company by Serajuddin and fourteen other workmen of the said Company alleging that the said Company had discharged the said workmen concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of complaints under section 33A of the Industrial Disputes Act, 1947, filed by Md. Serajuddin and 14 others, represented by Bengal Motor Industry and Transport Workers' Union, 14 Moti Sil Street, Calcutta-13, arising out of an industrial dispute between French Motor Car Co. and their workmen referred under Government order No. 5154I.R./1-12/56 (Case Nos. 76/56, 85/56, 75/56, 78/56, 80/56, 73/56, 79/56, 72/56, 74/56, 77/56, 83/56, 82/56, 71/56, 84/56, 81/56).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Company: Shri S. C. Sen, Advocate.

For the Union: Shri N. D. Manna, Bar-at-Law, assisted by Shri Wazir Hossain, Secretary of the Union.

AWARD

These are complaints under section 33A Industrial Disputes Act, by Serajuddin and 14 others, named in the schedule below, all employees of the French Motor Car Company, Limited, Calcutta (hereinafter called the Company) against their employer for wrongfully discharging them from service, on 11th April 1956, without assigning any reason whatsoever, and without obtaining permission of the Tribunal, before which a dispute between the parties, was pending at the time of adjudication. The complainants stated that this termination of service was malicious and an act of unfair labour practice:—

Schedule

(1) Serajuddin.
(2) Oli Mohd.
(3) Sk. Ashed Ali.
(4) Sk. Nishir.
(5) Sk. Korban Ali.
(6) Sk. Ramjan Ali.
(7) Sk. Abdul Samad.

(8) Ram Avatar.
(9) Sk. Elahi Bux.
(10) Mir Juman.
(11) Usuf Ali.
(12) Dinabandhu Bera.
(13) Md. Abid.
(14) Jatin Pain.
(15) Abu Taher Khan.

The Company contested and contends among others, that the complainants were temporarily appointed with the distinct understanding that on completion of certain jobs their services would be automatically terminated. In fact, their services came to an end automatically on the completion of the said jobs. Accordingly, there was no contravention of the provision of section 33, and that the complaints are not maintainable.

Points for decisions are—

(1) Whether the complaints are maintainable?

(2) Whether the act complained of is justified?

(3) To what relief, if any, are the complainants entitled?

FINDINGS

The Union examined two witnesses and produced some documents, Exts. 1 to 1(c). The Company produced letters of appointments and discharge of these complainants along with the chart drawn up by the Works Manager with reference to the office records showing the dates of joining, dates of discharge and showing whether any of the complainants was made permanent or not. The appointment letter were subsequently taken back.

It would appear from the said chart that the following 10, out of the said 15 employees, were since made permanent by the Company, and that they are now continuing in the Company's service. They are all temporary hands at the time of alleged discharge, and were subsequently absorbed in the service permanently. Shri N. D. Manna, Counsel for the Union, therefore decided to withdraw these cases from the Tribunal, saying that he would, if necessary, failing an amicable settlement, take up the matter in another forum competent to dispose of it fully and finally.

The following 10 cases are, therefore, left out and treated as withdrawn :—

(1) Oli Mohammed.
(2) Sk. Nishir.
(3) Sk. Korban Ali.
(4) Ram Avatar.
(5) Elahi Bux.
(6) Mir Juman.
(7) Sk. Yusuf Ali.
(8) Dinabandhu Bera.
(9) Serajuddin.
(10) Abu Taher.

The case of Shri J. N. Pyne (Jatin Pyne) stands on an entirely different footings. He retired from service on superannuation in a year before he was re-employed on a purely temporary basis, against temporary jobs. He was paid all his dues on retirement. Accordingly, his complaint appears prima facie untenable. However, Shri N. D. Manna withdrew his complaint as well.

Of the remaining 4 cases, all except Ramjan Ali, have since been employed in the service of the Company. They are continuing as such.

The Company's case is that it employs from time to time temporary hands for executing temporary jobs on the understanding that the services would be automatically terminated on the completion of the job. The complainants, who were all such temporary hands, at the relevant time were discharged when the temporary works were completed. Therefore, the termination being automatic no express permission of the Tribunal would be required to give effect to such discharge. The legal position thus explained by Shri S. C. Sen, Advocate for the Company, is not challenged by Shri Manna. But the facts are challenged. Attempts at settlements of the 4 cases having failed, Shri Manna decided to withdraw the remaining complaints with liberty to raise the issue before a competent forum, should that become necessary. Shri Sen, however, assured the tribunal that the management would consider these cases and try to make these temporary men permanent as and when vacancies occur.

Regard being had to the fact that the scope of enquiry, on a complaint under section 33A of the Industrial Disputes Act is limited the tribunal allows the complainants leave to withdraw their complaints at this stage of hearing.

The complaints are permitted to be withdrawn, I make an award, in these cases, in terms of the above.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal*

Appearances.

For the Employees' Union: Shri R. N. Pyne, Counsel.

For the Workers' Union: Shri Ram Sen.

For the Company: Shri N. D. Manna, Counsel.

The Government of West Bengal, Labour Department, by its order No. 4106Dis./D/11L-409/55, dated 12th September 1956, referred the above dispute to this Tribunal for adjudication regarding the matters described in the schedule to the order of reference.

Notices were served on all the parties, who filed written statements setting forth their respective cases.

INTERIM AWARD

On 12th February 1957, that is just two days before the date of hearing of the case, the Company filed an application raising a preliminary objection regarding the jurisdiction of this Tribunal to entertain the present industrial dispute. It is stated in the said application that the industry in question, in respect of which the alleged industrial dispute has arisen, is an industry for manufacture and production of Heavy chemicals, and is a controlled industry within the meaning of the Industrial Disputes Act, 1947, as amended by the Industries (Development and Regulation) Act, 1951, and as such the appropriate Government to refer the said industrial dispute is the Central Government, and not the State Government. It is further stated that as the industry in question is carried on by or under the authority of the Central Government, the Central Government was the appropriate Government to refer the above industrial dispute. Accordingly, it is contended on behalf of the Company that the order of reference as made by the Government of West Bengal is *ultra vires* and bad in law.

As the preliminary objection raised on behalf of the Company touches the very foundation of the reference, the said objection has been heard first with due notice to the other parties before proceeding further into the adjudication of the case. This Tribunal had the advantage of hearing the learned Counsels on both sides at length in this matter, and also Shri Ram Sen, who appeared for the Workers' Union.

Learned Counsel for the Company has invited my attention to the fact that this Company carries on an industry engaged in the manufacture and production of Heavy chemicals, and that such an industry is covered by item No. (15) of the first schedule of the Industries (Development and Regulation)

Act, 1951 (Act LXV of 1951). It appears that clause (ee) of section 2 of the Industrial Disputes Act, 1947, was inserted by section 32 of the Industries (Development and Regulation) Act, 1951. Under that clause, "controlled industry" means an industry, the control of which by the Union has been declared by any Central Act to be expedient in the public interest. Section 2 of the Industries (Development and Regulation) Act, 1951, declares that it is expedient in the public interest that the Union should take under its control the industries specified in the first schedule of the Act. So, there cannot be any room for doubt that the industry of the present Company is a controlled industry within the meaning of clause (ee) of section 2 of the Industrial Disputes Act, 1947. The next question for consideration is, which is the appropriate Government "in relation to an industrial dispute concerning this industry". This is a question of vital importance in the present case. In other words, it is to be decided whether the Central Government or the State Government is the appropriate Government to make a reference in relation to an industrial dispute concerning this industry. In section 2(a) of the Industrial Disputes Act, 1947, appropriate Government has been defined. It appears that "appropriate Government" means in relation to any industrial dispute concerning an industry carried on by or under the authority of the Central Government or by Railway Company or concerning any such controlled industry as may be specied in this behalf by the Central Government....., the Central Government and in relation to any other industrial disputes, the State Government. Learned Counsel for the Company has accordingly voiced an argument that the appropriate Government in relation to an industrial dispute concerning this industry is the Central Government, and not the State Government, and as such the Government of West Bengal has no jurisdiction to make reference concerning such Industry. I have given my most careful and anxious consideration to the argument of the learned Counsel for the Company, but I am unable to accept the same. Section 32 of the Industries (Development and Regulation) Act, 1951, has amended section 2(a) of the Industrial Disputes Act, 1947, in the definition of the appropriate Government in relation to the reference of an industrial dispute to the Tribunal, and also has inserted clause (ee) in section 2 of the Industrial Disputes Act, 1947, defining what is meant by "controlled industry". Section 2(a) of the Industrial Disputes Act, 1947, has been so amended, as to show that "appropriate Government" means the Central Government in relation to an industrial dispute "concerning any such controlled industry as may be specified in this behalf by the Central Government". In the present case, the industry carried on by the present Company is no doubt a controlled industry. But in my view, the Central Government cannot be the appropriate Government in relation to the industrial dispute concerning this industry, until and unless this controlled industry was specified in this behalf by the Central Government. It is clear that in the absence of such specification, the State Government will be the "appropriate Government" in relation to such an industrial dispute. Nothing could be shown on behalf of the Company that the Central Government has ever specified itself to be the "appropriate Government" in relation to the present industry, though it is a controlled industry. According to the definition as given in section 2(a) of the Industrial Disputes Act, 1947, one of the conditions necessary for a reference by the Central Government is the existence of a dispute in an industry carried on under its authority, or concerning any controlled industry as may be specified in this behalf by the Central Government. The words "specified in this behalf" as mentioned in section 2(a) of the Industrial Disputes Act, 1947, emphasise the fact that it was not the intention of the Central Government to determine the means of settling all the disputes in respect of so many industries mentioned in the first schedule to the Industries (Development and Regulation) Act, 1951. It is reasonable to hold from the words "specified in this behalf"

as mentioned in section 2(a) of the Industrial Disputes Act, 1947, that the said words denote a further condition of a specification by which the Central Government reserves authority for itself to make a reference. In the present case, the Central Government has not specified the industry, to which the reference relates, as one reserved by it. In the circumstances, the Central Government cannot be held to be the appropriate Government to make a reference relating to the present industry. I may also say in this connection that although this industry is a controlled industry the Central Government only exercises the power of control as mentioned in the Industries (Development and Regulation) Act, 1951, and not otherwise.

In the result, the Tribunal holds that the Central Government is not the appropriate Government in relation to the industrial dispute in the present case, and the State Government is the appropriate Government in accordance with section 2(a) of the Industrial Disputes Act, 1947. That being so, the reference by the Government of West Bengal of the industrial disputes in question is found to be legal and valid. It is, therefore, decided that this Tribunal has jurisdiction to entertain the reference, and is quite competent to adjudicate on it.

The preliminary objection as raised by the Company is accordingly overruled.

Dictated and corrected by me.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, filed by Shri Dinanath Pandit and Shri Gaya Ram Bhakat, C/o Broadway Hotel Employees' Union, 7B Rani Rashmoni Road, Calcutta-13, in connection with an industrial dispute between Messrs. Broadway Hotel, P-34 Mission Row Extension, Calcutta-13 and their workmen, referred under Government order No. 5162I.R., dated 1st December 1956 (Case No. 68 of 1956).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Union: Shri J. Pandey.

For the Company: Shri B. K. Chatterjee and Shri K. R. Guha.

This is a complaint under section 33A of the Industrial Disputes Act by Shri Dinanath Pandit and Shri Gaya Ram Bhakat, two employees of Messrs. Broadway Hotel, Calcutta (hereinafter called Company), against their employers, for wrongful dismissal from service without proper enquiry and express permission from this Tribunal, where an industrial dispute between the parties was pending at the time. Shri Pandit was the President of the Union and Shri Bhakat was a member of the Executive Committee. It is alleged that they were victimised for their Union activities. The Company contests this case and contends that it is not maintainable on facts as also in law. The two employees were guilty of misconduct and were dismissed on proof of it.

Points for decisions are—

(1) Whether this complaint is maintainable?

(2) Whether the act complained of is justified?

(3) To what relief, if any, the complainants are entitled.

FINDINGS

Shri Pandit was a Dining-Hall boy. He is the President of the Union. He was negotiating a settlement of the dispute over demands put forward by the Union on behalf of the employees of the Hotel. He was dismissed by a letter, Ext. 6, dated 7th March 1956, on the ground of misconduct. This Union was formed in March 1955 and a charter of demands, Ext. 1, was sent on the 14th June 1955. Shri Pandit deposes in support of his complaint. He and Shri Bhakat went to the Hotel with coloured shirts, against the wishes of the Management, as no new Uniform in place of the old was supplied to them in spite of repeated requests. They were not allowed to do any work on that day and they went the next day again in the same dress, and later resorted to strike. This is admitted. At the intervention of the Police, an advance of Rs. 5 was paid to him and to Shri Bhakat and all the employees resumed their work. The other allegations made in the letter, Ext. 6, are denied. Shri Bhakat who was also a "Dining-Hall" boy was dismissed by letter, Ext. 14, dated the 7th March 1956. He denied the allegations made in the letter and said that he came on the 7th and did not come on the 6th March, which was his weekly-off day. He is at present working in the New Central Hotel. Shri Banerjee, Manager of the Hotel, speaks of the strike and of frequent absence of the two employees from duty as also neglect of duties by both, for which they were warned. He also speaks of a previous notice given a month earlier in

which "ultimatum" was given for termination of service at the end of the month. Both the employees denied the alleged notice. Curiously enough, there was no reference of this notice in the letter of dismissal. It is said that the strike was illegal, having taken place during the conciliation proceedings. There is nothing on record except the uncorroborated testimony of the Manager on the point. It is, therefore, not fair to accept it as true without further corroboration. The misconduct, arising out of it, was condoned when the Management allowed the two employees to work, after the strike was called off and settled. There is hardly any reliable evidence to prove the general allegations of habitual absence and neglect of duties levelled against both the employees. They were dismissed without giving them any opportunity to explain the charges made against them at the time when they as Principal Officials of the Union were carrying on negotiations for a settlement of the dispute before the Tribunal. Therefore, the dismissal was wrongful, for more than one reasons. It was against all principles of natural justice and made without express permission of the Tribunal who was in seisin of the matter in dispute. The interested evidence, on the Company's side, in the circumstances of the case, carries no conviction to any impartial mind. It may be safely presumed that the two employees were dismissed for their Union activities. This is *prima facie, mala fides* of the Management and evidence of unfair labour practice. For this alone, the dismissal in these two cases should be held to be unjustified.

The normal relief is, no doubt, reinstatement with all back wages. But then, the two employees are now working elsewhere, in a rather peaceful atomosphere, where their service appears to be more secure than in this Company. The feelings between the two parties, at this distance of time, after a hard fight before the Conciliation Officer and this Tribunal, can be easily guessed. In a small Hotel establishment, the reinstatement of these two employees would mean perpetuating a strife between them and the Management. It is, therefore, desirable in the interest of peace and harmony in the business that the two employees should not be reinstated. They should, however, be paid sufficient compensation for this wrongful loss of employment. Shri Pandit entered the service of this Hotel in 1949 and Shri Bhakat in 1947. Shri Bhakat is entitled to get higher compensation for longer period of service in the Hotel. He will be paid five and half months' wages and service charges as compensation and Shri Pandit will be paid four and half months' wages and service charges as compensation for wrongful dismissal from the service of this Hotel. The wages and service charges will be calculated at the rates payable on the date of dismissal. The payment shall be made within a month of publication of this award. This is my award.

ORDER

No. 725I.R./IR/7L-21/57.—6th March 1957.—Whereas under the Government of West Bengal, Labour Department, order No. 6061Dis./D/7L-14/55, dated the 22nd December 1955, the industrial dispute between Messrs. Thanmull Kanmull, 105 Old Chinabazar Street, Calcutta and one of their employees, Shri Ambica Kumar Chatterjee, 66/1 Shibpur Road,

Shibpur, Howrah, represented by himself regarding the matters specified in the schedule thereto was referred for adjudication to the First Industrial Tribunal;

And whereas the said First Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947) the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Thanmull Kanmull, 105 Old Chinabazar Street, Calcutta and one of their Employees, Shri Ambica Kumar Chatterjee, 60/1 Shibpur Road, Shibpur, Howrah, represented by himself (Case No. VIII-390/55).

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

The Government of West Bengal, in the Labour Department, by order No. 6061Dis./D/7L-14/55, dated 22nd December 1955, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Thanmull Kanmull, 105 Old Chinabazar Street, Calcutta, and one of their employees, Shri Ambica Kumar Chatterjee, 66/1 Shibpur Road, Shibpur, Howrah, regarding the matters specified in the following schedule to this Tribunal for adjudication.

SCHEDULE

(1) Is the dismissal of Shri Ambica Kumar Chatterjee justified? To what relief is he entitled?

Notices were issued on both parties, who filed written statements setting forth their respective cases.

The workman, Shri Ambica Kumar Chatterjee, in his written statement states that he was a senior employee of the firm and used to work as a Senior Assistant drawing a salary of Rs. 275 per month. The employees junior to him are still in the employment of the Company, but he was discharged with effect from 29th June 1955 without any notice. The workman did not avail of any leave during the service period and nothing has been paid to him in lieu thereof, and no other compensation has been paid to him at the time of terminating his services. In the circumstances, Ambica Kumar Chatterjee prays that the Company may be directed to pay the following compensation to him on account of termination of his service:—

	Rs.	a.
(1) Pay per year of service at Rs. 275 per month	3,162	8
(2) Pay for 3 months' leave due at Rs. 275 per month	825	0
(3) One month's notice pay	275	0
...	4,262	8

The Company, in its written statement, states as follows:—

The reference is bad in law inasmuch as the employee is not a "Workman" as contemplated under the Industrial Disputes Act. He was the Manager of the Company at the relevant time. The alleged dispute is not an industrial dispute but an individual dispute. There was a depression in the work of jute-baling and shipping and the business of the Company having been practically closed, the Company had to reduce its staff gradually. As there was no work for the Manager, which Shri Ambica Kumar Chatterjee was, he relinquished his service on receipt of one month's notice pay. He received the said amount in full and final satisfaction of his claim. It is false to allege that employees junior to him of his category were still in the employment of the Company. One part-time sweeper and one Durwan only are at present in the employment for the maintenance work of the *Gaddi*. No leave was due to him and he availed of leave as and when required and even availed more leave than was due to him. He is not entitled to any compensation, as he is not a workman under the Industrial Disputes Act, and as it was not a case of discharge by the Company. On a subsequent date, the Company reiterated its plea on the jurisdiction of the Tribunal to entertain this proceeding and it was pleaded that the order of reference *prima facie* indicates that the alleged dispute is not an industrial dispute within the meaning of the Industrial Disputes Act. The order of reference was wholly without jurisdiction of the Government and did not confer any jurisdiction to the Tribunal to entertain it and adjudicate upon it. This preliminary objection should be decided before proceeding any further in the matter.

It is, therefore, obvious that the Company has raised the plea of jurisdiction of the Tribunal to entertain the reference and a separate issue should be framed on this point.

The appearances for the parties were as follows:—

For the workman: Shri Patit Paban Pathak assisted by the workman Shri Ambica Kumar Chatterjee himself.

For the Company: Shri N. N. Das Gupta, Advocate.

The issues that arise for decision in this case are as follows:—

ISSUES

(1) Is the dispute referred to the Tribunal an industrial dispute within the meaning of the term in the Industrial Disputes Act?

Has the Tribunal jurisdiction to entertain the reference and adjudicate on it?

(2) Is the dismissal of Shri Ambica Kumar Chatterjee justified? To what relief is he entitled to?

AWARD

DECISIONS

Issue No. 1

The order of reference clearly shows that the dispute is between Messrs. Thanmull Kanmull and one of their employees, Shri Ambica Kumar Chatterjee, represented by himself regarding the matters specified in the schedule mentioned in the order of reference. It is, therefore, clear that the dispute is between the Company and a single workman. The question is whether a single workman can raise an industrial dispute within the meaning of the term in section 2(k) of the Act. The decision of the

Hon'ble Calcutta High Court in the case of J. Chowdhury *vs.* M. C. Banerjee (55 C.W.N. 256), and in the case of Bilash Chandra Mitra, reported in 1953(I) L.L.J., 337, show that a single workman cannot raise an industrial dispute within the meaning of the term in section 2(k) of the Act. The recent decision of the Hon'ble Calcutta High Court in 60 C.W.N. 856, in the case of the Bengal Club, Ltd., is also to the same effect. The Hon'ble Supreme Court in the case of Central Provinces Transport Service, Ltd. *vs.* Raghunath Gopal Patwardhan, reported in 1957(I) L.L.J., 27, observes that the preponderance of judicial opinion is clearly in favour of the view that a dispute between an employer and a single employee cannot *per se* be an industrial dispute within the meaning of section 2(k) of the Industrial Disputes Act, but it might become one if it is taken up by the Union, or a number of workmen." Although this observation of the Hon'ble Court is *obiter*, still *obiter* opinion of the Hon'ble Supreme Court is binding on all Courts. In view of the fact that the dispute raised by Shri Ambica Kumar Chatterjee has not been taken up by any Union or by a number of workmen, the dispute on the order of reference as referred to this Tribunal, is not an industrial dispute within the meaning of section 2(k) of the Industrial Disputes Act. It is open to a party to impugn an award on the ground that what was referred was not an industrial dispute, although the fact of its existence and the propriety of the reference were matters entirely for the Government [*vide* the decision of the Hon'ble Supreme Court in the case of State of Madras *vs.* C. P. Sarathy, reported in 1953(1) L.L.J., 174].

It is, therefore, clear that the dispute referred to the Tribunal by the order of reference is not an industrial dispute within the meaning of section 2(k) of the Act and the Tribunal has no jurisdiction to entertain it and adjudicate upon it, and it is awarded accordingly. AWARD

1. By order No. 5377I.R./D/10L-137/56, dated the 17th December 1956, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Deshpran Engineering Works, S. N. Ray Road, Shahpur, Calcutta-34 (now the factory has been shifted to 49/5 Bhukailash Lane, Kidderpur, Calcutta-23), and their workmen represented by Deshpran Engineering Workers' Union, 582 Diamond Harbour Road, Calcutta-34, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. On receipt of the reference summons in Form No. F was issued to the parties. Summons on Deshpran Engineering Workers' Union representing the workmen was returned as refused which was tantamount to service. Summons on Deshpran Engineering Works was, however, returned unserved with the remark 'closed'. Neither party appeared before this Tribunal.

3. The matters of dispute as stated in the schedule to the order of reference are as follows:—

(1) Whether the dismissal of the following workmen was justified:—

(i) Shri Birendra Nath Chatterjee, (ii) Shri Muktaram Das, (iii) Shri Panchugopal De, and (iv) Shri Kartick Chandra Sadhukhan. What relief are they entitled to?

(2) Whether the closure of the factory was justified? What relief are the following affected workmen entitled to:—

(a) Shri Bibhuti Bhusan Pal, (b) Shri Bilwa Ch. Barui, (c) Shri Birendra Nath Chatterjee, (d) Shri Muktaram Das, (e) Shri Sadhan Chandra Sarder, (f) Shri Kartick Chandra Sadhukhan, (g) Shri Kenaram Das, (h) Shri Rampada Das, (i) Shri Shyamapada Sarder, (j) Shri Nimai Chandra Naskar, (k) Shri Panchugopal Dey, (l) Shri Sukesh Chandra Pal, (m) Shri Gajendra Nath Paul, (n) Shri Dilip Kumar Chowdhury, (o) Shri Manmatha Nath Das, (p) Shri Bankim Chandra Dutta, (q) Shri Madan Chandra Naskar, (r) Shri Madan Mohan De, (s) Shri Sudhir Kumar De, (t) Shri Pulin Chandra Roy, (u) Shri Hiranmoy Dutta, (v) Shri Bijoy Kumar Kati, (w) Shri Prakash Chandra Biswas?

DECISION

Issues Nos. 1 and 2

The dispute arose out of closure of the factory as also out of dismissal of certain workmen. Deshpran Engineering Workers' Union representing the workmen or the workmen concerned did not appear before this Tribunal, nor did the employer Deshpran Engineering Works, which was closed. In the circumstances, I find that the reference has become infructuous and needs no adjudication.

It is awarded accordingly.

Dictated and corrected by me.

Judge.

II.—What relief by way of reinstatement and/or compensation are they entitled to?

Notices were issued on both parties, who filed written statements setting forth their respective cases.

The Bhagatpore Tea Estate of the Dooars Tea Co., Ltd., is situated in the extreme northern part of the Jalpaiguri district. The Estate covers an area of 1,300 acres under tea and employs about 2,000 workmen. According to the Company's statement, the Bhagatpore Tea Estate has been one of the unfortunate and unhappy places where the peaceful working of the place has been disturbed by a series of incidents, minor strikes and disturbances in 1954 and 1955. The situation deteriorated in the beginning of 1955, and the Company in its written statement states that in early

February 1955, a group of workers owing allegience to the Zilla Cha-Bagan Workers' Union called upon the workers to strike under threats of voilence if they refused. On the 5th February, pickets from this Union stopped labourers from going to their lawful tasks. The authorities were informed and the police after a careful investigation, decided to arrest a number of workers whom they considered to be trouble-makers. This was on the 13th February 1955, but a large number of workers prevented the police party from carrying out its duty and in the course of the affray, the police were assaulted. It was necessary to bring reinforcements from outside before the situation could be brought under control. It was on that day also that the Manager had a miraculous escape from a crowd of rioters who made an attempt to molest him, but he escaped serious injury. The police arrested a number of persons and a group was sent up for trial. Fifteen workers were convicted and sentenced to terms of imprisonment and appeals to the Sessions Court and the High Court were dismissed. These 15 workers were dismissed after a managerial enquiry. Thirteen others were also dismissed on a similar enquiry by the Manager. Thereafter the Management issued notices of discharge on the 19 workers mentioned in the order of reference on the ground that they were dependents or close relations of dismissed employees who could not be permitted to remain on the garden and who were to vacate their quarters in the Garden with their dependents and close relations, in view of the fact that both employment and dismissal are on a family basis according to the custom prevailing in this tea garden. The Union objected to this discharge of the 19 workmen and an industrial dispute arose. The dispute was taken up by the Labour Directorate for conciliation. As conciliation proceeding proved unsuccessful, the dispute was referred to this Tribunal for adjudication.

The Union, in its written statement, states as follows:—

On 15th February 1955 and on subsequent days, the Nagrakata Police arrested about 114 workers of Bhagatpore Tea Estate including all the officials of the Union on charges of rioting, but later on submitted charge-sheet against 15 persons only, who were tried and convicted on charges of rioting. On the said allegation, the Management suspended 44 workers and thereafter discharged 28 of them on 1st November 1955. Two days after, the Management dismissed 19 workers of the Garden, of whom 18 were women workers. The Management did not serve any formal notice of dismissal on them but simply informed them that their services were terminated and did not, therefore, allow them to have any work in the Garden. The workers were never informed that there were allegations against them, nor were they given any opportunity to refute the allegations, if any. No charge-sheet was given to any of them, nor any enquiry was ever held before the termination of their services. The Management had no reasonable ground for dismissal of the said workers. These workers were associated with trade union movement and many of them were relations of important officials of the Garden, who had all been victimised on 1st November 1955. The Union believes that the services of these 19 workers have been terminated out of sheer vindictiveness. The Union made a representation to the Labour Directorate against the dismissal of these workers, but the conciliation proceedings were fruitless, as the Management refused to reinstate these workers. The Union submits that the termination of service of these 19 workers is *mala fide*, illegal, unjustified and is in violation of the principles of natural justice. The workers are entitled to reinstatement to their services and to wages from the date of termination of their service till reinstatement.

The Company, in its written statement, states as follows:—

The Company is not antagonistic to Trade Unionism and would welcome and encourage a constitutional growth which not only sought to better the conditions of the workers, but also encouraged them to give a full day's work in return for the wages paid and amenities provided. Bhagatpore Tea Estate has been one of the unfortunate and unhappy places where the Management has been made the target of the tactics of irresponsible Trade Union leaders and for some time past, the peaceful working of the Estate has been disturbed by a small group of workers, who have been responsible for a series of incidents, minor strikes and disturbances, and who pursued a campaign of intimidation and victimisation. There were many such incidents in 1954. The situation deteriorated in the latter part of 1954 and in the early part of 1955, a group of workers owing allegiance to the Zilla Cha-Bagan Workers' Union, called upon the workers to strike under threats of violence if they refused. Loyal workers who objected were assaulted. On the 5th February, pickets from this Union armed with lethal weapons, stopped the workers from going to their lawful tasks, and those who had taken up their duties, were forced to abandon their work. The authorities were informed and the police, after a very careful investigation, decided to arrest a number of trouble-makers. This was on the 13th February 1955, but the labourers, armed with various types of weapons, prevented the police party from carrying out its duty. In the course of the affray, the police were assaulted and it was necessary to bring reinforcements from outside before the situation could be brought under control. On this day, the Manager had a miraculous escape when a crowd of rioters attempted to molest him while he was leaving his bungalow in his car, although his car was damaged. The police arrested a number of persons and a group were sent up for trial. Fifteen were convicted and sentenced to a term of imprisonment and appeal to the Sessions Court and the High Court was dismissed. The 15 workers were thereafter dismissed on a charge of riotous conduct after a separate managerial enquiry. It would be prejudicial to discipline if these workers who had been convicted of rioting were permitted to remain on the Garden. It was only coincidental that they were also prominent Union leaders and their adherents. The necessary corollary to the dismissal of the workers mentioned above under the circumstances described is that they vacate the Company's quarters, leave the Garden together with their dependants, and the obvious and natural conclusion is that the dependants or close relations should be discharged automatically. Both employment and dismissal are on family basis according to the custom prevailing in this Tea Garden, so that if one main member of the family is dismissed, he or she has to leave the quarters allotted to the family with their dependants or spouses as an implied term of employment and make room for another family to move in. The Management issued the normal notices of discharge on the workers concerned, stating the reasons for the action taken, and after having given due warning. The Company avers that under the circumstances the action taken in discharging the families of workers who had been convicted of riotous conduct for which they were sentenced to terms of imprisonment and who were subsequently dismissed, was justified. There is no alternative if the Management is to preserve peace on the Garden and to protect the labour force who must be allowed to go about their business in the normal way. The Company submits that reinstatement or any other relief should be dismissed and the workmen concerned are not entitled to any relief in the circumstances.

The appearances for the parties were as follows:—

For the Union: Shri Birendra Mohan Bose, Pleader, assisted by Shri Deva Prasad Ghosh, Secretary.

For the Company: Shri J. K. Ghosh, Advocate, of Messrs. Orr, Dignam & Co., Solicitors, Calcutta, instructed by Mr. G. A. Whitaker of Messrs. Gillanders Arbuthnot & Co. and Mr. A. F. A. Hayward, Manager.

The issues framed for the decision of the case are the same as those mentioned in the order of reference, and are as follows:—

II. What relief by way of reinstatement and/or compensation are they entitled to?

AWARD

DECISIONS

Issue No. I

Issue No. I relates to the termination of services of 19 workmen. All these workmen, except No. (8) Jambroo, are women workers, being wives or daughters of other male workers who have been dismissed for misconduct.

No. (8) Jambroo of Birshai, is a male worker, being husband of Bajari, who latter was convicted of rioting in the criminal case and was dismissed by the Manager. It transpired at the time of the hearing of the case that No. (16) Fulmani of Baley, daughter of Soma, was since dead. It will be noticed that every worker has been mentioned to belong to a Sardar. As for example, the first named worker Bario of Gosai means that the worker is Bario and her Sardar is Gosai, and she has been described as the wife of Mongroo. Mongroo is a person who was convicted of rioting by the criminal court and dismissed by the Management for riotous conduct in the Garden. We shall not, therefore, consider the case of No. (16) Fulmani of Baley, daughter of Soma, who was since dead. We are, therefore, left with 18 workmen in this issue, being 17 female workers and one male worker being No. (8) Jambroo of Birshai, husband of Bajari. It is the admitted case of both the parties that after the disposal of the criminal case ending in conviction of 15 persons, the Management held enquiry on the conduct of 44 workers and thereafter dismissed 28 of them on the charge of riotous conduct, including the 15 who were convicted and sentenced by the criminal court. Exhibit N is the judgment in G.R. case No. 107 of 1955, State *versus* Shibnath Oraon and 14 others under sections 147/186/224/225/332/149/342, I.P.C. The judgment was delivered on 22nd July 1955. It appears that Mongroo, Punai, Arjoon, husbands respectively of No. (1) Bario of Gosai, No. (2) Etowari of Punai, and No. (3) Niroo of Punai, Latia, father of No. (4), Jhario of Chutia, Rupchand, Jarnel and Ducha husbands respectively of No. (5), Jowni of Sukdeo I, No. (6) Jamuna of Bandhna II and No. (7) Charia of Jhirga and Bajari, wife of No. (8), Jambroo of Birshai, are 8 of the 15 workmen who were convicted in the criminal case by the judgment, Ext. N. The first 8 workmen of this issue are, therefore, wives, daughter and husband of 8 workmen who were convicted by the criminal court and thereafter dismissed by the Management. The other 10 workmen mentioned in this issue are dependants and close relations of 8 male workers who were dismissed by the Management in a departmental enquiry subsequent to the disposal of the criminal case. The Company issued notices of dismissal on the aforesaid 16 dismissed workers on 1st November 1955 and Ext. I is one of these dismissal notices, being the dismissal notice on Punai of Punai. This dismissal notice shows that Punai was being dismissed from service with effect from 1st November 1955, up to which date he would be paid his wages, that he was being dismissed as he had been found guilty of riotous conduct, for which he had been convicted and sentenced to six months' R.I. by the Subdivisional Magistrate, Jalpaiguri. He was given notice that in 14 days from the date of the notice his family must vacate the quarters they occupied, in default whereof the Management would take action to have them evicted. It was also stated that Punai and the members of his family would cease to draw ration from the date of the expiry of the notice, i.e., from 14th November 1955. The discharge notices which were issued to the 19 workers in question by registered post are Exts. G to G(18). These are in insured envelopes containing the wages, compensation and the money due to them in lieu of notice. A copy of one of these notices was filed and is Ext. H. The notices in the insured envelopes were on the same terms as Ext. H. Exhibit H was addressed to No. (10) Dasmi of Punai, wife of Siman. The notice states that whereas her husband has been dismissed from the service of the Estate for misconduct, and whereas such dismissal necessitates the vacation of the Company's quarters by his family, she is hereby informed that she is discharged from the services of the Dooars Tea Company with effect from 1st November 1955, up to which date, she will be paid her wages and any money due to her in lieu of notice. A statement of dues is also attached to the notice. This statement shows she was allowed compensation

to the extent of Rs. 107-9-3 pay and D.A. for October 1955, being Rs. 33-1-0, making a total of Rs. 142-10-3. The Union opposed the discharge of the workmen mentioned in the order of reference by such notices as Ext. H, consequent on the dismissal of the husbands or the fathers of the workers, and in one case the wife of the workers and assailed this conduct on the part of the Company as an unfair labour practice and victimisation for Trade Union activities. The Company claims to justify the discharge of these workers consequent on the dismissal of the main members of the family as a result of the general condition of the service of the workers of the tea gardens in the locality. P.W. 1 Punai Oraon deposed for the Union and documents Exts. 1 to 3 were marked for the Union. O.P.W. 1 Makhan Lall Roy, Head Clerk of Bhagatpore Tea Estate, O.P.W. 2 Mr. D. B. H. Moore, Labour Officer, D.B.I.T.A., Binnaguri, and O.P.W. 3 Satya Kinkar Biswas, Ration Clerk, were examined for the Company. Documents Exts. A to N were marked for the Company.

Documents Exts. 1, 1(a), 1(b) and 2 are judgments and orders in certain criminal cases, in which some of the workers were accused and in which the workers were discharged. These documents were produced to lend support to the statement of the Union in its written statement that in 1954 and 1955, the Management caused proceedings under section 107, Cr.P.C., and specific criminal cases to be started one after another against the President, Secretary and other officials of the Union, but all the proceedings and cases ended in the discharge of the accused persons. These documents merely justify the conclusion that there were proceedings in the criminal court between the Company and some of the workers in 1954; they are not, however, relevant for the purpose of the present enquiry.

It is an admitted fact that the 16 workmen, being Mongroo, Punai, Arjoon, Latia, Rupchand, Jarnel, Ducha, Bajari, Suka, Siman, Kolha, Bandhna, Soma, Ramoo, Fulchand and Siboo, were dismissed by the Management on a charge of riotous conduct in the Garden with effect from 1st November 1955. The first 8 were also convicted by the criminal court and sentenced to six months' R.I. Dismissal order, Ext. I, issued to one of these men, shows that he along with his family, was directed to vacate the quarters he occupied within two weeks from the date of notice. It is in evidence of O.P.W. 1 Makhan Lal Roy that similar notices were issued and served on all the other dismissed workers. Simultaneously with the issue of the notice of dismissal on these workers, notices of discharge were also issued on the wives or daughters of the dismissed men who were also workers in the Garden. Exhibit H, a notice of discharge on Dasmi of Punai, worker No. (10) in the order of reference, wife of Siman, shows that she was discharged from the service of the Dooars Tea Co. with effect from 1st November 1955, because her husband Siman of Punai had been dismissed from the Estate for misconduct and this dismissal necessitated the vacation of the Company's quarters by his family. It is also stated that she would be paid her wages and any money due to her in lieu of notice as per statement attached to the notice, which also shows that she was paid compensation. This compensation was obviously the compensation for her discharge. It is also in the evidence of O.P.W. 1 Makhan Lal Roy, that similar notices were issued on all the workers mentioned in the order of reference and these notices are Exts. G to G(18), which are insured covers containing also the money due to each of the workers in question. It is, therefore, clear that the 18 workmen mentioned in the order of reference were not discharged for any offence of their own. The Company's case is that inasmuch as all employment in the Tea Estate is considered to be on the family basis and quarters were allotted in the name of the head of the family and other amenities are allowed on the family basis, the

custom prevalent in the Tea Estate is that when the head of the family is discharged, the family goes along with him and has to vacate the quarters in the Garden. It is, therefore, the Company's case that as Mongroo and the other 15 workers were dismissed for misconduct, the workers mentioned in the order of reference, who were dependant members of the families of these dismissed workers, and occupied the same houses with them in the Garden, were discharged by the Company, so that the dismissed workers could vacate their houses in the Garden with their families.

O.P.W. 1 Punai Oraon, husband of Etowari of Punai, worker No. (2) in issue No. I, deposed for the Union. He says that he used to work in the Bhágatpore Tea Estate. He is the Secretary of the Garden Committee of the Union. His father's name is Baiju, who is also a worker in the Garden. His wife is Etowari. She used to work in the Garden before her marriage. Except Mongroo's wife Bario, worker No. (1) in issue No. I, all the other women workers had been working on the Garden before their marriage. Jhario, worker No. (4), has got her own quarters and she is unmarried. She does not live with her father, Latia. Charia, wife of Ducha, lives with her husband and mother-in-law, and the mother-in-law is still working in the Garden. One of Jamroo's sons, named Nundra, is still working in the Garden. Pusha, brother of Sukha, still works in the Garden. Sity, wife of Bandhna, did not live with her husband, who lived with another wife named Budhni. Ratni, wife of Ramoo, lives with her husband and mother-in-law, and the mother-in-law is still working in the Garden. These were the instances of relations of the workers mentioned in the order of reference who were alleged to be still working in the Garden and who lived in the same house with these workers. The witness also cited the instance of Gandoor Dafadar and Manga Baidar, who were dismissed by the Management and there was a Tribunal proceeding over their dismissal. It is stated that Gandoor's wife, Punai, lives in the Garden and is still working there, and Manga Baidar's wife Gulia, is also working in the Garden. In cross-examination, the witness states that Gulia, wife of Monga Baidar, does not live with her husband. It was also stated that Gandoor Tappo's wife Punai lives outside the Garden with her husband. The witness also states that Gandoor lives outside the Garden, but comes to his wife at night. In cross-examination, the witness admitted of another case in 1953 in regard to Monga, Baria and Ramu. He admits that they were dismissed by the Manager and they thereafter left the Garden of their own accord. The wives of these three persons used to work in the Garden and they also left the Garden. He admitted that he along with Mongroo, Arjoon, Latia, Rupchand, Jarnel, Ducha and Bajari, were convicted in a criminal case and sentenced to six months' R. I. each. These are the husbands or father of workers Nos. (1) to (7) and the wife of the worker No. (8) in issue No. I. Punai also admits that he got a slip for distribution of ration to his family. On this slip was noted the amount of ration allowed for the members of the family and any one of the family might go and collect the ration for the whole family. He also stated that he had a *khet* land before his dismissal and he got the *khet* land for the whole family, although there were three workers in his family.

O.P.W. 1, Shri Makhan Lal Roy, states that Mr. Hayward, the present Manager, joined in November 1949. There were two Tribunal cases between the West Bengal Cha Sramik Union and the Management and Mr. Hayward was the Manager during that time. The Sramik Union was the previous Union of the workers, of which the successor is the present West Bengal Cha-Bagan Workers' Union, which will be referred to, for the sake of brevity, as the Workers' Union. The Workers' Union has been functioning in the Garden for the last five or six years. The first dispute was

raised in regard to the main workers of a family and after that case was lost in the Tribunal, the Management terminated the services of the subsidiary members of the family and the whole family left the Garden without any objection. It appears that these heads of families in the first dispute were Monga Munda, Baria and Ramu. Exhibit D is the notice of dismissal given to Monga Munda in the first dispute. O.P.W. 1 states that similar notices were given to Baria and Ramoo. Exhibit D clearly shows that Monga Munda was to remove with his family and vacate the quarters he occupied and the members of his family were to cease to draw ration and pay from the date of the notice. In the second dispute, there were three workmen who were dismissed, viz., Gandor Tappo, Monga Oraon and Jitni. Although, Monga Oraon was dismissed for misconduct, his wife Gulia, was not discharged, because she was living separately from her husband since before the date of the dismissal. Dashmi, wife of Gandoor Tappo, was not discharged, because she was living separately from Gandoor since before the date of his dismissal. Jitni had no family. The witness then states that recruitment of workers is made on a family basis. This means that the condition of recruitment is that whenever a worker is recruited, the Management undertakes to take into employment all the members of his family above the age of 12, that he and his family will be given free medical attendance, *khet* land for the workers of the family and a house for the family to live in. The Company also provides for the ration of the family, which is distributed on a family basis. The house is registered in the name of the headman of the family. For the last two years, the Company supplies also firewood at the rate of one cart for each family, irrespective of the number of dependants. The headman of the family is also supplied free of charge, straw for re-thatching his house and this is shown in the books of the Company. The contract of employment of the dependants of the family is made by the Management with the headman of the family. When a young boy of the age of 12 or above comes for employment, the Company does not entertain his request, unless he is accompanied by his guardian or headman of the family. Exhibit A, being a bundle of recruitment *challans* commencing from 27th November 1945 to 30th March 1950, were filed to show that employment of workers in the Garden was always on a family basis. Each of these *challans*, shows the recruitment of a family consisting of husband, wife, and children or brother. The witness then states that if the headman of the family is dismissed for misconduct, the Company immediately issues discharge notices to the dependant workers. This is the custom in the Bhagatpore Tea Garden, and so far as his knowledge goes, this is also the custom of employment and discharge all over the Dooars area. He also states that if the dependant is dismissed for misconduct by the Management, he is allowed to stay in the Garden on the guarantee of the headman of the family for good behaviour. Exhibit B, the Housing Book, was filed and proved to show the list of headmen of different families occupying the houses of the Garden. In the first column, appears the name of the Sardars of different families. The second column shows the headman of the family and the third column shows the quantity of thatch allotted to each house. The house is represented by the head of the family in this book. Ration is distributed on family basis, for which the Company distributes *chits*. In regard to each ration *chit*, there are three columns—one for "large box", a second for "medium box" and a third for "small box". Each box indicates the number of workers in the family above the age of 12, who are considered to be adult workers for the purpose of ration. "Medium box" indicates the number of adult non-working dependants and the "small box" indicates the number of non-working children dependants. Exhibit C is the Ration Book with ration *chits*, Exhibits C(1) to C(4) showing how the calculation of ration is made

on the family basis. It is admitted by P.W. 1 that the whole ration for the family may be collected by any member of the family.

The witness further states that Jit Bahadur, a worker of the Garden, who was the head of his family, was found guilty of stealing tea from the factory and the Company wanted to dismiss him. He, however, resigned and wanted to go away from the Garden. The Company accepted his resignation on condition that he would have to leave the Garden with his wife, who was working in the Garden. Exhibit E is the resignation letter of Jit Bahadur, dated 4th July 1956. Exhibit E shows that Jit Bahadur agreed to vacate his house in the Bhagatpore Tea Estate and relinquish all further claims against the Tea Estate. He admits that the reason for his leaving the Estate is that he admitted the theft of 15 seers of tea sweepings and he would not return to Bhagatpore Tea Garden under any circumstances. The statement was signed by Jit Bahadur. The Work Register Book, Ext. F, shows the name of Jit Bahadur scored through with the endorsement "left for good". The name of Kaily, wife of Jit Bahadur, has also been struck off from the register, Ext. F, with the endorsement, "left forever". The witness also states from his memory that in 1951, the Company dismissed one Night Chowkidar, Wahed Ali, for stealing tea, and the service of his wife was also dispensed with. O.P.W. 1 also states that Gandoor Tappo lives at Banarhat. He states that 19 employees mentioned in issue No. 1 were discharged because the main members of their families were dismissed for misconduct. The dependants whose services were terminated by the Company were the only persons who were found to be residing with the headmen of these dependants when the headmen were dismissed. Baiju, father of Punai, was not living with Punai at the time of his dismissal. Baiju lives with his son Siman. Siman has also been dismissed for misconduct and his wife is Dashmi, the worker No. 10 in issue No. I. Siman was the headman of his family consisting of his wife. Exhibit C, the Ration Book, shows the name of Siman in family No. 198. The father Baiju has not been discharged, obviously because he is an independant worker. The family of Punai appears in family No. 203 in Ext. C. It consists of Punai and his wife Etowari, worker No. (2) in issue No. I. O.P.W. 1 states that Jhario No. (4), lives with her father, Latia, and she was found to reside with Latia at the time of his dismissal. He also states that Sity lives with her husband, Bandhna, and was in Bandhna's house at the time of his dismissal. Bandhna had two wives at the time of his dismissal, being Budhni and Sity. In cross-examination, the witness admits that all the 18 workers named in issue No. I were permanent workers. He also stated that the workers enjoyed D.A. and they were also given concessional foodstuff as a condition of service. Concession of foodstuff is calculated on the basis of attendance made by each worker. *Khet* land is allotted to the workers and the allotment of *khet* land depends on the work done by a particular worker during the plucking season. It was suggested in cross-examination that the Ext B, the Housing Book, was manufactured for the purpose of this case. This suggestion was denied and there is nothing on record to justify it. O.P.W. 2 is Mr. D. B. H. Moore, Labour Officer of D.B.I.T.A. His evidence is that he knows the basis of recruitment of labour in the Dooars and this is on a family basis. By recruitment on family basis, he means that the condition is that if a male member is recruited from the country with a family, it is the condition of recruitment that the wife and family are given employment on the Estate and the facilities such as free housing, free medical attendance, firewood and *khet* land, are given to the family. If the head of the family is dismissed for misconduct, it is the custom that the dependant workers will also be discharged. As evidence of custom, he produced the papers from Nedeem Tea Co., Ltd., which were on his file, Ext. K. He also states that from personal enquiries

from the Managers of Bhagatpore Tea Estate, Aivheel Tea Estate, Baradighi Tea Estate, Lakhipara Tea Estate, Chengmari Tea Estate and Jainti Tea Estate, he came to learn about the existence of this custom in those Gardens. Documents, Exts. L series, were filed to show the custom at Baradighi Tea Estate regarding the discharge of the dependant workers in consequence of the dismissal of the heads of families. It was suggested to the witness in cross-examination that the cases of Dilmaya and Neer Sardar, Sukra and Bandha Sardar of Chengmari Tea Estate under Nedeem Tea Co., shown in Ext. K, were pending before the Regional Labour Officer for conciliation, he said he had no knowledge of that. He admitted that he had no personal knowledge if the dependants of the dismissed workers of Baradighi Tea Garden, as shown in Ext. L, actually left the Garden. There is, however, no evidence to show that the cases of Dilmaya and others shown in Ext. K, are really pending before the Regional Labour Officer for conciliation. The question as to whether the discharged dependant workers in Baradighi Tea Garden, shown in Ext. L, have actually left the Garden is of no importance in relation to the question at issue. Exhibit L shows that the dependant workers were discharged consequent on the dismissal of the headmen of the families for misconduct. O.P.W. 3, Shri Satya Kinkar Biswas, is the Ration Clerk of Bhagatpore Tea Estate. He has been in the service of the Company for the last 38 years. He also proved that recruitment of labour in the Garden was on a family basis, as stated by the other witnesses. He also states that if the headman of the family is dismissed for misconduct, the dependant workers are also discharged. He prepared a statement, Ext. M, from his personal knowledge showing discharge of dependant members of families on dismissal of the head members in six cases between 1922 and 1940. He stated about these cases in his evidence and was also cross-examined by the learned Pleader for the Union.

It, therefore, appears from the evidence on record that in the Bhagatpore Tea Estate, recruitment of workers is made on a family basis and the family is given a single number in the books of the Company and the family gets a house to live in. There have been instances where when the head of the family was dismissed for misconduct, the other workers of the family had to leave with the head of the family. There is also evidence in this record to show that in some other Gardens in the Dooars area, as proved by O.P.W. 2, Mr. D. B. H. Moore, Labour Officer, D.B.I.T.A., that recruitment of workers are made on the family basis. The observation of the Labour Investigation Committee (1946) in the chapter of Plantations, states at page 80 as follows:—

> "Another interesting feature of recruitment in plantations is that the basis of recruitment is the family, that this is also true, to a smaller extent, of the mining industry and some of the unorganised industries like shellac, mica, etc., in which families work in teams."

The Report on the enquiry into the Cost and Standard of Living of Plantation Workers in Assam and Bengal by Shri S. R. Deshpande, a Member of the Labour Investigation Committee, at page 3 states that recruitment in plantations is made on a family basis. If we go earlier and refer to the Report of the Royal Commission on Labour (1929-31), we get the following interesting observations at pages 349-50 of the Report:—

> "Thus, like the factory industries, the plantations have depended for their development on a continuous flow of labour from tracts far afield. The bulk of the plantation labourers, coming from other provinces and speaking a number of different languages, have to work in areas whose peoples, languages and climates are foreign to them. This migration, which we have noted as being of cardinal

importance in industry, raises problems no less serious here, particularly in Assam. The causes which lead to this migration are essentially the same as those which we have detailed in our discussion of the factory industries, but there are at least two important points of difference. In the first place, the migration to the plantations does not involve a radical change of occupation. The plantation worker is drawn from agriculture and in agriculture, though of a different type, he remains. In the second place, whereas the factories offer employment mainly to men, the plantations are eager to secure women as well as men, and take children also. The factories ask for individuals; the plantations want families."

The employment of labour on a family basis in tea plantations is, therefore, not of recent growth but is probably as old as the industry itself, owing to the peculiar nature of the plantation industry. The learned Advocate for the Company advanced that this scheme of recruitment and the grant of amenities and house accommodation to the family in the Garden necessarily involves the discharge of the subsidiary members of the family on dismissal for misconduct of the main member and the family has to vacate the quarters provided, so that another family may be recruited and can move in. This is the basis of the Company's claim for the discharge of the workers referred to the Tribunal in issue No. I.

The learned Pleader for the Union pointed out that the evidence on record did not really point to any claim of employment of subsidiary members of a family through the head of the family, as suggested. It is suggested that the practice of appointment on a family basis only shows that the workers come in family groups, but this does not necessarily rule out a contract of employment with the other worker members of the family than the head. It is pressed that the contractual relations of the worker, e.g., the wife or the son of the family with the employer have no connection with their social relations and that each worker has a separate contract with the Company regarding his employment. The Industrial Disputes Act does not make any classification between one worker and another and all workmen have the same status and the same rights in relation to his employment under the Company. So far as the workmen in question are concerned, the Management has no allegations against them, except that their relations have been dismissed. These workmen are not really dependants of the relations who have been dismissed, because they do not depend upon thm for their subsistence. The evidence of the Head Clerk, O.P.W. 1, shows that the workers are all permanent, that they used to get the usual D.A., the usual food concessions depending on the work performed in the week, and the *khet* land allotted to the family was determined in accordance with the volume of the work given by the individual workers of the family at the plucking season. From these facts, it was pressed that each worker being the other members of the family than the head of the family, had an independent contract of employment with the Company, which could not be affected by the dismissal of the head member. It is pointed out that recruitment should not be confused with employment and that employment of each worker with the terms thereof is separate with the employer than that of the others. Secondly, it was argued that Gandoor's wife, Dashmi *alias* Punia, and Monga Baidar's wife, Gulia, were still living in the Garden, although Gandoor and Monga had left the Garden after their dismissal for misconduct. Thirdly, it was pointed out that no notice of discharge was served on the workers in question. The learned Pleader cited the decisions reported in 1953 L.A.C., 513, and 1954 L.A.C., 320, and pointed out the principles of law to be applied to the instant case.

From the evidence as discussed above and the observations of the Investigation Committees noted above, it appears that, generally in the Tea Estates in the Dooars region, and in particular in the Bhagatpore Tea Estate, appointments of workers have been made on a family basis. The scheme of employment is that when an adult worker is recruited, the Company undertakes to—

(a) take into employment the members of his family above the age of 12,

(b) give free medical aid to the workers and his family,

(c) allot *khet* land for the workers of the family to supplement their income,

(d) provide concessional ration for the members of the family and provide a house for the family to live in.

The house is registered in the name of the headman of the family. For the last two years, firewood is also being supplied to the family at the rate of one cart for every family. There have been instances in the Bhagatpore Tea Estate, as also in other Tea Estates in the Dooars area, where when the head of the family was dismissed for misconduct, the other workers of the family had to leave with the head of the family. The evidence on record shows that Dashmi, wife of Gandoor Tappo, and Gulia, wife of Monga Baidar, were not living with their husbands at the time of their dismissals for misconduct and, therefore, they were not discharged when their husbands were dismissed, and they vacated their houses. The evidence of O.P.W. 1 clearly states that only those subsidiary members of the family who are found to reside in the same house with the dismissed worker were discharged by the Company. The notice of discharge, Exts. G to G(18), which were sent by insured covers to the workers in question, were refused by them and were, therefore, duly served on them. The principles enunciated by the Hon'ble Labour Appellate Tribunal in the cases reported in 1953 L.A.C., 513, and 1954 L.A.C. 320, regarding the discharge of workers on notice only follow the principles enunciated by the Hon'ble Labour Appellate Tribunal in the case of Buckingham and Carnatic Co., Ltd., reported in 1952 L.A.C., 490. The Standing Orders, Ext. 3, provide for termination of employment and notice thereof to be given by the employer and workmen in rule 8. Rule 9 provides for the suspension or dismissal for gross misconduct and acts or omission which constitute gross misconduct. There is no doubt that the Management terminated the employment of the permanent workers mentioned in issue No. I, under section 8 of the Standing Orders by giving notice under that section. Paragraphs 8 and 9 of the judgment of Their Lordship at page 497 of the report of the Buckingham and Carnatic Company's case, show that in the case of discharge on notice or in lieu thereof, payment of wages for a certain period without assigning any reason under the Standing Orders, the Tribunal would be at liberty to examine the explanation offered by the employee and other circumstances for the purpose of seeing whether the employer acted with an honest purpose and if the termination of the service be held to be justified, no further question will arise, although in exceptional cases, there may be scope for giving compensation. These principles have been reiterated in the cases reported in 1953 L.A.C., 513, and 1954 L.A.C., 320. Applying these principles to the present circumstances, it appears that the discharge of a dependant worker on the dismissal for misconduct of the worker who is the head of the family and with whom the dependant lived has been the custom in this Gardon on account of the fact that appointment has been all along on a family basis, and the family is allowed to live in the house in the Garden and the Company has to make ration and

other arrangements for the family. In such circumstances, the discharge on notice of the wife on the dismissal of the husband for gross misconduct becomes a matter of necessity, if the husband cannot be allowed to stay in the quarters provided by the Company in the Garden. The Company has the right to refuse to permit the dismissed worker to stay on in the Garden and in the house allotted to him. In such circumstances, it is but proper that the wife or the daughter or other subsidiary members of the family who occupy the house with the dismissed worker, should be discharged on notice under rule 8 of the Standing Orders and asked to vacate the house, so that another family may be employed and put in the quarters so vacated. In such circumstances, discharge on notice under rule 8 of the Standing Orders of such subsidiary members of the family who live with the dismissed head of the family, will be a termination of service for an honest purpose, and should be supported by the Tribunal. All the instances in issue No. I referred to the Tribunal are those in which the male head of the family, either the husband or the father, was dismissed for misconduct and the wife or the daughter was discharged on notice under rule 8 of the Standing Orders, except in the case of worker No. (8), Jambroo of Birshai, who is the husband of Bajari. In this instance, Bajari, the wife, was dismissed for misconduct, as she was convicted in the criminal case and sentenced to six months' R. I. and her husband has been discharged by the Company under rule 8 of the Standing Orders. This case will be considered separately here below. With regard to the other cases, however—and they are 17 in number—15 of the workmen are wives of dismissed workers and 2 are daughters of dismissed workers. There can be no doubt that in all these cases, the termination of their services on notice under rule 8 of the Standing Orders, was done by the Company with an honest purpose and should be supported by the Tribunal. No question of violation of the principles of natural justice at all arises in the present case, in view of the fact that this consideration will have to be made in deciding the merits of the decision of the Management in relation to charges of misconduct against an employee which is mentioned in the third type of cases in paragraph 10 of the report of the case of Buckingham and Carnatic Company, Ltd., mentioned above. I do not find that in any of these instances, the Company was actuated by any unfair motives and there is no evidence to show that the Company resorted to any unfair labour practice or victimisation. Considering all these circumstances, it is decided that the Company was justified in terminating the employment of all the 17 workmen, being workmen Nos. (1) to (7), (9) to (15), and (17) to (19), mentioned in issue No. I of the order of reference.

In regard to worker No. (8), Jambroo of Birshai, husband of Bajari, it was pointed out by the learned Pleader for the Union that Bajari was not the head of the family and that when she was dismissed, her husband could not be dismissed. It appears in the evidence of O.P.W. 1 that if a dependant worker is discharged for misconduct, the Management dismisses him, but he is allowed to stay in the Garden on the guarantee of the headman of the family for the good behaviour of the dismissed dependant. According to the practice of the Company, therefore, in view of the fact that Jambroo, being the husband, was the head of the family and Bajari, the wife, was a dependant member, Bajari should be allowed to remain in the Garden on the guarantee of Jambroo for her good behaviour. In the present case, however, the Company chose to discharge Jambroo and asked the family to vacate their quarters in the Garden. The learned Advocate for the Company made a special appeal in regard to this case and stated that this step had been taken by the Company in view of the fact that the woman, Bajari, was convicted of riotous conduct in an incident in which the police were assaulted and the clerical and the supervisory staff of the

Garden were wrongfully confined. It is stated that the Company is prepared to pay for the repatriation of the family as a special case and that, Bajari should not be permitted to stay in her house in the Garden in the interest of industrial peace. It appears to me that in view of the offence that was committed by Bajari, no useful purpose would be served by taking a guarantee from her husband Jambroo for her future good behaviour. I would, therefore, consider that the discharge of Jambroo on notice under section 8 of the Standing Orders in the circumstances of the case was with an honest purpose. The Company shall, however, pay for the repatriation of the family, over and above the legal dues payable to Jambroo for his discharge. I award on issue No. I, accordingly.

Issue No. II

From what has been decided in issue No. 1, it is clear that the workers mentioned in issue No. I are not entitled to reinstatement. They are, however, entitled to compensation for termination of their employment and arrears wages. The Company is directed to pay to each of the 18 workers mentioned in issue No. 1 [except No. (16) Fulmani], their arrear wages, wages for two weeks in lieu of notice, and compensation, which shall be equivalent to 15 days' average pay for every completed year of service, or part thereof in excess of six months.

Worker No. (8), Jambroo in issue No. I, shall get an additional compensation for the repatriation of himself and his family. Exhibit D shows that Bhagatpore Tea Estate paid to Monga Munda transport expenses up to the limit of three months' pay in order to facilitate the repatriation or re-settlement somewhere else of himself and his family. It is, therefore, awarded that the Company shall pay to Jambroo an additional sum to the extent of his three months' wages for repatriation or re-settlement somewhere else of himself and his family. All payments as ordered above shall be made within a period of one month from the date of commencement of the operation of this award. I award accordingly on issue No. II.

ANNEXURE

In the matter of an industrial dispute between Messrs. K. C. Mullick & Sons Ltd., 77/13 Dhuramtola Street, Calcutta, and one of their employees, Shri Ram Chandra Bhattacharjee, represented by K. C. Mullick & Sons Workers' Union, 84/1A Bowbazar Street, Calcutta-12.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

Appearances:

For the employee: Shri A. K. Ghosh, President of the Union. Shri B. Ganguly, Executive Member of the Union.

For the Company: Shri J. C. Bagchi, Superintendent of the Company.

This reference made by the Government of West Bengal, Labour Department, under order No. 4140Dis./D/10L-110/56, dated 13th September 1956, relates to the discharge of Shri Ram Chandra Bhattacharjee by Messrs. K. C. Mullick & Sons Ltd.

The following issue has been submitted for adjudication:—

Whether the Management was justified in discharging Shri Ram Chandra Bhattacharjee? To what relief he is entitled?

AWARD

According to the narration in the written statement filed by the Union, this employee took initiative to represent the workers' grievances on various occasions before the employer on behalf of the Union, and on that ground he was in the bad books of the Company. On 20-3-56 he was arbitrarily discharged from service out of grudge for his trade union activities, although he was a permanent workman and had put in 11 years' faithful service under the Company. No written notice was served on him, nor was any reason given for his discharge. According to the Union, the discharge of this employee

was a glaring instance of victimisation and unfair labour practice. Accordingly, reinstatement with wages and compensation for the period of forced unemployment has been prayed for.

The Company in its written statement denied the allegations as made in the written statement of the Union. It stated that the Company had no grudge against the employee concerned, and the allegation that he was discharged out of improper motive, was not at all true. Shri Ram Chandra Bhattacharjee was employed as a vice-man under this Company till 19th March 1956, and he used to get wages at the rate of Rs. 1-13-6 per day on the basis of "No work no pay". On 21st March 1956 he approached the authorities of the factory at Dharamtola Street, and expressed his intention to resign from service, as he secured a job elsewhere carrying higher wages. The factory authorities referred him to the Secretary in their Head Office at Chitta Ranjan Avenue. Accordingly, he approached the Secretary with his offer of resignation from service, and pleaded before him that he was not in a position to manage his expenses with the emoluments that he was earning from this Company. He further stated that as he had to attend the factory from Madhyamgram in the district of 24-Parganas, which was a long way off from the factory at Calcutta and took longer hours to reach his place of work, he was on the look-out for a better job elsewhere, and having secured such a job, he intended to resign from service under this Company, and prayed for payment of his dues and a certificate of service. The Secretary accordingly allowed his prayer, and accepted his resignation. He also issued a certificate of service in favour of Shri Bhattacherjee on 21st March 1956. Hence, it is the contention of the Company that this was not a case of discharge, but it was a case of voluntary resignation from service by the employee himself, and as such he was not entitled to get any relief under the Industrial Disputes Act, 1947.

As usual, the plea has been taken by the Union that Shri Ram Chandra Bhattacharjee was an active member of the Union, and took initiative to represent the workers' grievances on various occasions before the employer on behalf of the Union. But it is interesting to note that Shri Ram Chandra Bhattacharjee, the employee himself has nowhere in his evidence stated so. All that he has said is that he is only a member of the Union. It could not be shown or proved by the Union that he was a live-wire imparting to the Union dynamic momentum. So, the version of the Union that Shri Bhattacharjee was victimised because of his participating in the activities of the Union, cannot be believed. There is also the evidence of Shri Jogesh Chandra Bagchi, Superintendent of Messrs. K. C. Mullick & Sons Ltd. in this respect. He is O. P. W. 1. He has stated that they were not aware of any union activities of Shri Bhattacharjee, nor did they know that he was a leader of the Union. He further stated that this employee never approached the Management on any occasion with any grievance on behalf of the workers. Finally, he stated that it would be false if it was said that Shri Bhattacharjee was victimised for his union activities. In the face of this evidence coupled with the statement of the employee himself, it was futile for the Union to contend that Shri Bhattacharjee was sacked, simply because of his participating in the activities of the Union.

As stated already, the version of the Union is that this employee, Shri Ram Chandra Bhattacharjee was discharged all on a sudden by the Management on 20th March 1956 without any notice and without any reason being given. The Company has stoutly denied this allegation. The version of the Company, on the other hand, is that this employee tendered resignation in the expectation of getting a better job elsewhere. According to the Company, Shri Bhattacharjee tendered resignation on the ground that he

could not manage his expenses with his meagre emoluments that he was getting from them, as he had to come daily from Madhyamgram in the district of 24-Parganas, which was a long way off from his place of work at Calcutta. Now it is for this Tribunal to consider which version is true. On the side of the Union, the employee concerned has deposed, while Shri Jogesh Chandra Bagchi, who is Superintendent deposed on behalf of the Company. O. P. W. 1, Shri Jogesh Chandra Bagchi, has stated that Shri Ram Chandra Bhattacharjee used to get wages while employed in their *Karkhana* at the rate of Rs. 1-13-6 per day on the basis of "No work no pay." The employee concerned has admitted this in his cross-examination. He has clearly admitted that he used to get Rs. 1-13-6 per day on the day he worked, and that he did not get anything on which day he did not work. That was the condition of his service while he was employed in this Company. Admittedly, Shri Ram Chandra Bhattacharjee used to reside at Madhyamgram in the district of 24-Parganas, which will be about 11 miles off from Calcutta. He used to come daily from Madhyamgram for working in this Company, and for this it took long hours to reach his place of work. It also stands admitted that on 21st March 1956, a certificate was granted to him by the Secretary of this Company about his attainments as vice-man under them. It is Ext. A. It has further transpired from evidence that since December 1956, he was working as vice-man in a factory at Belghurria, which is near about his place of residence at Madhyamgram, and in that factory he is getting Rs. 2 per day as his wages. Behind the back-ground of these admitted facts, the present case should be judged. I have given my careful and anxious consideration to the oral evidence as led by the parties in the instant case. I had also the opportunity of seeing the demeanour of the witnesses examined. I am disposed to accept the evidence of O. P. W. 1, Shri Jogesh Chandra Bagchi, Superintendent of the Company, in preference to that of P. W. 1, Shri Ram Chandra Bhattacharjee, as the evidence of O. P. W. 1 appears to be worthy of credit, in view of the admitted facts and circumstances as discussed above. O. P. W. 1, Shri Jogesh Chandra Bagchi, has deposed in a very straight-forward manner, and his deposition bears the stamp of truth. In my estimation, Shri Ram Chandra Bhattacharjee, the employee concerned, has not spoken the real truth. Therefore, I am led to hold that Shri Bhattacharjee was not discharged by the Company as alleged, but he himself threw up the job under this Company of his own accord, with a view to secure a better job elsewhere. He indeed experienced difficulties in working in this factory from his residence at Madhyamgram. The wages that he used to get from this Company, which were Rs. 1-13-6 per day on the basis of "No work, no pay", were too inadequate for him to meet his travelling expenses as well as his family expenses. So, the job in this Company had no charm or attraction for him. Naturally, he was on the look-out for a suitable job in a factory near about his place of residence Madhyamgram. He got scent of such a job and accordingly approached the Management on 21st March 1956, when he expressed his intention to resign from service of this Company, and prayed for a certificate from the Company that might help him in securing the job elsewhere, which he was expecting to get. Exhibit A is the certificate that was granted to this employee, and it is dated 21st March 1956. This certificate, in my estimation, corroborates the version of the Company to a great extent. No Company can afford to grant such certificate to an employee, who is really discharged arbitrarily or for union activities. Nor can it be believed that such an employee would ever approach the employer for a good-conduct certificate like this. If, in fact, he was discharged illegally and unlawfully by the former. An employee in such a situation would be seething with indignation and harbouring grudge against the employer.

On a consideration of the facts and materials, it is decided that Shri Ram Chandra Bhattacharjee, the employee concerned was not discharged by the Management as alleged, but he himself threw up the job of his own accord. As it was a case of voluntary resignation, it is out of bounds of the Industrial Disputes Act, 1947. The employee concerned is not, therefore, entitled to get any relief from the Tribunal.

For the employee: Shri Kiran Chandra Mitra, Advocate, Shri Sudhansu Kumar Chanda, Secretary of the Union.

For the Company: Shri N. K. Mukherjee, Advocate.

This reference made by the Government of West Bengal, Labour Department, under order No. 4051Dis./D/11L-306/55, dated 10th September 1956, relates to suspension of Shri Phanindra Nath Das by Messrs. Hindusthan Lace Manufacturing Corporation Ltd.

The following issue has been submitted to the Tribunal for adjudication:—

Is the suspension of the employee, Shri Phanindra Nath Das, for an indefinite period justified? To what relief is he entitled?

AWARD

It is the contention of the Union that the case of the employee concerned was a glaring instance of victimisation and unfair labour practice, simply because he happened to be an active member of the Union. The Management in order to check his career and to get rid of him fabricated a case, and drew up a charge-sheet against him. The charges were baseless and *mala fide*. The employee concerned sent a reply stoutly denying the charges. But the Management without any proper enquiry and without even caring to verify the employee's statement as contained in the said reply, kept him under suspension for an indefinite period, and ultimately passed an order of dismissal. Reinstatement with wages for the period of forced unemployment was prayed for.

The Company denied the knowledge of this employee's association with the Union and his so-called Union activities. It was stated that his suspension and subsequent dismissal were *bona fide*, and were not due to any unfair labour practice, victimisation or ulterior motive. He was charge-sheeted for misconduct, and a proper and regular enquiry was held in his presence, after giving him due notice of it. The principles of natural justice were scrupulously observed in the conduct of that enquiry. Shri Phanindra Nath Das, the employee concerned, was a workman under the Company, and on 25th November 1955 he damaged a considerable quantity of yarn from properly wound bobbins intended for use in the loom. When an explanation was demanded from him regarding it by the Director, he flared up. He not only used insulting language to the Director, but also threatened and intimidated him with dire consequence. Thereupon, a charge-sheet was served calling for his explanation as to why he should not be dismissed/suspended/fined on ground of misconduct. He was suspended from work with immediate effect till his explanation was finally decided by the Management. Explanation being submitted, the employee concerned was directed to appear at the enquiry on 29th November 1955. As he refused to take notice of the enquiry by hand, a fresh notice was sent to him by registered post fixing the date of enquiry on 1st December 1955. The employee failed to appear in response to this notice. So, another notice was sent to him by registered post giving a further chance. The enquiry was duly held on 7th December 1955 in presence of the employee concerned. At the enquiry, three witnesses were examined, and they were offered for cross-examination by the employee, but he refused to do so. The statements of the witnesses recorded were read over and explained to the said employee by the Enquiring Officer. The latter after having been fully satisfied from the materials before him, found the employee concerned guilty of the charges levelled against him, and decided to dismiss him with effect from 26th November 1955. But as proceedings in connection with an industrial dispute existing between this Company and its workers were pending then before the Fourth Industrial Tribunal, the Management was not in a position to give effect to it forthwith. So, pending permission from the Tribunal, the employee concerned was kept under suspension, and an application under section 33 to that Tribunal praying for permission to dismiss him was duly presented. The Fourth Industrial Tribunal gave its award, which was duly published in the *Calcutta Gazette*, dated 19th April 1955. The said Tribunal, however, did not deal with the application under section 33 made by the Company. As on the expiry of the 30 days

from the date of publication of the award, the Tribunal became *functus officio*, the Management informed the employee concerned that the order of suspension was automatically vacated, and the order of dismissal with effect from 26th November 1956 stood in order.

It has come out no doubt at the time of hearing that the employee concerned, who was kept under suspension, has since been dismissed. But I may say straight-way that the question of dismissal of the employee is not an issue for adjudication before me. The issue formulated for adjudication in the order of reference is regarding his suspension only for an indefinite period. The Tribunal must, therefore, confine its attention to the question of suspension only, and give its verdict whether the said suspension was justified or not. Regard being had to the scope of the issue as submitted for adjudication, it is clear that the Tribunal has no jurisdiction to go into the question of subsequent dismissal of the employee or to express any opinion about it. If it does so, it will be transgressing its limits. In this view of the matter, the Tribunal refrains from discussing anything regarding the propriety or otherwise of the dismissal of this employee from service.

I must, therefore, decide in the instant case whether the suspension of the employee concerned for an indefinite period was justified or not. The facts leading to such suspension are relevant and require to be scrutinised. Shri Phanindra Nath Das, the employee concerned, was at the relevant time, a workman in the Loom Department of the Company. It is said that on 25th November 1955 at about 11 a.m. when the proprietor entered the factory, he found Shri Phanindra Nath Das throwing away some quantity of yarn from bobbins. The proprietor picked up the same, and found that the said yarn was serviceable and could be used in the loom. So, he asked Shri Das why he was wasting the yarn in that way. At this, Shri Das flared up and misbehaved with the proprietor. He threatened and intimidated the proprietor, and left the factory in an excited mood. For all these, Shri Das was charge-sheeted, and a copy of the charges levelled against him was delivered to him. He was placed under suspension pending enquiry. He gave an explanation to the charges, and an enquiry was held on 7th December 1955 in presence of the employee concerned. At that enquiry, two workers who saw the incident and the said proprietor and Director of the Company were examined. The Management was satisfied from the materials available that the charges against the employee concerned had been proved. So, it decided to dismiss him from service pending permission of the appropriate Tribunal, before which proceedings of a reference were pending then, and kept him under suspension till such permission was obtained.

The first question that requires to be determined is whether the enquiry, which was held by the Management on December 7, 1955, was a fair one, and whether the Works Manager, who held the enquiry, observed the principles of natural justice in the conduct of that enquiry. From the materials placed before the Tribunal, I feel no hesitation in saying that no principles of natural justice were violated. The employee concerned was admittedly served with a copy of the charge-sheet. Due notice of the enquiry was also given to him. He attended the enquiry, and in his presence the witnesses were examined. The statement of each witness after it was recorded, was read over and explained to him, and he was asked to cross-examine the witnesses, but he declined. The Works Manager, who deposed in this case, has also stated that he asked Phani Babu to produce witness, if he had any, at that enquiry, but he refused. If such full and free opportunity was given to the employee concerned to defend himself at the enquiry, it could not be said that the enquiry was anything but fair.

I think, it is not open to the Union, having regard to the attitude, which the employee adopted at that enquiry, to urge that the enquiry was not fair or impartial, or that the principles of natural justice had been violated by the Works Manager in the conduct of the enquiry. In view of what has been stated above, it is extremely difficult to accept the statement as made in the written statement of the Union that the enquiry "was a make-believe one with no intention to do justice".

In this connection, I may incidentally observe that such suspension as complained of could not strictly be deemed to be a punishment of the workman, as such suspension would only be an interim measure, and would last till the application for permission to punish the workman was made and the Tribunal had passed orders on it. Such suspension would, of necessity, be of an indefinite duration, because to get a written permission of the Tribunal would mean delay. Orders for suspension are meant only as security measures or precautionary ones taken in the interest of the industry itself. These measures are sometimes called for immediately after an incident, and any delay might defeat the purpose, for which such measures are intended. It would, therefore, be necessary to adopt these measures immediately and to suspend the workman pending the enquiry as also the permission to be obtained from the appropriate Tribunal for dismissing him, if as a result of the enquiry the Management thought it fit to inflict such punishment on him. The suspension, however, would not be a punishment by itself.

Be that as it may, let me now revert to the issue as framed for adjudication in the present case. I have already stated the facts leading to the drawing up of charge-sheet against the employee concerned. A copy of the charge-sheet has been produced, and it is Ext. A. The charges levelled against him were that the Management found on the spot a considerable quantity of wastage of yarn from properly wound bobbins of yarn intended for the consumption of the loom, and that when he was asked to explain the reason for the same, he took a formidable attitude against the Management, and had an altercation thereby disturbing the industrial peace and discipline. The explanation in reply to the charge-sheet that was submitted by the employee concerned is Ext. B. He no doubt stated in that explanation that the charges levelled against him were absolutely baseless. His contention was that they were using yarn from cones and not from bobbins for the last one month. This explanation of the employee concerned was not accepted by the Management, as it appeared to be unsatisfactory. So, an enquiry was held on 7th December 1955. In that enquiry three witnesses were examined, and they were two workers of the Company who saw the incident and the Director himself. The statements of all these witnesses have been produced before the Tribunal, and they are Exts. G-series. It appears from the said statements that this employee, Shri Phanindra Nath Das, threw away some quantity of yarn from bobbins, which was picked up by the Director, Shyamlal Babu, from the floor, and that when asked by Shyamlal Babu as to why he was causing loss to the Company unnecessarily in this way, the employee concerned flared up and misbehaved with him. It also appears from the said statements that in a fit of anger, he left the factory threatening and intimidating the said Director by using the following words:—"*Apnake bahire dekhe nebo*". "*Apnar Companyke bando kore dibo*". It further transpires from the statement of Shyamlal Babu, who is Director of the Company, that the

yarn thrown away by the employee concerned from the bobbins, was found to be serviceable. Before the Tribunal, one of the workers who were examined at the enquiry, deposed, and he is O.P.W. 2, Shri Dulal Chandra Chakrabarty. He has stated that on 25th November 1955 at about 11 a.m. when the proprietor entered the factory, he, finding some yarn thrown out from bobbins, picked it up, and asked Phani Babu as to why he was wasting the yarn in that way. At this, Phani Babu flared up and threatened the proprietor that he would bring about closure of the factory. He also intimidated the proprietor that he would break his head, when he (the proprietor) would go outside. I do not see sufficient reason to disbelieve the evidence of this witness—Shri Dulal Chandra Chakrabarty. Nor do I find any cogent ground to brush aside the statements of the witnesses, who were examined in the enquiry proceedings. It is no doubt true that Shyamlal Babu, the Director, has not deposed in this case before the Tribunal. But in my view, it does not matter much, because his statement recorded at the time of enquiry, has been produced and proved before the Tribunal. He would have stated before the Tribunal what he had already said at the enquiry. Regarding the explanation of the employee concerned, that the source of yarn at the relevant time was cones and not bobbins, it cannot be accepted. The Works Manager (O.P.W. 1) has denied this emphatically in his evidence before the Tribunal. Furthermore, it will be evident from the slips (Exts. O-series), which are admittedly written in the handwriting of the employee concerned, that the source of yarn at the relevant time was not strictly cones. The source of yarn from bobbins also at the relevant time, cannot be ruled out altogether. I am unable to disbelieve the statement of the Director, Shyamlal Babu, and also the statements of two workers—Shri Dulal Chandra Chakrabarty and Shri Abinash Naskar, who saw the incident. In the result, on a consideration of the materials and the facts and circumstances of the case, the Tribunal is satisfied that the charges levelled against the employee concerned were true, and have been proved. In the circumstances, the Management had ample justification for taking action against the defaulting employee. The step taken by the Company was not motivated by any dishonest intention or any retaliatory spirit. The Works Manager has deposed that he was not aware that Shri Phanindra Nath Das, the employee concerned, had any connection with the Union or with any Union activities. Shri Phanindra Nath Das himself has admitted in his cross-examination that he was neither Secretary of the Union, nor any office-bearer of the same. He has further admitted that he never gave any letter to the Management containing demands of the workers. So, I do not, in fact, find anything done by Shri Phanindra Nath Das to cause annoyance or irritation to the Management. I am, therefore, satisfied that this is not a case of victimisation or unfair labour practice. The view taken by the Management was not only a possible view, but the only rational view in the circumstances. The employee concerned adopted an attitude unbecoming an employee of the Company. He adopted a truculent attitude. This attitude was, to say the least, reprehensible. He might have been a member of the Union or connected with the Union, but he did not cease to be an employee of the Company. He ought to have realised that he was first and foremost an employee of the Company and owed a duty to it to answer the queries, which have been addressed to him by the Director and proprietor of the Company. No Management can afford to tolerate such insubordination and insolence as shown by this employee. The employee concerned undoubtedly behaved in a disorderly manner, and his conduct was highly subversive of discipline. It cannot be denied for a moment that such insubordination on the part of a worker undermines the discipline, and the gravity of such action cannot be underrated. For the reasons stated above, it is decided that the suspension of

the employee concerned, though it might be for an indefinite period, was fully justified. He is not entitled to any relief.

This is the award of the Tribunal.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. R. H. Rose Ltd., 1/1 Vansittart Row, Calcutta and three of their workmen named in the schedule below, represented by Federation of Mercantile Employees' Union, 23/A Netaji Subhas Road, Top Floor, Calcutta. (Case No. VIII-55 of 1956.)

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL
NEW SECRETARIAT BUILDINGS
THIRD FLOOR, CALCUTTA

PRESENT:

SHRI SAILESH SENGUPTA, *Judge, Sixth Industrial Tribunal.*

For the Company: Shri N. K. Mookherjee, Advocate.

For the Union: Shri P. K. Ghosh, General Secretary of the Union.

This reference made by the Government of West Bengal by order No. 3973Dis./D/11L-37/56, dated Calcutta, the 5th September 1956, is concerned with retrenchment of three employees by R. H. Rose Ltd.

The terms of reference are as follows:—

SCHEDULE

(1) Whether the company was justified in terminating the services of the undermentioned employees:—

(i) Shri Byomkesh Ghosal, (ii) Shri Sakti Sankar Banerjee, (iii) Shri Narayan Chandra Chakraborty.

(2) What relief and/or compensation are they entitled to?

The case stated in the written statement filed by the Federation of Mercantile Employees' Union is that the company by letter, dated 31st March 1954, terminated the services of these employees without assigning any reasons. There was an unsuccessful attempt to arrive at a settlement. The Union pressed for redress as there was no cogent reasons for terminating the services of these employees and in effecting retrenchment, the company had violated the principle of "last come first go".

The company filed written statement in which they represented that the business was being run at a loss. It was necessary to reorganise the business and reduce the staff. Out of six Clearing Sarkers, one had resigned and these three were retrenched for *bona fide* trade reasons. As these three persons were the juniormost there was no departure from the recognised principle of "last come first go". A legal objection was also taken that the dispute is not an industrial dispute and hence this Tribunal has no jurisdiction to undertake adjudication.

One of the three employees filed an application to the Tribunal that he did not desire to proceed further in this matter and had no claim against the company.

In view of the legal objection taken an additional issue is framed in the following terms:—

Issue No. 2

Is this an industrial dispute and if not can the Tribunal adjudicate upon the issue referred to it?

Issue No. 1

Certain facts are not in dispute. Mr. H. G. Oneill and Mr. R. H. Rose were partners of a business conducted under the name and style of R. H. Rose & Co. A partnership deed was drawn up to be operative for a period of five years. The company went into liquidation as it was unable to pay the income-tax dues. Assets of the company were sold for realisation of the dues. Exhibit B is the sale notice given by the Certificate Officer. Notices were given to all the employees on the 29th of February 1952, terminating their services. Exhibits A, A(1) and A(2) are some of the notices. The company's case is that R. M. Rose & Co., had ceased to exist. Thereafter the Accountant Shri Aditya Narayan Chakrabortti formed the idea of floating a new company for doing identical business using the name of R. H. Rose, obviously for the purpose of securing the patronage of old clients. Mr. R. H. Rose was approached. He approved of the idea and begged for employment in the new concern. Shri Aditya Narayan Chakrabortti joined forces with Mr. G. V. Lloyd and started the new company under the name of R. H. Rose Ltd. They were the two share holders of the new undertaking. The employees of R. H. Rose & Co. were employed in the new concern. This business also did not make much head-way. In 1952-53 loss to the extent of Rs. 2,611 was incurred and in 1953-54, loss was sustained to the extent of Rs. 3,000 odd. The audited balance-sheets Exts. D and D(1) bear this

out. In this predicament the sponsors of the business found it necessary to introduce measures of economy and in pursuance of that objective services of the three Clearing Sarkers were terminated. Shrijut Ghosh appearing for the employees made a grievance that the share holders were taking remuneration on an extensive scale causing detriment to the business. It is not the concern of this Tribunal to sit in judgment upon the actions of the management in regard to the administration of its funds and the manner of conducting the operations of the business. The fact remains that losses were incurred in the two years mentioned above. As R. H. Rose Company had come to grief and a new venture was launched, the share holders could not run any risk. The fate of the partnership business was a warning signal, which they could not shut their eyes to. It is not suggested that the management had any ulterior object in getting rid of these three Clearing Sarkers. The conclusion necessarily follows that this action was dictated by considerations of prudence. There was valid ground for effecting economy. The bonafides of the company are not open to suspicion. It must therefore be held that retrenchment was justified.

R. H. Rose & Co. was closed on the 31st March 1952. The services of all the employees were terminated on the same day. They were appointed by R. H. Rose, Ltd., with effect from 1st April 1952. No question of seniority can arise as the date of appointment is the same. The company's case is that the three Sarkers who were retrenched were younger than those who were allowed to continue. This has not been proved to be incorrect. The Tribunal cannot therefore uphold the contention that the principle of "last come, first go" was infringed.

It transpired in evidence that on 1st November 1954, Lakshmi Narayan Chakrabortti, elder brother of Shri Aditya Narayan Chakrabortti, was appointed by the company to work as Custom Challan Writer and Custom Sarker. Though in the written statement this appointment is said to have been made on 1st November 1911, the wage register Ext. E shows that the appointment was made on 1st November 1955. Retrenchment was effected on the 31st of May 1954, as will appear from Ext. A. The contention on behalf of the employees was that the elder brother was provided with a job at the cost of these employees. Under section 25(H) of the Industrial Disputes Act retrenched workmen are to be given an opportunity when the employer proposes to take into his employ any person after having effected retrenchment earlier. No such opportunity was given. This is however a matter which is not within the purview of this reference. Section 25(H) deals with re-appointment. The Tribunal might direct reinstatement if it was found that there was no *bona fide* ground for retrenchment or if in making the retrenchment the company had cast to the winds the mandatory direction of the law contained in section 25(G). In this case the Tribunal has found that occasion for retrenchment had arisen and the company did not contravene section 25(G). There the matter ends. The question of violation of section 25(H) may give rise to a fresh cause of action which would form the subject of a separate reference. In this state of things, the retrenched employees might be entitled to retrenchment compensation under section 25(F) on the footing that they had entered service on 1st April 1952, if the company's plea that this is not an industrial dispute be rejected.

Issue No. 2

The order of reference shows that the dispute is between Messrs. R. H. Rose, Ltd., and the three employees named in the schedule, represented by the Federation of Mercantile Employees' Union. The dispute is not between the company and its workmen as a whole. According to the learned

Advocate for the company this is not a collective dispute but an individual dispute which has not been converted into an industrial dispute on the intervention of the Federation. In the decision of the Supreme Court reported in 1953, 1, L. L. J., page 125, their Lordships made the following observation:—

> "a single employee's case might develop into an industrial dispute when as often happens, it is taken up by the Trade Union *of which he is a member* and there is a concerted demand of the employees for redress".

Strictly considered this dictum would mean that espousal of the cause of an employee who is not a member of the Union does not turn an individual dispute into an industrial dispute. It is necessary that he should be a member of the Union taking up the cudgels on his behalf. Admittedly the employees whose case is being represented by the Federation are not members of any Union. An essential condition is therefore missing. Secondly the other employees of this concern have not taken up the cause of the retrenched hands. The dispute has not therefore taken the form of a collective dispute. In this connection the decision of the Labour Appellate Tribunal of India in the case of Janata Bus Transport and its workers reported in 1956, 1, L. L. J., page 420, is of material help. In that case none of the employees excepting the two dismissed workers, were members of the Union which was fighting on behalf of those two workers. The other employees did not make the cause of the dismissed workers their own. In that posture of things their Lordships held that it was an individual dispute put forward by the dismissed workers through the Union who had no authority to represent the workmen or a substantial section of them. Their Lordships recorded their considered opinion that it was not an industrial dispute and the Industrial Tribunal had no jurisdiction to adjudicate upon such a dispute. The case before me is a shade worse than the case just referred to, for, the retrenched workers are not members of any Union. The other employees are also not members of any Union. The support given by the Federation to the two individual workers cannot have the effect of converting the industrial dispute into an industrial dispute. In my view therefore this is an individual dispute and hence the Tribunal has no jurisdiction to adjudicate upon the issue referred to it.

ANNEXURE.

In the matter of an industrial dispute existing between Messrs. B. Gupta & Co., 179 Balaram Dey Street, Calcutta and one of their workmen, Shri Ram Tilak, as represented by the Hindusthan Drivers' Union, 5/14 Russel Street, Calcutta.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Union: Shri Nikhil Roy, Pleader.

For the Company: Shri K. L. Gupta, an employee.

This industrial dispute between Messrs. B. Gupta & Co., 179 Balaram Dey Street, Calcutta and one of their workmen, Shri Ram Tilak, as represented by the Hindusthan Drivers' Union, 5/14 Russel Street, Calcutta, over the dismissal of Shri Ram Tilak, was referred to this Tribunal for adjudication by the Government of West Bengal, Labour Department, order No. 62I.R./D/11L-392/56, dated the 5th January 1957.

The issue is—

(1) Whether the dismissal of Shri Ram Tilak is justified? To what relief (including reinstatement) is he entitled?

AWARD

Messrs. B. Gupta & Co., Iron Merchant and Commission Agent, is a proprietory concern. Shri Ram Tilak was employed here as a Driver on a pay of Rs. 110 per month and attached to the Proprietor's car. His case is that he was wrongfully dismissed, after faithful service of 4 years, on the 24th June 1956, without notice and without charge-sheet and an enquiry. He complained of over work, beyond schedule hours, without payment of overtime allowance and demanded relief. The Proprietor thereupon flew into rage and immediately dismissed him. He has asked for reinstatement with all back wages.

The Proprietor's case is that Shri Tilak was regularly irregular in his attendance and insolent in behaviour. He came late on the 19th June 1956 and was asked to explain. At this he abused the Proprietor in filthy language and threw the key of the car to him in presence of his staff and outsiders and left the place. Having left his job of his own free will, he is not entitled to any relief by way of reinstatement and/or compensation. A new Driver was appointed in his place.

Both parties adduced evidence, oral and documentary, and advanced arguments in the case.

Shri Tilak examined himself in support of his case. Shri K. L. Gupta, an employee of the Proprietor Company, in the absence of Proprietor

himself, deposed in support of his defence. Shri Tilak was in service of this Company for the last 4 years before his dismissal and was attached to the car of the Proprietor. He received the present of a gold necklace on the occasion of the Proprietor's son's marriage and admittedly got a loan of Rs. 100 from the Proprietor. Rs. 80 was paid out of Rs. 100 and Rs. 20 is still due. It is not correct to suggest that Rs. 70 is still outstanding. He was given a uniform for use in summer and it is with him. No other uniform was given to him. Shri Tilak denies the defence version of the story and said that he was dismissed for asking leave of the Proprietor to go home for his midday meal after having worked from 8 o'clock in the morning till 2 in the afternoon. The Proprietor is the only competent witness in the case to prove his defence of the claim. He has not come to-day. Shri K. L. Gupta, a new employee in the service of the Company, speaks of a quarrel, taking place on the 19th June 1956 inside the garage, where according to him other employees and a number of outsiders were present. Curiously enough, no independent witness was examined in this case. Shri Tilak appeared to me to be a truthful witness, who accepted some of the important suggestions put to him on behalf of the Proprietor. There is no earthly reason why a poor man, in the position of a Driver of a motor car, should come forward with a false case, immediately after his alleged resignation, if the same were true. In fact, the Union wrote to the Proprietor within 5 or 6 days of the date of the occurrence demanding the reinstatement of the Driver in his former post. This conduct appears to be inconsistent with that of a servant, who, willingly threw up his job in sheer disgust. The Company's story, on the other hand, appears to be *prima facie* incredible and not established by evidence beyond reasonable doubt. I find that Shri Tilak was wrongfully dismissed by the Proprietor without observing the rules of natural justice. Shri Tilak was not allowed any opportunity to explain his alleged misconduct and no charge-sheet was given to him and no enquiry was made either. In these circumstances, I am inclined to hold that his dismissal from service is wrongful and unjustified. That being so, the normal relief is one of reinstatement. But in the present case, the parties have lost confidence in each other; and regard being had to the nature of the work of a Driver of a personal car, it is undesirable in the interest of peace and harmony in the establishment to direct reinstatement of the Driver in his former post. At the same time, he is entitled to some monetary relief by way of compensation for wrongful loss of his employment. I accordingly direct that Shri Tilak be paid (i) one month's wages at the rate of Rs. 110 in lieu of notice and (ii) one and half months' wages by way of compensation calculated at the rate of 15 days' wages for each completed year of service at the aforesaid rate. Admittedly, Rs. 20 in due to Proprietor in respect of the loan of Rs. 100 taken by him. This amount should be deducted from the aforesaoid payment. I make no direction for deduction of any other amount on account of a summer dress which is now in the possession of the Driver. This was given to him as a condition of service and its present condition is not known. Usually a torn one was replaced by a new one. Whether this was torn or not has not been proved. This payment should be made within one month from the date of the publication of the Award. I make award in terms thereof.

In the matter of an industrial dispute existing between Messrs. India Hosiery Mills, 223 Manicktola Main Road, Calcutta-11 and their workmen represented by India Hosiery Mazdoor Union, 97|A Manicktola Main Road, Calcutta-11 (Case No. VIII-132 of 1955).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, NEW SECRETARIAT BUILDINGS, THIRD FLOOR, CALCUTTA

PRESENT:

SHRI SAILESH SENGUPTA, *Judge, Sixth Industrial Tribunal.*

Appearances:

For the Company: Shri N. M. Das Gupta, Advocate.

For the Union: Shri D. L. Sengupta, Advocate, assisted by Shri Swadesh Gupta, President of the Union.

For Jugal Krishna Adhikari: Shri B. Roy Choudhury, Labour Adviser.

This Tribunal has been called upon by Government order No. 3956Dis.|D|8L-22|56, dated Calcutta, the 5th September 1956, to resolve by adjudication disputes arising out of the employees' demand for remodelling the wage-structure and rationalisation of some other conditions of service specified in the order of reference in the following terms:—

(1) Basic wages. (2) Increment. (3) Dearness allowance. (4) Leave and holidays. (5) Puja bonus. (6) Amendments of the Standing Orders. (7) Whether the workers of the dyeing section are entitled to any relief for the transfer of dyeing section and if they are entitled to the same terms of employment under the lease holder.

The case of the employees represented by the India Hosiery Mazdoor Union may be briefly stated.

From humble beginnings the India Hosiery Mills rose to a high altitude of prosperity in rapid strides and in course of a few years got itself entrenched in a firm position. The Proprietors were receiving enormous profits in the making of which the employees contributed largely by working at the peak of their powers. Their whole-hearted devotion in promoting the prosperity of the business received scanty recognition. The remuneration received by them was

not in proportion to the earnestness and energy applied by them in the discharge of their duties. In December 1951 the employees formed a Union in order to enable themselves to be in a position to bargain collectively with the employers in support of their legitimate demands. The Proprietors bridled up on finding workers banded together in a solid group and determined efforts were made to blow the Union to pieces. Reference was made to a tribunal for adjudication on a variety of matters relating to basic wages, etc. The Proprietors steamed up the workers with the hope that if the proceedings pending before the Tribunal were withdrawn, their conditions would be improved. On this assurance the Union withdrew the disputes in the hope that the pledge given would be redeemed. A slight increase in wages was conceded but the majority of the demands remained unfulfilled. As friendly negotiations failed to achieve any result the workers moved the Government again for the present reference.

This is a partnership business—the partners being Dhana Krishna Adhikari and Prosad Adhikari. In the written statement filed by them a legal objection has been taken that there was an award made on the earlier reference. The partners denied that the Union had withdrawn the dispute on any assurance given by them. The award made by the Tribunal was not annulled by either party. In consequence, a second reference during the operative period of the earlier award is incompetent. The same issues cannot be re-agitated and the Tribunal has no jurisdiction to undertake an adjudication of the same. On the merits the case of the partners is that the Hosiery Industry is passing through a crisis. Hundreds of establishments have sprung up which manufacture the same kind of goods cheaply. There is a glut of hosiery goods in the market. The owners of bigger establishments have been forced to a corner. They cannot maintain any competition with the smaller manufacturers and losses are incurred. The India Hosiery Mills found it more expedient to close down the Knitting Section and dispose of all the machineries for bleaching and dyeing. The machineries have in fact been sold away and that department has been entirely closed. The workers engaged in that section have accepted employment under the transferee. Applications under section 33 of the Industrial Disputes Act have been preferred by the partners for permission to discharge all the workers of the Knitting Section and 23 employees of the other departments. With economies thus effected the concern can rehabilitate itself to the mutual advantage of the partners as well as those workers who would remain employed in the other sections. In regard to the claim for wages, dearness allowance and increment the partners pleaded that the industry had no capacity to shoulder any additional financial liability. The existing remuneration was adequate and should not be tampered with. The Union claimed pujah bonus as a condition of service. The partners denied that the employees were entitled, as of right, to receive such bonus. When profits were earned *ex-gratia* payments were made. In years of loss no bonus was paid. The employees had therefore no right to receive bonus as one of the conditions of service.

In regard to the applications for permission to discharge the workers of the Knitting Section and some others of the remaining sections, the workers have filed written statements denying that the financial position of the concern is such that these drastic measures are necessary to safeguard the industry.

The applications under section 33 of the Industrial Disputes Act and the main reference were taken up together for hearing. The evidence produced will fare as evidence for all three cases.

Issues Nos. 1, 2 and 3.—Basic Wages, Increment and Dearness Allowance.

These three issues are so closely related that they may be taken up jointly for consideration.

Some of the issues formulated in this order of reference were also submitted earlier to the Tribunal formed in 1952. The Union had filed a petition to that Tribunal stating that a settlement in respect of the disputes under reference had been arrived at and hence the Union did not like to proceed any more and that an award might be passed to the effect that no dispute existed. In the view that there was a bonafide compromise the Tribunal made an award accordingly. No decision was given on the points referred for adjudication. Because of the so-called award the learned advocate pressed a legal objection that no reference on the self-same points could be entertained inasmuch as the earlier award was still operative. On the authority of the decision of the Supreme Court in the case of Burn & Co., Calcutta *versus* their employees, reported in 11 F.J.R., Part VII at page 217, the learned Advocate argued that unless the circumstances had materially changed the earlier award would be binding on the parties. Even if the award is repudiated in the manner prescribed in section 19(6) of the Industrial Disputes Act, it would not be rendered impotent unless on account of changed circumstances the situation is so altered that revision becomes imperative. In this connexion the observations of their Lordships may be quoted—

> "Now, if we are to hold that an adjudication loses its force when it is repudiated under section 19(6) and that the whole controversy is at large, then the result would be that far from reconciling themselves to the award and settling down to work it, either party will treat it as a mere stage in the prosecution of a prolonged struggle, and far from bringing industrial peace, the awards would turn out to be but truces giving the parties breathing time before resuming hostile action with renewed vigour. On the other hand, if we are to regard them as intended to have long term operation and at the same time hold that they are liable to be modified by change in the circumstances on which they were based, both the purposes of the legislature would be served. That is the view taken by the Tribunals themselves in Army & Navy Stores, Ltd., Bombay *versus* their workmen (1951, 2 L.L.J., page 31) and Ford Motor Co. of India, Ltd. *versus* their workmen, 1952, 4 F.J.R., page 65 and we are of opinion that they lay down the correct principle".

In my view the learned Advocate for India Hosiery Mill gets no support from this decision. In the earlier proceeding, wages, etc., were not fixed by the Tribunal. The Union having decided not to press the demands, service conditions then prevailing remained undisturbed. The disputes having been set at rest there was no scope for any adjudication and none was accordingly made. The present case is, therefore, distinguishable on material points. The principle enunciated cannot accordingly be applied. I may add in passing that a "no dispute" award appears to me to be a contradiction in terms. "Award" as defined in the Act means an interim or final determination by an Industrial Tribunal of any industrial dispute or of any question relating thereto. There can be no determination by a Tribunal when there is no subsisting dispute because of compromise effected by private treaty. Necessarily no award can be passed. In the result I repeal the contention of the learned Advocate that the reference is incompetent so far as these issues are concerned. This Tribunal has jurisdiction to take them up for adjudication.

The learned Advocate for the workers had two other shots in the locker to use against the so-called award. One of his points was that the workers were forced to abandon the contest at the point of the mailed fist. Work due to be allotted to the piece-raters was deliberately spirited away for performance by outside agencies. The earnings of the piece raters consequently declined to a considerable extent. They were reduced to a state of starvation. In that

juncture they had no other alternative but to capitulate. The application filed by the Union that the disputes had been set at rest was the outcome of the coercive process adopted by the firm. The partners, on the other hand, state that the financial position having been fully explained, the workers realised that the resources of the concern were in an anæmic condition. No additional strain could be borne by the concern at that stage. That is the reason why the Union withdrew from the proceedings. I am not impressed by either of these two versions. The truth seems to lie mid-way. The record of the earlier proceeding which was called for shows that adjournment was applied for on the ground that talk of compromise was going on. Ultimately the petition on the basis of which the reference was disposed of was filed. If the workers had really abandoned the combat under duress the President of the Union and the Secretary might have come forward to throw light on the circumstances leading to the withdrawal of the Union from the contest. The President of the Union was all along present in the Tribunal room but he did not offer his testimony that the workers were reduced to such a helpless condition by strong-arm method that they had to throw up the sponge. The explanation supplied by the Firm that the workmen were convinced that the financial position was so precarious that if the demands were pressed the business itself might be ruined does not also ring true. The reference was made after all efforts at conciliation had proved abortive. During the stage of discussions the firm must have apprised the workers and their representatives of the unstable condition of the business. If they were not then satisfied with the plea of the business going down-hill, it does not stand to reason that at a later stage when the proceeding was pending before the Tribunal, the workers and the representatives were persuaded to change their angle of vision. What is more likely is that the partners had held out assurances that the grievances of the workers would be redressed. Relying on such assurance the workers might have given the management a change to grant them relief amicably. It has not been proved that the earlier proceeding came to an end because of undue pressure applied by the firm.

The learned advocate argued further that the award was terminated under sub-section 6 of section 19 of the Industrial Disputes Act. In his view presentation of demands afresh amounted to notice given by the workers of their intention to terminate the award. According to the learned advocate no written notice is required under sub-section 6. Referring to sub-section 2 where notice in writing is prescribed in express terms, the learned Advocate argued that since no similar provision was made in sub-section 6, the logical inference is that notice in writing is not required so far as sub-section 6 is concerned. There are decisions of the Appellate Tribunal that to terminate an award under sub-section 6, written notice is necessary. The sub-section ordains that notice is to be given intimating intention to terminate the award. Intention must be directly and unequivocally expressed. Presentation of new demands inconsistent with the condition prevailing under an earlier award no doubt amounts to implied repudiation, but the law requires intention to be expressed. Implied repudiation is not sufficient. In this view I hold that the contention advanced by the learned Advocate cannot succeed. These points are however immaterial in view of my finding that no adjudication was made in the earlier proceeding and no award was given. There is hence no bar to the Tribunal going into the matters on the present reference.

On behalf of the Firm the claim of the workers was resisted primarily on the ground that the business was suffering loss and a period of crisis had intervened. The wages that were being paid did not suffer in comparison with wages paid by other hosiery concerns. The wage structure should not in the circumstances be disturbed. Balance-sheet, Ext. D, shows loss to the extent of Rs. 20,405 odd in the year 1360 B.S. Exhibit D(1) is the balance-sheet for 1361 B.S. showing total loss of 14,898 odd. The balance-sheets came in for severe

criticism inasmuch as they were not audited. It is not customary for the Firm to have its accounts audited. The account books were given inspection of to the Union and they were also produced before the Tribunal. If the accounts were doctored of anything suspicious appeared in any part thereof, the Union would have exposed the weak spots and suspicious features. But nothing was discovered which could beget mistrust. Together with the evidence of the balance-sheets we may consider the oral testimony given by O.P.W. 2 Shri Lalit Mohan Mukherjee, President of the Bengal Hosiery Manufacturers' Association. He is also a member of a sub-committee formed by the Government of India. Boiled down, his evidence shows that the Hosiery industry is passing through a critical phase for the last six or seven years. The basic cause, according to him, was sudden and extensive over-expansion. Previously all the factories were complete units, having knitting and tailoring processes carried out in the same establishment. But within last six or seven years about 200 incomplete factories have grown up. Dealers are getting their goods manufactured by those factories and getting them processed and tailored in different establishments. The older factories having complete units cannot compete with them. The smaller units are not amenable to the Factories Act, whereas the bigger establishments have to submit to the restrictions imposed by that Act. Employees' State Insurance Act and Employees' Provident Fund Act are applicable to the big factories whereas the smaller units evade the obligations created by these pieces of legislation. During the war period price and distribution of yarn were under control. There was ban on import of machineries. All these restrictions helped the big factories as they were protected from competition by smaller units. After restrictions were removed the number of factories rose from 100 to 450 in and nearabout Calcutta. The number of knitting machines increased from 1,300 to 3,600. The industry had been enjoying boon period up to 1950 but thereafter prices came down as on a greased slide. The witness stated that big hosiery factories were closing down because the costs of production are 20 per cent. higher than the costs incurred by smaller units. That there was an abnormal impetus in the growth of smaller establishments goes without saying. Learned advocate for the Firm referred to the pavements of the Calcutta street being occupied by dealers who expose hosiery goods for sale to passersby. There is no doubt the bigger factories are greatly handicapped by stiff competition and higher costs of production. The evidence of Shri Lalit Mohan Mukherjee further shows that since 1950, many knitting establishments have changed hands as they could not maintain themselves. The evidence brings the conviction home that the hosiery industry is really in a serious predicament Against this background we have got to consider the workers' demand for amelioration of their conditions so far as minimum wage, dearness allowance and increment are concerned.

Exhibit F(2) is a statement obtained by this Firm from the Bengal Hosiery Manufacturers' Association, in regard to the average wages paid to workers in smaller industries. Workers of the knitting department receive Rs. 30 to 75 including dearness allowance. In the tailoring department unskilled workers are paid Rs. 30 to Rs. 35. Semi-skilled workers are paid Rs. 40 to Rs. 70. The rates payable to the piece raters appear in the statement Ext. F(3). The rates at which this Firm pays the piece raters appear in Ext. C. There is very little difference between the average rate appearing in Ext. F(4) and those in Ext. C. Dearness allowance is included in the rates given in Ext. F(4), whereas the rates in Ext. C are exclusive of dearness allowance. So far as the monthly rated workers are concerned my attention was drawn that the wages were extremely meagre. The register, Ext. B(4), shows that Ram Chandra Dholey received Rs. 15 as monthly pay and Rs. 15 as dearness allowance. The Firm's contention was that he was an apprentice, but it transpired in evidence that he entered service in January 1952 and was drawing Rs. 30 inclusive of dearness

allowance down to the time of being laid off in 1955. It is an unfair contrivance to keep a person tied down to such low wages on the plea that he is an apprentice after he was actually been in service for over two years. The Union produced a chart showing the rate of wages paid by the Kothari Hosiery. The chart has been marked Ext. 1. Since none of the management of the concern was summoned as witness nor any book of account showing the rates of wages had been called for, it is unsafe to rely upon the oral testimony of the witness and the statement prepared by him. I am not therefore prepared to attach any weight to the chart, Ext. 1. Nevertheless we have got to find out what should be the minimum wage having regard to present-day condition. In fixing the minimum wage we are not concerned with the capacity of the industry to pay. The minimum wage must provide not merely for the bare sustenance of life but for the preservation of the efficiency of the workers. For this purpose the minimum wage must also provide for some measure of education, medical requirement and other amenities. Wage at the rate of Rs. 30 per month is far removed from the standard. In 1948, Shri S. C. Dutta Gupta had fixed the minimum pay at Rs. 55 with Rs. 35 as dearness allowance in regard to the workers of the Juggilal Kamlapat Hosiery Factory, Belur, Howrah (*see* Volume 1 of awards by Tribunals and report of Board of Conciliation during 1948 at page 597). Later another Tribunal made an award in the matter of an industrial dispute between the employees of 36 Cotton Mills and their workmen which was published at page 147 of Volume III of awards made by Major Tribunal during 1948. Rs. 20-2-5 pies was the basic pay settled for unskilled workers to which Rs. 30 was added as dearness allowance. To the minimum basic wage for different categories certain amounts were added to maintain the wage differential. The Union claim is that piece raters should get 20 per cent. increase of their rates and the dearness allowance should be fixed at Rs. 35 and no one is to get less than Rs. 65. For monthly rated workers the Union wants Rs. 55 as the minimum. The middle class Cost of Living Index has risen from 340·5 in 1952 to 343·6 in 1956. To my mind it would be better to improve the basic pay than to raise the dearness allowance on account of the rise. Having regard to the rates prevailing in other concerns and the average as obtained from the Hosiery Manufacturers' Association, this Tribunal thinks that the minimum pay for unskilled monthly rated workers should not be less than Rs. 35 to this will be added Rs. 25 as dearness allowance as that is the rate at which dearness allowance is being paid by this concern. The minimum basic pay of semi-skilled workers is fixed at Rs. 45. The piece raters should have 6¼ per cent. increase on the rates now admissible. Dearness allowance will be paid at flat rate of Rs. 25 as at present. To maintain the wage differential workers drawing above the minimum now fixed will get a non-recurring increment of Rs. 2 only per month.

The learned advocate for the Union pleader for retrospective effect to be given from the rate of the reference. I have already pointed out that the business is having a rough passage. We must be very careful in increasing its financial liabilities. In the fitness of things the new order will come into operation from the 1st of January 1957. Any amount that may be due to any worker for the month of January or February because of the re-orientation of the minimum wage by this award, will be paid within a month from the date of publication of the award in the *Calcutta Gazette*.

Issue No. 4.—Leave and holidays

The workers will get statutory leave as prescribed under the Factories Act. P.W. 1 deposed that 19 festical holidays are allowed to be enjoyed including three days for the Durga Pujah. If this is correct, festical holidays are allowed on a liberal scale. No further extension would be justified.

The witness stated that no casual leave is granted. In the Standing Orders casual leave for 10 days is provided for in a calendar year without pay. The Tribunal awards that casual leave not exceeding 10 days in a calendar year may be enjoyed with full pay. This would apply to monthly rated workers only.

Issue No. 5.—Pujah bonus

The Union claims Pujah bonus as one of the conditions of service of the workers. The Firm's reply is that bonus was granted out of bounty when profits were earned. The workers could lay no claim to such bonus as of right.

This business was started in 1937 (1344 B.S.). Bonus was paid for the first time in 1944. The Firm's contention is that no payment was made in years of loss and the rate was not uniform. Exhibit B(1) shows payment of bonus in 1351 B.S. No bonus was paid in 1350 B.S. Ext. B(3) is the register which shows that nothing beyond wages had been paid in the year. No payment was made also in 1349 B.S. Exhibit B(2) is the register of the relevant year. There was no payment in 1360 B.S. or 1361 B.S. when the Firm incurred loss. As bonus was not paid in an unbroken sequence and the rates also varied, union contention that there was an implied agreement for payment of Pujah bonus as a condition of service must fail.

The Union alleged in the written statement that bonus equal to 15 days' wages was offered by the Firm but the offer was not accepted. This appears also in the letter Annexure A to written statement addressed to the Labour Commissioner. The allegation was not contradicted in the written statement of the Firm. In the fitness of things, the offer should be enforced. The Tribunal awards 15 days' basic wages at the existing rates by way of bonus to be paid within a month of publication of the award.

Issue No. 6.—Amendments of Standing Orders

Amendment of the Standing Orders has been claimed as per Annexure E to the Union written statement. On behalf of the Firm an argument was put forward that the Tribunal cannot make any alteration in the Standing Orders which were duly certified and have become final. According to the learned Advocate appeal is provided for in the Act. Since no appeal was taken against the Certifying Officer's order, the matter is outside the scope of the Tribunal's authority. This argument carries no weight. The Standing Orders determine the conditions of service but the Tribunal is empowered to readjust the service conditions in the interest of industrial peace and well-being of the labouring classes. It has been held on the highest authority that in settling disputes between employers and workmen, the function of the Tribunal is not confined to the administration of justice in accordance with law. It can confer rights and privileges on either party which it considers reasonable and proper though they may not be within the terms of any existing agreement. Adjudication does not mean adjudication according to strict law of master and servant. The award of the Tribunal may contain provisions for settlement of a dispute which no court can order if it was bound by the ordinary law. But the Tribunal is not fettered in any way by these limitations [*see* A.I.R.(37) 1950 (Supreme Court), page 188 and 1957, 1 L.L.J., page 32 and A.I.R., 1949, Federal Court at page 111]. Ludwig Teller in his "Labour disputes and collective bargaining" observes that arbitration may involve extension of an existing agreement or making of a new one or in general the creation of new obligations or modifications of old ones. The Tribunal is certainly competent to amend, modify or add to the Standing Orders.

Exhibit O is the Standing Orders. In Annexure E the Union desires curtailment of the period on completion of which a worker would be eligible for confirmation. Under the existing rule a permanent worker is defined as a workman who is appointed on a permanent basis and includes any person who has satisfactorily completed one year's continuous service. The Union suggests that the period should be reduced from one year to three months. I consider three months to be too short as probationary period. The period should be six months. The Standing Order be amended to this extent that for one year the period of six months is substituted in clause 3. The word "satisfactorily" in sub-paragraph 2 is a misfit. It should be struck off. In place of one year six months would be substituted in that paragraph.

The amendments suggested in regard to clause 7 are not found to be reasonable. I decline therefore to make any modification in regard to this clause.

In regard to clause 8 also the Union suggestion fails to appeal to reason. There is no good ground for allowing more than 5 minutes' grace for late attendance. It is most unreasonable to claim that the provision for disciplinary action against habitual late comers should be scrapped.

There is absolutely no justification for deleting paragraphs (b) and (d) of clause 9.

The Union suggested deletion of the first sentence in clause 10. I find no reasonable ground for dropping the sentence in its entirety. The words "without pay" be struck off. As I have made provision for 10 days' casual leave, the suggestion for 15 days must be turned down.

The claim for omission of paragraph (b) in clause 13 is not reasonable and is therefore rejected.

In clause 14 after paragraph (6) insert another paragraph numbered (e) with the following words:—

> Workmen not concerned in the strike will be paid full wages for the entire period of such closure if found ready and willing to do their respective duties.

In clause 15, the period of notice is extended to one month in place of two weeks. The words "two weeks" be replaced by the words "one month".

There is no reason for expunction of paragraph (c) of clause 15.

I am not satisfied that paragraphs b, c, d of clause 16 should be dropped. In paragraph (c) of that clause the words "if no satisfactory explanation can be given for not sending intimation" be added after the words "notice of discharge".

I am not prepared to accede to the Union prayer for reducing the period of suspension provided for in paragraph 2 of clause 17 or to delete the other part of the paragraph as suggested.

The Union has no justification for claiming cancellation of paragraph (J) of clause 17. It reflects no credit upon the Union that striking work or inciting others to strike work and contravention of any provisions of law was sought to be given undue protection.

Paragraph (a) of clause 13 cannot be deleted.

Issue No. 7.—Whether the workers of the dyeing section are entitled to any relief for the transfer of dyeing section and if they are entitled to the same terms of employment under the lease holder.

The Firm's case is that the work of Bleaching and Dyeing Department so long done in its own mill was closed. The machines were disposed of and purchased by Shri Jugal Krishna Adhikari who had started independent business in that branch and the workers were employed by him. According to the Union the transfer was a mere camouflage. The workers must be deemed to be employees of this concern with continuity of service and entitled to all the benefits available to other employees of the firm. Jugal Adhikari is the elder brother of Dhana Krishna Adhikari and father of the other partner Prosad Adhikari. A show was staged in order to deprive the workers of the rights and privileges which had accrued to them by reason of their service under this firm and also to isolate them from the general body of workers. Notice was issued to Jugal Adhikari why he should not be made a party. In view of the nature of the controversy Jugal Krishna Adhikari is a proper party and has been rightly impleaded.

Exhibit L is a receipt for the value of the machine alleged to have been sold. The Indian Bleaching and Dyeing Company is said to be the business started by Jugal Adhikari. Exhibit K(1) is the application for renewal of licence made by Jugal Adhikari and Ext. M is the Corporation Trade Licence. On paper it is all ship-shape. But the fact remains that this transfer has a suspicious appearance. Jugal Adhikari was not a stranger. His son Prosad Adhikari was an active partner in the business of the India Hosiery Mills. He knew the ins and outs. If the bleaching and dyeing section was a drag on the business and for the sake of economy it had to be closed down, Jugal Adhikari would be fully conversant with the state of affairs. Knowing that the dyeing section was not contributing to the prosperity of the business but was on the other hand a sort of handicap the partners were keen on shaking off, he would be the last person to go into a new venture of this description. The wage register shows that the wages of the employees of this section were paid by the India Hosiery Mills even after the date of the transfer. Bearing these outstanding facts in mind, I am not satisfied that this transfer is as good as it looks. I believe the Union case that a smoke-screen has been created for some reason or other and that Jugal Adhikari is a mere figure head. The employees working in the dyeing section must be treated as employees of this concern and would be entitled to all the amenities and benefits which are due to the other employees. Their services has not been terminated. No question of any compensation can therefore arise.

Braithwaite Burn & Jessop Construction Co., Ltd., P-13 Mission Row Extension, Calcutta-1 and their workmen represented by Braithwaite Sramik Union, 129 Garden Reach Road, Calcutta-23, regarding the matters specified in the schedule thereto was referred for adjudication to the Third Industrial Tribunal;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. The Braithwaite Burn & Jessop Construction Company, Ltd., P-13 Mission Row Extension, Calcutta-1 and their workmen represented by Braithwaite Sramik Union, 129 Garden Reach Road, Calcutta-23 (Case No. VIII-369 of 1955).

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

For the workers: Shri Ram Sen and Shri Nihar Mukherji.

For the Company: Shri J. N. Chatterji, Deputy Labour Adviser, Indian Engineering Association.

AWARD

1. By order No. 5833Dis./D/11L-149/55, dated the 10th December 1955, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. The Braithwaite Burn & Jessop Construction Company, Ltd., P-13 Mission Row Extension, Calcutta-1 and their workmen represented by Braithwaite Sramik Union, 129 Garden Reach Road, Calcutta-23, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication:—

SCHEDULE

(1) Additional bonus for the accounting year ending in September, 1953.

2. On receipt of the reference summons was served on the employer company as also on Braithwaite Sramik Union. The employer and the said union put in appearance and filed their written statements. Then they were asked to file lists of documents. After adjournments the case was fixed for hearing on 2nd February 1957. On that date (2nd February 1957) two separate applications were made—one by 118 workmen and the

other by four workmen stating that they ceased to have connection with Braithwaite Sramik Union which no longer represents them and that they have settled their dispute for bonus for the year ending September 1953, outside the Tribunal. They accordingly prayed for a no-dispute award. Braithwaite Sramik Union's representatives were informed about these applications. A notice was also issued to Braithwaite Sramik Union to show cause on 18th February 1957 why no-dispute award should be made. None on behalf of the union put forward any objection.

DECISION

The claim relates to the financial year ending 30th September 1953. The workmen were admittedly paid 1½ months' wages as bonus for the said year. Braithwaite Sramik Union which was representing the workmen at the time wrote to the company as also to the Labour Commissioner demanding additional 15 days' wages as bonus for that year. The company declined to pay the same on the ground that the profit did not justify any further payment. After unsuccessful conciliation the dispute was referred to this Tribunal for adjudication.

During the year in question the company had in its employ altogether 138 workmen as follows:—

Victoria Works daily rated workmen	...	71
Victoria Works Subordinate Staff	...	12
Victoria Works Plant Maintenance workmen	...	30
Dum Dum Storeyard workmen	...	25
		138

Out of these 138 workmen, 122 filed petition stating that they settled their dispute outside the Tribunal and 13 others have since left employment. Out of the remaining three, one has been suspended and an application under section 33 seeking permission to dismiss him has been pending; one has since been transferred to Madras and one has been on medical leave for 3 months. It has been categorically stated in the two petitions filed by 122 workmen that Braithwaite Sramik Union did no longer represent them. The evidence shows that none of the employees is now member of the union. Although the representative of the union was informed about them, no objection was filed against these petitions. The union also did not appear on 18th February 1957. In the circumstances, the statement by 122 workmen that they have no outstanding dispute must prevail. Besides, the company filed balance-sheets for the year in question (Ext. A) as also statements showing calculations according to Full Bench Formula for the purpose of available surplus. The calculations show that there would be no available surplus but a deficit. So, in the facts and circumstances I disallow the claim for additional bonus for the year 1953.

It is awarded accordingly.

(e) "normal atmospheric pressure" means the pressure exercised by 101325 newtons per square metre, a newton being the force which imparts to a mass of one kilogram an acceleration of one metre per second per second.

Primary unit of length.

3. (1) The primary unit of length shall be a metre.

(2) For the purpose of deriving the value of the metre, the Central Government shall cause to be prepared a national prototype of the metre and shall cause the same to be certified in terms of the international proto-type of the metre and shall deposit the same in such custody and at such place as the Central Government may think fit.

Primary unit of mass and standard unit of weight.

4. (1) The primary unit of mass shall be a kilogram.

(2) For the purpose of deriving the value of kilogram, the Central Government shall cause to be prepared a national proto-type of the kilogram and shall cause the same to be certified in terms of the international prototype of kilogramme and shall deposit the same in such custody and at such place as the Central Government may think fit.

Scale of temperature.

7. The scale of temperature shall be the centigrade scale otherwise known as celsius where the temperature, under normal atmospheric pressure, is taken to be zero degree at the melting point of ice and one hundred degrees at the boiling point of water.

Unit of luminous intensity.

8. (1) The unit of luminous intensity shall be the candela.

(2) A candela means one-sixtieth part of luminous intensity normally emitted by one centimetre square of integral radiator (black body) at the temperature of solidification of platinum.

Primary Unit of area.

9. The primary unit of area shall be the square metre.

Primary unit of volume.

10. The primary unit of volume shall be the cubic metre.

Unit of capacity.

DECISION

Issue No. 1

Messrs. D. K. Das & Co. (hereafter called the Company) is an engineering concern having its workshop at Howrah. It was originally a partnership business and later on converted into a private limited company in 1937. The company employed about 80 workers at the relevant time. The company and their workmen were parties to the First and Second Major Engineering Tribunal awards. The workmen are being paid wages and dearness allowance according to the awards of the aforesaid engineering tribunals. They are all daily-rated workers and accordingly receive wages and dearness allowance for 26 days in a month.

The company first paid bonus for the year 1948-49 on the eve of the Durga Puja at the rate of Rs. 20 to the skilled and semi-skilled workers and Rs. 10 to the unskilled workers. From then onwards it paid bonus at the rates as below:—

1949-50—One month's basic pay (equivalent to 26 days' basic pay).

1950-51—Rs. 15 in lump.

1951-52—Rs. 15 in lump.

1952-53—Rs. 15 in lump.

1953-54—13 days' basic pay.

These payments were made on the eve of the Durga Puja. According to the company these were *ex-gratia* payments made as a gesture of good-will depending on the financial condition generally. Bantra Engineering Workers Mazdoor Union (hereafter called the Union) representing the workmen, on the other hand, maintained that it was a customary bonus payable before the Puja festival. For 1953-54 the workers in addition got 13 days' basic wages as production bonus. Thus they got 26 days' basic wages for 1953-54 on the eve of Durga Puja.

In March 1955 the union presented a charter of demands. The matter was considered by the Conciliation Officer and ultimately on his report the Government in the Labour Department turned down the demands by their letter, dated 23rd July 1955 (Ext. A). Following this, the workers were alleged to have resorted to slow down in production. The workers then approached the management about Puja bonus for 1954-55 without specifying any quantum.

On 2nd August 1955 there was a discussion between the representatives of the workers and Shri D. K. Das, Managing Director of the company. According to Shri D. K. Das, he offered to pay one month's basic wages (or in other words 26 days' basic pay) as Puja bonus for 1954-55 provided the workers would give normal production and would desist from resorting to go slow policy; while according to the Union, Shri D. K. Das offered to pay one month's total emoluments (that is, basic pay and dearness allowance) as Puja bonus for the said year, and that without any condition.

Be that as it may, the union forwarded a document, dated 18th August 1955 (Ext. B), under the signature of the Secretary Shri Prem Chand Das to the management purporting to be the minutes of the joint discussion on 2nd August 1955. Regarding Puja bonus with which we are concerned, it was mentioned in paragraph 4 of the Ext. B that Shri D. K. Das agreed to grant one month's pay, that is basic pay and dearness allowance, as Puja bonus. The company received the document (Ext. B) on 18th August 1955 and replied to the same on 22nd August 1955 (Ext. C). In the said reply the company challenged Union's averments in Ext. B and stated that Shri D. K. Das agreed to pay merely basic pay of 26 days (and not basic pay and dearness allowance) as Puja bonus, the basis of payment being same as last year.

On 29th August 1955 at about 9 a.m. the company received a notice (Ext. D) from the workers. It was asserted therein that the Managing Director promised to pay them one month's wages inclusive of dearness allowance as bonus as also production bonus and not merely basic wages of 26 days equivalent to one month as stated in Ext. C. It was threatened that if the management would not agree to pay one month's wages inclusive of dearness allowance as bonus along with production bonus by 12 noon the same day, then the workers would stop work.

On receipt of Ext. D, the company forthwith informed the workers by means of a notice, dated 29th August 1955, that it would require one week's time to consider their demand and would intimate their decision by 12 noon on 3rd September 1955 (Ext. E). The workers did not, however, condescend to wait. They stopped work as notified from noon on 29th August 1955. They staged a stay-in-strike and remained in the factory till the closing time at 4-30 p.m. Later in the day the workers raised their demand for Puja bonus to 2 months wages.

On the next day (30th August 1955) the workers entered the factory at the starting time at 7 a.m. and continued stay-in-strike and stayed inside the factory even after closing hours. The company wrote to the Assistant Labour Commissioner on 30th August 1955 (Ext. F) about it. It was also intimated that the company was unable to meet the workers' demand for more Puja bonus than was declared by the management.

On 31st August 1955 the workers again came to the factory and continued stay-in-strike. They remained in the factory up to 11 a.m. and then went out and raised slogans. The company then issued notice in English (Ext. G)

and in Bengali [Ext. G(1)] declaring lock-out of the factory with immediate effect.

Then followed negotiations. Ultimately there was a settlement between the parties on 26th September 1955 (Ext. H). It was agreed that the strike and the lock-out would be withdrawn with immediate effect on the following terms:—

(a) An advance equivalent to five weeks' wages (basic) would be paid to such workmen who were permanent in the financial year 1954-55, and as to the rest the advance would be paid in proportion to the length of service in the said financial year. This advance would be paid on or before 17th October 1955.

(b) The question of bonus for the year 1954-55 has been jointly agreed to be referred to a Tribunal. The advance so paid would not be disturbed unless the decision of the Tribunal was out; and if any adjustment was required by the award, the same would be done after the publication of the award.

(c) If any deduction from the advance was necessary, the same would be done in the manner as might be laid down in the award.

It was stipulated that there would be no victimisation of workers for the strike and the workers would give normal production and both sides would make efforts to maintain industrial peace and that the period of strike and lock-out would be treated as leave without pay and without break in continuity of service of the workmen.

Against this background the Union on behalf of the workmen claimed before this Tribunal two months' wages as Puja bonus for the year 1954-55 with direction for adjustment of the advance of 5 weeks' basic wages against the said bonus.

The company resisted the claim. It pleaded that the payments which it had made from 1948-49 onwards were *ex-gratia* payments and never a condition of service either express or implied and as such Union's claim for Puja bonus should be rejected. Besides the company alleged that the trading results of the company would not either justify any claim to bonus on profit basis. It further alleged that as the workers resorted to strike causing considerable loss to the company, the advances of 5 weeks' basic wages should be directed to be refunded in 12 monthly instalments.

In support of their claim the union has examined its President Shri Amar Majumder (P.W. 1) besides proving document (Ext. 1). The company, on the other hand, has examined the Managing Director Shri D. K. Das (P. W. 1) besides proving documents (Exts. A to K), the balance-sheets from the year 1946-47 to 1954-55 (Ext. L series), statements showing calculations according to Full Bench Formula for the purpose of available surplus (Ext. M) and a concise statement regarding profits from 1946-47 to 1954-55 (Ext. N).

On giving careful consideration to the materials on record, I may straightaway note that I am unable to sustain the claim of the workers for bonus for 1954-55 either as customary bonus or as profit bonus.

Regarding claim for Puja bonus or customary bonus it has been held in the case of Maha Luxmi Cotton Mills reported in 1952, L.A.C. 370—

"Puja bonus is a bonus claimed by the workers as a matter of right, payable by the employer at a special season of the year, namely,

at the time of the annual Durga Puja. This right is not based on the general principle that labour and capital should share the surplus left after meeting necessary and prior charges, but rests on agreement between the employer and the workers. That agreement may be either express or implied, and where not express, past practice may lead to an inference of implied agreement. But for implying an agreement, the practice must be unbroken and for a sufficiently long period to exclude the hypothesis that payments had been made out of bounty."

In the present case no express agreement has been pleaded or proved. To raise an inference of implied agreement the payment must have been made for a long period and continuously specially in years of loss. In the present case it has already been noted that the first payment was made for the year 1948-49 and thereafter payment was made only for 5 years up to 1953-54. The payment cannot, therefore, be said to have been made for a long period. Besides from the balance-sheets (Exts. L series) read with the concise statement (Ext. N) it appears that none of those years was a year of loss but all of profit of varying amounts. Thus no inference of an implied agreement can be made. The positive evidence on the side of the company shows that payment was made every year on the prayer of the workers. Exhibit I shows that the workmen prayed for bonus for 1950 without it being condition of service. It was expressly stipulated that payment would not be treated as condition of service. The said application, it further appears, was signed by all workers in the employ of the company at the time. Exhibit J shows that payment of bonus was made for the financial year 1952-53 having regard to the length of service of the workers; likewise Ext. K reveals that payment was made having regard to the length of service. It is, therefore, obvious that the claim for Puja bonus or customary bonus for the year 1954-55 cannot be sustained.

Viewed as the claim for bonus out of profit for the year in question, the company, it appears, earned during the financial year 1954-55 a profit of Rs. 14,554 (*vide* balance-sheet Ext. A). The statements showing calculations according to the Full Bench Formula for the purpose of available surplus as filed by the company (Ext. M) however, show that there would be no surplus but a deficit of Rs. 4,880 after making provision for prior charges. I have had nothing to discard the calculations. The claim for bonus out of the surplus cannot, therefore, be sustained either.

The issue is accordingly answered against the workmen.

Issue No. 2

The company paid 5 weeks' basic wages as advance before the Durga Puja on the basis of the settlement, dated 26th September 1955. As the workers are all daily rated, the said payment, in fact, was equivalent to basic wages of 30 days. The company according to its own showing voluntarily agreed to pay basic wages of 26 days to the workmen as bonus for the year 1954-55. For the previous year 1953-54 it admittedly paid 13 days' basic pay as bonus and another 13 days' basic pay as production bonus, in all 26 days' basic pay to the workmen before the Durga Puja. According to the Managing Director, D. W. 1, he offered during joint discussion on 2nd August 1955 to pay bonus of one month's basic pay to the workers for the year 1954-55 provided they would give normal production and would desist from resorting to go slow policy. As the workers are all daily-rated, the offer of one month's bonus was equivalent to basic pay of 26 days. According to the workers, Shri D. K. Das offered to pay one month's total

emoluments, *i.e.*, basic pay and dearness allowance as Puja bonus for the said year. Exhibit 1, upon which reliance is made by the workers in this respect, it has to be admitted by the President of the Union, P. W. 1 Shri Amar Majumdar, was not prepared in course of the discussion on 2nd August 1955, but long after on 18th August 1955 in the absence of the company's representative. The document (Ext. 1) can, therefore, at best be regarded as the version of the workers. The Managing Director Shri D. K. Das, has categorically denied having promised one month's total emoluments as bonus. His version is supported by the mode of past payments. It is not disputed that in the past the payments which were made were only in terms of basic wages. I, therefore, prefer to accept the version of the Managing Director that what he offered to pay as Puja bonus for the year in question, was basic pay of 26 days. The Managing Director, D. W. 1, admitted in cross-examination that after the joint discussion on 2nd August 1955 during which he made the offer, the workers improved their production. It being so, I find no reason why the workers should not get 26 days' wages for the year on the basis of the said voluntary offer by the Managing Director on 2nd August 1955. Even after the workers struck work from 29th August 1955, the company did not withdraw the offer. In its letter to the Labour Commissioner (Ext. F) it was merely stated that the company was unable to meet the workers' demand for more Puja bonus than was declared by the management. This would show that there was no withdrawal of the offer. On the other hand, there was clear indication that the company was even then willing to pay what its Managing Director had voluntarily declared. So, in the interest of industrial peace, I think it will not be proper to direct recovery of said 26 days' basic wages out of the advance granted to the workers. It should be adjusted accordingly.

Regarding basic wages of extra 4 days, I agree that the company made the said advance under pressure of circumstances. The workman had no justification to resort to a hasty strike, more so, when the company wanted time of one week to consider their demand. As the company suffered loss on acount of the hasty strike for 26 days, it can legitimately claim recoupment of basic wages of the said extra 4 days out of the advance, but at the same time, it cannot be overlooked that the workers also due to their foolish act had to forego wages of 26 days during the period of strike and lock-out. As the matter ended in settlement on 26th September 1955 with the stipulation that there would be no victimisation of workers for the strike, and the workers in their turn would give normal production, and both sides would make efforts to maintain industrial peace, I would leave the question of recoupment of these 4 days' basic wages out of the advance, in the interest of industrial peace with the management, whose decision would be final.

It is awarded accordingly.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Ballabhdas Agarwal, 21 Kakhram Kanoria Road, Howrah, and their workmen represented by Indian Railways Catering and Vending Staff Union, Eastern Zone, 12|A Netaji Subhas Road, Calcutta.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Union: Shri N. Kar, Advocate, assisted by Shri T. K. Mukherjee.

For the Company: Shri T. K. Jagdish.

INTERIM AWARD

This industrial dispute between Messrs. Ballabhdas Agarwal, 21 Kakhram Kanoria Road, Howrah, and their workmen, employed in Catering Rooms situated at Howrah Station, represented by Indian Railways Catering and Vending Staff Union, Eastern Zone, C|o A.I.B.E.A., 12|A Netaji Subhas Road, Calcutta, over the termination of employment of 85 workmen mentioned in the list attached to the schedule, was referred to this Tribunal for adjudication by the Labour Department order No. 5198I.R.|D|11L-251|56, dated the 5th December 1956.

Issue is as follows:—

(i) Whether the termination of employment of the workmen mentioned in the attached list is justified. Are they entitled to reinstatement and| or compensation?

On 1st December 1956, the Union representing the workmen concerned in this dispute filed an application for a number of interim reliefs, stating, among others, that the Management suspended, terminated and dismissed the employees concerned, without any charge-sheet, without giving them any opportunity to explain and without holding any enquiry. The suspensions, terminations and dismissals of all the workmen are, therefore, illegal and unjustified. The workmen were not paid any "suspension" allowance nor paid any salary up to the 18th May 1956, when the Management declared a lock-out, at 9-30 p.m.

The Union, therefore, asks for some interim reliefs, pending final disposal of the case on merits, in respect of the following (1) the workmen are to be paid salaries for the days they were on duty, (2) all arrears of wages and (3) salary month by month since the date of unjustified dismissal, *i.e.*, arrears of wages, etc., since 18th May 1956 and salary month by month from now on till the final disposal of the case.

Messrs. Ballabhdas Agarwal (hereinafter called the Company) in its written statement objected to granting any interim relief in this case mainly on the following grounds (i) Order of reference is bad in law, (ii) this application is also incompetent, (iii) there is no *prima facie* case in support of any such relief, (iv) in actual fact, 47 workmen out of 85 workmen are involved in this dispute and the remaining workmen are not legally parties to it and (v) the Company's contract with the Railways, which terminated on 31st December 1956, and subsequently extended up to 31st March 1957, for winding up the business. Accordingly, the workmen are not at all entitled to any relief by way of reinstatement or compensation. The dismissals were for misconduct and, therefore, the question of payment of monthly allowances, pending final hearing, does not arise.

Point of decision

(1) Whether the workmen are entitled to any interim relief asked for?

FINDINGS

Admittedly, there are some cases of duplications in the list attached to the schedule of reference. The Union's suggestion is that the names of 8 workmen have been entered twice in this list, whereas the Company points out that 10 such names have been entered twice and the name of a workman has been entered three times in it. Apart from the controversial names, there are at least 8 names in the list, which should be struck off. The Union's case, in short, is that on 17th May 1956, 8 workmen were verbally suspended, from service and this was followed by demonstration and protest by other workmen. On the Company's request the local Subdivisional Officer promulgated an order under section 144, Cr.P.C., on 18th May 1956 and the Police acting on the authority of that order expelled all the workmen from the Refreshment Rooms at Howrah. Since that day, these workmen were not given any work. On 23rd May 1956 some of those workmen were prosecuted under sections 120|122, I.R. Act and under sections 342 and 379, I.P.C. On 27th June 1956, the order under section 144, Cr.P.C., was withdrawn. Seventeen workmen were convicted and sentenced to a fine of Rs. 5 each. The cases against three of the workmen prosecuted on charges of theft are still pending. As all these men were wrongfully dismissed from service without charge-sheet and enquiry, they are entitled to reinstatement with compensation. It is, further, alleged that the arrears of wages were not paid and that no subsistence allowances during the period of suspension were paid either. As the hearing of these cases is likely to be delayed and as the workmen are out of employment for over six months, they are entitled to interim relief.

The Company's defence is that 12 workmen should go out of this list due to duplications. Two were never in its employment. Four are at present continuing in service. Fifteen tea vendors were not employed at Howrah and, therefore, these cases are outside the scope of this reference. They were prevented by the strikers to join on 19th May 1956. The Management was willing to take them back and in fact made an offer to that effect before the Assistant Labour Commissioner, Howrah. Cases of five workmen stand on an entire different footing; 2 were retrenched and one was dismissed before 18th May 1956; one left his job on 13th December 1955 while employed at

Burdwan and another was only a casual relieving hand. Of the remaining 47, 2 were on leave from 17th May 1956 and 13th May 1956 and never came back. One worked for 4 days in March 1956 and took his payment, and the remaining 2 worked for a short time after the alleged date of discharge. On 14th May 1956, 12 workmen entered the Refreshment Room at Howrah, attacked the Manager and snatched away his purse containing Rs. 44-10, for which they were charge-sheeted on 15th May 1956 and suspended from work. They, however, continued to stay in the rooms for 4 days, when the Police was requisitioned and they were removed. They were subsequently dismissed on 25th May 1956 for grave misconduct. The remaining workmen struck work and were charge-sheeted. They refused to accept the charge-sheets and to submit any explanation thereon. Accordingly, they were dismissed on 25th June 1956 on the ground of misconduct and for taking away their uniforms, the badges and the sale-proceeds of the day. Nine of these employees had a small security of Rs. 9 to Rs. 20 in cash with the Company. The Company stated that the services of these men were terminated on justifiable grounds of misconduct and, accordingly, they are not entitled to reinstatement and/or compensation. Accordingly, the question of interim relief does not arise. The learned representative of the Company assured his co-operation with the Tribunal in seeing that the hearing is expedited at a very early date.

It appears from the order sheet that this reference was received in the 7th Tribunal on 16th August 1956, and the Union filed its written statement on 1st December 1956. Thereafter, this case was transferred to this Tribunal on 5th December 1956. The Union filed additional written statement on 21st January 1957 and an affidavit on the next day. The Company filed objections to Union's application for interim relief on 7th January 1956 and the matter, now in dispute, came for 1st hearing on 12th January 1957. On that day the Company agreed to pay admitted wages due to the workmen without prejudice to the rights of the parties on or before 24th January 1957 and in fact some payments were made on that day. The other points raised in connection with the hearing of the application for interim relief are in controversy. Both parties filed rejoinders and additional written statements with affidavits and this day was fixed for hearing of the application for interim relief.

Heard at length. Learned representatives of both sides and the learned secretary of the Union.

So far as can be ascertained from the materials placed before me, it is clear that the cases of termination of services of the workmen, at present in dispute, are cases of dismissal on the grounds of misconduct. Other cases are said to be outside the scope of reference, for they arise in connection with those workmen, who were, on the relevant date, employed elsewhere other than in the Catering Rooms situated at Howrah Station. It is true that in the majority of the cases, the workmen are alleged to be out of employment since 18th May 1956, *i.e.*, for over six months. In these days of high prices of foodstuffs, hardship of an unemployed workman can be easily imagined. It is with a view to give them some relief, that attempts were made for an amicable settlement. The Tribunal directed all the admitted dues to be paid to the workmen. No other payments can be allowed on the ground of hardship alone. This admitted dues in fact was paid. All the workmen did not however get this benefit, for in the majority of the cases no amount was admittedly due from the Company. Other alleged dues are disputed. There is not even a single case of admitted retrenchment of workmen, who, according to the Company, are involved in this dispute. All are said to be dismissed for misconduct. The Union has failed to make out a *prima facie* case in support of its allegation that the workmen were wrongfully dismissed. This is a complicated question and can be decided only on evidence at the final hearing. The date of final hearing has been fixed

on 18th March next and it is expected that the case would be disposed of on that day. The trial is, therefore, not likely to be further protracted beyond that day. Accordingly, the alleged compelling necessity for monetary relief, pending adjudication of the issue, disappears. Further, in the event of the Company's success, the workmen will not be entitled to get either any compensation, or wages for the period of unemployment. And the question of reinstatement can only arise after the issue is heard and decided on merits. In these circumstances, I am afraid, I cannot accede to the Union's request to allow the workmen either their disputed arrears of wages since 18th May 1956 or prior to it, or monthly pay and allowances from now on till the disposal of the case. Whether or not the workmen will finally get their arrears of wages since the date of dismissal, and compensation for the entire period of unemployment, besides reinstatement in service, at the final hearing of the case, is entirely a different matter. I do not go into it. The present decision will not stand in the way of their getting it if they are otherwise entitled to the same. The application for interim relief is, therefore, dismissed.

INTERIM AWARD

Messrs. B. N. Elias & Co., Ltd., and its Associated Concerns as mentioned above, have filed an application (which is dated 7th February 1957) that the reference as made by the Government is *ultra vires* and invalid, and that this Tribunal has no jurisdiction to entertain the said reference or to adjudicate on the issues or to make any award thereon.

I have heard at length the learned Counsel for the Company and also the learned Advocate for the Union in the matter.

The validity of the order of reference has been challenged by the Company on the following grounds:—

(1) The Assistant Secretary to the Government of West Bengal, Labour Department, by a letter No. 2407Dis./D/11L-130/56, dated 1st June 1956, informed that the dispute relating to dearness allowance of the subordinate staff had been enquired into, and that it appeared that the subordinate staff were well-paid, and the dispute did not deserve further intervention at that stage. As the Government once decided not to refer the matter for adjudication, it ceased to have any further power to refer the same matter for adjudication to the Tribunal. That being so, the reference is bad and inoperative in law.

(2) This Tribunal held in its previous award published in the *Calcutta Gazette*, dated April 26, 1956 (which was in connection with the reference made under Government order No. 4023Dis./D/11L-79/55, dated 30th August 1955), with regard to the emoluments of the subordinate staff employed at the Head Office of Messrs. B. N. Elias & Co., Ltd., and its Associated Concerns, that the minimum emoluments of subordinate staff with the existing scale of dearness allowance compared favourably with those of comparable concerns in and around Calcutta, and as such the Tribunal did not revise the wage scales of the subordinate staff. The workmen appealed from the said award to the Labour Appellate Tribunal. The Labour Appellate Tribunal also agreed with the finding of this Tribunal, and held the total emoluments of the subordinate staff were quite satisfactory and substantially at par with those of the subordinate staff employed in Commercial establishments in the neighbourhood. As the said award of this Tribunal is still in force and is binding on the parties, any dispute relating to the aforesaid matter is incapable of being an industrial dispute within the meaning of the Act, or of being the subject-matter of a fresh reference during the period of operation of the said award. In the circumstances, the present reference is *mala fide*, and has been made in abuse of the powers by the appropriate Government.

Regarding the first objection, I may say that there is no force or substance in it. An order of reference under section 10(1)(c) of the Industrial Disputes Act, 1947, is an administrative act of the Government. In the State of Madras *vs.* C. P. Sarathi [1953(i) L.L.J. 174] Patanjali Sastri, C.J., of the Hon'ble Supreme Court observed—"It must be

remembered that in making a reference under section 10(1), the Government is doing an administrative act, and the fact that it has to form an opinion as to the factual existence of an industrial dispute as a preliminary step to the discharge of its function, does not make it any the less administrative in character. The Court cannot, therefore, canvass the order of reference closely to see if there was any material before the Government to support its conclusion, as if it was a judicial or quasi-judicial determination. No doubt, it will be open to a party seeking to impugn the resulting award to show that what was referred by the Government was not an industrial dispute within the meaning of the Act, and that, therefore, the Tribunal had no jurisdiction to make the award. But if the dispute was an industrial dispute as defined in the Act, its factual existence and the expediency of making a reference in the circumstances of a particular case, are matters entirely for the Government to decide upon, and it will not be competent for the Court to hold a reference bad and quash the proceedings for want of jurisdiction, merely because there was, in its opinion, no material before the Government, on which it could have come to an affirmative conclusion on those matters". Thus it is clear that on both factors, the factual existence of the industrial dispute and of the expediency to refer that industrial dispute for adjudication, the Government is the sole judge. The Government decided no doubt at first that it was not expedient to refer the dispute for adjudication. But later on, under some circumstances, the Government decided that it was necessary to refer the dispute for adjudication. The Government could re-examine the question of expediency afresh. The fact that the Government in effect reversed their earlier view on the question of expediency of a reference under section 10(1)(c) of the Act, did not invalidate the reference. The jurisdiction of the Tribunal to adjudicate on the industrial dispute referred to it by the order of reference, therefore, remains unaffected. It is true no doubt that the Government did not propose to make a reference in the first instance, and recorded and communicated to the parties concerned its reasons therefor. Later on, however, it changed its mind, and decided to make a reference. I am not shown any authority laying down that the Government has no such power to change its mind. It is contended on behalf of the Company that in all fairness, Government should have given the Company an opportunity to be heard before it changed its mind. In this connection, sub-section (5) of section 12 of the Act was referred to. On a reading of that sub-section, it appears to me that the decision made by Government under sub-section (5) of section 12 is not a judicial decision, which cannot be changed by the same authority. It is purely an administrative function, and there is no bar which prevents Government from changing its mind and making a reference, in cases where it had first decided not to make a reference. I may say that there is no provisions in the Industrial Disputes Act, which require the Government to hear the parties before making its decision in this respect. In the result, it is held that the Government can change its opinion and make a reference in spite of refusal at an earlier stage.

Regarding the second legal objection, I may say that it is equally untenable. In the previous reference made to this Tribunal by order No. 4023Dis./D/11L-79/55, dated 30th August 1955, the award of which was published in the *Calcutta Gazette*, dated April 26, 1956, the question of dearness allowance of the subordinate staff, which has been submitted for adjudication under the present reference, was not a matter directly and substantially in issue. It appears that in the previous reference, the issue for adjudication was fixation of grades and scales of pay of all categories of workmen including clerks, typists, stenographers, telephone-dictaphone operators, sub-staff, etc. Thus it is abundantly clear that in the previous

reference, the question of dearness allowance as paid to all the categories of workmen of this Company and its associated concerns, required no adjudication in the absence of any specific issue on the point. I am mindful of the fact that this Tribunal, while dealing with the issue in the previous reference regarding fixation of grades and scales of pay of all categories of workmen, observed that the minimum emoluments of subordinate staff taken along with the existing scale of dearness allowance compared favourably with those of comparable concerns in and around Calcutta, and as such this Tribunal did not revise the existing scales of basic salaries of the subordinate staff. It is true also that an appeal was preferred to the Labour Appellate Tribunal by the workmen against the said award of this Tribunal, and that the Labour Appellate Tribunal did not interfere with the award of this Tribunal in this respect. The Labour Appellate Tribunal no doubt made certain observations, while upholding the decision of this Tribunal on this point. I may say that our observations and those of the Labour Appellate Tribunal on the question of adequacy of the minimum total emoluments of the subordinate staff as made in the previous award, did not take into consideration the direct question of sufficiency or insufficiency of the existing rate of dearness allowance as such. Therefore, those cannot operate as a bar to our entertaining the present reference of the issue of dearness allowance of the subordinate staff, which is not directly and substantially covered by the previous award. That being so, it cannot be held that the present reference is *ultra vires* the Government of West Bengal and without jurisdiction, and be thrown out limine. Whether the issue of dearness allowance will succeed or not at the final hearing is entirely a different matter.

The legal objections as raised by the Company regarding the competency of the present reference and the jurisdiction of the Tribunal to adjudicate on the issues contained in the order of reference, are accordingly overruled.

In the result, it is decided that the present reference as made by the Government is perfectly lawful and valid, and that this Tribunal has jurisdiction to adjudicate on the issues and make an award thereon.

ANNEXURE

In the matter of interpretation of the award published under the Labour Department order No. 6096Dis. D/4L-10(A)/55, dated 27th December 1955, made by the First Industrial Tribunal.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal*

The Government of West Bengal, in the Labour Department, by order No. 3337Dis./D/4L-12(D)/56, dated 1st August 1956, referred, under rule 20A of the Bengal Industrial Disputes Rules, 1947, the following question, which has arisen as to the interpretation of the award published under the Labour Department order No. 6096Dis./D/4L-10(A)/55, dated 27th December 1955, made by the Tribunal referred to in the said order for a decision on such question, namely:—

QUESTION

Whether the workmen are entitled to avail of the sick leave to the exent of 15 days in a year with half basic pay and full dearness allowance in instalments

Notices were issued on all parties concerned in the award published under Government order No. 6096Dis./D/4L-10(A)/55, dated 27th December 1955, viz., the Calcutta Tramways Employees' Union, the Calcutta Tramways Mazdoor Panchayet, the Calcutta Tramways Workers' Union and the Calcutta Tramways Co., Ltd., in their addresses as mentioned in the said award.

Notices were served on the Secretary, Calcutta Tramways Employees' Union, the Secretary, Calcutta Tramways Workers' Union and the Calcutta Tramways Co., Ltd. The notice on the Secretary, Calcutta Tramways' Mazdoor Panchayet came back unserved. The Acting General Secretary of the Calcutta Tramways' Mazdoor Panchayet, however, appeared and took an adjournment for filing of written statement. The Calcutta Tramways' Mazdoor Panchayet or the Calcutta Tramways Employees' Union did not file any written statement. Written statements were filed only on behalf of Calcutta Tramways Workers' Union and the Calcutta Tramways Co., Ltd.

The Calcutta Tramways Workers' Union, in its written statement, states as follows:

The matter in dispute has already been adjudicated upon by the Tribunal and the same is contained in the *Calcutta Gazette, Extraordinary* of 12th January 1956 at page 56. The interpretation of the said portion published in the said award has now arisen and the Union prays for the following:—

(a) That the workmen should be entitled to avail the sick leave to the extent of 15 days in a year with half basic pay and full D.A. in instalments.

(b) The said leave may be available on the basis of medical certificate from the Medical Officer of the Company.

(c) Apart from the said certificate from the said Medical Officer, the workmen should be also entitled to the same leave if a medical certificate is obtained from a qualified registered medical practitioner.

(d) The workmen shall also be entitled to the said leave in the case of illness and/or injury if treated by the hospital and/or dispensary.

The Calcutta Tramways Co., Ltd., in its written statement, states as follows:

The award passed under G.O. No. 6096Dis./D/4L-10(A)/55, dated 27th December 1955, is very clearly phrased and admits of one interpretation only as stated below:—

Thoroughout the opinion and operative portion relating to Issues 2 and 7, the Tribunal has repeatedly and pointedly used the singular form when referring to sick leave and that the Tribunal in awarding 15 days' sick leave on half pay and full dearness allowance has clearly stated that "a period of sickness" is to be considered. The interpretation sought for, if conceded, becomes an amendment of the award, which will involve the Company in an additional expenditure of Rs. 2.3 lakhs *per annum*. The expenses incurred by the Company for sick leave from January 1955 to the end of August 1955, amounted to Rs. 27,269-8. A statement of payments in respect of sick leave from January 28, 1956 to October 31, 1956, as a result of the award of the First Industrial Tribunal is attached as Appendix B to the Company's written statement, which shows that the cost has already reached Rs. 1.10 lakhs, and an amendment permitting employees to enjoy a period of 15 days' paid sick leave in intervals would increase the contingent expenditure to Rs. 3.86 lakhs *per annum* excluding payments due to employees suffering a protracted illness of up to 180 days, as shown in Appendix C to the Company's written statement. The Company is unable to shoulder even this additional burden and maintain its services in an efficient condition, and the addition of further expenditure contingent upon adoption prayed for in paragraph 2(a), in the present circumstances only result in a deterioration of the efficiency of the services operated by this Company to the disadvantage of the travelling public of Calcutta. Since the implementation of the award of the First Industrial Tribunal, there has been a marked increase in the number of trips missed due to non-attendance of staff resulting in a deterioration of the services. Any increase given in the scope of the present benefit will undoubtedly result in an even greater degree of non-attendance to the further detriment to the services run and a corresponding decrease in revenue. The prayer of the applicants shown in the statement at paragraph 2(a) should accordingly be disallowed.

The appearances for the parties were as follows:—

For the Calcutta Tramway Workers' Union: Shri S. K. Achariya, Counsel, assisted by Shri Dhiren Majumdar, Secretary.

For the Company: Shri D. Basu Thakur, Solicitor of Messrs. Orr, Dignam & Co., Mr. R. N. Tunbull and Shri Jagadish Ghosh of the Company.

On the date of hearing on 21st February 1957, both the parties appeared and agreed before the Tribunal that the workmen are entitled to avail of the sick leave awarded under the departmental order No. 6096Dis./D/4L-10(A)/55, dated 27th December 1955, to the extent of 15 days in a year with half basic pay and full dearness allowance in instalments as and from January 1, 1957. This agreement of the parties was communicated to me Shri S. K. Achariya, Counsel for the Union, and Shri D. Basu Thakur, Solicitor of Orr, Dignam and Co. for the Company, and a statement of the agreement was handed over to me, which is made a part of the record. The learned Counsel and the learned Solicitor thereupon informed me that they did not

press their written statements in this proceeding and requested me to dispose of the case accordingly.

It is, therefore, decided on the agreement of the parties that the workmen are entitled to avail of the sick leave awarded under the departmental order No. 6096Dis./D/4L-10(A)/55, dated 27th December 1955, to the extent of 15 days in a year with half basic pay and full dearness allowance in instalments and as and from 1st January 1957, and the question referred to the Tribunal is answered accordingly.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Chairman, Jute Textile Industry Tribunal.*

For the complainant: Shri B. Ash, Advocate, for all the complainants excepting Shri Ganga Charan Bhowmick for whom none appears.

For the employers: Shri R. L. Moitra, Dy. Labour Adviser of the I. J. M. A.

AWARD

The Government of West Bengal, in the Labour Department, by orders Nos. 1988Dis./D/7L-48(a)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

Kalachand Banerjee and four other workmen of Messrs. Khardah Jute Mills applied on 29th November 1954 under section 33A of the Industrial Disputes Act stating that on 20th September 1954 they were served with a notice by the Company stating that consequent upon complete withdrawal of food rationing, they were laid off on 28th July 1954 being surplus to the requirement of the Company, that they were told by the Company that in case they refused to accept the alternative job offered by the Company at the reduced rate, permission would be sought under section 33 of the Act to retrench them, and they accepted the offer in accordance with the provisions of section 25E(1) of the Act. It was a violation of section 25E(1) to offer alternative employment to the laid off workers at the reduced rate, because the section clearly stated that the wages which would normally have been paid to the workmen should be offered for the alternative employment also, and that the Company has altered their conditions of service during the pendency of the proceedings before the Major Jute Tribunal. In the circumstances, the petitioners pray that the Tribunal may be pleased to order restoration of the full pay to the petitioners which they had been drawing immediately before the offer of alternative jobs and also order for the payment of the difference of wages from the date of employment of alternative jobs. The Company opposes the claims on various grounds.

On the date of hearing on 16th February 1957, one of the petitioners Ganga Charan Bhowmick, did not turn up. The other petitioners being Kala Chand Banerjee, Shibdas Bhattacharya, Naresh Chandra Chakrabarty and Bejoydev Mukherji, filed a petition stating that they have amicably settled the dispute with the Company and praying for a "No dispute" award. The petition of the workmen aforesaid appears as Appendix A to this award. This petition in Appendix A will form a part of this award. The complaint relating to the workmen Kala Chand Banerjee, Shibdas Bhattacharya, Naresh Ch. Chakrabarty and Bejoydev Mukherji is disposed of accordingly.

As regards Ganga Charan Bhowmick, none appeared for him, nor was he present on the date of hearing. His case is, therefore, dismissed for default and his petition under section 33A of the Act is dismissed, as there is no outstanding dispute between himself and the Company, and it is awarded accordingly.

M. C. BANERJI,
Chairman, Jute Textile Industry Tribunal.

The 22nd February 1957.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Chairman, Jute Textile Industry Tribunal.*

For the complainant: None.

For the employers: Mr. W. A. Jacks of Messrs. Thomas Duff & Co.

AWARD

The Government of West Bengal, in the Labour Department, by order Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

Janab M. Abdur-ur-Rasheed and 12 other workmen of Shamnagar South Jute Mill, applied on 10th January 1955 under section 33A of the Industrial Disputes Act complaining that they have been transferred to the Thomas Duff Group River & General Transport Provident Fund and that conditions relating to contributory provident fund, etc., have been substantially altered to their prejudice. In the circumstances, they pray for restoration of *status quo*. The Company, in its written statement, states that the applicants who are employees of the Shamnagar Jute Factory Company are members of the Thomas Duff Group River Transport Service and are under the direct control and discipline of the Head Office. The Shamnagar Jute Factory Company through its Managing Agents and not the Manager of the Shamnagar South Jute Mill are the proper employers of the above workmen and as such, the Manager of Shamnagar South Jute Mill has no *locus standi* in the matter. It is pleaded that the workers are not entitled to any relief or costs as claimed by the petitioners.

The case was fixed for hearing on 16th February 1957, on which date not a single workman out of the 13 in the present case appeared. This case was also fixed for hearing on 10th August 1956, 29th September 1956, 19th November 1956, 20th December 1956 and 21st January 1957, on which dates also, they did not care to turn up. It is evident from what has been stated above that they are not any more inclined to take interest in their cases. Mr. W. A. Jacks of Messrs. Thomas Duff & Co., appeared for the Company. In these circumstances, the case is dismissed for default of the petitioners and the petition under section 33A of the Act is dismissed, as there is no outstanding dispute between the parties and it is awarded accordingly.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Chairman, Jute Textile Industry Tribunal.*

For the complainant: None

For the employers: Miss. P. Mitra of the I. J. M. A.

AWARD

The Government of West Bengal, in the Labour Department, by order Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

On 5th November 1955 Shri Haradhan Sadhukhan, E. B. No. H.H.2/1, a workman of Naihati Jute Mills, applied under section 33A of the Industrial Disputes Act complaining against his dismissal on various grounds. The petitioner prays that the Company may be directed to reinstate him with other consequential reliefs.

The Company, in its written statement, states that the application under section 33A of the Act is misconceived and not maintainable in law, as the Company has not in any way contravened section 33 of the Act. The Company had filed an application under section 33 of the Act on 27th December 1954, seeking permission of the Tribunal to dismiss the workman concerned, and pending such permission, he was suspended. It is pleaded that the application under section 33A fails on this preliminary ground. The Company prays for leave to file supplementary statement on the merits if that be necessary after the disposal of the preliminary objection.

The points that arise for decision are—

(1) Is the application under section 33A of the Act maintainable?

(2) Is the applicant entitled to any relief?

DECISIONS

Points Nos. 1 and 2

Exhibit A is the certified copy of the application under section 33 of the Industrial Disputes Act filed for permission of the Tribunal to dismiss the petitioner on various grounds with Annexures in support of the Company's case on the application. Exhibit B is the certified copy of the order of the Tribunal striking off the application under section 33 of the Act, on the ground that the Tribunal lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in suspending the applicant as it did pending permission of the Tribunal to dismiss him.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L. A. C., 221, that it is the contravention by the employer of section 33 of the Industrial Disputes Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act and this contravention is the condition precedent to the exercise by the Tribunal of the jurisdiction and powers conferred on it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. The applicant is not entitled to any relief. These issues are accordingly answered.

Hence it is ordered that the application under section 33A of the Act be rejected.

M. C. BANERJI,

AWARD

The Government of West Bengal, in the Labour Department by order Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

Shri Kiranangshu Chatterjee, Cop Godown Clerk of Messrs. Champdany Jute Mills applied on 4th November 1955 under section 33A of the Industrial Disputes Act complaining against his dismissal on various grounds. The petitioner prays that the Company may be directed to reinstate him with other consequential reliefs.

The Company, in its written statement, states that the application under section 33A of the Industrial Disputes Act is misconceived and not maintainable in law, as the Company has not in any way contravened section 33 of the Act. The Company had filed an application under section 33 of the Act on 1st November 1955, seeking permission of the Tribunal to dismiss the workmen concerned, and pending such permission, he was suspended. It is pleaded that the application under section 33A fails on this preliminary ground. The Company prays for leave to file supplementary statement on the merits if that be necessary after the disposal of the preliminary objection.

The points that arise for decision are:—

(1) Is the application under section 33A of the Industrial Disputes Act maintainable?

(2) Is the applicant entitled to any relief?

DECISIONS

Points Nos. 1 and 2

Exhibit A is the certified copy of the applicaton under section 33 of the Industrial Disputes Act filed for permission of the Tribunal to dismiss the petitioner on various grounds with Annexures in support of the Company's case on the application. Exhibit B is the certified copy of the order of the Tribunal striking off the application under section 33 of the Act, on the ground that the Tribunal lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in suspending the applicant as it did pending permission of the Tribunal to dismiss him.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L.A.C., 221, that it is the contravention by the employer of section 33 of the Industrial Disputes Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act, and this contravention is the condition precedent to the exercise by the Tribunal of the jurisdiction and powers conferred on it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. The applicant is not entitled to any relief. These issues are accordingly answered.

Hence it is ordered that the application under section 33A of the Act be rejected.

AWARD

The Government of West Bengal, in the Labour Department by order Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

Bowri Shaw, T. No. 44, a workman in the Transportation Department of Messrs. Premchand Jute Mills Ltd., applied on 19th October 1955 under section 33A of the Industrial Disputes Act, complaining against his dismissal on various grounds. The petitioner prays that the Company may be directed to reinstate him with other consequential reliefs. The Company, in its written statement, opposed the claims on various grounds.

The case was fixed for hearing on 29th February 1957, on which date, the complaint did not appear. Miss P. Mitra, Labour Officer of the I.J.M.A., appeared on behalf of the Company, and the case was heard in the absence of the complainant. It appears from the record of the case that the case was fixed for hearing previous to this on four occasions, viz., 5th September 1956, 29th October 1956, 6th December 1956 and 12th February 1957 and during each of these occasions, the petitioner failed to appear. It also appears from the record of the case that the Company applied on 5th October 1956 under section 33 of the Industrial Disputes Act for permission to dismiss the complainant (Ext. A), and it appears from Ext. B that the Tribunal struck off the application on the ground that it had lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. The present case is dismissed for default of

the applicant, and the petition under section 33A of the Act is dismissed, as there is no outstanding dispute between the parties. The present application, it may be mentioned here, is also not maintainable in law (*vide* 1955 L.A.C., 221), and it is awarded accordingly.

On 22nd September 1954 Khedan Ahir, Token No. 274, a workman of Hastings Jute Mills Ltd., applied under section 33A of the Industrial Dispute Act, complaining that the Company has been transferring him from one department to another, and by the latest order of the Management, he has been ordered to do the job of a sweeper. In the circumstances, the petitioner prays that he may be put back to his original job. The Company opposed the claims of the petitioner on various grounds.

The case was fixed for hearing on 23rd February 1957. On this date, neither the applicant nor anybody on his behalf appeared. Miss. P. Mitra, Labour Officer of the I.J.M.A., appeared for the Company. PRESENT:

SHRI M C. BANERJI, *District Judge (Retd.), Chairman, Jute Textile Industry Tribunal.*

For the employers: Miss. P. Mitra of the I.J.M.A.

AWARD

The Government of West Bengal, in the Labour Department, by order Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th — May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respectively, referred under sections 7 and 10 of the Industroal Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

On 5th November 1955 Shri Kartick Chandra Paul, E.B. No. RK2/194, a workman of Messrs. Naihati Jute Mills, applied under section 33A of the Industrial Disputes Act complaining against his dismissal on various grounds. The petitioner prays that the Company may be directed to reinstate him with other consequential reliefs.

The Company, in its written statement, states that the application under section 33A of the Industrial Disputes Act is misconceived and not maintainable in law, as the Company has not in any way contravened section 33 of the Act. The Company had filed an application under section 33 of the Industrial Disputes Act on 27th December 1954, seeking permission of the Tribunal to dismiss the workman concerned and pending such permission he was suspended. It is pleaded that the application under section 33A fails on this preliminary ground. The Company prays for leave to file supplementary statement on the merits if that be necessary after the disposal of the preliminary objection.

The points that arise for decision are—

(1) Is the application under section 33A of the Industrial Disputes Act maintainable?

(2) Is the applicant entitled to any relief?

DECISIONS

Points Nos. 1 and 2

Exhibit A is the certified copy of the application under section 33 of the Industrial Disputes Act filed for permission of the Tribunal to dismiss the petitioner on various grounds with Annexures in support of the Company's case on the application. Exhibit B is the certified copy of the order of the Tribunal striking off the application under section 33 of the Act, on the ground that the Tribunal lost jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. It is, therefore, clear that the Company did not violate the provisions of section 33 of the Act in suspending the applicant as it did pending permission of the Tribunal to dismiss him.

It has been decided by the Hon'ble Supreme Court in the case of Automobile Products of India, reported in 1955 L.A.C., 221, that it is the contravention by the employer of section 33 of the Industrial Disputes Act that gives rise to a cause of action in favour of the workman to approach and move the Tribunal for relief under section 33A of the Act and this contravention is the condition precedent to the exercise by the Tribunal of the jurisdiction and powers conferred on it by section 33A of the Act. The present application under section 33A is, therefore, not maintainable in law and should be rejected. The applicant is not entitled to any relief. These issues are accordingly answered.

Hence it is ordered that the application under section 33A of the Act be rejected.

Premchand Jute Mills and their workmen (Case No. 300/55 under section 33A).

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Chairman, Jute Textile Industry Tribunal.*

For the complainant: None.

For the employers: Miss P. Mitra of the I. J. M. A.

AWARD

The Government of West Bengal, in the Labour Department, by orders Nos. 1988Dis./D/7L-48(A)/53, 2329Dis./D/7L-47/54, 3393Dis./D/3A-10/54, 3537Dis./D/7L-47/54 and 4130Dis./D/7L-47/54, dated 7th April 1954, 6th May 1954, 12th July 1954, 21st July 1954 and 26th August 1954, respec-

tively, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between 101 specified Jute Mills and their workmen regarding some matters specified in a schedule to this Tribunal for adjudication. The award of the Tribunal in respect of this proceeding was published in the *Calcutta Gazette*, dated 6th October 1955.

Shyamdhari, Token No. 633, a workman in the Weaving Department of the Premchand Jute Mills Ltd., applied on 19th October 1955 under section 33A of the Industrial Disputes Act, complaining against his dismissal on various grounds. The petitioner prays that the Company be directed to reinstate him with other consequential reliefs. The Company, in its written statement, opposed the claims on various grounds.

The case was fixed for hearing on 23rd February 1957, on which date the complainant did not appear. Miss P. Mitra, Labour Officer of the I. J. M. A., appeared on behalf of the Company and the case was heard in the absence of the complainant. It appears from the record of the case that the case was fixed for hearing previously on as many dates as 3rd September 1956, 26th October 1956, 5th December 1956 and 18th February 1957, on which dates also the complainant did not appear. It also appears from the record of the case that the Company applied under section 33 of the Act for permission to dismiss the complainant on 5th October 1955. It appears from Ext. B that the Tribunal struck off the application on the ground that it had no more jurisdiction to adjudicate on it, as the pendency of the proceeding in the main adjudication had terminated. The present case is dismissed for default of the applicant and the petition under section 33A of the Act is dismissed, as there is no outstanding dispute between the parties. The present application is also not maintainable in law (*vide* 1955 L. A. C., 221) and it is awarded accordingly.

M. C. BANERJI,
Chairman, Jute Textile Industry Tribunal.

উদ্দেশ্য এবং হেতুর বিবরণ

রাজ্য-বিধানমণ্ডলগুলিতে ও সংসদে এপর্যন্ত বহু আইন প্রণয়ন করা হইয়াছে। কিন্তু এরূপ কোন আইনেই এখানকার শত শত অনাথাশ্রম এবং বিধবাশ্রমের শোচনীয় অবস্থা সম্পর্কে বিবেচনা করা হইয়াছে বলিয়া মনে হয় না।

রাজ্য-বিধানমণ্ডল বা সংসদে যেসকল বিল এপর্যন্ত আনীত হইয়াছে তাহাদের দ্বারা, অনাথাশ্রম এবং বিধবাশ্রমগুলিতে যেসকল দুষ্কৃতি-মূলক কার্য প্রশ্রয় পাইয়া থাকে বলিয়া সচরাচর ধরিয়া লওয়া হয় সে-সকল কার্যের জন্য দণ্ড দিবার ব্যবস্থা করার চেষ্টা হইয়াছে এবং ঐসকল কার্যকলাপ সম্পর্কে ব্যবস্থা করিবার ভার নির্বাহকবর্গের উপর ন্যস্ত করা হইয়াছে। কিন্তু ঐসকল প্রতিষ্ঠানের গঠনমূলক দিকটির দিকে খুব কমই দৃষ্টি দেওয়া হইয়াছে। অনাথাশ্রম এবং বিধবাশ্রম পরিচালনসম্পর্কিত সমস্যাসমূহ এবং কি করিয়া এইসকল প্রতিষ্ঠানকে সর্বপ্রকারে সাহায্য করা যায় তৎসম্পর্কে অবহিত হওয়া প্রয়োজন হইয়া পড়িয়াছে।

বিভিন্ন কারণে অনাথাশ্রম এবং বিধবাশ্রমগুলি যে সমাজের পক্ষে প্রয়োজনীয় ইহা সকলেই স্বীকার করিবেন। সমাজের অরক্ষিত এবং অসুখী ব্যক্তিদের রক্ষা করা এবং দানশীল ব্যক্তিগণের প্রশংসনীয় বদান্যতার পথ করিয়া দেওয়া ছাড়াও এই প্রতিষ্ঠানসমূহ, যদি উপযুক্ত জাতীয় পথে চালান হয় তবে, জাতিগঠনে সাহায্য করিতে পারে।

এই বিলে, যেসকল অনাথাশ্রম বর্তমানে প্রধানত বেসরকারী প্রচেষ্টার দ্বারা এবং সাম্প্রদায়িক প্রতিষ্ঠান হিসাবে চালিত হয় তৎ-সমুদয়ের প্রতি লক্ষ্য রাখা হইয়াছে, এবং এমন ব্যবস্থাও করা হইয়াছে যাহাতে একদিকে যেমন রাজ্য-সাহায্যের আশা ত্যাগ করিলে কোন অনাথাশ্রম বা বিধবাশ্রমের পক্ষে কোন বিশেষ ধর্ম-সম্পর্কিত উপদেশ

প্রদান করা সম্ভব হইবে অন্যদিকে তেমনি জাতীয়তার ভিত্তিতে ধর্ম-নিরপেক্ষভাবে অনাথাশ্রম বা বিধবাশ্রম পরিচালন করাও সম্ভব হইবে।

ভারতের প্রত্যেক রাজ্যকে, রাজ্যের অন্তর্বর্তী অনাথাশ্রম এবং বিধবাশ্রমগুলির জন্য একটি নিয়ন্ত্রণ-পর্ষদ গঠন করিতে হইবে। সংশ্লিষ্ট রাজ্যের রাজধানীতে উহার সভাপতির প্রধান অফিস থাকিবে। জেলা-অনাথাশ্রম এবং বিধবাশ্রমগুলি হইতে, প্রতিনিধি নির্বাচনের গণতান্ত্রিক পদ্ধতি অনুসরণ করিয়া উক্ত নিয়ন্ত্রণ-পর্ষদ্ গঠন করিতে হইবে।

কোন চালু অনাথাশ্রম বা বিধবাশ্রমের গঠনে হাত দেওয়া হইবে না, কেবল উহার পরিচালনা, এই বিলে যেরূপ ব্যবস্থা করা হইয়াছে সেইরূপ কোন নির্বাচকমণ্ডলীর দ্বারা নির্বাচিত কোন পরিচালক-সমিতি কর্তৃক নিয়ন্ত্রিত করিবার চেষ্টা করা হইয়াছে।

যেসকল সংস্থা এই সমুদয় লোকহিতকর প্রতিষ্ঠান চালাইয়া থাকে তাহারা যে সমস্যা এবং কষ্ট সহ্য করিয়া থাকে তৎপ্রতি এযাবৎ কোন দৃষ্টি দেওয়া হয় নাই। দেশ স্বাধীনতা পাইবার পর, এইসকল প্রতিষ্ঠানের পরিচালন স্বহস্তে গ্রহণ করা বা জনগণ যাহাতে এইসকল প্রতিষ্ঠানের ভিতর দিয়া স্বায়ত্তশাসনবিদ্যার পাঠগ্রহণ করিবার সুযোগ পায় এমনভাবে গণতান্ত্রিক পথে চলিতে ঐগুলিকে সাহায্য করা প্রত্যেক রাজ্যের পক্ষে উচিত হইবে।

এই বিলের একটি বৈশিষ্ট্য এই যে, অনাথাশ্রম এবং বিধবাশ্রমগুলিতে যেসকল দুষ্কৃতিমূলক কার্য প্রশ্রয় পাইয়া থাকে বলিয়া সাধারণত ধরিয়া লওয়া হয় সেগুলির বিরুদ্ধে ব্যবস্থা করিবার জন্য ইহাতে যেমন চেষ্টা করা হইয়াছে তেমনি, যে লোকহিতেচ্ছা এরূপ প্রতিষ্ঠানগুলির মূলে রহিয়াছে তাহার প্রতিও প্রখর দৃষ্টি রাখা হইয়াছে। ঐপ্রকার প্রতিষ্ঠানসমূহকে দণ্ড দিবার এবং ঐগুলিকে পুলিশ লাইসেন্স লইয়া কার্য করিতে বলিবার পরিবর্তে, অন্য শিক্ষা-প্রতিষ্ঠানসমূহের ন্যায় ঐগুলিকে স্বীকৃতি প্রদানের ব্যবস্থা করা হইয়াছে।

কাহারও কাহারও মতে, অরক্ষিত অনাথ এবং অরক্ষিতা বিধবাদিগের তত্ত্বাবধান করা একমাত্র রাজ্যেরই দায়িত্ব। আবার কাহারও কাহারও মতে, এ কাজ রাজ্যের নহে, বেসরকারী ব্যক্তিবর্গ বা প্রতিষ্ঠানসমূহের। এই বিলের দ্বারা এই দুই মতের মধ্যে সামঞ্জস্যবিধান করিবার চেষ্টা করা হইয়াছে। এই বিলে তিন শ্রেণীর অনাথাশ্রম এবং বিধবাশ্রম সম্পর্কে ব্যবস্থা করা হইয়াছে। প্রথম, রাজ্য-পরিচালিত। উহা যে জেলায় কোন অনাথাশ্রম বা বিধবাশ্রম নাই সেইস্থানে খোলা যাইবে। দ্বিতীয়, রাজ্যের সাহায্যপ্রাপ্ত। উহা বেসরকারী প্রচেষ্টার দ্বারা চালিত বলিয়া ধরা হইয়া থাকে। কিন্তু রাজ্যকে উহার সাহায্য করিতে হইবে। তৃতীয়, নিজস্ব। উহা যে মিশনারি সম্প্রদায় কোন বিশেষ সম্প্রদায়ের ধর্মীয় উপদেশ প্রদান করিতে এবং রাজ্যের সাহায্য না লইতে চাহে তৎকর্তৃক চালিত। এই তিনশ্রেণীর অনাথাশ্রম এবং বিধবাশ্রমসমূহ এই বিলের বিধান অনুযায়ী রাজ্য কর্তৃক নিয়ন্ত্রিত হইবে।

কৈলাসবিহারী লাল।

ক্ষমতার্পণ-সংক্রান্ত বিধান সম্পর্কিত স্মারকলিপি।

এই বিলের প্রকরণ ২৫-এ নিয়ন্ত্রণ-পর্ষদ্ কর্তৃক মামুলী ধরনের বিষয়সমূহ যথা, আবেদনের ফরম, স্বীকৃতির কড়ারসমূহ, রিটার্নের ফরম, পরিচালক-সমিতিগুলির ক্ষমতা এবং কৃত্যসমূহ, পরিচালক-সমিতিগুলির কার্যচালন প্রভৃতি সম্পর্কে নিয়মাবলী প্রণয়ন করিবার বিধান রহিয়াছে। অতএব, ক্ষমতার্পণ-সংক্রান্ত বিধান-সম্পর্কিত প্রস্তাব অস্বাভাবিক নহে।

রাজ্যপালের আদেশানুসারে,

3. The matter of dispute as stated in the schedule to the order of reference is as follows:—

(1) Whether the retrenchment of the following four employees is justified and to what relief are they entitled?

(i) Shri Purnananda Roy, Compositor.

(ii) Shri Sailen Das, Compositor.

(iii) Shri Jaydev Chakraborty, Compositor.

(iv) Shri Raghunath Mandal, Book Binder.

DECISION

The Bengal Art Press, Ltd. (hereafter called the company) carries on printing business. Workman Shri Purnananda Roy and Shri Sailen Das were employed as Compositors; while workman Shri Joydev Chakravarti as Distributor and Shri Raghunath Mandal as Book Binder in the Company. These 4 workmen were retrenched without any notice with effect from 15th February 1956. Hence the dispute. Before this Tribunal the workmen did not plead that retrenchment was not justified. They merely claim compensation as provided under section 25F of the Industrial Disputes Act.

Regarding Compositor Shri Purnananda Roy.—He claimed to have joined service in the year 1944. In the absence of register prior to 1946 it was admitted on behalf of the company that he had put in 12 years' completed service before the date of retrenchment. His salary was Rs. 45 and dearness allowance Rs. 22, in all Rs. 67 per month at the date of retrenchment. As he had put in 12 years' completed service, he would be entitled to Rs. 402 as compensation at the rate of 15 days' average pay for every completed year of service, besides he will get Rs. 67 being one month's wages in lieu of notice. Workman Shri Purnananda Roy is accordingly entitled to Rs. 469 as compensation under section 25F from the company.

Regarding Shri Sailendra Nath Das.—He was a Compositor in this concern. He claimed that he joined service in this concern in 1942 and had no break in service. According to the company he left service on 20th October 1947 and rejoined on 19th April 1948. Workman Shri Sailendra Nath Das admitted that he was absent from duty from 20th October 1947 to 18th April 1948. He also admitted that he got no pay during the said period of absence. There is also nothing to show that he got leave or permission from the company to absent from 20th October 1947 to 18th April 1948. In the circumstances, I accept company's version that he left service on 20th October 1947 and rejoined on 19th April 1948. His length of service before the date of retrenchment will, therefore, come to 8 years. The evidence shows that the salary was Rs. 62 and dearness allowance Rs. 22, in all Rs. 84 at the date of retrenchment. So, he would get Rs. 336 as compensation and Rs. 84 as one month's wages in lieu of notice in all Rs. 420 under section 25F from the company.

Regarding Shri Joydev Chakravarti.—He was a Distributor in the concern. His salary was Rs. 38 and dearness allowance Rs. 22 in all Rs. 60 per month at the date of retrenchment. According to the workman he joined service in 1940 and had no break in the service before retrenchment. According to the company he left on 11th June 1951 and rejoined on 2nd January 1952. The version of the company is supported by the attendance register. The workman Shri Joydev Chakravarty (P.W. 3) admitted having absented from 11th June 1951 to 1st January 1952. There is nothing to show that the said absence was authorised. There is also none

to corroborate that his absence was due to his illness. In the circumstances, the workman cannot be said to have been in continuous service except since 2nd January 1952. He had, therefore, 4 years' completed service before retrenchment. He is accordingly entitled to Rs. 120 as compensation and Rs. 60 as notice pay, in all Rs. 180 under section 25F from the company.

Regarding Shri Raghunath Mondal.—He was a Book Binder in the concern. His salary was Rs. 30 and dearness allowance Rs. 10 per month, in all Rs. 40 per month at the date of retrenchment. He claimed to have joined service in 1942 and to have had no break before retrenchment. According to the company Shri Raghunath Mondal left service on 1st January 1948 and resumed on 1st June 1953. The attendance register supports the company's version. I have had nothing to discard it. I, therefore, accept company's version that he had been in continuous service since 1st June 1953. He had, therefore, only 3 completed years of service before retrenchment. He is, therefore, eligible to get Rs. 60 as compensation and Rs. 40 as notice pay, in all Rs. 100 from the company.

The company is directed to make the payments as aforesaid to the respective workmen within a month from date the award becomes enforceable.

It is awarded accordingly.

APPENDIX

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

In the matter of industrial dispute

Between

Messrs. Indian Rubber Manufacturers, Ltd., 24 Grand Trunk Road, Liloah ... *Company*

And

Their workmen, represented by Indian Rubber Manufacturers Workers' Union ... *Union*

And

In the matter of Government order No. 5252Dis./D/11L-150/55, dated 2nd November 1955.

The humble petition of compromise between the Company and its workmen

MOST RESPECTFULLY SHEWETH:

1. It is submitted that the above dispute is amicably settled between both the parties in respect of all the disputes at present pending before the above Tribunal and at the District Judge's Court at Howrah.

2. Re: scales and grades for all workmen including clerks, if tenable. If so, how much, and rules about fixation in the new grades.

(a) It is agreed that the existing scales and grades for all our workmen as formulated by the Neogy Award shall not be disturbed for the present and are accepted as a basis for upgrading the workmen within the existing scales and grades of pay in the manner as indicated below:—

Existing scales of pay

Skilled—Rs. 40—3—85 plus dearness allowance as per Major Engineering Tribunal Award, 1950.

Semi-skilled—Rs. 35—1/8—53 plus dearness allowance as per Major Engineering Tribunal Award, 1950.

Unskilled—Rs. 30—1—45 plus dearness allowance as per Major Engineering Tribunal Award, 1950.

Agreement for upgrading

Agreed that a minimum number of 100 of the existing unskilled workmen to be upgraded to semi-skilled. Agreed that a maximum number of 40 of the existing semi-skilled workmen to be upgraded to skilled.

(b) Agreed that the cases of those workmen who have exceeded the maximum limit of the scales of pay in the skilled category will be reviewed by the management and an ad-hoc increment at a rate they last received, will be granted in respect of five only, these being the most deserving and senior-most workmen.

(c) Agreed that in upgrading the workmen, the length of service, service record and efficiency of individual workmen will be taken into consideration and it shall be the management's function to implement all cases of upgrading on the basis as indicated in paragraph 2(a) with the proviso that any case of dispute in connection with upgrading, if immediately brought to

the notice of the management after publication of the list of such upgrading, will be reviewed for further consideration by the management.

(d) Agreed that the cases of the clerical staff will be reviewed at any early date on the basis of efficiency and nature of duty performed by each of them at present or in the future.

3. Re: Puja bonus for 1953 and 1954, production bonus and attendance bonus, if any. Bonus, if any, to dismissed workmen subsequently re-employed.

(a) That in regard to the issue of bonus for the financial years of 1952-53 and 1953-54 it is agreed that the workmen are not entitled to any bonus for the years in question, since the Fourth Industrial Tribunal rejected the claim of the workmen for same and their rejection was upheld by the Labour Appellate Tribunal. The year 1954-55 has already been covered and agreed upon in a tripartite agreement on 6th October 1956.

(b) It is agreed that the principle of the issue of production bonus is accepted as an incentive scheme and the Company is agreeable to implement the same in a manner favourable to both the parties as an experimental measure and in order to prove its *bona fide* in this connection, the Company put into effect an experimental production bonus scheme as and from 1st January 1957 in one department, and will progressively extend the same to other departments as soon as conditions are favourable, preferably within three months. Further, it is agreed that continuance of the production bonus scheme will always depend upon availability of necessary raw materials, position of orders on the Company's books, accumulation of stock, machinery breakdown, stoppage of power supply, civil commotion and any other unforeseen reasons beyond the control of the management. It is also agreed that the production bonus scheme is not a condition of service and it can be withdrawn by the Company at any time for trade or any other reasons beyond the Company's control. In case of temporary suspension and/or complete withdrawal of the production bonus scheme, the basic target of production figure, as laid down by the Company, shall not be changed and/or disturbed. A copy of the tentative production bonus scheme is incorporated and appended herewith and marked as Annexure "A".

Re: Attendance bonus.—It is agreed that the issue of attendance bonus is not pressed and it is dropped.

(c) Bonus, if any to the dismissed workmen, subsequently re-employed.—It is agreed that the dismissed workmen subsequently re-employed are not eligible for any bonus as claimed.

4. **Canteen facilities and waiting room.**—It is agreed that the Company shall grant canteen facilities to its workmen in a manner as indicated in section 46 of the Factories Act, 1948 and W.B. Factory Rules thereunder as early as possible and the Company agrees to arrange a rest room for the workmen.

5. **Leave and holidays.—(a) Annual leave with wages.**—It is agreed that so far as annual leave with wages is concerned, the provisions of section 79 of the Factories Act, 1948, and subsequent amendments thereof shall be rigidly adhered to.

(b) Sick leave.—It is agreed that sick leave is and/or will be covered under the provisions of the Employees' State Insurance Act, 1948 and subsequent amendments thereof.

(c) Holidays (Festival).—It is agreed that 19 days as festival holidays, including January 26th, August 15th and holidays as awarded by the Major Engineering Tribunal, 1950, will be granted with pay in the now existing calendar year by the Company and the annual list of festival holidays will be published by the Company in consultation with the Union at the beginning of each calendar year as now exists.

6. **Introduction of gratuity, if any.**—It is agreed that with the introduction of the contributory provident fund scheme, the workmen are not entitled to any gratuity on the termination of their services with the Company for any reasons whatsoever but the Company agrees to grant gratuity of 15 days' average pay for every completed year of service for the uncovered period to those workmen only who were employed prior to the introduction of the Provident Fund by the Company in the year 1936.

7. **Overtime and allowance for Sunday maintenance work.**—It is agreed that overtime will be paid in accordance with section 59 of the Factories Act, 1948. However, until the Company's case regarding the system of payment for Sunday maintenance work has been settled, the present system of payment with regard to this will be maintained. In regard to Sunday maintenance work, it is agreed that the question of payment for such work needs modification in favour of the Company. But, with a view to preserving industrial peace, the matter is kept in abeyance and it is clearly understood that before the majority of the departments in the factory are brought under the production bonus scheme, the question of revision of the quantum of payment for Sunday maintenance work will be taken up and decided in a satisfactory manner.

It is further agreed that Sunday maintenance work should be kept to a minimum. The number of men required for Sunday maintenance work shall be decided by the Company.

8. **Night shift allowance.**—It is agreed that since shift work is done in rotation, workmen are not entitled to any night shift allowance and this demand of the Union is not pressed.

9. **Provident Fund Rules, if to be amended.**—It is agreed that as the Rules and bye-laws of the Company's Provident Fund Scheme have already been approved by the Government Provident Fund Commissioner, West Bengal, no further amendments of the Rules are necessary.

10. **Enquiry procedure, if to be amended.**—It is agreed that although a workman, at present, defends his case before the investigation, the Company will have no objection in allowing one representative of the Union to be present at the time of the investigation on behalf of the said workman, provided the representative takes prior permission from the Duty Supervisor to leave his duty point, and it is also agreed that the details of the enquiry procedure will be conducted in accordance with the provisions of the Certified Standing Orders of the Company.

11. **Pay for 14th June 1955 to 19th September 1955 and involuntary allowance thereafter till 24th September 1955.**—It is agreed that the workmen are not entitled to any pay for the strike period, *i.e.*, 14th June 1955 to 19th September 1955 (inclusive) and also no involuntary allowance shall be paid for the period 19th September 1955 to 24th September 1955 (inclusive). The Union agrees to withdraw and/or abandon any claims whatsoever in this connection with both these matters.

12. **Any relief to the existing rules of confirmation.**—It is agreed that a workman who is newly engaged on a permanent basis will be confirmed

on completion of 240 days of continuous and satisfactory service in twelve months calculated from the date of his engagement provided he is medically fit and agrees to accept the conditions of service as laid down in the Factory's Standing Orders.

13. **Cases of four workers in the Boiler Department.**—It is agreed that four workmen in the Boiler Department (1 Tindal and 3 Firemen) who, by rotation, serve as relief gang and as such become surplus to the department concerned for three days (*i.e.*, Thursday, Friday and Saturday) in a week shall be transferred to some other job inside the factory which will not be derogatory to their sense of dignity, and the matter be left entirely to the discretion of the management to detail them for any duty considered necessary by the management.

14. **Re: Cases of 24 persons including 2 clerks.**—(This matter has been disposed of as per order No. 4, dated 14th February 1957, in the case under section 33, No. 55 of 1956.)

15. It is agreed that this agreement is reached on full and final settlement of all the existing disputes between the Company and its workmen before the Tribunal. Regarding the payment of wages case which is pending before the District Judge's Court at Howrah, it is agreed that a satisfactory compromise has been reached and a separate application will be made to the District Judge, Howrah, for a settlement of this case in a manner as already agreed upon. It is agreed that this will be done by 28th February 1957 and the Union will not claim more than Rs. 24,000 to settle the matter.

16. It is agreed that this compromise settlement will be in force for two years from 1st January 1957. If, however, the decision of the forthcoming omnibus Tribunal is made known before the expiry of this period, *i.e.*, 1st January 1957 to 31st December 1958 (inclusive), whatever the decision of the said Tribunal may be, it will be incorporated within the subject agreement.

Under the circumstances your joint petitioners humbly pray that your honour will be graciously pleased to accept the compromise settlement as incorporated in the petition and give your award accordingly.

And for this act of kindness your joint petitioners as in duty bound, shall ever pray.

APPENDIX

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

In the matter of an industrial dispute between Messrs. Eastern Belting and Cotton Mill, Ltd. and their workmen.

Government order No. 6047Dis./D/8L-9/55, dated 22nd December 1955

And

No. 2108/D/8L-9/55, dated 16th May 1955.

Petition of compromise

The humble petition of the Company and its workmen named above respectfully sheweth:

1. That the parties above have settled their disputes referred to the Tribunal on the following terms:—

Re: Issue Nos. 1 and 4.—Increment in wages and dearness allowance.—It is agreed that the basic wage and dearness allowance of each of the workmen would be increased by Rs. 3-12-0 and Rs. 2-13-0 per month respectively with effect from November 1956.

Re: Issue No. 2.—Fixation of minimum basic wages and grades and scales of pay.—Minimum wages (basic pay and dearness allowance) for workers, permanent, temporary, probationer, casual apprentice and for contract labour will be Rs. 50-12-0 per month including the increase stated in issue Nos. 1 and 4 above. There will be no grade and scale of pay for the workmen of this Company during the pendency of this agreement.

Re: Issue No. 3.—Appointment of temporary workers.—It is agreed that in case of a particular temporary workman services are contracted with the Company for more than two times within 12 calendar months, such temporary workers will automatically be treated as permanent workmen and will be entitled to all usual benefits of a permanent worker particularly medical benefit and holiday with pay.

It was agreed upon by both parties that while employing contract workmen, employers should give priority of preference to those workmen who have served as contract labour previously under the same agreement.

The medical benefit for the workmen will continue only up to the introduction of medical benefit by State Insurance Corporation and cease thereafter.

Re: Issue No. 5.—Bonus in 1955.—In respect of Messrs. Eastern Belting & Cotton Mills, Ltd., there was a special issue of Puja bonus. It was agreed upon by both the parties that the workmen are agreeable to accept the previous decision of the Tribunal in respect of Puja bonus and will not press for any increased rate of Puja bonus for the year 1955. The management on their part agreed upon not to realise the sum of Rs. 15-0-0, while they have advanced to each workman pending the decision of the Tribunal on this issue.

2. The above settlement, it was agreed by the Company and the Labour Union, would resolve all disputes in respect of different issues, pertaining to wages, viz., revision of basic wages, dearness allowance, annual increment, introduction of grades and scales of pay, etc.

3. This agreement in respect of wages will remain in force up to 31st December 1958, though any discussion on the question of further increment in wages after 31st December 1958 may be taken up by July 1958.

It is, therefore, humbly prayed that the Tribunal would be pleased to pass the award as per agreement stated above.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. P. MUKHERJEE, *Judge, Second Industrial Tribunal.*

Appearances.

For the employees: Shri Kali Chakrabarty, Vice-President, Iron & Steel Workmen's Union.

For the Company: Shri Sunil Kumar Dhar, Advocate.

The above industrial dispute has been referred to this Tribunal for its adjudication under Government of West Bengal, Labour Department, order No. 4141Dis./D/10L-123/56, dated 13th September 1956.

Both parties filed their written statements in due course.

The issue as contained in the schedule to the order of reference is as follows:—

Whether termination of employment of Shri Hiralal Mullick, Shri Mahadeo Ch. Roy and Shri Jamini Kanto Roy was justified? Are they entitled to reinstatement and/or compensation?

AWARD

In the Union's written statement filed on behalf of the workmen concerned, it is stated that Pioneer Shipping Company, Ltd., is a flourishing concern, and has been carrying on boat building and repairing works for many years. Shri Hiralal Mullick, Shri Mahadeo Ch. Roy and Shri Jamini Kanto Roy were employed by this Company as carpenters, and worked under the said Company for 4, 4 and 3 years respectively. Although these workers had been discharging their duties efficiently and had a clean record of service, they were all on a sudden discharged by the Company on 21st April 1956. No written notice was given to them, nor was any reason assigned by the Company for such abrupt discharge. Accordingly, the Union claimed their reinstatement with compensation for the period of forced unemployment.

The Company in its written statement contended that the dispute in question was not an industrial dispute, as majority of the workers of this Company were not members of the Union, which represented the workmen concerned. It denied many of the allegations as made in the Union's written statement. It stated that the workmen concerned were all temporary hands, and that they were appointed to do work, which was of temporary nature. They were discharged on 21st April 1956, when their duties, for which they were taken, were finished. The Company finally contended that the workmen concerned were not entitled to reinstatement or any compensation.

On behalf of the Union, the Vice-President and the workmen concerned have deposed. On the side of the Company, Shri K. K. Chakrabarty, who is Superintendent of this Company has deposed. Besides oral evidence, the Company has also produced 2 registers, namely, register of adult workers from July 1954 to May 1956 (Ext. A) and weekly attendance register from 1953 to October 1955. From the evidence, it appears that these 3 workmen were employed as carpenters under this Company, and that their duties were to make repairs of the steamers and cargo-boats, when required. The question for consideration is whether they were temporary or permanent workers of the Company. According to the Union, they were permanent workers. But the Company's version is that they were temporary workers and that they were discharged as soon as the job, for which they were employed, was finished. O.P.W. 1 Shri K. K. Chakrabarty has deposed no doubt that the main business of this Company is to send cargoes from Calcutta to different stations of North Assam and *vice-versa*. But he had to admit at the same time that their steamers and cargo-boats required to be repaired now and then, for which they employed carpenters, and that for this job the workmen concerned, who were carpenters, had to be employed by them. It has further transpired from his evidence that such carpenters were employed in their repairing Workshop, which is registered under the Factories Act. Although he had the temerity of saying that the workmen concerned were taken as temporary hands, he

had to concede at the same time that they worked in this Company for 3/4 years. It is true no doubt that where temporary workers are entertained for a specific purpose or for a specific period, their employment comes to an end on the conclusion of that purpose or of that period. It cannot be denied also that the appointment of temporary hands terminates when their period is over or when their work is finished. Such termination is automatic more or less. In the instant case, if the workmen concerned when taken had been told that their services were for the temporary period for specific work or purpose, then their employment would cease, when that period is reached or that purpose and the job are accomplished. But in the instant case, I do not find sufficient evidence on the record to justify the view that the workmen concerned knew that they were being entertained for a temporary period for specific purpose and job. There is no such clear evidence as to the object or the period of their employment. They might have been taken in as temporary hands, but it is proved from the registers produced by the Company that they worked in this Company for a period ranging between 2 to 3 years. In the attendance register, their names also find place for all these years. On the top of this, there is the statement of the Superintendent of the Company to the effect that such carpenters were employed in their repairing Workshop, which is registered under the Factories Act. In view of what has been stated above, the contention of the Company that these workmen were liable to be discharged automatically, when there was no work for them, cannot be readily accepted. So, the abrupt termination of employment of these three workmen by the Management without any notice or without assigning any reason, cannot be supported. The Tribunal thinks that they were discharged without justifiable ground. That does not necessarily mean that their discharge was *mala fide*. The Management was not actuated by improper motives, nor did it act on extraneous considerations. The Company had to discharge the workmen concerned practically for economic reasons. It appears from the evidence of O.P.W. 1 Shri K. K. Chakrabarty, Superintendent of the Company, that they have got only 4/5 workers at present and of them one is a carpenter. He has further stated that the Company has no need of taking more carpenters in its employ at present, in view of its work and business. We get it from the evidence of P.W. I Shri Hiralal Mullick that there were in all 50/60 workmen in this Company before their discharge on 21st April 1956. P.W. 3 Shri Jamini Kanto Roy has also admitted in his cross-examination that about 30/40 workers used to work in this Company, while they were discharged. So, if the evidence of O.P.W. 1 Shri K. K. Chakrabarty, Superintendent of the Company, that at present this Company has got 4/5 workers including one carpenter only be believed, it is clear that the business of the Company has reached such a critical phase that the Management had to reduce its number of workers from 50 to 5. The prospect is gloomy in all conscience, and there is no likelihood of a turn for the better in the near future. So, in this state of things, reinstatement of these workers is out of the question. Necessarily, the Tribunal cannot direct the Company to take back the workmen concerned who are carpenters, as there is no more scope for their employment in this Company. The workmen concerned are, however, entitled to some relief by way of compensation under section 25F of the Industrial Disputes Act, 1947, for termination of their employment in this fashion.

So, the next question is who are entitled to get such compensation, and what should be the amount of that. I may observe here that even if it be assumed that these three workmen were temporary hands as contended on behalf of the Company, this would make no difference in the matter of getting any compensation as provided in section 25F of the Industrial Disputes Act, 1947. Whether a workman is temporary or permanent, is not

a relevant consideration regarding applicability of section 25F. Any workman whether temporary or permanent having continuous service for not less than one year will be eligible to the benefits under section 25F. Under clause (a) of section 25F, a workman who has been in continuous service for not less than one year before retrenchment, is entitled to one month's notice or one month's wages in lieu of notice. Section 25B says "for the purpose of sections 25C and 25F, a workman who during a period of 12 calendar months has actually worked in an industry for not less than 240 days, shall be deemed to have completed one year of continuous service in the industry." Clause (b) of section 25F says again that the workman concerned shall be paid at the time of retrenchment compensation, which shall be equivalent to 15 days' average pay for every completed year of service or any part thereof in excess of six months. Sub-section (2) (eee) of section 2 defines what is continuous service. So, it is clear that a workman must put in 240 days during the period of 12 calendar months for completing one year of continuous service. This, of course, includes the period of absence due to lay-off and authorised earned leave. He is not entitled to any retrenchment relief under section 25F of the Act, unless he establishes this. But it is not necessary for him to prove that he worked for 240 days in each year, before he gets any compensation for those years, for clause (b) of section 25F does not say "for every completed continuous year of service". It only says "for every completed year of service or any part thereof in excess of six months". Judged by the standard laid down as above, and having regard to the period of service, as it appears from the registers produced by the Company, the Tribunal finds that only two workmen out of three, that is Shri Hiralal Mullick and Shri Mahadeo Ch. Roy are entitled to retrenchment relief under section 25F of the Act. The Company did not produce any register prior to 1953. The representative of the Company, that is the Superintendent, Shri K. K. Chakrabarty, informed the Tribunal that before 1953, the Company had no such business, nor had any occasion of employing any carpenter for repairing their steamers and cargo-boats. The Union also could not prove by any satisfactory and convincing evidence that any of these workmen was employed under this Company before 1953. The mere *ipse dixit* of the workmen concerned in this respect is of no value, and cannot be too readily accepted. It appears from the registers produced by the Company before the Tribunal that Shri Hiralal Mullick and Shri Mahadeo Chandra Roy, who is also known as Mahadev Chandra Roy had actually worked in this Company for 240 days during a period of 12 calendar months before their discharge, but the other worker, Shri Jamini Kanto Roy did not work for that number of days during the period of 12 calendar months before his discharge. That being so, Shri Jamini Kanto Roy is not eligible to get any compensation or relief at all as provided in section 25F of the Act. It may be stated in this connection that even in the years 1953, 1954 and 1955, he put in less than 240 days. So, he is not entitled to get any compensation whatsoever in the present case. Even, he is not entitled to one month's wages in lieu of notice as laid-down in clause (a) of section 25F. The other two workmen—Shri Hiralal Mullick and Shri Mahadeo Chandra Roy, as it appears from the registers produced by the Company, had continuous service for not less than one year before their retrenchment. So, they will get notice pay for one month, as they were not given any notice of discharge. Over and above that, the workman Shri Mahadeo Chandra Roy will get compensation equivalent to 15 days' average pay for 2 years, that is for the years 1954 and 1955. As regards 1953, he will not get anything, as it appears that he had only put in 58 days in that year. Regarding Shri Hiralal Mullick, he too will get compensation equivalent to 15 days' average pay for 3 years, that is for the years 1953, 1954 and 1955. On a careful scrutiny

of the registers produced by the Company, it is proved that they are entitled to get such compensation as awarded above.

So, to be precise, it is awarded that Shri Hiralal Mullick and Shri Mahadeo Chandra Roy shall get notice pay for one month, and that Shri Hiralal Mullick shall get compensation equivalent to 15 days' average pay for 3 years and Shri Mahadeo Chandra Roy shall get compensation equivalent to 15 days' average pay for 2 years. The remaining workman, namely, Shri Jamini Kanto Roy is not entitled to any compensation under section 25F of the Act. The payments under this award shall be made within one month from the date of its operation. This issue is answered accordingly.

This is my award in the present case.

Before parting, I may say that there is no substance or merit in the contention of the Company that the present dispute is not an industrial dispute. The stubborn fact remains that the cause of these workmen was taken up or espoused by the Union, of which they are members. It does not matter much, even if it be held that these workers became members of that Union after their discharge.

In the matter of an industrial dispute existing between Messrs. G. & M. Fogt Company Private, Ltd., 2 Garstin Place, Calcutta-1 and their workmen represented by Cossipore Jute Press Workers' Union, 1 Jay Bhattacharyya Lane, Calcutta-3

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Union: Shri H. L. Roy, Pleader.

For the Company: Shri S. C. Chakraborty with Shri R. Goswami.

An industrial dispute between Messrs. G. & M. Fogt Company Private, Ltd., 2 Garstin Place, Calcutta-1 and their workmen represented by Cossipore Jute Press Workers' Union, 1 Jay Bhattacharyya Lane, Calcutta-3, in respect of the following issues, was referred to the Tribunal for adjudication, by the Government of West Bengal, Labour Department, order No. 5487I.R./D/11L-226/56, dated the 22nd December 1956.

The issues are:—

(1) To what retirement benefits are Shri Ramnath Singh, Sk. Dukhi and Sk. Jhuman entitled?

(2) Is the retrenchment of Shri Khagendra Kumar Acharya justified? To what benefits is he entitled by way of reinstatement and/or compensation, as a result of his retrenchment?

Both parties filed written statements, examined witnesses, and proved documents.

AWARD

Issue No. 1

Shri Ramnath Singh, Sk. Dukhi and Sk. Jhuman retired from service with effect from 15th June 1956 pursuant to a notice (Ext. A) of the Management, dated 12th June 1956. They were offered the following:—

(i) wages for 15 days in June 1956,

(ii) wages for leave due,

(iii) one month's wages in lieu of notice, and

(iv) monies lying at their credit with the Company's Provident Fund as at 31st May 1956.

These employees did not receive this payment, demanding one month's wages, for each year of service in addition to that Provident Fund accumulations as retiring benefit. The Company contends that they are not entitled to any gratuity, much less at the rate of one month's wages for each year of service. Question of retirement itself is not in issue. Only the amount of retiring benefits is in dispute. The offer of other payments is not disputed and stands good. The Union, representing the cases of the workmen, demands gratuity as under Award of Shri S. K. Niyogi, published in the *Calcutta Gazette*, dated 19th July 1951, Ext. 2. The relevant portion of the award is at page 1879 and is as follows:—

> "But it is necessary that the Contributory Provident Fund Scheme should be supplemented for the next few years by a scheme of gratuity, for, during this period the benefit from the Contributory Provident Fund will be relatively small, and the needs of old employees and also of employees in general under circumstances of death, retirement on account of superannuation on medical grounds, etc., will not be served. Accordingly, I make the following directions:—Gratuity should be paid at the rate of half-month's basic wages for each completed year of service subject to a maximum of 15 months' basic wages. The Union's claim for one month's pay for each complete year of service, taking a part of a year to be one complete year, is rejected. On retirement before completing 15 years of service by reason of superannuation on medical grounds or owing to any other sufficient cause approved by the employer in his behalf, gratuity should be paid at the rate of half a month's basic wages for each completed year of service. * * ; but in calculating the number of years of service for which gratuity will be payable, the period for which the provident fund has been in operation in respect of the particular employee, shall be deducted from the total period of service".

The demand is now reduced to half-month's basic wages for each completed year of service subject to a maximum of 15 months' basic wages. The Company's contention, on the other hand, is that the employees are not entitled to it under the award for the provision of gratuity was made, for a limited period only, viz., till the benefit from the Contributory Provident Fund would be relatively small. It cannot be said at this distance of time, at the end of more than 10 years from the date of the introduction of the Provident Fund, that the contribution of the Provident Fund is still "relatively small". In fact, the employees would get a total amount of roughly about Rs. 800 to Rs. 1,100 each on account of the Provident Fund alone. Further the Government in a similar case had interpreted this provisions to "last for five years only". Also the period of service of these employees is less than that shown in their service certificates, Exts. 1, 1A, 1B. It was interrupted by such long breaks as shown in Ext. E and, accordingly, the commencement of service should be taken from the dates of re-employment.

Question is whether under the award, Ext. 2, which applies to this case the retiring benefit is limited to the contribution of the Provident Fund alone or to gratuity which has been claimed by the Union. The Company's contention is that the scheme of gratuity, as detailed in the award is limited in its operation for a very short period only, viz., till such contributions remain relatively small. This contention does not commend itself to me. There is no such word of limitation in the operative part of the Award. The reasons advances for the adoption of this scheme was, no doubt, the "relatively" small amount of the contributions at the time of the award in

1951. But then, the Learned Adjudicator did not say anywhere that the scheme will apply for the short period of 5 years or as long as the contribution remains relatively small. The interpretation, now sought to be put upon this award with reference to a letter of the Government, dated 12th September 1954, Ext. D., is unacceptable. The letter says that the interpretation was based upon certain provisions of the Second Jute Tribunal Award where the period of operation was specifically limited to "the next five years". Accordingly, that interpretation is entirely irrelevant in this case and should not be acted upon. In my Judgment, the workmen concerned here in the dispute are entitled to benefits of both the Provident Fund and a scheme of gratuity under this Award for the period of service not covered by the Provident Fund. This is clear, beyond doubt, from a reading of the award itself. Now the question is to what amount of gratuity, these workmen are entitled. The rate is ½ month's basic wages for each completed year of service subject to a maximum of 15 months' basic wages. Shri Ram Nath Singh, according to service certificate, Ext. 1B, joined the service of this press in the year 1920, a fact which the Manager accepts in his evidence before this Tribunal. He, however, says with reference to the Employment Register that there was a break in his service between 1st February 1939 and 31st July 1941, Ext. E, an extract from the Register, prepared by Mr. Jackson, the Manager, says that he left service on 31st January 1939 and was re-employed on 1st August 1941. In cross-examination Mr. Jackson says that he has no materials to show this re-employment and this break in service. The Register does not contain the names of these employees for sometime. This break is not admitted on the side of the employees. The Management did not say this important fact in the written statement before this Tribunal. Accordingly, the workmen were taken by surprise when the Management for the first time during the Manager's examination places this evidence to prove this story. The service certificates issued by the Association on behalf of the Company do not contain this story of breaks and re-employments in service. These certificates were issued over the signature of the Welfare Officer of the Association on 11th May 1945, *i.e.*, long after the date of the alleged re-employment. This shows that either the story which is now told by the Manager is not true, or the alleged breaks in service were condoned by the Management at the time of this alleged re-employment. In these circumstances, I am inclined to accept the testimony of the certificates as complete and correct, and find that Shri Ramnath Singh is entitled to (i) Provident Fund contributions from 1st April 1945 till he was discharged on retirement, and (ii) gratuity at the rate of ½ month's basic wages, subject to the maximum of 15 months, at the rate of Rs. 65 per month, *i.e.*, the rate of wages, at the relevant date, for the period from 1920 till 31st March 1945.

The next point urged by the Company's representative is that, in no circumstances, the period of service prior to that of its alleged break, can count towards gratuity which is payable only in case of continuous service. There is *prima facie* nothing in the award, Ext. 2 or in the Industrial disputes Act itself, which supports or even suggests such view. There is no such word of limitation anywhere in the said award. On the contrary. the words of the scheme, contained in the award, appear plain only to make its application equally effective to all employees on retirement. It is therefore idle to contend that this scheme embodied in the award applies to those employees, whose service is continuous. The only qualifying words used in this award are that gratuity should be paid in respect of completed year of service. This is, in my view, fully takes into consideration all cases of legal and permissive absence from service, which would leave a year of service otherwise incomplete. Gratuity is certainly not payable for such

incomplete year of service. The award expressly provides for such contingency. It, however, nowhere says that years of service, preceding an incomplete year will not be taken into consideration in computing the length of service for purposes of gratuity. The operative part of the award makes it abundantly clear by saying that in calculating the number of years of the service for which gratuity will be payable, the period for which the provident Fund has been in operation in respect of particular employee shall be deducted from the *total period of service*. Any other interpretation will introduce words which are not in the Award and which are likely to defeat its declared objective in view. In case of incomplete years of service due to absence or otherwise, the period will be left out, but the same will not operate as break of service, or a legal bar to a otherwise valid claim for gratuity.

In two cases out of three, the alleged period of absence are about 2½ to 3 years and in one case it amounts to 2 months only. Deductions on account of this absence will not substantially vary or reduce the amount of gratuity payable to them. In any view of the case, the Company's contention in this issue fails and stands rejected.

Sk. Dukhi, according to service certificate, Ext. 1, joined service in 1923. According to the Manager's testimony, Ext. E, he worked from 1923 till the 31st December 1932 and again joined on 1st March 1923 after an absence of 2 months only. Here again, the service certificate issued over the signature of the Welfare officer, dated 26th April 1951, does not show any such absence or break in duty. There is nothing on the Company's side to show that Sk. Dukhi left his service on the 31st December 1932. Accordingly, he is entitled to provident fund contributions from 1st April 1945 till he was discharged on retirement and to a gratuity at the rate of ½ month's basic wages subject to maximum of 15 months at the rate of Rs. 60 per month for the period from 1923 till 31st March 1945.

Sk. Jhuman, according to service certificate, joined service in the year 1928. According to the Manager's evidence and Ext. E, he worked from 1st September 1928 till 1st July 1930 and was re-employed on the 1st June 1933 after a break of service of about 3 years. The service certficate issued to him on 14th February 1955, in place of the original which is reported to be lost, does not contain these details of absence from duty. For reasons given above, I prefer to accept the service certificate as correct and hold that he is entitled to (1) Provident Fund contributions from 1st April 1945 till he was discharged on retirement and (ii) to gratuity at the rate of ½ months basic wage subject to a maximum of 15 months at the rate of Rs. 60 per month from 1929 (the incomplete year of 1928 is left out) till 31st March 1945. I answer this issue as above.

Issue No. 2

Shri Khagendra Kumar Acharya was retrenched from service by a notice, dated 12th June 1956, Ext. A1, with effect from the 15th June 1956 on economic grounds. He was offered all legal dues to which he was entitled in the same notice. Shri Acharya did not accept the offer which stands good even to-day. He disputes the justification of the alleged retrenchment and contends that he was victimised for his union activities. He incurred the displeasure of the Management and was previously refused earned leave. The Management applied under section 33 of the Industrial Disputes Act for permission to dismiss him for his alleged misconduct and he filed a complaint under section 33A of the Industrial Disputes Act when his leave was refused. Those two applications were decided in his favour on 7th May 1954 and 11th March 1954, *vide* Exts. 3 and 4. Thereafter, Shri Acharya was elected as a Secretary of the Union and a member of the

Trustee Board of the Provident Fund. Shri Acharya was connected with the Union for a long time and was formerly a member of the Executive Committee. He was also a member of the Board of the Trustees of the Provident Fund. For over two years, since after the unsuccessful attempt to get rid of him from service, he had been continuing in the office of the Union and in the service of the Company. The Company denies the allegations that he was victimised for his Union activities. Apart from being elected as the Secretary of the Union, there is nothing on record to show that he took any active interest in recent times in the Union's affairs, hostile to the interest of the Management. That being so, there appears *prima facie* no good reason for the Management to take action against him in unjustly retrenching his services from the Company. It appears from the notice, Ext. A1, that altogether 11 employees' including Shri Acharya, was considered surplus to requirements and were retrenched. Besides, 3 other employees, bringing down a total of 14, were superannuated mainly on economic reasons. Shri Acharya was a Tally Clerk the only one in his own category. Shri Acharya's case is that there is enough work in the Company's Press to do and that the alleged dearth of work is only an execuse to some how get rid of him from the service. Shri Acharya spoke in support of his case and the claim put forward in it. He, however, conceded that there is no sufficient work now, and that one machine is working since a long time. In a way, he partly admitted the Company's case on this point. Mr. Jackson, Manager of the Company, deposed in support of the Company's case. He said that the volume of work was very substantially reduced in 1955-56, so much so that there was hardly any work even for one machine only. The number of bales packed actually fell from about 2 lacs in 1954 to 30,910 in 1955-56. At present, there is only one Baler who got his work done here in the Press mainly with the help of his own men. The raw materials are kept under his lock and key in the Company's premises. His own men look after the work and do the tallying also. The Company on receipt of the previous notice simply starts the machine and prepares its account on receipt of reports, a specimen copy of which has been filed and proved in this case as Ext. C. The post of Tally Clerk has been abolished, for there is no work for him at present. There is nothing on the Union's side except vague suggestions in the inerested evidence of Shri Acharya to rebut the evidence of the Manager of the Company. The Management is not expected to run its business in a way which has already proved uneconomical for it. On a consideration of this evidence, I find that the retrenchment affected by the notice dated 12th June 1956, which is not disputed by other employees concerned, is justified.

Next question is whether the retrenchment of Shri Acharya has been affected ignoring the principles of "last come first go". The Union's allegation now is that an employee named Shri Brojo Kanta Das Barman, who is junior to Shri Acharya in service, is continuing, whereas Shri Acharya was discharged. At the outset, it must be said that this is entirely a new case and not mentioned in the Union's written statement. The Management was, therefore, taken by surprise, when it was confronted with it at the hearing of the case. Shri Acharya's own evidence shows that heard about this story from Shri Das Barman himself, and that he was in grade of Rs. 40—Rs. 60. Whereas Shri Das Barman is in the Assistant Clerk's grade of Rs. 60—Rs. 90. Shri Das Barman is not present. So this hearsay evidence cannot be accepted in preference to the direct evidence of the Manager. Further, the post of the Tally Clerk has been altogether abolished as a result of economy. Shri Acharya, being the only employee of that category, had to go. Shri Das Barman, though appointed about a year after Shri Acharya, is an employee of a superior grade. I fail to see how he can be said to be junior to Shri Acharya in service. Therefore, the Union's contention of this point also fails.

Shri Acharya will receive payment of such dues, as are mentioned in his notice, Ext. AI, which amount is considered sufficient retrenchment relief in this case.

This payment will be made to him, within one month from the date of publication of this award.

This is my award.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the workman: None

For the Company: Shri P. K. Ghosh, Advocate.

AWARD

This is a complaint under section 33A of the Industrial Disputes Act by Shri Sudam Prasad Singh, an employee of Messrs. Daily Lokmanya (Proprietor, Pandit Ram Sankar Tripathi) (hereinafter called the Proprietor), against his employer alleging that he was wrongfully dismissed by him on 1st May 1956 without any previous notice. It, further, alleged that later he was relieved of his former post as sub-editor, and transferred to a lower post in the advertising department as a translator. Accordingly, the complainant asked for his reinstatement and/or compensation.

The Proprietor contests this complaint and contends that the Tribunal has no jurisdiction to entertain it and that the issue of whether termination of service of this complainant was justified, was already referred to the First Industrial Tribunal for its adjudication, where it is still pending. In any case, this application should not be proceeded with. Further, the complainant is not a workman under the Industrial Disputes Act and is not entitled to any relief.

The matter in dispute is the subject matter of a regular reference now pending before the First Industrial Tribunal. The complainant was found absent on the last three days of hearing. He is also absent today at the time of hearing. The Learned Advocate for the Proprietor, opposite party, is present. His principal point of contention is that this complaint is not maintainable for more than one reason. It is also undesirable to proceed with this complaint particularly when the very same matter in issue is now pending before the First Industrial Tribunal, referred to it under section 10, Industrial Disputes Act, presumably at the instance of both the parties. Apart from other consideration, which are no less cogent, this one ground alone is sufficient for not proceeding with the hearing of this complaint. This will lead to multiplicity of proceedings, and the ultimate conflict of decisions. I have reasons to believe that the complainant is not keen on prosecuting this complaint before this Tribunal. The complaint is dismissed for default of the complainant. This is my award.

M. N. GAN,
Judge, Fourth Industrial Tribunal.

and

In the matter of an industrial dispute

between

The workmen represented by the Bengal Belting Works Union

and

Messrs. Bengal Belting Works, Ltd.

The humble petition of the workmen represented by Bengal Belting Works Union and Messrs. Bengal Belting Works, Ltd., most respectfully sheweth:—

1. That the abovementioned case has been referred to your Honour by the West Bengal Government under Industrial Disputes Act for adjudication.

2. That both the parties mentioned above have settled their differences amicably and pray that your Honour may be pleased to pass an award on the terms and conditions set out hereunder:—

Terms of compromise

(i) The basic wages and dearness allowance of the workmen whose cases were referred to this Industrial Tribunal should be increased to the total amount of Rs. 6-9 per month as per list already prepared in the factory and shown to the representative of the workers and agreed as such.

(ii) This increment of wages would not be applicable in cases of those employees who are already under regular system of grades and scales of pay and also to listing workers who are working under a system of contracts based on production.

(iii) The minimum wages (basic and dearness allowance) for any worker, male, female, temporary or permanent, probationers or apprentices, should be fixed at Rs. 52-8 per month. This rate of wages will also be applicable to the casual workmen or workers whose services may be contracted for a certain period.

(iv) This increment would take effect from November 1956.

(v) This agreement in respect of wages will remain in force up to December 1958 though any further discussion on the question of wages may be taken up by July 1958.

(vi) This enhancement of basic wages and dearness allowance is over and above the existing wages and other earnings on different heads.

(vii) The above enhanced payment will be made only if the Hon'ble Tribunal recognises these terms of agreement for purpose of its award and only after the publication of such award. It will however come into force retrospectively from November 1956 even if the award is published at a later date. In the meantime till publication of the award, the Company will continue to advance a sum of Rs. 6 per month to each worker which amount will be adjusted with the increased wages on publication of the award.

(viii) It is agreed by both parties that the above settlement would resolve all their disputes in respect to all issues raised in this case, viz., (1) increment in wages, (2) bonus, (3) production bonus, (4) additional paid holiday on Mahatma Gandhi's birthday, (5) revision of minimum basic wages, (6) grades and scales of pay, (7) dearness allowances.

(ix) As regards the issue of temporary workmen referred to the Tribunal, it was decided and agreed by both the parties in case of casual workers whose services are contracted in certain specific purpose and period and/or for certain condition of service which were agreed as follows:—

(1) Any contract labour should not receive less than Rs. 52-8 as minimum wages.

(x) It was agreed by both the parties that while employing contract workmen, employers should give priority or preference to those workmen who have served as contract labour previously under the same management and have worked satisfactorily and efficiently.

(xi) It was agreed by both the parties that the payment of yearly bonus either prior to Puja or at any time within a year will be governed by the previous award, dated 13th October 1950, of the Tribunal presided over by Mr. S. N. Modak in respect of bonus. But the employers agree that it will give due consideration to the rate of bonus during the last five years and profit (net) in arriving at the amount of bonus to be paid to the workers according as above award.

(xii) It is agreed by both the parties that Mahatma Gandhi's birthday will be a paid holiday.

and

No. 2108Dis./D/8L-9/55, dated 16th May 1955.

Petition of compromise

The humble petition of the Company and its workmen named above respectfully sheweth:—

1. That the parties above have settled their disputes referred to the Tribunal on the following terms:—

Re: Issue Nos. 1 and 4.—Increment in wages and dearness allowance.—It is agreed that the basic wages and dearness allowance of each of the workmen would be increased by Rs. 3-12-0 and Rs. 2-13-0 per month respectively with effect from November 1956.

Re: Issue No. 2.—Fixation of minimum basic wages and grades and scales of pay.—Minimum wages (basic pay and dearness allowance) for workers, permanent, temporary, probationer, casual apprentice and for contract labour will be Rs. 50-12-0 per month including the increase stated in issue Nos. 1 and 4 above. There will be no grade and scale of pay for the workmen of this Company during the pendency of this agreement.

Re: Issue No. 3.—Appointment of temporary workers.—It is agreed that in case of a particular temporary workman services are contracted with the Company for more than two times within 12 calendar months, such temporary workers will automatically be treated as permanent workmen and will be entitled to all usual benefits of a permanent worker particularly medical benefit and holiday with pay.

It was agreed upon by both parties that while employing contract workmen, employers should give priority of preference to those workmen who have served as contract labour previously under the same agreement.

The medical benefit for the workman will continue only up to the introduction of medical benefit by State Insurance and cease thereafter.

Re: Issue No. 5.—Bonus in 1955.—In respect of Messrs. Eastern Belting & Cotton Mills, Ltd., there was a special issue of Puja bonus. It was agreed upon by both the parties that the workmen are agreeable to accept the previous decision of the Tribunal in respect of Puja bonus and will not press for any increased rate of Puja bonus for the year 1955. The management on their part agreed upon not to realise the sum of Rs. 15-0-0, which they have advanced to each workmen pending the decision of the Tribunal on this issue.

2. The above settlement, it was agreed by the Company and the Labour Union, would resolve all disputes in respect of different issues, pertaining to wages, viz., revision of basic wages, dearness allowance, annual increment, introduction of grades and scales of pay, etc.

3. This agreement in respect of wages will remain in force up to 31st December 1958 though any discussion on the question of further increment in wages after 31st December 1958, may be taken up by July 1958.

It is, therefore, humbly prayed that the Tribunal would be pleased to pass the award as per agreement stated above.
